Executive Summary

The Legislative Youth Advisory Council (“LYAC” or the “Council”) was originally established by Public Law 2001, Chapter 439, Part PPPP. The purpose of the Council was to advise the Legislature, legislative leadership and legislative committees on issues related to youth and was codified in Maine Revised Statutes, Title 3, section 168-A. The Council consisted of legislative members and youth members whose purview included the following issues: “employment, strategies to increase youth participation in municipal government and State Government, safe environments for youth, substance abuse, emotional and physical health, foster care, poverty, homelessness and youth access to services on municipal and statewide bases.”¹ The law also allowed the Council to submit legislation to the Legislature.

Over the past ten years, the powers, membership and budgetary resources for LYAC have changed. Public Law 2005, Chapter 616, Part A provided funding for two public forums of LYAC “for the purpose of soliciting input, suggestions and ideas for enhanced civic education in the State’s secondary school system;”² while Part B changed the reporting and membership criteria. Most recently, Public Law 2009, Chapter 623 repealed Title 3, section 168-A and enacted section 168-B. This legislation transformed LYAC from an advisory council to one in which legislative members would “encourage the participation of youth members in the legislative process by providing opportunities during the legislative session for youth members to shadow legislative members, attend hearings and work sessions of the legislative committees and testify before the committees on legislation of interest to youth.”³

Appointments were made to the present Council during the early summer and late fall of 2011. This allowed time for only one meeting in December 2011. The discussion at the meeting was lively and youth members showed a keen interest in a number of bills that will be before the Education and Cultural Committee during the Second Regular Session of the 125th Legislature.

Pursuant to the Council’s authority under 3 MRSA, section 168-B, members are establishing contacts through the use of social networking media. Youth members intend to shadow legislative members, attend hearings and work sessions of legislative committees, and share their insight on legislation of interest.

¹ Laws 2001, c. 439, part PPPP, §2.

I. REPORT

The Legislative Youth Advisory Council (“LYAC” or the “Council”) was established in 2002 through the enactment of Public Law 2001, Chapter 439, Part PPPP. After numerous revisions, the current law governing LYAC is codified as 3 MRSA, section 168-B (see Appendix A). The role of the Council is to advise the Legislature on policy matters related to youth.

LYAC is a 20 member Council consisting of two members from the House of Representatives, two members of the Senate and 16 youth members. The President of the Senate appoints half of the members, including the two Senators, and the Speaker of the House appoints the other half, including the two House members. The appointing authorities attempt to create a balance among the members in terms of statewide geographic distribution and gender. Appointments are for the duration of the legislative term in which the members are appointed, although eligible members may be reappointed. The youth members must be at least 15 years of age and enrolled in programs leading to a secondary school diploma or certificate of attendance or a general equivalency diploma or enrolled in an equivalent instruction program. The youth members are selected from recommendations to the President of the Senate and Speaker of the House by the legislative members. LYAC is co-chaired by the first appointed Senate member and the first appointed House member. A list of the current membership of LYAC is included in Appendix B.

The Council may hold two meetings in each calendar year. Members are encouraged to use social networking during and between meetings to facilitate communication. Legislative members may facilitate shadowing by youth members during the legislative session and attendance at committee hearings and work sessions that contemplate legislative matters of interest to youth.

The Council met on December 21, 2011 (see Appendix C for Agenda). The meeting began with introductions and moved on to a presentation of the legislative process (see Appendix D for slide presentation). Youth members shared their interests and concerns. The majority of the discussion focused on the state of education in Maine and brought up the following concerns.

- Members considered on-line resources for teachers and advanced placement preparation. A bill dealing with this subject was considered by the Education and Cultural Affairs Committee in the First Session of the 125th Legislature: LD 675 “*An Act To Establish Multidistrict Online Classes in Maine*” was carried over to the Second Regular Session (see Appendix E).
- Members deliberated the need for alternative education in order to enhance and motivate students. The members decided to follow the progression of LD 1503 “*An Act To Promote School Attendance and Increase School Achievement*” (see Appendix F). This bill was carried over to the Second Regular Session by the Education and Cultural Affairs Committee.
- Members believe there is a need for better communication about the opportunities that exist in many communities and school districts. For example there are

programs that prepare students for firefighting and criminal justice professions in numerous technical schools in the state. Some of these programs include college credits. Members believe that school guidance counselors and staff should focus on these prospects as well as the typical four year college experience.

- Members indicated that career shadowing opportunities in communities would be beneficial to many students and would like to see an established state-wide program or regional programs.
- Members discussed the benefits of extra curricula activities and the possibility of making participation in them or community service a graduation requirement.
- Members considered the need of basic accounting or personal economics in education and the lack of such courses in most high schools.
- Members are also interested in issues of student voice and participation and whether photo identification is necessary for voting.

The Council pledged to establish contact through social media networking and to more fully explore the issues and recommendations discussed at the meeting. The youth members plan to shadow legislative members and secure a time and place to meet again in the near future. Members will closely follow LDs 675 and 1503, as well as other bills of interest, during the Second Regular Session of the 125th Legislature.

II. CONCLUSIONS

This report represents the work of the Maine Legislative Youth Advisory Council for 2011. The Council was only able to meet once because of unforeseen issues in the appointment process. The report lists seven concerns/recommendations affecting youth in Maine. We are pleased to present this report to the Second Regular Session of the 125th Legislature.

A. Beginning with the graduation rate reported for school year 2010-2011 and for each school year thereafter, the 5-year adjusted cohort graduation rate;

B. Beginning with the graduation rate reported for school year 2011-2012 and for each school year thereafter, the 6-year adjusted cohort graduation rate; and

Sec. 14. 20-A MRSA §5051-A, as amended by PL 2007, c. 304, §§5 to 7, is further amended to read:

§ 5051-A. Truancy

1. Truant. A student is ~~habitually~~ habitually truant if the student is subject to section 5001-A and ~~is at least 6 years of age and has not completed grade 12 and has the equivalent of 10 cumulative full days of absences or 5 consecutive school days of absences, excused or otherwise, during a school year.~~

~~B. Has completed grade 6 and has the equivalent of 10 full days of unexcused absences or 7 consecutive school days of unexcused absences during a school year; or~~

~~C. Is at least 7 years of age and has not completed grade 6 and has the equivalent of 7 full days of unexcused absences or 5 consecutive school days of unexcused absences during a school year.~~

2. Procedures; written notice; referral. This subsection governs the procedure to be followed when a student is ~~habitually~~ truant.

~~A. If a principal of a public school and the attendance coordinator determine that a student is habitually truant, the principal shall inform the superintendent. The superintendent or the superintendent's designee shall first try to correct the problem informally. Informal attempts to correct the problem must include meeting with the student and the student's parents to identify possible causes of the habitual truancy and develop a plan to implement solutions to the problem. If an initial meeting does not resolve the problem, the superintendent or superintendent's designee shall implement interventions that best address the problem. The interventions may include, but are not limited to:~~

- ~~(1) Frequent communication between the teacher and the family;~~
- ~~(2) Changes in the learning environment;~~
- ~~(3) Mentoring;~~

- ~~(4) Student counseling;~~
- ~~(5) Tutoring, including peer tutoring;~~
- ~~(6) Placement into different classes;~~
- ~~(7) Evaluation for alternative education programs;~~
- ~~(8) Attendance contracts;~~
- ~~(9) Referral to other agencies for family services; and~~
- ~~(10) Other interventions, including, but not limited to, referral to the school attendance coordinator, student assistance team or dropout prevention committee.~~

~~Failure of the student or the student's parents to appear at scheduled meetings does not preclude the school administrators from implementing a plan to address the student's habitual truancy.~~

A-1. The principal, upon determining that a student is truant under subsection 1, shall send a certified letter, return receipt requested, or hand deliver a letter to the parent or guardian giving notice of the potential jeopardy of the student's status in the student's grade and giving notice that the student has been referred to a response to intervention team.

A-2. A student who is determined truant under subsection 1 must be referred to the school's response to intervention team. The response to intervention team shall determine the cause of the truancy and assess the effect of the student's absences, as well as any future absences for the student. If the response to intervention team determines that a negative effect exists, the team shall develop an intervention plan to address the student's absences and the negative effect of these absences. An intervention plan may include, but is not limited to:

- (1) Frequent communication between the teacher and the family;
- (2) Changes in the learning environment;
- (3) Mentoring;
- (4) Student counseling;
- (5) Tutoring, including peer tutoring;
- (6) Placement into different classes;
- (7) Consideration of multiple pathways as described under section 4703;

(8) Attendance contracts;

(9) Referral to other agencies for family services; and

(10) Other interventions, including, but not limited to, referral to the school attendance coordinator, student assistance team or dropout prevention committee.

Failure of the student or the student's parents or guardian to appear at scheduled meetings does not preclude the school administrators from implementing an intervention plan to address the student's truancy.

~~B. As part of correcting the problem informally, the superintendent or superintendent's designee shall require the student and the student's parents to attend one or more meetings with the student's teacher or other school personnel designated by the superintendent. The purpose of the meetings is to reinforce the plan developed in paragraph A or to develop an alternative plan. The meeting or meetings may involve the presence of others, including, but not limited to, case managers, therapeutic treatment providers and representatives of the Department of Human Services, the Department of Behavioral and Developmental Services and the Department of Corrections. The superintendent or superintendent's designee shall arrange mutually convenient meeting times.~~

B-1. The superintendent shall develop procedures to refer a student who is truant to the response to intervention team in accordance with this section. These procedures may include, but are not limited to:

(1) Identifying school personnel responsible for notifying the response to intervention team when a student is truant;

(2) A process for referral of a student who is truant, including identifying school personnel responsible for inviting the parents or guardian and the student to participate in any meeting that results from this referral;

(3) A timeline for setting up a meeting and developing an intervention plan under paragraph A-2;

(4) A plan for dealing with future absences of a student who is truant; and

(5) A plan for reporting of the results of the response to intervention team.

~~C. If the superintendent or superintendent's designee intervention plan of the response to intervention team developed pursuant to paragraph A-2 is unable to correct the truancy of the child, the superintendent or superintendent's designee shall serve or cause to be served upon the parent in hand or by registered mail a written notice that attendance of the child at school is required by law. The notice must:~~

- (1) State that the student is required to attend school pursuant to section 5001-A;
- (2) Explain the parent's right to inspect the student's attendance records, attendance coordinator's reports and principal's reports;

- (4) State that the superintendent ~~or the superintendent's designee~~ may notify the local law enforcement department of a violation of this statute section 5053-A and the Department of Health and Human Services of a violation under subsection 1, ~~paragraph C;~~ and
- (5) Outline the plan developed to address the student's ~~habitual~~ truancy and the steps that have been taken to implement that plan.

~~D. Prior to notifying the local law enforcement department under paragraph E, the superintendent or superintendent's designee shall schedule at least one meeting as required in paragraph B and may invite a local prosecutor.~~

~~E. If, after 3 school days after service of the notice referred to in paragraph C, the student remains truant and the parent and student refuse to attend the meeting scheduled according to paragraph D, the superintendent or superintendent's designee shall report the facts of the unlawful absence to the local law enforcement department, which may proceed with an action to enforce section 5053-A against the parent unless the student is at once placed in an appropriate school or otherwise meets the requirements under section 5001-A.~~

~~F. When a student is determined habitually to be truant and in violation of section 5001-A and the response to intervention team and the superintendent ~~or superintendent's designee~~ has~~have~~ made a good faith attempt to meet the requirements of paragraph ~~BB-1~~, the superintendent ~~or superintendent's designee~~ shall notify the school board ~~and the local law enforcement department~~ of the student's truancy. ~~After this notification, a local law enforcement officer who sees the truant student may transport the truant student to the appropriate school if the truant student:~~~~

- ~~(1) Is off school grounds during school hours; and~~
- ~~(2) Is not under the supervision of school personnel.~~

3. Reports. This subsection applies to reports of ~~habitual~~ truancy.

A. A superintendent shall submit an annual report to the commissioner before October 1st. The report must:

- (1) Identify the number of ~~habitual~~ truants in the school administrative unit in the preceding school year;

- (2) Describe the unit's efforts to deal with ~~habitual~~ truancy;
- (3) Account for actions brought under this section including the number of truants reported to the response to intervention team; and
- (4) Include any other information on truancy requested by the commissioner.

SUMMARY

This bill implements the recommendations of the stakeholder group established by the Commissioner of Education pursuant to Public Law 2009, chapter 626. The charge provided to the stakeholder group was to develop methodologies and recommendations relating to increasing high school graduation rates and to address other policy issues pertaining to school expulsion, suspension, zero-tolerance practices and truancy in the State. The bill accomplishes the following.

1. It requires the Department of Education to obtain more accurate and complete data in calculating high school graduation rates. In addition to calculating the 4-year adjusted cohort graduation rate required by the Federal Government, the department is required to collect and record graduation rates for a 5-year cohort and a 6-year cohort and also use other descriptors of academic success for school-age students on a statewide aggregate basis, including the Department of Education diploma, high school equivalency diploma obtained through adult education and the general equivalency diploma.

2. It changes the law regarding compulsory school age by reducing the age when a child must start school from 7 to 6 years of age and by increasing the age threshold under which a child who has not attained high school graduation or equivalency is expected to attend secondary school from 17 to 20 years of age. The bill also amends the exceptions to the compulsory school age requirements.

3. It amends the truancy laws by striking all references to "habitual" truancy. It changes the provisions for determining truancy and removes the requirement that local law enforcement be notified of a truant student. It describes response to intervention teams for schools and their duties, including assessing situations of student truancy and developing and helping implement intervention plans for

truant students.

4. It clarifies provisions pertaining to the qualifications and role of school attendance coordinators and requires superintendents to appoint attendance coordinators. In current law, school attendance coordinators are elected. It establishes that the salary costs of attendance coordinators are eligible for state subsidy under the Essential Programs and Services Funding Act.

5. It directs school boards to review policies and procedures established for the code of conduct and school discipline, including provisions that encourage school boards to focus the code of conduct on positive intervention and expectations rather than unacceptable student behavior and to focus school disciplinary policies on evidence-based positive and restorative interventions rather than set punishments for specific behavior. The bill also requires that schools provide notice to parents or legal guardians of a student's suspension regardless of whether it is an in-school or out-of-school suspension and discourages the use of zero-tolerance practices in school discipline.

6. It establishes due process standards for school expulsion proceedings to inform students and their parents or legal guardians of the procedural steps involved in and of their legal rights prior to, during and following the due process hearing and provide an explanation of the consequences of expulsion.

7. It amends the laws regarding school expulsion to require that all students who have been expelled from school must be provided with a written reentry plan, developed by the superintendent in consultation with the student and the student's parents or legal guardian, that provides guidance to the expelled student regarding what the student must do to establish satisfactory evidence that the behavior that resulted in the expulsion will not likely recur.

8. It further amends the laws regarding school expulsion to authorize school boards to provide educational services to an expelled student in an alternative setting.

9. The bill also provides for an ongoing appropriation of funds to the Department of Education to disburse to school administrative units that request funding for providing appropriate interventions to students who are at risk of becoming truants or dropouts due to an expulsion from school or who struggle with mental health and substance abuse issues.
