SUBCHAPTER 3

SUPERVISORS

§101. Nominations, elections and appointments of supervisors

1. Elections of supervisors. The governing body of each district consists of a board of 5 supervisors. Three of the supervisors must be elected. Petitions may be filed to nominate candidates for election as supervisors of each district. When the district is first created, nominating petitions must be filed with, and the election must be conducted by, the department. After the creation of the district, nominating petitions must be filed with, and the election must be conducted by, each district. Nominating petitions must be subscribed by 25 or more registered voters residing within the district, as certified and sworn by the person submitting the petition and subject to such verification as the department or district may require. Registered voters may sign petitions to nominate more than one candidate for supervisor. The department or district shall give notice of the time for making nominations and the time and manner in which the election will occur. Registered voters residing within the district are eligible to vote in an election. When a district is first created, the 3 nominated candidates who receive the largest number of votes in the election are the elected supervisors of the district. Terms of elected supervisors are staggered, with the candidate receiving the largest number of votes initially elected to a 3-year term, the candidate receiving the 2nd largest number of votes initially elected to a 2-year term and the candidate receiving the 3rd largest number of votes initially elected to a one-year term. Thereafter, the term of office of each elected supervisor is 3 years. Following an election, the results must be published in a newspaper of general circulation in the district, and the names of those elected must be certified by the commissioner. The commissioner may adopt rules or prescribe procedures governing elections, which may include elections by mail or other procedures the

commissioner finds to be fair and efficient. Rules adopted pursuant to this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter II-A.

[PL 1999, c. 138, §1 (NEW).]

2. Appointments of supervisors. In each district, 2 supervisors must be appointed by the commissioner, taking into consideration the various interests of the district in agriculture, forestry, wildlife, recreation and community and regional development. The appointees must be qualified by training and experience to perform their duties. The terms of the appointed supervisors must be staggered, with the first appointed supervisor initially appointed to a one-year term and the 2nd appointed supervisor initially appointed to a 2-year term. Thereafter, the term of office of each appointed supervisor is 3 years.

[PL 1999, c. 138, §1 (NEW).]

3. Tenure. A supervisor shall continue to hold office until the supervisor's successor has been elected or appointed and has qualified pursuant to subsection 2.

[PL 1999, c. 138, §1 (NEW).]

4. Vacancies. A vacancy for the unexpired term of an appointed supervisor must be filled through appointment by the commissioner as described in this section. A vacancy for the unexpired term of an elected supervisor may be temporarily filled by the commissioner through appointment of an associate supervisor designated with voting authority in accordance with section 103. This appointment is effective only until the district holds an election as necessitated by the expiration of the term of any elected supervisor.

1. Supervisors. A majority of the supervisors constitute a quorum, and the vote of a majority of the quorum present constitutes an action by the board. The supervisors shall elect one of their members to be chair and may, from time to time, change such designation. As determined by the board, and to the extent funds are available for this purpose, a supervisor may receive reasonable compensation for services and other expenses, including travel necessarily incurred in the discharge of the supervisor's duties.

[PL 1999, c. 138, §2 (NEW).]

2. Employees and others. The supervisors may employ a secretary and such other employees and contractors as they require in the performance of their duties. The supervisors shall require the execution of surety bonds for all employees and officers who are entrusted with funds or valuable property.

[PL 1999, c. 138, §2 (NEW).]

3. Delegation. Subject to their appropriate supervision, the supervisors may delegate the work of the district to one or more of their members of the district or to their employees or agents as they determine necessary for the conduct of the district's business.

[PL 1999, c. 138, §2 (NEW).]

4. Records. The supervisors shall provide for the keeping of accurate records of their actions, proceedings and other business of the district. The supervisors shall furnish to the commissioner any records or information that the commissioner may request concerning the performance of the district's business.

By unanimous vote, the board of supervisors may designate one or more of the associate supervisors to have voting authority. The board shall maintain a list of individuals designated to have voting authority and shall submit that list to the department. The voting authority accorded associate supervisors is limited under subsection 2.

[PL 1997, c. 105, §1 (NEW).]

2. Limits on voting authority. When only 2 supervisors are present at a regularly scheduled board meeting, the chair of the meeting may appoint an associate supervisor present and with designated voting authority to serve as a supervisor for that meeting, thereby establishing a quorum. Any 25 occupiers of land lying within the limits of the territory proposed to be organized into a district may file a petition with the State Department of Agriculture, Conservation and Forestry asking that a soil and water conservation district be organized to function in the territory described in the petition. Such petition shall set forth: [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

1. Name. The proposed name of said district;

2. Need. That there is need, in the interest of the public health, safety and welfare, for a district to function in the territory described in the petition;

3. Description. A description of the territory proposed to be organized as a district;

4. Referendum. A request that the Department of Agriculture, Conservation and Forestry duly define the boundaries for such district; that a referendum be held within the territory so defined on the question of the creation of a soil and water conservation district in such territory; and that the Department of Agriculture, Conservation and Forestry determine that such a district be created.

[PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

Where more than one petition is filed covering parts of the same territory, the Department of Agriculture, Conservation and Forestry may consolidate all or any such petitions. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

§152. Hearing; determination

Within 30 days after such a petition has been filed with the Department of Agriculture, Conservation and Forestry, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity, in the interest of the public health, safety and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district and upon all questions relevant to such inquiries. All occupiers of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the committee shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety and welfare, for a soil and water conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall define the boundaries of such district. In making such determination and in defining such boundaries, the Department of Agriculture, Conservation and Forestry shall give due weight and consideration to the topography of the area considered and of the state, the composition of soils in the proposed district, the distribution of erosion, the prevailing land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefits such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other districts already organized under this chapter, and such other physical, geographical and economic factors as are relevant. The territory to be included within such boundaries need not be contiguous. If the Department of Agriculture, Conservation and Forestry shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a soil and water conservation district to function in the territory, or any part thereof, considered at the hearing, it shall make and record such determination and shall deny the petition. After 6 months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed, new hearings held and determinations made thereon. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

§153. Referendum

After the Department of Agriculture, Conservation and Forestry has made and recorded a determination that there is need for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries is administratively practicable and feasible. To assist the Department of Agriculture, Conservation and Forestry in the determination of such administrative practicability and feasibility, it shall, within a reasonable time after entry of the finding that there is need for the organization of the proposed district, cause due notice of a referendum to be given, and hold such referendum within the proposed district. The question shall be submitted by ballots. The usual voting places available for regular elections within the district shall be available for the purposes of such referenda, and city and town officials are directed to assist in the carrying out of such referenda. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

All occupiers of lands lying within the boundaries of the territory, as determined by the State Department of Agriculture, Conservation and Forestry, and only such land occupiers, shall be eligible

to vote in such referendum. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

§154. Expenses; regulations; informalities

The Department of Agriculture, Conservation and Forestry shall pay all expenses for the issuance of such notices and the conduct of such hearings and referenda. It shall issue appropriate regulations governing the conduct of such hearings and referenda. No informalities in the conduct thereof shall invalidate said referendum. §155. Results of referendum; determination

The Department of Agriculture, Conservation and Forestry shall publish the result of such referendum in a newspaper of general circulation in the territory affected and shall thereafter again consider and determine whether the operation of the district is administratively practicable and feasible. If the Department of Agriculture, Conservation and Forestry shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the Department of Agriculture, Conservation and Forestry shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner provided. In making such determination, the Department of Agriculture, Conservation and Forestry shall give due regard and weight to the attitude of the occupiers of lands lying within the defined boundaries, the number of land occupiers eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the creation of the district to the total number of votes cast, the probable expense of carrying on erosion-control operations within such district and such other economic and social factors as may be relevant to such determination. The Department of Agriculture, Conservation and Forestry shall not have authority to determine that the operation of the proposed district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the creation of such district. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

§156. Appointment of governing body; application to Secretary of State

If the Department of Agriculture, Conservation and Forestry shall determine that the operation of the proposed district is administratively practicable and feasible, it shall appoint 2 supervisors to act, with the 3 supervisors elected, as the governing body of the district. Such district shall be an agency of the State and a public body corporate and politic, upon the taking of the following proceedings: [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

The 2 appointed supervisors shall present to the Secretary of State an application signed by them, which shall set forth:

1. Petition. That a petition for the creation of the district was filed with the State Department of Agriculture, Conservation and Forestry, and that the proceedings specified in this chapter were taken pursuant to such petition; that the application is being filed in order to complete the organization of the

district; and that the Department of Agriculture, Conservation and Forestry has appointed them as supervisors;

[PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

2. Supervisors. The name and official residence of each of the supervisors, together with a certified copy of the appointments evidencing their right to office;

3. Term of office. The term of office of each of the supervisors;

4. Name of district. The name which is proposed for the district.

The application shall be subscribed and sworn to by each of the said supervisors. The application shall be accompanied by a statement by the State Department of Agriculture, Conservation and Forestry, which shall certify that a petition was filed, notice issued and hearing held; that the Department of Agriculture, Conservation and Forestry did duly determine that there is need for a soil and water conservation district to function in the proposed territory and it did define the boundaries thereof; that notice was given and a referendum held on the question of the creation of such district, and that the result of such referendum showed a majority of the votes cast to be in favor of the creation of the district; that thereafter the Department of Agriculture, Conservation and Forestry did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the Department of Agriculture, Conservation and Forestry. [PL 1969, c. 477, §1 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

The Secretary of State shall file the application and statement and shall record them in an appropriate book of record in the secretary's office. When the application and statement have been made, filed and recorded, the district constitutes an agency of the State and a public body corporate and politic. The Secretary of State shall make and issue to the supervisors of the district a certificate, under the seal of the State, of the due organization of the district, and shall record a copy of the certificate with the application and statement. Petitions for including additional territory within an existing district may be filed with the Department of Agriculture, Conservation and Forestry, and the proceedings provided for in the case of petitions to organize a district shall be observed in the case of petitions for such inclusion. Where the total number of land occupiers in the area proposed for inclusion shall be less than 25, the petition may be filed when signed by a majority of the occupiers of such area, and in such case no hearing or referendum need be held. FINANCES

§201. Allocation of funds

1. Department of Agriculture, Conservation and Forestry to districts. Unless otherwise provided by law, moneys which may be under the control of the Department of Agriculture, Conservation and Forestry in the Soil and Water Conservation Districts Fund, or in any other account, shall be allocated by the State Department of Agriculture, Conservation and Forestry among the districts already organized or to be organized, in accordance with the procedure specified in subsection 2. All moneys allocated to any district by the said Department of Agriculture, Conservation and Forestry shall be available to the supervisors of such district for all administrative and other expenses of the district under this chapter.

2. Budget and allocations. Allocations to soil and water conservation districts shall be made on the basis of a budget submitted by each district to the Department of Agriculture, Conservation and Forestry by February 1st of each year. In making such allocations of such moneys, the Department of Agriculture, Conservation and Forestry shall retain an amount estimated by it to be adequate to enable it to make subsequent allocations in accordance with this section from time to time among newly organized districts.

SUBCHAPTER 6

FUND TO ENCOURAGE LOCAL SOIL AND WATER CONSERVATION PROJECTS

§205. Findings and purposes

The Legislature finds that the conservation of soil and water are essential to the continued productivity of our agricultural lands and the purity of our waters. Yet the economic realities of modern farming have led to more intensive cultivating methods which exhaust topsoil and erode croplands faster than ever before. Presently, Maine's average rate of soil loss is approximately twice the sustainable rate of erosion. Approximately 15% of the state's eroded soil finds its way into our lakes and streams, which become polluted by the fine sediments, fertilizers and pesticides they carry. Additionally, the overwhelming majority of Maine's livestock and poultry farms are unequipped to productively use or cleanly dispose of animal wastes. The improper handling of animal wastes contributes both to soil depletion and water pollution. [PL 1983, c. 522 (NEW).]

Conservation programs and practices initiated and encouraged by the Department of Agriculture, Conservation and Forestry, Maine's 16 soil and water conservation districts and federal conservation agencies have been demonstrably effective in reducing soil loss and implementing animal waste management plans. Resource conservation demands a continuing commitment of both financial and human resources. Many conservation practices have limited lifetimes or require annual maintenance.

Changing agricultural production methods and technologies also require new cropping arrangements and new erosion control systems. [PL 1983, c. 522 (NEW); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

Virtually all public financing for conservation practices in Maine, 98¢ of every government dollar spent, has been provided by the Federal Government, but the amount of federal spending has been steadily decreasing in constant dollars since 1972. Even under federally-funded programs, the farmer-landowner has been responsible for 25% to 100% of project costs. Because of low financial returns, many concerned farmers have been unable to set aside the money to finance their share of installation costs for conservation systems. [PL 1983, c. 522 (NEW).]

To continue the progress already made in soil and water conservation, State Government will need to assume a greater share of conservation spending than it has in the past. It is the intent of the Legislature that the largest portion of new funding be devoted to the development of innovative conservation projects by the soil and water conservation districts. [PL 1983, c. 522 (NEW).]

§206. Establishment of fund

There is established a fund to encourage local soil and water conservation projects. The fund shall consist of all moneys appropriated to it and any moneys received as donations or from other sources. Moneys in this fund shall be disbursed periodically by the Department of Agriculture, Conservation and Forestry on a competitive basis to one or more of the soil and water conservation districts for the funding of innovative soil and water conservation projects. Any balance in this fund, except moneys appropriated by the State, shall not lapse, but shall be carried forward from year to year to be expended for the purposes set forth in this subchapter. The Department of Agriculture, Conservation and Forestry shall establish by rule criteria for project submission, evaluation and selection. These criteria shall, among other factors, address priority of need, boldness of approach, program feasibility and reproducibility and verification of results. The Department of Agriculture, Conservation and Forestry may impose such conditions on the use of funds awarded as in its judgment are best suited to accomplish the purposes of this subchapter and insure that moneys awarded by the Department of Agriculture, Conservation and Forestry are properly spent by the districts. Any final decision of the Department of Agriculture, Conservation and Forestry to fund a project or to not fund a project shall constitute "final agency action" for purposes of Title 5, chapter 375, subchapter IV. The Department of Agriculture, Conservation and Forestry shall submit an annual report on the status of the Challenge Grant Program to the joint standing committees of the Legislature having jurisdiction over agriculture and audit and program review, as well as the Finance Authority of Maine for public hearing and critique. [PL 1985, c. 481, Pt. A, §20 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

CHAPTER 3

COOPERATIVE SOIL SURVEY

§211. Legislative findings

It is the intent of the Legislature to provide for the state contribution to the Cooperative Soil Survey of the State of Maine. The Cooperative Soil Survey, conducted nationally by the United States Department of Agriculture, Soil Conservation Service, is the systematic inventory of the soils of the

State. This basic soils data is of great value in the guidance of sound land use planning. [PL 1969, c. 509, §1 (NEW).]

§212. General provisions

1. Data. The Department of Agriculture, Conservation and Forestry shall gather and compile soils data and information of the State. It shall present this information in printed maps and reports for the general public.

[PL 1979, c. 541, Pt. A, §116 (AMD); PL 1995, c. 532, §17 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

2. Professional soil scientists. The Department of Agriculture, Conservation and Forestry may employ professional soil scientists, subject to the Civil Service Law, to perform soils mapping in Maine. The Department of Agriculture, Conservation and Forestry may contract with other state or federal agencies as appropriate to accomplish necessary soils mapping within this State.

The commissioner may consult with the Department of Environmental Protection in carrying out the purpose of the program. [PL 2021, c. 143, §1 (NEW).]

1. Purpose. The purpose of the program is to:

A. Improve the health, yield and profitability of the State's diverse agricultural soils and commodities; [PL 2021, c. 143, §1 (NEW).]

B. Protect native biological and microbiological diversity, vitality and health and increase the greenhouse gas drawdown provided by the State's agricultural soils; [PL 2021, c. 143, §1 (NEW).]

C. Promote healthy soils agricultural practices based on indigenous knowledge, current understanding and emerging soil science as determined by the department; and [PL 2021, c. 143, §1 (NEW).]

D. Promote and expand the use of healthy soils best practices among farmers and farmland owners in the State. [PL 2021, c. 143, §1 (NEW).]

[PL 2021, c. 143, §1 (NEW).]

2. Responsibilities of the commissioner. To carry out the purposes of the program, the commissioner shall:

A. Provide information and educational materials to educate farmers and farmland owners about the benefits of implementing practices that achieve the purposes of the program. The commissioner shall:

(1) Increase opportunities for farmer-to-farmer outreach and education by highlighting farmers and farmland owners using healthy soils best practices successfully;

(2) Facilitate peer learning opportunities for farmers and farmland owners engaged in a broad range of healthy soils best practices, maintaining an active network of practitioners and technical experts and highlighting related services and programming; and

(3) Aggregate and highlight opportunities for grant funding, loan programs and other forms of financial assistance to support the use of healthy soils best practices by farmers and farmland owners; [PL 2021, c. 143, §1 (NEW).]

B. Investigate opportunities for market-based levers and promotional activities that incentivize healthy soils best practices; [PL 2021, c. 143, §1 (NEW).]

C. Subject to availability of funding, support and make available incentives, such as technical assistance, financial assistance and research support, to implement healthy soils best practices; [PL 2021, c. 143, §1 (NEW).]

D. Design the program to equitably distribute incentives to beginning and socially disadvantaged farmers and ranchers as defined by 7 United States Code, Section 2279(a); and [PL 2021, c. 143, §1 (NEW).]

E. Determine how the program may be implemented to enhance other state and federal programs that provide financial assistance to farmers implementing healthy soils best practices. [PL 2021, c. 143, §1 (NEW).]

CHAPTER 200

MAINE'S RIVERS

§401. Maine's rivers

The Legislature finds: [PL 1983, c. 458, §1 (NEW).]

1. Rivers and streams a natural resource. That the State's nearly 32,000 miles of rivers and streams comprise one of its most important natural resources, historically vital to the state's commerce and industry and to the quality of life enjoyed by Maine people; [PL 1983, c. 458, §1 (NEW).]

2. Increase in value of rivers and streams. That the value of its rivers and streams has increased in recent years due to the improvement in the quality of their waters, the restoration of their fisheries, the growth in demand for hydropower and the expanding interest in river recreation activities, leading at times to conflict among these uses; [PL 1983, c. 458, §1 (NEW).]

3. Use of rivers and streams. That its rivers and streams afford the state's people with major opportunities for the enjoyment of nature's beauty, unique recreational activities and solace from an industrialized society, as well as for economic expansion through the development of hydropower, the

revitalization of waterfronts and ports and the attraction of both tourists and desirable new industries;
and

[PL 1983, c. 458, §1 (NEW).]

4. Policy. That the best interests of the state's people are served by a policy which recognizes the importance that their rivers and streams have for meeting portions of several public needs, provides guidance for striking a balance among the various uses which affords the public maximum benefit and seeks harmony rather than conflict among these uses.

[PL 1983, c. 458, §1 (NEW).]

SECTION HISTORY

PL 1983, c. 458, §1 (NEW).

§402. Declaration of policy

In its role as trustee of the public waters, the Legislature declares that the well-being of the citizens of this State depends on striking a carefully considered and well-reasoned balance among the competing uses of the state's rivers and streams. Further, the Legislature declares that such a balance shall: [PL 1983, c. 458, §1 (NEW).]

1. Restoration of water. Restore waters to a condition clean enough to allow fishing and swimming in all our rivers and streams;

[PL 1983, c. 458, §1 (NEW).]

2. Revitalization of waterfronts. Revitalize waterfronts and ports;

[PL 1983, c. 458, §1 (NEW).]

3. Maintenance of scenic beauty. Maintain, even in areas where development occurs, the scenic beauty and character of our rivers;

[PL 1983, c. 458, §1 (NEW).]

4. Interests of riparian owners. Recognize and respect the rightful interests of riparian owners;

[PL 1983, c. 458, §1 (NEW).]

5. Increase hydroelectric power. Increase the hydroelectric power available to replace foreign oil in the State;

[PL 1983, c. 458, §1 (NEW).]

6. Hydropower development. Streamline procedures to facilitate hydropower development under reasoned environmental, technical and public safety constraints;

[PL 1983, c. 458, §1 (NEW).]

7. Fisheries. Restore anadromous fisheries and improve the productivity of inland fisheries;

[PL 1983, c. 458, §1 (NEW).]

8. Recreation. Expand the opportunities for outdoor recreation; and

[PL 1983, c. 458, §1 (NEW).]

9. Outstanding river stretches. Protect the special resource values of the flowing waters and shorelands of the State's most outstanding river stretches, as identified by the former Department of Conservation's 1982 Maine Rivers Study and as specifically delineated in this chapter.

[PL 2013, c. 405, Pt. D, §6 (AMD).]

Further, the Legislature finds that with careful planning our foreseeable needs for all of these uses may be reasonably integrated harmoniously with one another on the state's 32,000 miles of rivers and streams. [PL 1983, c. 458, §1 (NEW).]

§403. Special protection for outstanding rivers

The Legislature declares that certain rivers, because of their unparalleled natural and recreational values, provide irreplaceable social and economic benefits to the people in their existing state. It is the Legislature's intent that no new dams be constructed on these river and stream segments without the specific authorization of the Legislature, that no new water diversion, which would constitute a hydropower project pursuant to Title 38, section 632, and which would bypass all or part of the natural course of these river and stream segments, be constructed without the specific authorization of the Legislature and that additional development or redevelopment of dams existing on these segments, as of September 23, 1983, shall be designed and executed in a manner that either enhances or does not diminish the significant resource values of these river segments identified by the 1982 Maine Rivers Study. No license or permit under Title 38, sections 630 to 636 may be issued for construction of new dams on the river and stream segments subject to this special protection without the specific authorization of the Legislature, for the construction of any water diversion project which would constitute a hydropower project pursuant to Title 38, section 632, and which would bypass all or part of the natural course of river and stream segments subject to this special protection without the specific authorization of the Legislature or for additional development or redevelopment of existing dams on the river and stream segments subject to this special protection where the additional development or redevelopment diminishes the significant resource values of these river and stream segments. [PL 1987, c. 717, §1 (AMD).]

Further, the Legislature finds that projects inconsistent with this policy on new dams and diversion projects, which constitute hydropower projects pursuant to Title 38, section 632, and redevelopment of existing dams will alter the physical and chemical characteristics and designated uses of the waters of these river and stream segments. It finds that these impacts are unacceptable and constitute violations of the State's water quality standards. The Legislature directs that no project which fails to meet the requirements of this section may be certified under the United States Clean Water Act, Section 401. [PL 1987, c. 717, §1 (AMD).]

For purposes of this section, outstanding river and stream segments meriting special protection shall include: [PL 1983, c. 458, §1 (NEW).]

§544-B. Responsibilities of commissioner

The commissioner has the following responsibilities pertaining to natural areas. [PL 1999, c. 556, §13 (NEW).]

1. Conservation of natural areas. The commissioner shall promote conservation of natural areas by:

A. Making available current and accurate information to all appropriate entities to interpret, educate or otherwise inform so as to support planning and conservation activities in this State; [PL 1999, c. 556, §13 (NEW).]

B. Promoting voluntary action to conserve and protect natural areas in this State; [PL 1999, c. 556, §13 (NEW).]

C. Entering into agreements with landowners of natural areas and registered critical areas to promote appropriate and effective management of these areas in order to maintain and enhance the natural value of these areas; and [PL 1999, c. 556, §13 (NEW).]

D. Developing and disseminating educational or technical materials for the purpose of informing the general public and other interested persons or institutions about natural areas and the value of those areas. The commissioner may charge a reasonable fee for these materials. All income received by the commissioner from the sale of these publications and materials must be credited to a nonlapsing, dedicated revenue account and used for the purposes of this paragraph. [PL 1999, c. 556, §13 (NEW).]

[PL 1999, c. 556, §13 (NEW).]

2. Register of critical areas. The commissioner shall maintain a register of critical areas that must contain natural areas classified as critical areas as follows.

A. In determining the classification of an area or site as a registered critical area, the commissioner shall consider:

- (1) The unique or exemplary natural qualities of the area or site;
- (2) The intrinsic fragility of the area or site and sensitivity to alteration or destruction;
- (3) The voluntary commitment to conserve or protect the area or site;
- (4) The present or future threat of alteration or destruction; and
- (5) The economic implications of inclusion of an area or site on the register.

The commissioner, with the advice of the board, may remove a registered critical area from the register if the commissioner determines that the area or site no longer qualifies as a critical area. [PL 1999, c. 556, §13 (NEW).]

B. Each registered critical area must be documented with at least the following information:

- (1) A general description of the area or site;
- (2) A list of the endangered or threatened species or other unique or exemplary natural features occurring at the area or site, and reasons for inclusion in the register;
- (3) The size and location of the area or site; and
- (4) The name or names of the property owner or owners, contingent upon the consent of the owner or owners. [PL 1999, c. 556, §13 (NEW).]

C. The commissioner shall notify owners of natural areas of the natural value of their land and the implications of voluntary conservation. Subsequently a natural area may be placed upon the Register of Critical Areas with at least 60 days' notice before registration and the consent of the landowner. [PL 1999, c. 556, §13 (NEW).]

[PL 2007, c. 395, §10 (AMD).]

3. Endangered plants. The commissioner has the following responsibilities related to endangered plants.

A. The commissioner shall establish and maintain the official list of native endangered and threatened plants of the State. The purpose of the list is informational and may be provided on an informational basis to public agencies, private institutions or individuals for environmental assessment, land management or educational purposes. [PL 1999, c. 556, §13 (NEW).]

B. The commissioner may establish procedures to substantiate the identification of endangered and threatened native plant species. In determining and revising the list, the commissioner shall use the rare plant database of the Natural Areas Program and the knowledge of botanists in the State. In addition, the commissioner shall consult with federal agencies, interested state agencies, other states or provinces having a common interest and other interested persons and organizations. The commissioner shall determine criteria for each category. When establishing the list, the commissioner shall consider aspects of plant biology that contribute to a species' rarity such as:

- (1) Endemism. The plant species or subspecies may be geographically restricted to the State or areas immediately adjacent to the State;
- (2) Scarcity. A plant species or subspecies may be numerically scarce throughout its distribution in North America and occur in only a few locations in the State;
- (3) Special habitat. A plant species or subspecies may require habitat that is scarce in the State;
- (4) Limit of range. A plant species or subspecies in the State may be at the edge of its distribution or disjunct from its main distribution; and

(5) Population decline or vulnerability. A plant species or subspecies may be threatened or seriously declining due to habitat modification or destruction or from overcollection for commercial, recreational or educational purposes. [PL 2007, c. 395, §11 (AMD).]

C. The commissioner shall conduct at least one public hearing to allow for public comment before establishing or revising the list. [PL 1999, c. 556, §13 (NEW).]

D. The commissioner shall review the list biennially and add or delete species based on new botanical inventory data, taxonomic or other scientific studies or other documentation. [PL 1999, c. 556, §13 (NEW).]

[PL 2007, c. 395, §11 (AMD).]

4. Sensitive information. The commissioner may withhold specific information on the location of a species or natural area and its component features if, in the judgment of the commissioner, disclosure of this information would threaten the existence of that species or natural area. The commissioner may not deny a landowner or landowner's designee information about species or natural areas occurring on the landowner's property or withhold this information from usual environmental review procedures of local, state or federal regulatory agencies.

[PL 1999, c. 556, §13 (NEW).]

The Natural Areas Conservation Fund is established as a nonlapsing separate account to be administered by the commissioner. Income from gifts, bequests, devises, grants, fees and other sources may be deposited in this fund. All money in the fund and earnings on that money must be used for the investigation, conservation and management of native plants, natural communities, ecosystems or other significant features as described in this chapter and for administrative and personnel costs for the purposes of this section. The commissioner may make grants from the fund to any person, organization, state agency or other entity to undertake inventory and research about rare plants, natural communities, ecosystems or other features of natural areas. [PL 1999, c. 556, §13 (NEW).]

Funds in the Natural Areas Conservation Fund may not be deposited in the General Fund or any other fund except as provided by law. All funds of the Natural Areas Conservation Fund are subject to allocation by the Legislature. [PL 1999, c. 556, §13 (NEW).]

§549-B. Exploration permits, exploration claims and mining leases

1. Authority to explore. An individual over 18 years of age or other person may enter upon state lands, including lands held under specific trust instruments when the trust is consistent with mineral development, on receipt of an exploration permit from the director of the survey for the purpose of exploration, unless otherwise indicated in this subchapter. An exploration permit must be issued upon payment of a fee of \$20 and applies to state lands only. An exploration permit must bear a number and the date of issue of the permit and expires at midnight on the next June 30th. The holder of an exploration permit is entitled to a renewal of the permit upon expiration of the permit, by making application to the director of the survey on or before June 30th, including payment of the prescribed fee. The renewal takes effect on July 1st, and the renewed permit must bear the same number as the expired permit.

If machinery or explosives are to be used for exploration on state lands, the methods to be employed and the amount of explosives to be allowed must first be approved by the director of the survey and the director of the agency having jurisdiction over the state land. The use of machinery or explosives may be approved only where it will be done in harmony with the activities of the agency having jurisdiction over the state land and will not result in environmental harm.

[RR 2021, c. 2, Pt. B, §5 (COR).]

2. Exploration for and mining of hydrocarbons. The director of the survey and the Director of the Bureau of Parks and Lands may promulgate rules governing exploration and mining of hydrocarbons on all lands within the jurisdiction of the State, public and private, in order to prevent the waste of hydrocarbons and to protect correlative rights and natural resources. The directors may promulgate rules on all lands in the State to specify the size of the area of exploration, the amount charged for exploration permits and exploration claims, the duration of those permits and claims and other matters related to the exploration and mining of hydrocarbons on state lands.

[PL 1985, c. 201, §2 (NEW); PL 1995, c. 502, Pt. E, §30 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

3. Location of exploration claim and maintenance of rights of possession. Any person or corporation which has secured an exploration permit may locate one or more exploration claims by defining the boundary lines of the claim or claims. No exploration claim may be smaller than 20 acres, except in cases where only a smaller area is available in a parcel of state-owned land. The location or record of any exploration claim shall be construed to include all surface found within the surface boundary lines, and all ledges throughout their entire vertical depth, but shall not include any portion of the ledges beyond the end and sidelines of the exploration claim or timber or growth on the exploration claim. As nearly as circumstances permit, an exploration claim shall be staked out in the following manner:

- A. By erecting a post or other reasonably permanent monument at each of the corners of the exploration claim. Each post or monument must stand not less than 4 feet above the ground, may not be less than 4 inches in diameter and must bear the following information: the name of the locator; the number of the locator's exploration permit; the date of the staking; and, if the exploration claim is staked on behalf of another person, the name of the other person and the number of that person's exploration permit; [RR 2021, c. 2, Pt. B, §6 (COR).]
- B. By plainly marking the trees with paint and by trimming the underbrush along the boundary lines of the exploration claim to indicate clearly the outlines of the exploration claim. Where there are no trees or underbrush, by piling stones or placing pickets at reasonable intervals along the boundary lines of the exploration claim; or [PL 1985, c. 201, §2 (NEW).]
- C. By establishing post or buoy markers to witness exploration claim corners which fall in a body of water, by placing posts on dry land and marking on the posts exact distances and directions to over-water exploration claim corners or by such other methods as the director of the survey may by regulation establish. [PL 1985, c. 201, §2 (NEW).]

Any person who has located and recorded any exploration claim or claims shall, subject to this subchapter, have the right of possession of the premises covered by that exploration claim or claims, for the purpose of conducting exploration activities on those premises. The right of possession shall be alienable in the same manner as real estate. No alienation or transfer of the rights of possession conferred by a located and recorded exploration claim may be effective until the transferor has notified the director of the survey of the transfer and has received an acknowledgment by the director of the survey in writing of receipt of the notification. The director of the survey shall make an acknowledgment within 30 days of the receipt of the notice. Without the express prior written consent of the director of the survey and the agency of the State having jurisdiction over the state land, granted for good cause, the exploration claim shall in no way interfere with conservation, recreation, harvesting timber, leasing campsite lots or other activities of the agency having jurisdiction. [RR 2021, c. 2, Pt. B, §6 (COR).]

4. Recording of exploration claim. No person may have the right of possession of any exploration claim until the exploration claim has been recorded with the director of the survey. The explorer who first records with the director of the survey a validly-staked exploration claim or claims shall be deemed the claim holder of record for the purposes of this subchapter. The record shall contain:

- A. The name of the claimant; [PL 1985, c. 201, §2 (NEW).]
- B. A general description of the minerals or metals sought; [PL 1985, c. 201, §2 (NEW).]
- C. The date of location and a description of the exploration claim as follows:
 - (1) A reference, using magnetic bearings and distances, to the natural object, permanent monument or survey corner of the state-owned parcel as will identify the claim; and
 - (2) A description, using magnetic bearings and distances, of each sideline and corner of the exploration claim; and [PL 1985, c. 201, §2 (NEW).]

D. A United States Geological Survey quadrangle base map and an aerial photograph of a scale that shows with reasonable accuracy the outline location and corners of the exploration claim in relation to the state-owned parcel and prominent natural objects or permanent structural features so that the exploration claim may be located on the ground by the director of the survey or the director's representatives. [RR 2021, c. 2, Pt. B, §7 (COR).]

[RR 2021, c. 2, Pt. B, §7 (COR).]

5. Fees and terms of exploration claim. The fees and terms of exploration of any claim shall be as follows.

A. The fee for recording, renewing, transferring or changing the size of a claim is \$100, which shall be paid to the director of the survey. [PL 1985, c. 201, §2 (NEW).]

B. The term of the exploration claim is one year and is renewable for 5 years from the initial date of recording by written notice to the director of the survey before June 30th. For claims recorded after April 1st and before June 30th, the first renewal notice is due on the 2nd June 30th following the recording of the claim. At the end of the 5-year period, any title to the claim lapses, unless a mining lease has been issued by the State under this subchapter. The director of the survey may, upon application and for good cause, grant an extension for an additional period not to exceed 2 years. Upon lapse or filing of notice of abandonment of a claim, a person holding the claim immediately prior to the date of the lapse of abandonment, or that person's representative, partner, affiliate or leasing associate, may not relocate on the same area for a period of 60 days. [RR 2021, c. 2, Pt. B, §8 (COR).]

C. In addition to the recording fee, a rental fee shall be levied from the date of recordation of the claim as follows:

First year	\$.25 per acre
2nd year	\$.75 per acre
3rd year	\$ 1.50 per acre
4th year	\$ 2.50 per acre
5th year	\$ 5.00 per acre
6th year	\$ 20.00 per acre
7th year	\$ 30.00 per acre

The rental fee payment for the first year shall be due on the date of recordation of the claim. The rental fee payment for the 2nd year and for each year the claim is in effect shall be due on the June 30th which precedes the year for which the payment is due and shall be paid to the director of the survey. For claims recorded after April 1st and before June 30th, the 2nd rental fee payment shall be due on the 2nd June 30th following. [PL 1985, c. 201, §2 (NEW).]

D. An affidavit of investigatory and exploratory work must be filed each year with the director of the survey on June 30th. At the time of filing that affidavit, the claimant shall demonstrate to the director that investigatory work has been performed on that claim at a rate of at least \$5 per acre during the year ending June 30th. For claims recorded after April 1st and before June 30th, the first affidavit of investigatory and exploratory work must be filed on the 2nd June 30th following. All work done must be described in the affidavit and include work that tends to reveal such characteristics of the material sought as length, width, depth, thickness, tonnage and mineral or metal content, or, with respect to nonmetallic minerals, other physical characteristics of the deposit relating directly to the commercial exploitation of the deposit and such other information relating to the exploration work as the director of the survey may require. During the period of time in which the claim is in effect, this information is confidential and may not be disclosed, except that the information may be shared with other governmental agencies. [PL 2009, c. 567, §4 (AMD).]

E. The failure to comply with any of the requirements of this subsection operates as a forfeiture of the claim or claims. Written notice of the forfeiture must be sent by registered or certified mail to

the claimant's last known address. A claimant who is aggrieved may file a written petition for a hearing before the director of the survey within 14 days after notice of forfeiture has been given. If the claimant files a petition for a hearing with the director of the survey within the 14-day period, the director of the survey shall, within 30 days, grant a hearing on the forfeiture and give the claimant 10 days' notice of the time and place of the hearing. For good cause, the director of the survey may extend the time for filing the petition. If the claimant is aggrieved by the decision of the director of the survey resulting from the hearing, the claimant may, within 30 days after the date of the decision, appeal to the Superior Court by filing a claim. The court shall fix a time and place for hearing and send notice of the hearing to the director of the survey and, after hearing, the court may affirm or reverse the decision of the director of the survey. The decision of the court is final. During the pendency of all proceedings under this paragraph, a person may not lay claim to the area of dispute. The director of the survey may perform the duties of this paragraph personally or through the director's designee. [RR 2021, c. 2, Pt. B, §9 (COR).]

F. Within 6 months of the lapse or termination of a validly located exploration claim or claims, the owner of the claim or claims shall provide to the director one copy of all factual data acquired during exploration of that claim or claims. The factual data shall include, but not be limited to, all geologic maps, drill logs, assay or other analytical data, geochemical maps, geophysical data and metallurgical or other laboratory tests, but shall not include interpretive reports derived from that data. [PL 1985, c. 201, §2 (NEW).]

[RR 2021, c. 2, Pt. B, §§8, 9 (COR).]

6. Land use ruling. Any person with a recorded exploration claim shall make application to the director of the agency having jurisdiction over the state lands on which the claim is located for a ruling on the question of whether mining operations can be carried on consistent with any prior or proposed other use by the State or any agency or instrumentality of the State. Such a ruling, that mining operations can be carried on, shall not be made without consulting the director of the survey. No mining lease may be issued under this subchapter without a land use ruling which answers the question in this subsection in the affirmative. A public hearing shall be held prior to any ruling required under this subsection. The ruling shall be made within 180 days of the date of the application and when obtained shall be binding and irrevocable for such period of time as the applicant and the State may agree.

[PL 1985, c. 201, §2 (NEW).]

7. Mining lease. Mining leases may be applied for and granted as follows.

A. Any person with a valid recorded exploration claim in accordance with this subchapter may make application for a mining lease to the director of the agency having jurisdiction over the state lands on which the mining lease is sought. The application must be accompanied by a report from a certified or licensed geologist or mining engineer containing all information of a geologic, engineering and operational nature that is required by the director of the survey or the director of the agency having jurisdiction over the state lands on which the mining lease is sought to properly evaluate the application and an accurate survey of the property boundaries certified by a registered surveyor and evidence of ability to finance the proposed mining operations. [PL 2019, c. 285, §3 (AMD).]

B. The director of the agency having jurisdiction over these state lands shall hold a hearing for the purpose of hearing evidence on whether to grant or deny a mining lease to mine under this section. The hearing shall be held within 90 days of receipt of the application and notice of the date, time and place shall be given to the applicant and public notice shall be made by causing publication of the notice twice in a newspaper of general circulation in the proposed locality or, if none, in the state paper. The date of first publication shall be at least 10 days and the last publication shall be at least 3 days before the date of the hearing. [PL 1985, c. 201, §2 (NEW).]

C. A decision in accordance with this subsection shall be issued within 120 days of the date of the hearing. [PL 1985, c. 201, §2 (NEW).]

C-1. Notwithstanding any other provision of law to the contrary, the director of the agency having jurisdiction over the state lands on which a mining lease is sought may not grant a mining lease under this section that authorizes mining operations proposed to be located wholly or partially in, on or under any of the following state lands:

- (1) Designated lands under section 598-A;
- (2) Historic sites as defined in section 1801, subsection 5;
- (3) Parks as defined in section 1801, subsection 7;
- (4) Public reserved lands as defined in section 1801, subsection 8;
- (5) Submerged lands as defined in section 1801, subsection 9;
- (6) The Allagash Wilderness Waterway as established under chapter 220, subchapter 6; and
- (7) State-owned wildlife management areas acquired in accordance with section 10109, subsection 1. [PL 2017, c. 142, §1 (NEW).]

D. The director of the agency having jurisdiction over the state lands, with the consent of the director of the survey, may issue a mining lease subject to such terms and conditions as the directors may determine. [PL 1985, c. 201, §2 (NEW).]

E. If a lease is issued, the lessee shall be required to provide a bond in an amount determined by the director of the agency having jurisdiction over the state-owned lands to be necessary to reclaim the area mined and to protect against damage that may be caused to any property located outside the leased area by the lessee's mining operations or, in lieu of a bond, other security determined by the director of the agency having jurisdiction over the state-owned lands to provide the same protection as a bond. [PL 1985, c. 201, §2 (NEW).]

[PL 2019, c. 285, §3 (AMD).]

8. Common and undivided interests. The director of the survey and the Director of the Bureau of Parks and Lands, acting jointly, may, by regulation, establish procedures for the filing of exploration claims and issuance of exploration permits and leases covering state-owned public lands, including public reserved lands, which are comprised of state-owned common and undivided interests. The regulations may condition the issuance of an exploration permit or mining lease and the filing of an exploration claim upon the consent of a majority of the private common and undivided ownership of the parcel of land to which the exploration permit, exploration claim or mining lease relates.

Any permit or lease issued under this section shall extend only to the common and undivided interest of the State. Any partition occasioned by a negative ruling under subsection 6 or 7 shall be conducted with reasonable expedition. In any partition or location of public reserved land, the Bureau of Parks and Lands may accept a partition of the surface estate and continue as a cotenant in all or a portion of the mineral estate.

[PL 1985, c. 201, §2 (NEW); PL 1995, c. 502, Pt. E, §30 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

9. Royalty. Royalty payments shall be made as follows.

A. The holder of a lease to mine shall make royalty payments annually or more frequently if so specified in the lease. [PL 1985, c. 201, §2 (NEW).]

B. The amount of royalty payments, including minimum royalties and preproduction payments, together with the other terms and conditions of the lease, shall be set jointly by the director of the survey and the director of the agency having jurisdiction over the state lands. The royalty rate set

shall reasonably relate to applicable royalty rates generally prevailing. [PL 1985, c. 201, §2 (NEW).]

[PL 1985, c. 201, §2 (NEW).]

10. Disposition of fees and royalties. All fees and royalties accruing to the survey under this subchapter must be paid into a separate account to be established by the Treasurer of State to be used for salaries and other expenses incurred in the administration of this subchapter, subject to and to the extent permitted by section 1849. The account may not lapse but must continue from year to year. [PL 1997, c. 678, §3 (AMD).]

11. Rights-of-way. A person who has located an exploration claim and has been issued a mining lease in accordance with this subchapter may, with the consent of the director of the agency having jurisdiction over those state lands and consistent with the law, have the right of access across any lands owned or controlled by the State to and from that location. The holder of a mining lease may be issued a permit giving the holder the authority to open, construct, put in, maintain and use ditches, tunnels, pipes, conduits, flumes and other works through, over and upon that land for drainage and passage of water, together with the right to construct dams, as long as such water does not flow on land of others, in connection with the working of the mine to bring water to the mine necessary or convenient for its operation, with such conditions and restrictions as may be imposed. [RR 2021, c. 2, Pt. B, §10 (COR).]

12. Mining under bodies of water. Where any mineral deposit is situated under or in the bed of a stream or lake and for the efficient working of the mineral deposit it is necessary to divert the water of that stream within the boundaries of public land or drain any lake, the director of the agency having jurisdiction over these state-owned lands may permit the diversion or drainage to be done, subject to such provisions, for the benefit of any person who is entitled to the use of the water of that stream or lake in its natural state, as to the director may seem just and expedient. [RR 2021, c. 2, Pt. B, §11 (COR).]

13. Annual reports. Any person with a mining lease engaged in mine development or mining under this subchapter shall, in the month of June following the year the operation was carried on, pay all applicable fees, rentals and royalties and file an annual report with the director of the survey and director of the agency having jurisdiction over the state-owned land setting forth:

- A. The location of the operation; [PL 1985, c. 201, §2 (NEW).]
- B. The quality and grade of mineral products or ores produced; [PL 1985, c. 201, §2 (NEW).]
- C. The amount of royalty that has accrued on material extracted; [PL 2009, c. 567, §5 (AMD).]
- D. The number of persons ordinarily employed at operation below ground and above ground; and [PL 1985, c. 201, §2 (NEW).]
- E. Any other information, relating to the mining lease, mine development or mining, the director of the division and the director of the agency having jurisdiction over the state-owned lands may require by regulation. [PL 1985, c. 201, §2 (NEW); PL 2011, c. 657, Pt. W, §7 (REV).]

This information is confidential and may not be disclosed, except that the information may be shared with other governmental agencies.

[PL 2009, c. 567, §5 (AMD); PL 2011, c. 657, Pt. W, §7 (REV).]

14. Termination. In the event that any explorer, claimant or lessee violates any provision of this subchapter or any rule, the director of the survey or the director of the agency having jurisdiction over the state-owned lands shall notify the explorer, claimant or lessee, as the case may be, of the alleged violation and of the nature of the alleged violation, by sending the notice by registered or certified mail to the explorer, claimant or lessee at the last known address of the explorer, claimant or lessee. If the violation is not remedied within 30 days after the date of mailing the notice, the permit, claim or lease

of the violator in existence at the time of the violation may be terminated by the State through the director of the survey or the director of the agency having jurisdiction over the state-owned lands by giving written notice of termination in the same manner specified for notice of violation. For cause, the State, through the director of the survey or the director of the agency having jurisdiction over the state-owned lands, may extend the time for compliance as it may determine. A person who is aggrieved may file a written petition for a hearing before the State within 30 days of the date of the giving of written notice of termination by the State. The hearing must take place within 30 days of receipt of the petition and a decision must be rendered by the State within 60 days following the final adjournment of the hearing. Appeals from the State's decision must be pursuant to the Maine Rules of Civil Procedure as they apply to appeals from rulings of public agencies.

CHAPTER 202-A**THE PUBLIC TRUST IN INTERTIDAL LAND****§571. Legislative findings and purpose**

The Legislature finds and declares that the intertidal lands of the State are impressed with a public trust and that the State is responsible for protection of the public's interest in this land. [PL 1985, c. 782 (NEW).]

The Legislature further finds and declares that this public trust is part of the common law of Maine and generally derived from the practices, conditions and needs in Maine, from English Common Law and from the Massachusetts Colonial Ordinance of 1641-47. The public trust is an evolving doctrine reflective of the customs, traditions, heritage and habits of the Maine people. In Maine, the doctrine has diverged from the laws of England and Massachusetts. The public trust encompasses those uses of intertidal land essential to the health and welfare of the Maine people, which uses include, but are not limited to, fishing, fowling, navigation, use as a footway between points along the shore and use for recreational purposes. These recreational uses are among the most important to the Maine people today who use intertidal land for relaxation from the pressures of modern society and for enjoyment of nature's beauty. [PL 1985, c. 782 (NEW).]

The Legislature further finds and declares that the protection of the public uses referred to in this chapter is of great public interest and grave concern to the State. [PL 1985, c. 782 (NEW).]

SECTION HISTORY

PL 1985, c. 782 (NEW).

§572. Definitions

As used in this chapter, the term "intertidal land" means all land of this State affected by the tides between the mean high watermark and either 100 rods seaward from the high watermark or the mean low watermark, whichever is closer to the mean high watermark. [PL 1985, c. 782 (NEW).]

SECTION HISTORY

PL 1985, c. 782 (NEW).

§573. Public trust rights in intertidal land

1. Public trust rights. The public trust rights in intertidal land include the following:

- A. The right to use intertidal land for fishing, fowling and navigation; [PL 1985, c. 782 (NEW).]
- B. The right to use intertidal land for recreation; and [PL 1985, c. 782 (NEW).]
- C. Any other trust rights to use intertidal land recognized by the Maine common law and not specifically abrogated by statute. [PL 1985, c. 782 (NEW).]

[PL 1985, c. 782 (NEW).]

2. Limitations. The rights described in subsection 1 do not include:

- A. The removal from the intertidal land of any sand, soil, rocks or other minerals; [PL 1985, c. 782 (NEW).]
- B. Interference with any structure, development or improvement erected or maintained on intertidal land in accordance with the laws of this State; [PL 1985, c. 782 (NEW).]
- C. The depositing of any refuse or waste on intertidal land or in the water covering intertidal land; or [PL 1985, c. 782 (NEW).]
- D. Use or operation of motorized vehicles other than navigable watercraft, unless specifically authorized by state law or municipal ordinance. [PL 1985, c. 782 (NEW).]

[PL 1985, c. 782 (NEW).]

3. Police powers. Municipalities shall have jurisdiction to exercise their police powers to control public use of intertidal land, except where such exercise is superseded by any state law.

[PL 1985, c. 782 (NEW).]

4. Other public rights. This chapter does not affect public rights in intertidal land arising from custom, prescription, implied dedication, acquiescence or any other source. This chapter does not affect

public rights in dry sand areas upland from intertidal land arising from custom, prescription, implied dedication, acquiescence, the public trust doctrine or any other source.

§598. Definitions

As used in this chapter, unless the context otherwise indicates, the following terms have the following meanings. [PL 1993, c. 639, §1 (NEW).]

1. Lands or land. "Lands" or "land" means real estate held by the State.
[PL 1993, c. 639, §1 (NEW).]

2. Proceeds. "Proceeds" means money arising or obtained from the sale of designated lands, excluding the costs of the sale.
[PL 1993, c. 639, §1 (NEW).]

3. Real estate held by the State. "Real estate held by the State" means real estate wholly owned by the State by fee simple title. "Real estate held by the State" does not mean land partially owned by the State or land owned by someone other than the State in which the State holds an easement, right-of-way or covenant.
[PL 1993, c. 639, §1 (NEW).]

4. Reduced. "Reduced" means a reduction in the acreage of an individual parcel or lot of designated land under section 598-A. "Reduced" does not mean a reduction in the value of the property. "Reduced" does not mean the conveyance of an access right by easement in accordance with section 1814-A.
[PL 2011, c. 278, §3 (AMD).]

5. Substantially altered. "Substantially altered," in the use of designated lands, means changed so as to significantly alter physical characteristics in a way that frustrates the essential purposes for which that land is held by the State. The essential purposes of state parks, historic sites, public access sites, facilities for boats and the Allagash Wilderness Waterway are the protection, management and improvement of these properties for public recreation, conservation, scenic values, nature appreciation, historic preservation and interpretation, public access and related purposes. The essential purposes of public reserved and nonreserved lands are the protection, management and improvement of these properties for the multiple use objectives established in section 1847. The essential purposes of lands acquired through the Land for Maine's Future Board that are not held by the Department of Inland Fisheries and Wildlife or by the Department of Agriculture, Conservation and Forestry are the protection, management and improvement of those lands for recreation, conservation, farming, open space, plant and animal habitat, scenic values, public access and related purposes. The essential purposes of state-owned wildlife management areas and game farms are the protection, management and improvement of those properties for fish and wildlife habitat and propagation, hunting, trapping, fishing, recreation, propagation and harvesting of forest and other natural products and related purposes. "Substantially altered" does not mean the conveyance of an access right by easement in accordance with section 1814-A.

§598-A. Designated lands

The following lands are designated lands under the Constitution of Maine, Article IX, Section 23. Designated lands under this section may not be reduced or substantially altered, except by a 2/3 vote of the Legislature. It is the intent of the Legislature that individual holdings of land or classes of land may be added to the list of designated lands under this section in the manner normally reserved for amending the public laws of the State. CHAPTER 206-A

USE REGULATION

SUBCHAPTER 1

GENERAL PROVISIONS

§681. Purpose and scope

The Legislature finds that it is desirable to extend principles of sound planning, zoning and development to the unorganized and deorganized townships of the State: To preserve public health, safety and general welfare; to support and encourage Maine's natural resource-based economy and strong environmental protections; to encourage appropriate residential, recreational, commercial and industrial land uses; to honor the rights and participation of residents and property owners in the unorganized and deorganized areas while recognizing the unique value of these lands and waters to the State; to prevent residential, recreational, commercial and industrial uses detrimental to the long-term health, use and value of these areas and to Maine's natural resource-based economy; to discourage the intermixing of incompatible industrial, commercial, residential and recreational activities; to prevent the development in these areas of substandard structures or structures located unduly proximate to waters or roads; to prevent the despoliation, pollution and detrimental uses of the water in these areas; and to conserve ecological and natural values. [PL 2011, c. 682, §3 (AMD).]

The Legislature declares it to be in the public interest, for the public benefit, for the good order of the people of this State and for the benefit of the property owners and residents of the unorganized and deorganized townships of the State, to encourage the well-planned and well-managed multiple use, including conservation, of land and resources and to encourage and facilitate regional economic viability. The Legislature acknowledges the importance of these areas in the continued vitality of the State and to local economies. Finally, the Legislature desires to encourage the appropriate use of these lands by the residents of Maine and visitors in pursuit of outdoor recreation activities, including, but not limited to, hunting, fishing, boating, hiking and camping. [PL 2011, c. 682, §3 (AMD).]

Any subsequent division of a lot created from the original parcel within 10 years of the recording of the plan in the registry of deeds or any structural development unrelated to forest management, agricultural management or conservation creates a subdivision and may not occur without prior commission approval. [PL 2001, c. 431, §3 (NEW).]

[PL 2001, c. 431, §3 (NEW).]

5. Unauthorized subdivision lots in existence for at least 20 years. A lot or parcel that when sold or leased created a subdivision requiring a permit under this chapter is not considered a subdivision lot and is exempt from the permit requirement if the permit has not been obtained and the subdivision has been in existence for 20 or more years. A lot or parcel is considered a subdivision lot and is not exempt under this subsection if:

§683-A. Creation of Maine Land Use Planning Commission

The Maine Land Use Planning Commission, as established by Title 5, section 12004-D, subsection 1-A to carry out the purposes stated in section 681, is created within the Department of Agriculture, Conservation and Forestry and in this chapter called "the commission." The commission is charged with implementing this chapter. The commission consists of 9 members, appointed in accordance with subsections 1 and 2. All appointments under this section are subject to review by the joint standing committee of the Legislature having jurisdiction over conservation matters and to confirmation by the Senate. [PL 2013, c. 256, §3 (AMD).]

1. Appointment by the Governor. Except as provided in subsection 2, the Governor shall appoint one member to the commission. In selecting an appointee, the Governor shall actively seek and give consideration to persons residing in or near the unorganized and deorganized areas of the State and to

persons residing on unorganized coastal islands. An appointee under this subsection must be familiar with the needs and issues affecting the commission's jurisdiction and must:

- A. Reside in the commission's jurisdiction; [PL 2011, c. 682, §7 (NEW).]
- B. Work in the commission's jurisdiction; [PL 2011, c. 682, §7 (NEW).]
- C. Be a former resident or be retired after having worked for a minimum of 5 years within the commission's jurisdiction; or [PL 2011, c. 682, §7 (NEW).]
- D. Have expertise in commerce and industry, fisheries and wildlife, forestry or conservation issues as they relate to the commission's jurisdiction. [PL 2011, c. 682, §7 (NEW).]

[PL 2013, c. 256, §3 (AMD).]

2. Appointment of members representing a county. One member must be appointed by each of the 8 counties with the most acreage in the unorganized or deorganized areas subject to the jurisdiction of the commission. The board of county commissioners for each of the counties shall appoint by majority vote a resident of that county to serve as a member of the commission. A county commissioner who is a candidate for appointment to serve on the commission may not vote on that appointment. In making the appointment, the board of county commissioners shall actively seek and give consideration to persons residing in or near the unorganized or deorganized areas within the county. The board of county commissioners shall advertise the position in the same manner as the county advertises personnel positions. The board of county commissioners shall accept written or electronic applications from candidates, conduct interviews with candidates as determined by the board and select from among those candidates an appointee.

An appointee under this subsection must have expertise in commerce and industry, fisheries and wildlife, forestry or conservation issues as they relate to the commission's jurisdiction and must:

- A. Reside in the commission's jurisdiction; [PL 2011, c. 682, §7 (NEW).]
- B. Work in the commission's jurisdiction; or [PL 2011, c. 682, §7 (NEW).]
- C. Be a former resident or be retired after having worked for a minimum of 5 years within the commission's jurisdiction. [PL 2011, c. 682, §7 (NEW).]

If a board of county commissioners fails to appoint a member to the commission under this subsection within 90 business days of a vacancy on the commission to be filled by that county, the Governor shall appoint a resident of that county meeting the criteria in subsection 1 to fill the vacancy.

For any county appointee, the board of county commissioners shall provide to the President of the Senate and the Speaker of the House of Representatives the name and address of the appointee, together with information concerning that person's background and qualifications, in the same manner required of the Governor for nominations made pursuant to Title 3, section 154. A board of county commissioners has the same authority as the Governor, pursuant to Title 3, section 154, to withdraw the name of an appointee at any time before the Senate votes. The provisions of Title 3, sections 155 to 158 apply to the process of legislative review and confirmation of all county appointees to the commission.

[PL 2013, c. 256, §3 (AMD).]

3. Eligibility. A state employee may not be appointed to or serve as a member of the commission. A county employee, municipal official or municipal employee is not considered to hold an incompatible office for purposes of simultaneous service on the commission. If a county or municipality is a participant in an adjudicatory proceeding before the commission, an official or employee from that county or municipality may not participate in that proceeding as a member of the commission. An incumbent county commissioner appointed after July 1, 2013 to serve on the commission may not serve simultaneously as a county commissioner and a member of the commission.

[PL 2013, c. 424, Pt. E, §1 (AMD); PL 2013, c. 424, Pt. E, §3 (AFF).]

4. Terms. All members are appointed to 4-year terms. Any member who has not been reappointed by the Governor or a board of county commissioners prior to the expiration of that member's term may not continue to serve on the commission, unless the Governor notifies the Legislature in writing prior to the expiration of that member's term that extension of that member's term is required to ensure fair consideration of specific major applications pending before the commission. That member's term ends upon final commission decisions on the specific applications identified in the Governor's communication. Any member reappointed by the Governor or a board of county commissioners prior to the expiration of that member's term continues to serve on the commission until the appointment is acted upon by the Legislature. Once a member of the commission has been appointed by the Governor or a board of county commissioners, a vacancy of that seat must be filled by the same appointing authority as provided in this section. A vacancy during an unexpired term is filled only for the unexpired portion of the term.

[PL 2013, c. 256, §3 (AMD).]

5. Rules. Unless otherwise provided in this chapter, rules adopted by the commission under this chapter are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

Members of the commission are compensated as provided in Title 5, chapter 379. Commission members must receive an orientation and annual continuing education on this chapter, commission rules and planning and regulatory processes. A quorum of the commission for the transaction of business is 5 members. No action may be taken by the commission unless upon approval by a vote of 5 members. [PL 2011, c. 682, §8 (AMD).]

Whenever the commission is required or empowered to conduct a hearing pursuant to any provision of law, the hearing may be held and conducted by the commission or by any member of the commission or by any qualified employee or representative of the commission as the commission chair may determine. If the hearing is conducted by a single commissioner or qualified employee or representative, the commissioner, employee or representative shall report the findings of fact and conclusions to the commission together with a transcript of the hearing and all exhibits. The findings of fact and conclusions become a part of the record. The commission is not bound by the findings or conclusions when acting upon the record, but shall take action, issue orders and make decisions as if it had held and conducted the hearing itself. [PL 1999, c. 333, §4 (AMD).]

When the commission elects to hold multiple public hearings on any matter under this chapter, all hearings held within a 45-day period are considered one hearing for administrative purposes. [PL 1999, c. 333, §4 (NEW).]

The commission may accept contributions of any type from any source to assist it in carrying out its assigned tasks, and make such requirements in respect to the administration of such funds, not inconsistent with this subchapter, as are required as conditions precedent to receiving such funds, federal or otherwise. The commission shall give public notice of all contributions, in the state paper, stating the source, the amount and the purpose of such contributions. The commission may contract with municipal, county, state and federal governments or their agencies to assist in the carrying out of any of its assigned tasks. The Commissioner of Agriculture, Conservation and Forestry, with the consent of a majority of the commission, shall appoint a director who is the principal administrative, operational and executive employee of the commission. The director shall attend all meetings of the commission and is permitted to participate fully but is not a voting member of the commission. [PL 2011, c. 657, Pt. W, §6 (REV); PL 2011, c. 682, §9 (AMD).]

The commission shall establish and maintain at least 2 field offices, one in Greenville and one in Ashland, designed principally to provide assistance to the public on permit applications and to carry out such other functions of the commission as appropriate. These field offices must be established at locations in or close to the commission's jurisdiction and chosen to provide the maximum benefit to the public while minimizing costs. Historic levels of permitting activity, the convenience of access and the availability and cost of office facilities must be considered in choosing the field office locations. Each office must be open on a part-time basis at least 2 days a month or as public demand for the services of such field offices warrants and as resources allow. Whenever practicable, the commission shall make use of existing personnel to staff these field offices. Personnel must receive regular training to address customer service and other needs. §685-A. Land use districts and standards

1. Classification and districting of lands. The commission, acting on principles of sound land use planning and development, shall determine the boundaries of areas within the unorganized and deorganized areas of the State that fall into land use districts and designate each area in one of the following major district classifications: protection, management and development. The commission, acting in accordance with the procedures set forth in Title 5, chapter 375, subchapter 2, shall adopt rules for determining the boundaries of each major type of district in accordance with the following standards:

- A. Protection districts: Areas where development would jeopardize significant natural, recreational and historic resources, including, but not limited to, flood plains, precipitous slopes, wildlife habitat and other areas critical to the ecology of the region or State; [PL 1999, c. 333, §5 (AMD).]
- B. Management districts: Areas that are appropriate for commercial forest product or agricultural uses or for the extraction of nonmetallic minerals and for which plans for additional development are not presently formulated nor additional development anticipated; and [PL 1999, c. 333, §5 (AMD).]
- C. [PL 1973, c. 569, §10 (RP).]

D. Development districts: Areas that are appropriate for residential, recreational, commercial or industrial use or commercial removal of metallic minerals and areas appropriate for designation as development districts when measured against the purpose, intent and provisions of this chapter. [PL 2011, c. 682, §10 (AMD).]

In addition to delineating the major district classifications listed, the commission may delineate such subclassifications as may be necessary and desirable to carry out the intent of this chapter. The commission may delineate and designate planned subdistricts and establish standards unique to each to efficiently balance the benefits of development and resource protection. [PL 2011, c. 682, §10 (AMD).]

2. Interpretation of district boundaries. Where uncertainty exists as to the boundaries of districts as shown on the official land use maps the following shall apply:

A. Boundaries indicated as approximately following center lines of public or private roads shall be construed to follow such center lines. [PL 1971, c. 457, §5 (NEW).]

B. Boundaries indicated as following railroad lines shall be construed to be midway between the 2 outermost rails. [PL 1973, c. 569, §10 (AMD).]

C. Boundaries indicated as approximately following property lines, township or county lines shall be construed as following such lines. [PL 1971, c. 457, §5 (NEW).]

D. Boundaries indicated as following shorelines shall be construed to follow such shorelines, and in event of natural change in the shorelines, shall be construed as moving with the normal high water mark; boundaries indicated as following the center lines of streams, rivers, canals, lakes or other bodies of water shall be construed to follow such natural center lines. [PL 1973, c. 569, §10 (AMD).]

E. Boundaries indicated as approximately following ridge lines or specific contour lines shall be construed to follow such lines. [PL 1971, c. 457, §5 (NEW).]

F. Boundaries indicated as parallel to or as extensions of features indicated in paragraphs A to E shall be so construed. [PL 1973, c. 569, §10 (AMD).]

G. Where physical or cultural features existing on the ground are at variance with those shown on the official land use maps or in other circumstances not covered by paragraphs A to F, the commission shall interpret the district boundaries. [PL 1973, c. 569, §10 (AMD).]

[PL 1973, c. 569, §10 (AMD).]

3. Land use standards. The commission, acting on principles of sound land use planning and development, shall prepare land use standards prescribing standards for the use of air, lands and waters. Except as provided in this chapter, these standards shall be adopted by the commission in accordance with the procedures set forth in Title 5, chapter 375, subchapter II.

In addition to the purposes set forth in section 681, the land use standards shall:

A. Encourage the most desirable and appropriate use of air, land and water resources consistent with the comprehensive land use plan; [PL 1973, c. 569, §10 (AMD).]

B. Protect public health by reduction of noise, air pollution, water pollution and other environmental intrusions; [PL 1971, c. 457, §5 (NEW).]

C. Protect and preserve significant natural, scenic and historic features where appropriate, beneficial and consistent with the comprehensive land use plan; [PL 1973, c. 569, §10 (AMD).]

D. Advise and assist the Department of Transportation and other concerned agencies in transportation planning and operation; [PL 1973, c. 569, §10 (AMD).]

D-1. Provide for safe and appropriate loading, parking and circulation of land, air and water traffic; [RR 1993, c. 1, §33 (COR).]

E. Encourage minimal adverse impact of one use upon the use of surrounding areas by setting standards of performance describing desirable and acceptable levels of operation in connection with any use and its relation to surrounding areas, including provisions for the eventual amelioration of existing adverse impact; [PL 1971, c. 457, §5 (NEW).]

F. Reflect a consideration of the availability and capability of the natural resources base, including soils, topography or sufficient healthful water supplies; and [PL 1983, c. 114, §1 (AMD).]

G. Regulate, as necessary, motor vehicles as defined in Title 29-A, section 101, subsection 42, on icebound inland lakes that are completely encompassed by unorganized territories during the hours from sunset to sunrise of the following day. [PL 1995, c. 65, Pt. A, §26 (AMD); PL 1995, c. 65, Pt. A, §153 (AFF); PL 1995, c. 65, Pt. C, §15 (AFF).]
[PL 1995, c. 65, Pt. A, §26 (AMD); PL 1995, c. 65, Pt. A, §153 (AFF); PL 1995, c. 65, Pt. C, §15 (AFF).]

4. Land use standards considered as minimum requirements. Land use standards must be interpreted and applied by the commission as minimum requirements, adopted to reasonably and effectively promote health, safety and general welfare and ensure compliance with state plans and policies.

If the requirements of the adopted land use standards are at variance with the requirements of any other lawfully adopted rules, regulations, standards, ordinances, deed restrictions or covenants, the more protective of existing natural, recreational and historic resources governs.

A. [PL 2011, c. 682, §11 (RP).]

B. [PL 2011, c. 682, §11 (RP).]
[PL 2011, c. 682, §11 (RPR).]

4-A. Transition from commission jurisdiction to the jurisdiction of a plantation or municipality. Any portion of a land use district that subsequently becomes an organized municipality or part of an organized municipality or any plantation that adopts planning, zoning and subdivision control as provided in Title 30-A, section 7059 continues to be regulated by the Maine Land Use Planning Commission pursuant to this chapter until such time as the plantation or municipality of which the regulated district is then a part adopts land use plans and regulations not less protective of the existing natural, recreational or historic resources than those adopted by the commission.

A. Any municipality organized after September 23, 1971 or any plantation that adopts planning, zoning and subdivision control as provided in Title 30-A, section 7059 may submit to the commission and receive the approval of the commission of the following:

- (1) A comprehensive land use plan for that plantation or municipality;
- (2) Standards for determining land use district boundaries and uses permitted within the districts in that plantation or municipality;
- (3) A land use district boundary map for that plantation or municipality; and
- (4) Such other proposed regulations or standards as the commission considers necessary to achieve the purpose, intent and provisions of this chapter.

Upon request of the plantation or municipality, the commission shall prepare such plans, maps, regulations and standards as it considers necessary to meet minimum planning and zoning standards for its approval of those standards.

Upon obtaining approval, the plantation or municipality shall thereafter adopt, administer and enforce the approved plans, maps, regulations and standards, except that the commission retains

jurisdiction for any planned subdistrict within the municipality or plantation unless the owner of the land within the delineated area agrees to the transfer of the administration and enforcement of that planned subdistrict to the municipality or plantation. [PL 2011, c. 682, §12 (NEW).]

B. From time to time, the commission may review the administration and enforcement of local land use plans and regulations by plantations and municipalities that have adopted land use plans, maps, regulations and standards approved by the commission. If, following the review, the commission finds that any of the following has occurred, the commission may reestablish its jurisdiction over that plantation or municipality:

- (1) A plantation or municipality has repealed the land use plan, maps, standards or regulations necessary to satisfy the requirements of this subsection or has substantially modified the land use plan, maps, standards or regulations so that the resources of the plantation or municipality are not reasonably protected;
- (2) A plantation or municipality has abolished or does not have functioning the administrative bodies and officers necessary to implement the land use program as approved by the commission; or
- (3) A plantation or municipality has not administered or enforced its land use plan, maps, standards or regulations in a manner that reasonably protects the resources in the plantation or municipality involved.

The action by the commission must conform with the provisions for rulemaking of the Maine Administrative Procedure Act.

Action taken by the commission to reestablish its jurisdiction over a plantation or municipality is effective immediately, but must be submitted to the current or next regular session of the Legislature for approval. If the Legislature fails to act, the action of the commission continues in effect. [PL 2011, c. 682, §12 (NEW).]

[PL 2011, c. 682, §12 (NEW).]

5. Considerations, application and exemptions. A land use standard may not deprive an owner or lessee or subsequent owner or lessee of any interest in real estate of the use to which it is lawfully devoted at the time of adoption of that standard. Year-round and seasonal single residences and operating farms in existence and use as of September 23, 1971, while so used, and new accessory buildings or structures or renovations of the buildings or structures that are or may be necessary to the satisfactory and comfortable continuation of these residential and farm uses, except for those located in areas of special flood hazard as defined in the commission's rules, are exempt from the requirements of section 685-B, subsection 1.

Land use standards adopted pursuant to this chapter for management districts may not limit the right, method or manner of cutting or removing timber or crops, the construction and maintenance of hauling roads, the operation of machinery or the erection of buildings, including buildings to store equipment and materials for maintaining roads, and other structures used primarily for agricultural or commercial forest product purposes, including tree farms. The commission may not require a permit for such activities in a management district. Notwithstanding this subsection, a permit from the commission is required for roads covering a ground area of 3 acres or more constructed in management districts, unless those roads are constructed and maintained in accordance with the guidelines of the commission's Land Use Handbook, Section 6, "Erosion Control on Logging Jobs," or as revised. The commission may require a person constructing a road to notify the commission of the location of the road within 21 days.

Land use standards adopted pursuant to this chapter must establish a minimum setback of 100 feet for all structures within a commercial sporting camp complex that are constructed solely for the housing of guests, including structures within a main sporting camp complex and an outpost camp. The

standards must establish a minimum setback of 150 feet for all other structures within a sporting camp complex, including, but not limited to, a main lodge, a dining area, a workshop and a parking area.

In adopting district boundaries and land use standards, the commission shall give consideration to public and private planning reports and other data available to it, and shall give weight to existing uses of land and to any reasonable plan of its owner as to its future use.

A permit from the commission is not required for the repair or maintenance of county-owned roads, bridges or culverts as long as the repair or maintenance is conducted in accordance with commission standards that pertain to these activities.

[PL 2009, c. 111, §1 (AMD).]

6. Interim district boundaries and land use standards.

[PL 1999, c. 333, §6 (RP).]

7. Hearings and procedures.

[PL 1999, c. 333, §7 (RP).]

7-A. Procedure for adoption or amendment of land use district standards, district boundaries and land use maps. This subsection governs procedures for the establishment and amendment of land use district standards and boundaries and the amendment of the commission's land use maps.

A. The commission or its staff may initiate and any state or federal agency, any county or municipal governing body or any property owner or lessee may petition for adoption or amendment of land use district standards, district boundaries or land use maps. [PL 1999, c. 333, §8 (NEW).]

B. Adoption and amendment of land use district standards, district boundaries and land use maps are rule-making procedures subject to the requirements of Title 5, chapter 375, subchapter II, except that the requirements of Title 5, section 8052, subsections 5, 5-A and 7; section 8053-A; section 8056, subsections 1, 3 and 4; section 8056-A; section 8057, subsection 2; section 8057-A; section 8060; section 8062; and section 8064 do not apply. The requirements of Title 5, chapter 375, subchapter II are further modified by the following provisions.

(1) Public notice of proposals to adopt or amend land use district standards, district boundaries or land use maps must state the time and the place where copies of the proposal may be inspected prior to the hearing.

(2) The commission shall give notice of hearings to amend district boundaries, by mail, to appropriate state and federal agencies and the owners of directly affected and abutting properties, according to their names and addresses as shown on the records of Maine Revenue Services or plantation or town tax assessors. If the number of owners of directly affected and abutting properties is more than 50, notice may instead be by publication conforming to the requirements for newspaper publication of hearings under Title 5, chapter 375, subchapter IV.

(3) At any time prior to the date of adoption of proposed land use district standards, land use boundaries or land use maps, the commission may elect to reopen the public hearing record and extend the time period for public comment to such date as it may designate.

(4) The commission must act to adopt or not to adopt proposed land use district standards, land use boundaries or land use maps within 90 days after the date of final closure of the public hearing.

(5) Land use district boundaries and land use maps become effective 15 days after adoption or amendment by the commission, as long as the boundaries and maps are available in the appropriate registry of deeds for each county. Notice of adoption or amendment of land use district boundaries and land use maps must be given by publication one time in a newspaper of general circulation published in the area affected.

(6) Permanent land use standards adopted by the commission are effective immediately, but must be submitted to the next regular or special session of the Legislature for approval or modification. If the Legislature fails to act, those standards continue in full force and effect. [PL 1999, c. 333, §8 (NEW).]

[PL 1999, c. 333, §8 (NEW).]

8. Amendments to district boundaries and standards.

[PL 1999, c. 333, §9 (RP).]

8-A. Criteria for adoption or amendment of land use district boundaries. A land use district boundary may not be adopted or amended unless there is substantial evidence that:

A. The proposed land use district is consistent with the standards for district boundaries in effect at the time, the comprehensive land use plan and the purpose, intent and provisions of this chapter; and [PL 1999, c. 333, §10 (NEW).]

B. The proposed land use district has no undue adverse impact on existing uses or resources or a new district designation is more appropriate for the protection and management of existing uses and resources within the affected area. [PL 2011, c. 682, §13 (AMD).]

[PL 2011, c. 682, §13 (AMD).]

8-B. Criteria for amendment of land use standards. Adoption or amendment of land use standards may not be approved unless there is substantial evidence that the proposed land use standards would serve the purpose, intent and provisions of this chapter and would be consistent with the comprehensive land use plan.

[PL 1999, c. 333, §10 (NEW).]

9. Periodic review of district boundaries and land use standards. At the end of each 5 years following initial adoption of permanent land use standards and districts, the commission shall make a comprehensive review of the classification and delineation of districts of the land use standards. The assistance of appropriate state agencies must be secured in making this review and public hearings must be held in accordance with the requirements set forth in subsection 7-A.

[PL 1999, c. 333, §11 (AMD).]

10. Special exceptions and variances. The commission may approve the issuance of a special exception permit in strict compliance with this chapter and the rules and standards adopted pursuant to this chapter. The commission may grant a variance when the commission finds that the proposed development is in keeping with the general spirit and intent of this chapter, that the public interest is otherwise protected and that strict compliance with the rules and standards adopted by this commission would cause unusual hardship or extraordinary difficulties because of the following:

A. Exceptional or unique conditions of topography, access, location, shape, size or other physical features of the site; [PL 2001, c. 105, §1 (NEW).]

B. The access and use needs of a person with a physical disability as described in Title 5, section 4553-A, subsection 1, paragraphs C and D who resides in or regularly uses a structure; or [PL 2007, c. 695, Pt. A, §11 (AMD).]

C. Unusual circumstances that were not anticipated by the commission at the time the rules and standards were adopted. [PL 2001, c. 105, §1 (NEW).]

[PL 2007, c. 695, Pt. A, §11 (AMD).]

11. Exemptions. Real estate used or to be used by a public utility, as defined in Title 35-A, section 102, subsection 13, or a person who is issued a certificate by the Public Utilities Commission under Title 35-A, section 122 may be wholly or partially exempted from regulation to the extent that the commission may not prohibit such use but may impose terms and conditions for use consistent with the purpose of this chapter, when, upon timely petition, notice and public hearing, the Public Utilities

Commission determines that such exemption is necessary or desirable for the public welfare or convenience. The Public Utilities Commission shall adopt by rule procedures to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2007, c. 656, Pt. A, §1 (AMD).]

12. Timber harvesting activities. Rules adopted by the Commissioner of Agriculture, Conservation and Forestry pursuant to section 8867-B for the purpose of regulating timber harvesting and timber harvesting activities in areas adjacent to rivers, streams, ponds, wetlands and tidal waters become effective for the unorganized and deorganized areas on the date established under Title 38, section 438-B, subsection 5.

The Director of the Bureau of Forestry within the Department of Agriculture, Conservation and Forestry shall administer and enforce the regulation of timber harvesting and timber harvesting activities in these areas. For the purposes of this subsection, "timber harvesting" and "timber harvesting activities" have the same meanings as in section 8868, subsections 4 and 5.

Beginning November 1, 2012, the Director of the Bureau of Forestry within the Department of Agriculture, Conservation and Forestry shall administer and enforce the regulation of timber harvesting and timber harvesting activities in protection districts and management districts in accordance with rules adopted under section 8867-D.

[PL 2011, c. 599, §1 (AMD); PL 2011, c. 657, Pt. W, §§5-7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

13. Additions to and removals from the expedited permitting area for wind energy development. The commission may add or remove areas in the unorganized and deorganized areas to or from the expedited permitting area for wind energy development in accordance with Title 35-A, chapter 34-A.

[PL 2015, c. 265, §1 (AMD); PL 2015, c. 265, §10 (AFF).]

14. Land management roads, gravel pits and water crossings. Beginning November 1, 2012, the Director of the Bureau of Forestry within the Department of Agriculture, Conservation and Forestry shall administer and enforce the regulation of construction, maintenance and repair of land management roads, water crossings by land management roads and gravel pits of less than 5 acres in protection districts and management districts in accordance with rules adopted under section 8867-E. For the purposes of this subsection, "land management road" has the same meaning as under section 8868, subsection 7.

[PL 2013, c. 256, §4 (AMD); PL 2013, c. 405, Pt. A, §23 (REV).]

§685-B. Development review and approval

1. Review and approval required. Except as provided in this section or by commission rule:

A. A structure or part of a structure may not be erected, changed, converted or wholly or partly altered or enlarged in its use or structural form without a permit issued by the commission. Normal maintenance or repair may be made to a structure or part of a structure without a permit issued by the commission in locations other than areas of special flood hazard as defined in the commission's rules; [PL 2009, c. 111, §2 (AMD).]

B. A person may not commence development of or construction on any lot, parcel or dwelling unit within any subdivision or sell or offer for sale any interest in any lot, parcel or dwelling unit within any subdivision without a permit issued by the commission; or [PL 1999, c. 333, §12 (RPR).]

C. A person may not commence any construction or operation of any development without a permit issued by the commission. [PL 1999, c. 333, §12 (RPR).]
[PL 2009, c. 111, §2 (AMD).]

1-A. Exceptions. Except as provided in this section or by commission rule:

A. A permit is not required for the repair and maintenance of an existing road culvert or for the replacement of an existing road culvert, including ancillary culverting activities such as excavation and filling, as long as:

- (1) Erosion control measures are taken to prevent sedimentation of the water;
- (2) The road culvert does not block passage for fish in flowing water; and
- (3) For replacements of existing road culverts crossing flowing water:
 - (a) The replacement culvert is designed, installed and maintained to match the natural grade of the channel bed of the water to avoid drops or perching; and
 - (b) As site conditions allow, culverts that are not open bottomed are embedded in the channel bed of the water a minimum of one foot or at least 25% of the culvert or other structure's diameter, whichever is greater, except that a culvert does not have to be embedded more than 2 feet.

For purposes of this paragraph, "repair and maintenance" includes, but is not limited to, the riprapping of side slopes or culvert ends; removing debris and blockages within the culvert structure and at its inlet and outlet; and installing or replacing culvert ends if less than 50% of the culvert structure is being replaced; [PL 2021, c. 590, Pt. A, §1 (RPR).]

B. Except for projects that are located in a planned subdistrict that was approved or accepted by the commission for processing prior to September 1, 2012, a permit is not required for those aspects of a project approved by the Department of Environmental Protection under Title 38 if the commission determines that the project is an allowed use within the subdistrict or subdistricts for which it is proposed. Notice of the intent to develop and a map indicating the location of the proposed development must be filed with the commission prior to or concurrently with submission of a development application to the Department of Environmental Protection; [PL 2011, c. 682, §14 (AMD).]

B-1. Except for projects that are located in a planned subdistrict that was approved or accepted by the commission for processing prior to September 1, 2012, a permit from the commission is not

required for a development of state or regional significance that may substantially affect the environment as defined in Title 38, section 482, subsection 2. A project meeting that definition is reviewed under Title 38, section 489-A-1. A person submitting a development proposal to the Department of Environmental Protection under Title 38, section 489-A-1 shall file a notice of the intent to develop and a map indicating the location of the proposed development with the commission prior to or concurrently with submission of a development application to the Department of Environmental Protection. The Department of Environmental Protection must receive certification from the commission that the proposed development is an allowed use within the subdistrict or subdistricts for which it is proposed and the proposed development meets any land use standard established by the commission that is not considered in the department's review under Title 38, section 489-A-1, subsection 1 before issuing a permit. The commission may not certify that a proposed expedited wind energy development, as defined in Title 35-A, section 3451, subsection 4, within the expedited permitting area, as defined in Title 35-A, section 3451, subsection 3, is an allowed use if a relevant petition is pending under Title 35-A, section 3453-A. Nothing in this subsection may be construed as prohibiting the commission from enforcing the land use standards certified to the Department of Environmental Protection under this paragraph; [PL 2015, c. 265, §2 (AMD); PL 2015, c. 265, §10 (AFF).]

REVISOR'S NOTE: (Paragraph B-1 as enacted by PL 2011, c. 653, §2 and affected by §33 is REALLOCATED TO TITLE 12, SECTION 685-B, SUBSECTION 1-A, PARAGRAPH B-2)

B-2. (REALLOCATED FROM T. 12, §685-B, sub-§1-A, ¶B-1) A permit is not required for a project for mining of metallic minerals that is reviewed under the Maine Metallic Mineral Mining Act. A person submitting a permit application to the Department of Environmental Protection under Title 38, chapter 3, subchapter 1, article 9 for a metallic mineral mining project located wholly or in part within the unorganized and deorganized areas of the State shall file a notice of the intent to develop and a map indicating the location of the proposed development with the commission prior to or concurrently with submission of a development application to the Department of Environmental Protection. The commission must certify to the department that the proposed development is an allowed use within the subdistrict or subdistricts for which it is proposed and that the proposed development meets any land use standards established by the commission and applicable to the project that are not considered in the department's review. This paragraph does not prohibit the commission from enforcing the land use standards certified to the Department of Environmental Protection under this paragraph; [RR 2011, c. 2, §8 (RAL); RR 2011, c. 2, §10 (AFF).]

C. A permit is not required for a campsite in a management district; [PL 2009, c. 270, Pt. D, §2 (AMD).]

D. A permit is not required for an offshore wind energy demonstration project approved by the Department of Environmental Protection pursuant to Title 38, section 480-HH. Notice of the intent to develop and a map indicating the location of the proposed development must be filed with the commission prior to or concurrently with submission of an application to the Department of Environmental Protection pursuant to Title 38, section 480-HH; and [PL 2009, c. 270, Pt. D, §3 (NEW).]

E. A permit or other approval by the commission is not required for a hydropower project that uses tidal or wave action as a source of electrical or mechanical power or is located partly within an organized municipality and partly within an unorganized territory. [PL 2009, c. 615, Pt. F, §1 (AMD).]

[PL 2021, c. 590, Pt. A, §1 (AMD).]

1-B. Delegation to staff. The commission may establish standards by which authority may be delegated to its staff, to approve with reasonable conditions or deny applications submitted. Any person

aggrieved by a decision of the staff has the right to a review of that decision by the commission. A request for such a review must be made within 30 days of the staff decision.

[PL 1999, c. 333, §13 (NEW).]

1-C. Delegation to county. The commission may establish standards by which authority may be delegated to a county, upon request of the county commissioners, to approve, approve with reasonable conditions or deny applications to conduct specified activities requiring a permit and to enforce compliance with the permit. Any person aggrieved by a decision of a county has the right to appeal that decision to the commission. Such an appeal must be made within 30 days after the county decision.

[PL 2011, c. 682, §16 (NEW).]

2. Application for approval. The application forms for approval, as provided by the commission, must be completed and signed by the applicant and must be accompanied by the following:

A. A plan of the proposed structure, subdivision or development showing the intended use of the real estate, the proposed change, the details of the project and such other information as may be required by the commission to determine conformance with applicable land use standards; [PL 1989, c. 681, §1 (AMD).]

B. The fee prescribed by the commission rules, that fee to be a minimum of \$50 but no greater than 1/4 of 1% of the total development costs. The fees apply to all amendments except for minor changes to building permits. In addition to the fee paid in accordance with this paragraph, the director of the Maine Land Use Planning Commission may assess a processing fee on applications for extraordinary projects in accordance with section 685-F; [PL 2007, c. 114, §1 (AMD); PL 2011, c. 682, §38 (REV).]

C. [PL 1977, c. 564, §51 (RP).]

D. Evidence of sufficient right, title or interest in all of the property that is proposed for development or use. For purposes of this subsection, the written permission of the record owner or owners of flowed land is deemed sufficient right, title or interest to confer standing for submission of a permit application, provided that the letter of permission specifically identifies the activities being performed and the area that may be used for that purpose. The commission may not refuse to accept, under this paragraph, a permit application for any prohibited activity if the owner or lessee of land adjoining a great pond has made a diligent effort to locate the record owner or owners of the flowed land in question and has been unable to do so; and [PL 1989, c. 681, §1 (AMD).]

E. For a new or expanded development requiring an annual supply of wood or wood-derived materials in excess of 150,000 tons green weight, a wood supply plan for informational purposes to the Maine Forest Service at the time of application. The wood supply plan must include, but is not limited to, the following information:

- (1) The expected operational life of the development;
- (2) The projected annual wood consumption of wood mill residue, wood fiber and recycled materials from forest products during the entire operational life of the development;
- (3) The expected market area for wood supply necessary to supply the development; and
- (4) Other relevant wood supply information. [PL 1989, c. 681, §1 (NEW).]

[PL 2007, c. 114, §1 (AMD); PL 2011, c. 682, §38 (REV).]

2-A. Priority for processing. Applications to replace destroyed seasonal or permanent structures shall be given top priority for processing when hardship can be demonstrated by the applicant provided that:

A. The dimensions of the new structure are not greater than the preexisting structure; and [PL 1989, c. 22, §1 (NEW).]

B. The new structure will not adversely affect surrounding uses and resources. [PL 1989, c. 22, §1 (NEW).]
[PL 1989, c. 22, §1 (NEW).]

2-B. Determination deadline. The commission shall render its determination on an application for subdivision approval within 60 days after the commission determines that the application is complete and the proposal is a permitted use within the affected district or subdistrict.
[PL 1989, c. 584, §2 (NEW); PL 1989, c. 810, §2 (AMD).]

2-C. Wind energy development; community-based offshore wind energy projects; determination deadline. For purposes of this subsection, "expedited permitting area," "grid-scale wind energy development" and "wind energy development" have the same meanings as in Title 35-A, section 3451. The following provisions govern wind energy development.

A. The commission shall consider any wind energy development in the expedited permitting area under Title 35-A, chapter 34-A with a generating capacity of 100 kilowatts or greater or a community-based offshore wind energy project a use requiring a permit, but not a special exception, within the affected districts or subdistricts. [PL 2011, c. 682, §17 (RPR).]

B. All grid-scale wind energy development proposed for the unorganized or deorganized areas of the State is reviewed and permits are issued by the Department of Environmental Protection under Title 35-A, chapter 34-A and Title 38, section 489-A-1. [PL 2011, c. 682, §17 (RPR).]

C. For an offshore wind energy project that is proposed within one nautical mile of an island within the unorganized or deorganized areas, the commission shall review the proposed project to determine whether the project qualifies as a community-based offshore wind energy project and therefore is within the jurisdiction of the commission. [PL 2011, c. 682, §17 (NEW).]

D. Except for a grid-scale wind energy project, the commission may require an applicant to provide a timely notice of filing prior to filing an application for, and may require the applicant to attend a public meeting during the review of, a wind energy development or a community-based offshore wind energy project. For projects or development located within the expedited permitting areas, the commission shall render its determination on an application for such a development or project within 185 days after the commission determines that the application is complete, except that the commission shall render such a decision within 270 days if it holds a hearing on the application. The chair of the Public Utilities Commission or the chair's designee shall serve as a nonvoting member of the commission and may participate fully but is not required to attend hearings when the commission considers an application for a community-based offshore wind energy project. The chair's participation on the commission pursuant to this subsection does not affect the ability of the Public Utilities Commission to submit information into the record of the commission's proceedings. [PL 2011, c. 682, §17 (NEW).]

E. At the request of an applicant, the commission may stop the processing time for a period of time agreeable to the commission and the applicant. The expedited review period specified in paragraph D does not apply to the associated facilities, as defined in Title 35-A, section 3451, subsection 1, of the wind energy development or community-based offshore wind energy project if the commission determines that an expedited review time is unreasonable due to the size, location, potential impacts, multiple agency jurisdiction or complexity of that portion of the development or project. [PL 2011, c. 682, §17 (NEW).]
[PL 2011, c. 682, §17 (RPR).]

3. Hearings and procedures.
[PL 1999, c. 333, §14 (RP).]

3-A. Hearings and procedures. Hearings and procedures in connection with the review and approval of a permit application are subject to this subsection. To the extent practicable, hearings held

under this subsection must be held at a location in close proximity to the project or projects under review.

A. The commission may determine on its own motion to hold a hearing on the application. [PL 1999, c. 333, §15 (NEW).]

B. If the commission determines to act upon a permit application without a hearing, the commission, within 90 days after receiving the complete application, shall make findings of fact and issue an order either granting approval, subject to reasonable terms and conditions that the commission determines appropriate in order to fulfill the requirements and intent of this chapter, the comprehensive land use plan and the commission's standards, or denying approval of the application as proposed. [PL 1999, c. 333, §15 (NEW).]

C. Any person aggrieved by a decision of the commission or its staff concerning any permit application upon which no hearing was held may, within 30 days of that decision, petition the commission for a hearing. The commission is not required to hold a hearing, but shall respond within 45 days of receipt of the petition by notifying the petitioner in writing of the date, time and place set for the requested hearing or of the denial of the request. [PL 1999, c. 333, §15 (NEW).]

D. Within 60 days after the commission adjourns any hearing held under this subsection, it shall make findings of fact and issue an order either granting approval, subject to reasonable terms and conditions that the commission determines appropriate in order to fulfill the requirements and intent of this chapter, the comprehensive land use plan and the commission's standards, or denying approval of the application as proposed. [PL 1999, c. 333, §15 (NEW).]

[PL 2011, c. 682, §18 (AMD).]

4. Criteria for approval. In approving applications submitted to it pursuant to this section, the commission may impose such reasonable terms and conditions as the commission may consider appropriate. In making a decision under this subsection regarding an application for a community-based offshore wind energy project, the commission may not consider whether the project meets the specific criteria designated in section 1862, subsection 2, paragraph A, subparagraph (6), divisions (a) to (d). This limitation is not intended to restrict the commission's review of related potential impacts of the project as determined by the commission.

The commission may not approve an application, unless:

A. Adequate technical and financial provision has been made for complying with the requirements of the State's air and water pollution control and other environmental laws, and those standards and regulations adopted with respect thereto, including without limitation the minimum lot size laws, sections 4807 to 4807-G, the site location of development laws, Title 38, sections 481 to 489-E, and the natural resource protection laws, Title 38, sections 480-A to 480-Z, and adequate provision has been made for solid waste and sewage disposal, for controlling of offensive odors and for the securing and maintenance of sufficient healthful water supplies; [PL 2011, c. 653, §3 (AMD); PL 2011, c. 653, §33 (AFF).]

B. Adequate provision has been made for loading, parking and circulation of land, air and water traffic in, on and from the site, and for assurance that the proposal will not cause congestion or unsafe conditions with respect to existing or proposed transportation arteries or methods; [PL 2011, c. 682, §19 (AMD).]

C. Adequate provision has been made for fitting the proposal harmoniously into the existing natural environment in order to ensure there will be no undue adverse effect on existing uses, scenic character and natural and historic resources in the area likely to be affected by the proposal.

(1) In making a determination under this paragraph regarding whether an applicant has made adequate provision for fitting the proposal harmoniously into the existing natural environment, the commission may consider the effect of at least 1.5 feet of sea level rise by 2050 and 4 feet

of relative sea level rise by 2100 as specified by the commission by rule adopted pursuant to section 685-A, subsection 3.

(2) In making a determination under this paragraph regarding development to facilitate withdrawal of groundwater, the commission shall consider the effects of the proposed withdrawal on waters of the State, as defined by Title 38, section 361-A, subsection 7; water-related natural resources; and existing uses, including, but not limited to, public or private wells, within the anticipated zone of contribution to the withdrawal. In making findings under this subparagraph, the commission shall consider both the direct effects of the proposed withdrawal and its effects in combination with existing water withdrawals.

(3) In making a determination under this paragraph regarding a community-based offshore wind energy project, the commission shall consider the project's effects on scenic character and existing uses related to scenic character in accordance with Title 35-A, section 3452.

(4) In making a determination under this paragraph regarding a wind energy development, as defined in Title 35-A, section 3451, subsection 11, that is not a grid-scale wind energy development, that has a generating capacity of 100 kilowatts or greater and that is proposed for location within the expedited permitting area, the commission shall consider the development's or project's effects on scenic character and existing uses relating to scenic character in the manner provided for in Title 35-A, section 3452; [PL 2021, c. 590, Pt. A, §2 (RPR).]

C-1. With respect to a wind energy development that has a generating capacity of 100 kilowatts or greater, the person proposing the development has received certification from the Department of Environmental Protection in the manner provided under Title 35-A, section 3456; [PL 2011, c. 682, §19 (NEW).]

D. The proposal will not cause unreasonable soil erosion or reduction in the capacity of the land to absorb and hold water and suitable soils are available for a sewage disposal system if sewage is to be disposed on-site; [PL 1999, c. 333, §17 (AMD).]

E. The proposal is otherwise in conformance with this chapter and the regulations, standards and plans adopted pursuant thereto; and [PL 2007, c. 661, Pt. C, §3 (AMD).]

F. In the case of an application for a structure upon any lot in a subdivision, that the subdivision has received the approval of the commission. [PL 1973, c. 569, §11 (NEW).]

The burden is upon the applicant to demonstrate by substantial evidence that the criteria for approval are satisfied, and that the public's health, safety and general welfare will be adequately protected. The commission shall permit the applicant and other parties to provide evidence on the economic benefits of the proposal as well as the impact of the proposal on energy resources.

[PL 2021, c. 590, Pt. A, §2 (AMD).]

4-A. Subdivision of land subject to liquidation harvesting. The commission may not approve an application for a subdivision if the commission determines that timber on the parcel proposed for subdivision has been harvested in violation of rules adopted pursuant to section 8869, subsection 14. If a violation of rules adopted by the Maine Forest Service to substantially eliminate liquidation harvesting has occurred, the commission must determine prior to granting approval for the subdivision that 5 years have elapsed from the date the landowner under whose ownership the harvest occurred acquired the parcel. The commission may request technical assistance from the Maine Forest Service to determine if a rule violation has occurred.

For the purposes of this subsection, "liquidation harvesting" has the same meaning as in section 8868, subsection 6 and "parcel" means a contiguous area within one municipality, township or plantation owned by one person or a group of persons in common or joint ownership. This subsection takes effect on the effective date of rules adopted pursuant to section 8869, subsection 14.

[PL 2003, c. 622, §1 (NEW).]

4-B. Special provisions; community-based offshore wind energy project. In the case of a community-based offshore wind energy project, the developer must demonstrate, in addition to requirements under subsection 4, that the proposed generating facilities, as defined in Title 35-A, section 3451, subsection 5:

A. Will meet the requirements of the Board of Environmental Protection's noise control rules adopted pursuant to Title 38, chapter 3, subchapter 1, article 6; [PL 2007, c. 661, Pt. C, §4 (NEW).]

B. Will be designed and sited to avoid undue adverse shadow flicker effects; and [PL 2011, c. 682, §20 (AMD).]

C. Will be constructed with setbacks adequate to protect public safety, as provided in Title 35-A, section 3455. In making findings pursuant to this paragraph, the commission shall consider the recommendation of a professional, licensed civil engineer as well as any applicable setback recommended by a manufacturer of the generating facilities. [PL 2011, c. 682, §20 (AMD).]

D. [PL 2011, c. 682, §20 (RP).]
[PL 2011, c. 682, §20 (AMD).]

5. Limitation, expiration, transfer and revocation of approval. Commission authorization pursuant to this section shall permit only the arrangement and construction set forth in the approval as issued. Change in use, arrangement or construction shall be considered a violation of this chapter and punishable as provided in this chapter.

A violation of any condition attached to a commission approval or permit, or any change in use, arrangement or construction from that approved, shall be deemed a violation of this chapter and, in addition to any other penalties or remedies prescribed herein or otherwise provided by law, shall constitute grounds for the revocation or suspension of this approval. The commission may, acting in accordance with Title 5, section 10003, amend, modify or refuse to renew any commission approval or permit where the commission determines that the criteria for approval set forth in subsection 4, paragraphs A to F, have not been, are not being, or will not be satisfied.
[PL 1977, c. 694, §232 (AMD).]

6. Recording of approved proposals. A copy of each application, marked approved or disapproved, shall be retained in the commission files and shall be available to the public during normal business hours.

In the event the commission approves an application for subdivision approval, a copy of an approved plat or plan and a copy of the conditions required by the commission to be set forth in any instrument conveying an interest within the subdivision attested to by an authorized commission signature shall be filed with the appropriate registry of deeds in the county in which the real estate lies.

A registrar of deeds shall not record a copy of conditions or any plat or plan purporting to subdivide real estate located within the unorganized and deorganized lands of the State, unless the commission's approval is evidenced thereon.

The grantee of any conveyance of unrecorded subdivided real estate or subdivided real estate recorded in violation of this section may recover the purchase price, at interest, together with damages and costs in addition to any other remedy provided by law.

[PL 1987, c. 885, §5 (AMD).]

6-A. Recording of land division plan required. A copy of each land division plan must be recorded in the registry of deeds of the county in which the land is located.

A. When 3 to 10 lots each containing at least 40 acres are created within a 5-year period and are located more than 1,320 feet from the normal high water line of any great pond or river and more than 250 feet from the upland edge of a coastal or freshwater wetland as defined in Title 38, section

436-A, a plan showing the division of the original parcel must be filed by the person creating the 3rd lot with the commission within 60 days of the creation of that lot. The plan must state that the lots may be used only for forest management, agricultural management or conservation of natural resources. [PL 2001, c. 431, §4 (AMD).]

B. A register of deeds may not record any plan depicting these lots within the unorganized and deorganized lands of the State unless the commission's certification that the division qualifies under section 682-B is evidenced on the plan. The commission must determine whether the plan qualifies under section 682-B within 15 business days of receipt of the plan. [PL 2001, c. 431, §4 (AMD).]

C. A copy of the certified plan must be filed within 30 days of certification with the State Tax Assessor and the appropriate registry of deeds in the county in which the land is located. [PL 1991, c. 687, §2 (NEW).]

D. Failure to file the plan required by this subsection is a violation of this chapter subject to the penalties provided in section 685-C, subsection 8. [PL 1991, c. 687, §2 (NEW).]
[PL 2001, c. 431, §4 (AMD).]

6-B. Notification of land division required.

[PL 2001, c. 431, §5 (RP).]

7. Nonconforming uses and nonconforming structures. To achieve the purposes set forth in this chapter after the adoption of permanent district standards and permanent districts, the commission may regulate and prohibit expansion and undue perpetuation of nonconforming uses. Specifically the commission may regulate and prohibit:

A. Changes in nonconforming uses to another nonconforming use; [PL 1971, c. 457, §5 (NEW).]

B. Extension or enlargement of nonconforming uses or nonconforming structures; [PL 1989, c. 22, §2 (AMD).]

C. Resumption of nonconforming uses, by prohibiting such resumption if such use is discontinued for 2 years or abandoned; and [PL 1973, c. 569, §11 (AMD).]

D. Movement or enlargement of a nonconforming structure or of a structure containing a nonconforming use. [PL 1971, c. 457, §5 (NEW).]

The commission may also provide for the termination of commercial or industrial nonconforming uses by specifying in land use standards the period or periods in which nonconforming uses shall be terminated and by adjusting such compulsory terminations so as to allow reasonable time for the conversion of such nonconforming uses and reasonable schedules for the amortization of investment.

Any use for which a special exception has been granted by the commission, as provided for in section 685-A, subsection 10, shall not be deemed a nonconforming use, but shall be deemed a conforming use in such district.

For applications to reconstruct a damaged or destroyed nonconforming structure, the commission shall require the new structure to comply with provisions of this chapter to the maximum extent possible. [PL 1989, c. 22, §2 (AMD).]

7-A. Reconstruction of commercial sporting camps. The commission may approve a permit for the reconstruction of a damaged or destroyed nonconforming commercial sporting camp that was a permissible use under commission standards at the time of the damage or destruction. The commission may, consistent with public health, safety and welfare, and to the minimum extent necessary, waive standards that made the original structure nonconforming. The reconstructed structure must replicate the original structure and use to the maximum extent possible and it must be on the same location and within the same footprint as the original structure. Reconstruction must occur within 2 years of the damage or destruction.

[PL 1995, c. 386, §3 (NEW).]

7-B. Presumption of nonconforming uses and nonconforming structures. If a person demonstrates that a use or structure that does not conform with district standards has existed for at least 30 years, there is a rebuttable presumption that the use is a nonconforming use or that the structure is a nonconforming structure.

[PL 2017, c. 89, §1 (NEW).]

8. Certificates of compliance. It shall be unlawful to use or occupy or permit the use or occupancy of any land, structure, or part thereof, created, erected, changed, converted, or wholly or partly altered or enlarged in its use or structural form, requiring subsequent review and approval pursuant to this subchapter, until a certificate of compliance has been issued therefor by the commission stating that the requirements and conditions of approval have been met.

A certificate of compliance may contain such terms and conditions as will protect the health, safety and general welfare of the occupants, users and the public.

The commission may establish standards within which authority shall be delegated to its staff, to issue or deny certificates of compliance. Any person aggrieved by a decision of the staff shall have the right to a review of such decision by the commission members within 30 days of such decision.

[PL 1973, c. 569, §11 (AMD).]

9. Periodic review of district boundaries and land use standards.

[PL 1973, c. 569, §12 (RP).]

10. Moratorium. The commission may adopt a moratorium on the processing or issuance of development permits on a township-by-township basis, on portions of a township or on portions of the territory under its jurisdiction. Any moratorium adopted by the commission must meet the following requirements.

A. The moratorium must be necessary:

(1) To prevent the shortage or overburdening of public facilities which would otherwise occur during the effective period of the moratorium or which is reasonably foreseeable as a result of any proposed or anticipated development; or

(2) Because the application of existing comprehensive plans, land use or zoning regulations or other applicable laws, if any, is inadequate to prevent serious public harm from residential, commercial or industrial development in the affected geographic area. [PL 1989, c. 47, §2 (NEW).]

B. The moratorium must be of a definite term not to exceed 180 days except that the moratorium may be extended for additional 180-day periods provided that the commission:

(1) Finds that the problem creating the need for a moratorium still exists; and

(2) Finds that reasonable progress is being made to alleviate the problem creating the need for a moratorium. [PL 1989, c. 47, §2 (NEW).]

C. Any organized town or plantation which has petitioned the commission to remove that town or plantation from the jurisdiction of the Maine Land Use Planning Commission in compliance with section 685-A, subsection 4, may, through a town meeting, vote to adopt a moratorium to provide a period of time for the town or plantation to adopt a local comprehensive plan and zoning ordinance and to establish a municipal reviewing authority. The moratorium must be in compliance with paragraphs A and B. The municipal officers, acting in place of the commission, may extend the moratorium pursuant to paragraph B after notice and hearing. [PL 1989, c. 47, §2 (NEW); PL 2011, c. 682, §38 (REV).]

[PL 1989, c. 47, §2 (NEW); PL 2011, c. 682, §38 (REV).]

§685-C. Miscellaneous provisions

1. Comprehensive land use plan. The commission shall prepare an official comprehensive land use plan, referred to in this subsection as "the plan," for the unorganized and deorganized areas of the State.

The commission must use the plan as a guide in developing specific land use standards and delineating district boundaries and guiding development and generally fulfilling the purposes of this chapter.

The plan may consist of maps, data and statements of present and prospective resource uses that generally delineate the proper use of resources, and recommendations for its implementation.

The commission shall hold public hearings to collect information to be used in establishing the plan. The public hearings must be conducted according to commission rules adopted in accordance with procedures for the establishment of rules pursuant to Title 5, chapter 375, subchapter 2.

The commission may, on its own motion or petition of any state agency or regional planning commission, hold such other hearings as the commission considers necessary from time to time for the purpose of obtaining information helpful in the determination of its policies, the carrying out of its duties or the formulation of its land use standards or rules.

A. The commission may not finalize a plan or a portion of a plan without:

- (1) Submitting the tentative plan to each regional planning commission and other appropriate agencies, which shall forward their comments and recommendations, if any, to the commission within 30 days;
- (2) Submitting the tentative plan to the Department of Agriculture, Conservation and Forestry, Bureau of Resource Information and Land Use Planning, as described in Title 7-A, section 206, subsection 4, or its successor, which shall forward its comments and recommendations, if any, to the commission within 30 days;
- (3) Considering all comments submitted under paragraphs A and B-1; and
- (4) Submitting the tentative plan to the joint standing committee of the Legislature having jurisdiction over conservation matters and the committee reviewing the plan at a public

meeting. The commission shall brief the committee on any anticipated changes to land use districts and subdistricts based on revisions in the comprehensive land use plan and a projected timetable for rulemaking to adopt these changes. [PL 2021, c. 676, Pt. A, §§23, 24 (AMD).]

B. [PL 2013, c. 405, Pt. B, §1 (RP).]

B-1. After the commission has finalized a plan or a portion of a plan, but prior to adoption, the commission shall provide a copy to the Commissioner of Agriculture, Conservation and Forestry, who shall submit the finalized plan or a portion of the plan to the Governor for comments. The commissioner shall submit the finalized plan or a portion of the plan including the Governor's comments to the Legislature within 30 days after the convening of the next regular session for approval. The Legislature shall, by act or resolve, approve, disapprove or require changes to the plan or any portion of the plan prior to adjournment. If the plan or a portion of the plan is approved or the Legislature fails to act on the plan or a portion of the plan before adjournment, the plan or a portion of the plan may be finally adopted by the commission. If the plan or a portion of the plan is disapproved or revisions are required, the plan or a portion of the plan must be revised by the commission and resubmitted to the Legislature for approval by act or resolve. The joint standing committee of the Legislature having jurisdiction over conservation matters may submit legislation to implement the provisions of this paragraph. [PL 2013, c. 405, Pt. B, §2 (NEW).]

C. [PL 2013, c. 405, Pt. B, §3 (RP).]

D. [PL 2011, c. 682, §21 (RP).]

This subsection also applies to any alteration in the plan.
[PL 2021, c. 676, Pt. A, §§23, 24 (AMD).]

1-A. Regional comprehensive land use plans. A county, separately or in partnership with another county or counties, may request the commission to develop and implement a regional comprehensive land use plan and associated zoning for all or a portion of the territory within the jurisdiction of the commission in the county or counties making the request. If the commission provides assistance under this subsection, it shall:

The commission shall, from time to time, confer with interested parties with a view toward insuring the maintenance of such manual in the form most useful to those making use of it.

Sections of this manual may be cited in any plan or standard in the same manner as citations of this chapter, and may be incorporated by reference in any plan, standard, rule or regulation. [PL 1971, c. 457, §5 (NEW).]

3. Schedule of fees. The commission shall adopt rules in accordance with Title 5, chapter 375, subchapter 2 to establish a schedule of reasonable fees for the administration of this chapter. Amendments to those rules adopted after October 1, 2005 are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

No approval, certificate, special exception or variance may be issued unless or until such fees established by the commission have been paid in full, nor may any action be taken on proceedings before the commission unless or until preliminary fees have been paid in full.

[PL 1971, c. 457, §5 (NEW).]

In computing the period of time to perform any act under these rules, the first day on which an act may be performed shall not be included but the last day of the period shall be included unless it is a Saturday, Sunday or holiday in which event the period shall be extended until the next business day.

A holiday is any day appointed as such by the President or Congress of the United States, or the Governor or Legislature of the State of Maine.

[PL 1971, c. 457, §5 (NEW).]

8. Enforcement, inspection and penalties for violations. Standards, rules and orders issued by the commission pursuant to this chapter have the force and effect of law. No development may be undertaken, except in conformance with this chapter, the standards, rules and orders enacted or issued pursuant to this chapter, and any real estate or personal property existing in violation of such is a nuisance. For the purposes of inspection and to ensure compliance with standards, orders and permits issued or adopted by the commission, authorized commission staff, forest rangers and the state supervisor or consultant personnel may conduct investigations, examinations, tests and site evaluations necessary to verify information presented to it and may obtain access to any lands and structures regulated pursuant to this chapter.

Any person who violates any provision of this chapter, or the terms or conditions of any standards, rules, permits or orders adopted or issued pursuant to this chapter, is subject to a civil penalty, payable to the State, of not more than \$10,000 for each day of the violation.

In addition to the other penalties provided, the commission may, in the name of the State of Maine, institute any appropriate action, injunction or other proceeding to prevent, restrain, correct or abate any violation hereof or of the orders or standards or rules promulgated hereunder. This action may include, but is not limited to, proceedings to revoke or suspend any commission permit or approval, taken either before the commission itself in accordance with Title 5, section 10004, before the District Court in accordance with Title 4, chapter 5 or, notwithstanding the provisions of Title 4, section 152, subsection 9 or Title 5, section 10051, before the Superior Court as part of an enforcement action brought by the commission.

In addition to any such penalties or remedies provided in this subsection, the court may order restoration of any area affected by any action or inaction found to be in violation of any of the provisions of this chapter or of any order, standard, rule or permit of the commission, or any decree of the court, to the condition of such area prior to the violation. When such restoration is not practicable, the court may order other actions to be taken by the person charged with the violation which are in mitigation of the damage caused by the violation.

A person who willfully or knowingly falsifies any statement contained in a permit application or other information required to be submitted to the commission is in violation of this chapter and subject to the penalties of this chapter.

[PL 1999, c. 547, Pt. B, §27 (AMD); PL 1999, c. 547, Pt. B, §80 (AFF).]

[PL 1997, c. 296, §2 (AMD).]

10. Operating a personal watercraft. Operating a personal watercraft is prohibited on the following categories of great ponds:

A. Great ponds located entirely or partly within the jurisdiction of the commission that are identified in an official comprehensive land use plan adopted by the commission pursuant to subsection 1 as being not accessible within 1/4 mile by 2-wheel drive vehicles, with less than one development unit per mile, and at least one outstanding resource value; [PL 1997, c. 739, §1 (NEW).]

B. Great ponds located entirely or partly within the jurisdiction of the commission that are identified in an official comprehensive land use plan adopted by the commission as being accessible within 1/4 mile by 2-wheel drive vehicles, with less than one development unit per mile, with 2 or more outstanding resource values in fisheries, wildlife, scenic or shore character; [PL 1997, c. 739, §1 (NEW).]

C. D. Great ponds with less than all but more than 2/3 of their surface area in or partly in the jurisdiction of the commission that are identified as being of statewide significance in the "Maine Wildlands Lake Assessment" dated June 1, 1987 prepared by the commission, with 2 or more outstanding resource values in fisheries, wildlife, scenic or shore character and with more than 1/2 of their shoreline in public and private conservation ownership with guaranteed public access for low-impact public recreation. [PL 1997, c. 739, §1 (NEW).]

11. Landowner liability for actions of others. An owner, lessee, manager, easement holder or occupant of premises is not subject to criminal sanctions or civil penalties or forfeitures for a violation of laws or rules enforced by the commission if that person provides substantial credible evidence that the violation was committed by another person other than a contractor, employee or agent of the owner, lessee, manager, easement holder or occupant. This subsection does not prevent the commission or a court from requiring an owner, lessee, manager, easement holder or occupant of premises to remediate or abate environmental hazards or damage or to reimburse the commission for the cost of remediation or abatement. An owner, lessee, manager, easement holder or occupant of premises is subject to criminal sanctions or civil penalties or forfeitures for failure to comply with a lawful administrative order or court order to remediate or abate environmental hazards or damage.

A. The commission shall investigate substantiated allegations by an owner, lessee, manager, easement holder or occupant that the violation was caused by another person. [PL 2001, c. 365, §1 (NEW).]

B. If an owner, lessee, manager, easement holder or occupant is subjected to criminal sanctions or civil penalties or forfeitures, or if such a person is required to remediate or abate environmental hazards or damage as a result of violations by another person, the owner, lessee, manager, easement holder or occupant has a cause of action against the actual violator to recover all damages and costs, including attorney's fees, incurred in connection with the environmental damage, and all costs, including attorney's fees, incurred in bringing the action to recover. [PL 2001, c. 365, §1 (NEW).] [PL 2001, c. 365, §1 (NEW).]

12. Campground storage. The commission may not limit the number of days a person may store an unoccupied camping device at a lawfully existing camping location within a campground permitted by the commission or a campground that is a nonconforming use. For the purposes of this subsection, "camping device" means a tent, registered tent trailer, registered pickup camper, registered recreational vehicle, registered trailer or similar device lawfully used for camping. §685-F. Extraordinary projects

1. Designation as extraordinary project. The director of the Maine Land Use Planning Commission, referred to in this section as "the director," may designate a proposed project requiring review and approval under this chapter as an extraordinary project when the director determines that, because of the project's size, uniqueness or complexity, review of the project application is likely to:

- A. Significantly impair the capacity of the commission's staff and cooperating state agencies to review other applications in a timely manner; or [PL 2005, c. 107, §2 (NEW); PL 2005, c. 107, §4 (AFF).]
- B. Require the commission to incur costs that exceed the funding provided in accordance with section 685-G. [PL 2007, c. 541, Pt. B, §3 (AMD); PL 2007, c. 541, Pt. B, §6 (AFF).]

A project is considered to significantly impair the capacity of the commission's staff if review of that project is likely to occupy the equivalent of at least one person working full-time on that project for a minimum of 4 months. Designation as an extraordinary project must be made at or prior to the time the application is accepted as complete. The director shall notify the applicant in writing upon making the designation.

[PL 2011, c. 682, §23 (AMD).]

2. Processing fee. The processing fee for a project designated as extraordinary is the sum of the actual costs associated with review of that project application. These costs include, but are not limited to, costs of personnel, supplies, administration, travel, specialized computer software, services needed for review of that project, including review provided by other state agencies, and contracting for legal and consulting services. The director shall provide the applicant with an estimate of the processing fee for a project with a breakdown of anticipated costs. The applicant must pay 1/2 of the estimated processing fee prior to the beginning of the project review. The applicant must be billed quarterly for the remainder of the fee. The director shall deposit all processing fees in a dedicated account from which expenses attributable to the application review are paid. The commission shall withhold a decision on the project until the entire processing fee is paid. The director shall return all unspent funds to the applicant within 120 days of the commission's decision on the application.

[PL 2007, c. 661, Pt. C, §5 (AMD).]

3. Accounting system. The director shall require that all staff involved in any aspect of an application review for a project designated as an extraordinary project keep accurate and regular daily time records. These records must describe the matters worked on, services performed and amount of time devoted to those matters and services as well as amounts of money expended in performing those functions. The director shall keep records of all expenses incurred in reviewing a project, including staff time records, billing statements for contracted services and billing statements from other state agencies for the actual cost of review.

[PL 2009, c. 642, Pt. A, §1 (AMD).]

4. Review by commission. In accordance with section 685-B, subsection 1-B, an applicant has the right to review by the commission of a decision to designate a project as an extraordinary project or of a processing fee established under subsection 2.

§685-G. Funding

1. Unorganized territories. Beginning with fiscal year 2009-10, funding for services and activities of the commission for planning, permitting and ensuring compliance in the unorganized territories must be assessed and allocated to the unorganized territories through a fee equal to .014% of the most recent equalized state valuation established by the State Tax Assessor. This fee must be collected through the municipal cost component under Title 36, chapter 115.

[PL 2009, c. 213, Pt. HHHH, §1 (AMD).]

2. Towns and plantations. Beginning with fiscal year 2009-10, a town or a plantation in the commission's jurisdiction that elects not to administer land use controls at the local level but receives commission services or a town or plantation with a portion of its land under the commission's jurisdiction and receiving commission services, including planning, permitting and ensuring compliance, must be assessed a fee equal to .018% of the most recent equalized state valuation established by the State Tax Assessor for that town or plantation or that portion of a town or plantation under the commission's jurisdiction. The State Tax Assessor shall issue a warrant to each such town or plantation no later than March 1st of each year. The warrant is payable on demand. Interest charges on unpaid fees begin on June 30th of each year and are compounded monthly at the interest rate for unpaid property tax as established by the State Tax Assessor for the unorganized territory. For any assessment that remains unpaid as of September 1st of the year in which it is due, state revenue sharing to that town or plantation must be reduced by an amount equal to any unpaid warrant amount plus any accrued interest, until the amount is paid. These fees must be deposited to the General Fund.

[PL 2009, c. 213, Pt. HHHH, §1 (AMD).]

3. Report. By January 15, 2009 and annually thereafter, the commission shall report to the joint standing committees of the Legislature having jurisdiction over conservation matters and taxation matters regarding commission funding and other financial matters. The report must cover the 5 previous fiscal years and must identify General Fund appropriations and other resources, amounts assessed and collected from the assessments required under this section and former section 685-E and amounts assessed and collected from other fees and penalties assessed under this chapter. Beginning in January 2010, the report must include an accounting of the permitting fees and administrative penalties collected that segregates the amounts collected from the unorganized territories from the amounts collected from the towns and plantations and must include recommendations to adjust the fees for the unorganized territories and for towns and plantations based on the amounts collected for permitting fees and administrative penalties from each of these entities. The joint standing committees

of the Legislature having jurisdiction over conservation matters and taxation matters shall jointly review the distribution of funding and other assessments among the General Fund, unorganized territories and towns and plantations under the commission's jurisdiction and may submit legislation considered necessary as a result of the commission's report to the First Regular Session of the 124th Legislature.

The State shall retain a concurrent jurisdiction with the United States in and over lands acquired as national forests in the State so far that civil process in all cases, and such criminal process as may issue under the authority of the State against any person charged with the commission of crime without or within said jurisdiction, may be executed thereon in like manner as if this section and sections 752 and 754 had not passed. The State of Maine shall retain exclusive jurisdiction over all matters referred to in the proviso contained in section 752. [PL 2005, c. 258, §1 (AMD).]

SECTION HISTORY

§752. Federal rules and regulations

Power is conferred upon the Congress of the United States to pass such laws and to make or provide for the making of such rules and regulations, of both a civil and criminal nature, not inconsistent with any of the provisions of this section and sections 751 and 754, and provide punishment therefor, as in its judgment may be necessary for the administration, control and protection of such lands as are acquired by the United States under said sections. Such laws, rules and regulations may not in any way supersede, invalidate or modify any of the laws of the State of Maine respecting the storage, control, use or development of water resources in the State, or the Mill Act, so called. Said laws of the State of Maine as existing on March 20, 1934, or thereafter enacted, are made applicable to all lands acquired under this section and section 754, notwithstanding the title thereto must be in the United States of America, nor may such laws, rules and regulations, nor may anything in said sections in any way limit the power of the State through its Legislature to pass any legislation, either general or specific, respecting the storage, control, use or development of the water resources thereon, or respecting the laws of the State pertaining to fishing and hunting, nor may it prevent the flowage of lands acquired under this section and section 754 in accordance with the Mill Act, or special charter, or other general laws of the State, upon payment of compensation therefor, nor may any consent of the United States of America be required to enable action to be taken under or in accordance with said laws. Sections 752 and 754 do not apply to any lands acquired under this section and section 755. This section as it relates to Oxford County is limited to such acquisition as has been actually acquired prior to the effective date of this Act and no further land in Oxford County may be acquired after such date, unless such acquisition is approved by the voters of the municipality in which such land, in whole or in part, is located. SUBCHAPTER 2

JOHN PAUL JONES MEMORIAL PARK

§851. Designation

The state park at Kittery, situate between Hunter Avenue and Newmarch Street and between Water and Government Streets in the Town of Kittery, County of York, shall forever be known and designated as "John Paul Jones Memorial Park" in memory of the commander of the first American warship.

SUBCHAPTER 3

BAXTER STATE PARK

§900. Purpose

Seldom has a more generous gift been presented to a people than has been given by Percival Proctor Baxter to the people of the State of Maine. It is incumbent upon them, the recipients, to preserve the trust impressed upon them, to ensure for themselves and for future generations the fullest use of Baxter State Park consistent with the desires of the donor. [PL 1971, c. 477, §1 (NEW).]

Governor Baxter's expressed desires were that this park "shall forever be retained and used for state forest, public park and public recreational purposes ... shall forever be kept and remain in the natural wild state ... shall forever be kept and remain as a sanctuary for beasts and birds." [PL 1971, c. 477, §1 (NEW).]

Lest those that follow, uncertain of Governor Baxter's wishes, seek to define his desires in ways inharmonious with their original intent, this section is enacted. [PL 1971, c. 477, §1 (NEW).]

It shall be the object of the Baxter State Park Authority to preserve the grandeur and beauty of Maine's highest peak, Mount Katahdin, as well as the 45 other mountains, the numerous lakes, ponds and streams; to subordinate its own wishes to the intent of Governor Baxter; to recognize his wish that, in this era of change, one thing of natural beauty remain constant. [PL 1971, c. 477, §1 (NEW).]

This intent must be interpreted so as not to separate this park from the people to whom it was given; but rather seek to have it enjoyed and "used to the fullest extent but in the right unspoiled manner." [PL 1971, c. 477, §1 (NEW).]

As a public forest it shall remain in its natural wild state and when "the Forests of our State have been cut off and disappeared, when civilization has encroached upon the land we now refer to as 'Wild Land,' this park will give the people of succeeding generations a living example of what the State of Maine was 'in the good old days' before the song of the woodsman's axe and the whine of the power saw was heard in the land." [PL 1971, c. 477, §1 (NEW).]

As a public park and a place of recreation, it is apparent that it is intended for "those persons who enjoy the wilderness" and that the repeated use of the word "recreation" refers to the use of this park compatible with its natural state as a wilderness area and an expanse "for those who love nature and

who are willing to walk and make an effort to get close to nature ... with pleasant foot-trails built and attractive camp-sites laid out in the valleys, by the brooks, and on the shores of the water." [PL 1971, c. 477, §1 (NEW).]

As a tract kept in its "natural wild state," it is intended that "everything in connection with the park must be left simple and natural and must remain as nearly as possible as it was when only the Indians and the animals roamed at will through these areas ..." Access to the park shall be provided only "as may be necessary to accommodate those persons who wish to enjoy the great unspoiled area that now is the property of our State ..." [PL 1971, c. 477, §1 (NEW).]

As a "sanctuary for beasts and birds" it shall be forever a "sanctuary and home for the creatures of the wild," and as refuge "against hunting, trapping and killing" where "hunting with cameras will take the place of hunting with guns." [PL 1971, c. 477, §1 (NEW).]

While this area bears the name park, it is not to be confused with the existing state park system and is to "be separately administered free from any connection with the larger State Park Commission." (Bureau of Parks and Lands) That system, purchased with the funds of the people, must change from time to time to accommodate changing circumstances and the varying desires of its proprietors; not so, Baxter State Park, purchased by the generosity of one man, richly endowed, and presented to the people with specific stipulations. [PL 1995, c. 502, Pt. E, §30 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

"While I am living I fear no encroachments on the park, but as time passes and new men appear upon the scene, there may be a tendency to overlook these restrictions and thus break the spirit of these gifts." [PL 1971, c. 477, §1 (NEW).]

Solemnly cognizant of the responsibility, it shall always be the purpose of the authority to satisfy the terms of the Trust. [PL 1971, c. 477, §1 (NEW).]

6. Restrictions on public access. Post notice of any restrictions to public access at points commonly used to access the land or at a facility or structure where such rules and notices are regularly posted. The director may restrict public access to any portion of the land or waters within the bureau's jurisdiction when the restrictions reasonably relate to protecting public health, safety or welfare or the economic interests or natural resources of the State; and
[PL 2019, c. 110, §2 (AMD).]

7. Minimum staffing levels. Determine minimum levels of staffing for all state parks, except Baxter State Park, and historic sites and national parks that are controlled and managed by the State. §1805. Designation of ecological reserve

The director may designate ecological reserves on parcels of land under the jurisdiction of the bureau. The director may designate ecological reserves or remove the designation of a parcel of land as an ecological reserve only in conjunction with the adoption of a management plan for a particular parcel of land, and the process for adoption of that management plan must provide for public review and comment on the plan. When a proposed management plan includes designation of an ecological reserve, the director shall notify the joint standing committee of the Legislature having jurisdiction over public lands matters of the proposal. When a proposed management plan includes the removal of a parcel of land of 10 acres or more as an ecological reserve, the director shall submit a report to the joint standing committee of the Legislature having jurisdiction over public lands matters prior to the bureau's updating the accompanying management plan for the parcel of land. The report must include a description of the parcel of land, the reasons for the removal of the designation as an ecological reserve, the intended uses of the parcel of land and the benefits to the public as a result of the removal of the designation as an ecological reserve. The joint standing committee of the Legislature having jurisdiction over public lands matters may report out a bill relating to the subject matter of the report. [PL 2021, c. 516, §1 (AMD).]

1. Allowed uses. The director may within an ecological reserve allow uses that are compatible with the purpose of the ecological reserve and do not cause significant impact on natural community composition or ecosystem processes. Uses that the director may allow include nonmanipulative scientific research, public education and nonmotorized recreation activities such as hiking, cross-country skiing, primitive camping, gathering of materials for cultural and traditional use by a member of a federally recognized Wabanaki Indian nation, tribe or band in this State, hunting, fishing and trapping. For the purposes of this subsection, "primitive camping" means camping in a location without facilities or where facilities are limited to a privy, fire ring, tent pad, 3-sided shelter and picnic table. The removal of trees and construction of facilities associated with these allowed uses are allowed. The director may allow other uses when their impact remains low and does not compromise the purpose of the ecological reserve. Recreational use of surface waters is under the jurisdiction of the Department of Inland Fisheries and Wildlife.

[PL 2021, c. 516, §1 (AMD).]

2. Trails and roads for motorized vehicle use. The director shall allow the continuing use of an existing snowmobile trail, an all-terrain vehicle trail or a road if the director determines the trail or road is well designed and built and situated in a safe location and its use has minimal adverse impact on the ecological value of an ecological reserve and it cannot be reasonably relocated outside the ecological reserve.

A new snowmobile or all-terrain vehicle trail or a new road is allowed only if the director determines all of the following criteria are met:

- A. No safe, cost-effective alternative exists; [PL 1999, c. 592, §3 (NEW).]
- B. The impact on protected natural resource values is minimal; and [PL 1999, c. 592, §3 (NEW).]
- C. The trail or road will provide a crucial link in a significant trail or road system. [PL 1999, c. 592, §3 (NEW).]

[PL 2021, c. 516, §1 (AMD).]

3. Incompatible uses. Uses that are incompatible with the purpose of an ecological reserve are not allowed. Incompatible uses include timber harvesting, salvage harvesting, commercial mining and

commercial sand and gravel excavation. For the purposes of this subsection, "salvage harvesting" means the removal of dead or damaged trees to recover economic value that would otherwise be lost. [PL 1999, c. 592, §3 (NEW).]

4. Resource protection measures. The director shall take action to control a wildfire occurring on an ecological reserve or spreading to bureau lands. The director may authorize a prescribed burn in an ecological reserve if necessary to replicate natural processes that maintain specific natural communities or rare species populations. The director may implement predetermined wildfire tactics to protect the integrity of the landscape and shall use minimal impact suppression tactics to the extent possible.

The director may use pesticides, including herbicides, and sanitation harvests to control insect and disease outbreaks only in response to:

- A. A specific threat to the functioning of a native ecosystem or managed wildlife habitat; [PL 1999, c. 592, §3 (NEW).]
- B. A specific threat to human health or safety; or [PL 1999, c. 592, §3 (NEW).]
- C. A condition that is likely to result in significant damage to adjacent lands if control is not exercised. [PL 1999, c. 592, §3 (NEW).]

For the purposes of this subsection, "sanitation harvest" means the removal of trees that have been attacked or are in imminent danger of attack by insects or disease in order to prevent these insects or diseases from spreading to other trees.

[PL 2021, c. 516, §1 (AMD).]

5. Limits on acreage designated as ecological reserves. The total land acreage designated as ecological reserves may not exceed 115,000 acres. No more than 8% of the operable timberland acres on public reserved lands and nonreserved public lands may be designated as ecological reserves. For the purposes of this subsection, "operable timberland" means land the bureau considers viable for commercial timber harvest operations and does not include inoperable lands, which are lands not suitable for timber production due to topography or hydrologic setting. Inoperable lands include ledges, steep slopes, nonforested barrens, mountaintops, nonforested wetlands and other nonproductive sites. Lands donated or acquired after the effective date of this section with the condition that the donated or acquired land be designated an ecological reserve are not included when calculating acreage limits under this subsection.

The designation of land as an ecological reserve may not result in a decline in the sustainable harvest level on land under the jurisdiction of the bureau to less than the average annual harvest for the preceding 10 years. For purposes of this subsection, "sustainable harvest level" means the amount of forest products that can be harvested over time without reducing timber inventory and is determined by the operable timberland acres of land and the forest growth rate.

[PL 2021, c. 516, §1 (AMD).]

6. Reporting requirements. The bureau shall report the status of ecological reserves under the reporting requirements of subchapters 3 and 4.

§1805-A. Designation of deer wintering areas

The director may designate a deer wintering area on a parcel of land under the jurisdiction of the bureau. The designated area must contain high-quality deer wintering habitat with a documented history of significant use by deer. The bureau shall manage the designated area with deer conservation as the

highest management priority and may also manage the designated area to benefit other wildlife species that rely on mature softwood forests. The director may designate a deer wintering area or remove the designation as a deer wintering area of a parcel of land under this section only pursuant to a habitat management agreement developed in collaboration with the Department of Inland Fisheries and Wildlife. A designated area under this section is eligible for funds from the Maine Deer Management Fund under section 10264. The designation of a deer wintering area under this section does not preclude or discourage the department from managing another parcel of land to promote habitat for deer. The department and the Department of Inland Fisheries and Wildlife shall include a summary of additions or changes to deer wintering areas under this section in an annual report to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters and to the joint standing committee of the Legislature having jurisdiction over agriculture, conservation and forestry matters. §1807. Sustainable harvest level

Except as provided in this section, timber harvesting on public reserved lands and nonreserved public lands may not exceed in total an average of 160,000 cords per year over any 3-year period. If an independent timber inventory conducted after July 1, 2015 establishes a different sustainable harvest, the department, upon recommendation from staff within the bureau based on opinions of silvicultural experts in public reserved lands management and data from the most recent physical forest inventory, may adopt by rule a different harvesting level consistent with the most recent physical forest inventory, as long as the harvesting level is also consistent with multiple use objectives, existing management plans and the department's most recent integrated resource policy for public reserved and nonreserved public lands, state parks and state historic sites. Rules adopted pursuant to this section are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A and must be reviewed by the joint standing committee of the Legislature having jurisdiction over public reserved and nonreserved public lands matters. SUBCHAPTER 2**PARKS AND HISTORIC SITES****§1811. Management of wilderness or natural areas**

The bureau shall establish wilderness or natural areas, or both, from among lands classified as state parks and shall manage those areas primarily to preserve their natural character and features, and any use or development that threatens the character and features of those wilderness and natural areas is prohibited. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1812. Acquire interests in land; eminent domain; leases with the United States

With the consent of the Governor and the commissioner, the director may acquire on behalf of the State land or any interests in land within this State, with or without improvements, by purchase, gift or eminent domain for purposes of holding and managing the same as parks or historic sites. When acquiring land or interest in land, the director shall examine options for obtaining public vehicular access rights to the land. If an acquisition is made that does not include guaranteed public vehicular access, the director shall describe the acquisition in the report required under section 1817 and the justification for that acquisition. The right of eminent domain may not be exercised to take any area or areas for any one park that singly or collectively exceed 200 acres, nor may it be exercised to take any developed or undeveloped mill site or water power privilege in whole or in part or any land used or useful in connection therewith or any land being used for an industrial enterprise. The right of eminent domain may not be exercised without prior review by the joint standing committee of the Legislature having jurisdiction over conservation matters. [PL 2009, c. 356, Pt. B, §1 (AMD).]

Before exercising any eminent domain power, the bureau shall notify the owners of any lands proposed for acquisition and shall, at their request, afford those landowners the opportunity of a public hearing to testify as to the necessity and propriety of taking such lands. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

With the consent of the Governor and the commissioner and upon terms and conditions determined to be advantageous to the people of this State and consistent with this chapter, the director may negotiate and execute any lease or other agreement for the administration, maintenance, supervision, use and development of state parks that are acquired and owned by the Federal Government. The director may, with like consent, accept on behalf of the State deeds of gift or other conveyances to lands or interests in lands suitable for administration, maintenance, supervision, use and development as state parks or historic sites under this subchapter. Such lands or interest in those lands, when so acquired, whether title thereto is in the United States or otherwise, are subject to administration, maintenance, supervision, use and development by the bureau during the terms of any lease or agreement under this section. With

respect to lands or interest in lands that are included in any park or parks acquired and owned by the Federal Government and administered under this subchapter, the State shall retain concurrent jurisdiction with the Federal Government in and over all such lands. Any civil or criminal process issuing under the authority of this State may be executed on those lands in the same manner and to the same effect as if those lands were privately owned, and exclusive jurisdiction in and to those lands reverts to the State when they cease to be owned by the United States. Such lands are exempt from all taxes and assessments while they are the property of the United States. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1813. Acquisition of railroad rights-of-way for open space or recreation corridors

For the purpose of establishing, preserving or enhancing corridors for use for open space or recreation, the director may acquire with the consent of the Governor and the commissioner, by license, lease, purchase, gift or eminent domain, railroad rights-of-way upon which rail service is no longer operated except that the right of eminent domain may not be exercised without prior review by the joint standing committee of the Legislature having jurisdiction over conservation matters. When railroad rights-of-way or interests in railroad rights-of-way are taken by eminent domain, the proceedings must be in accordance with this section and are not subject to Title 35-A, chapter 65. For purposes of these acquisitions, the term "owner" as used in this section means the person holding the dominant rights in the property immediately prior to the termination of the operation of rail service and that person's successors and assigns. Acquisitions pursuant to this subsection are not subject to any limitation in acreage. [PL 2009, c. 356, Pt. B, §2 (AMD).]

If the bureau decides to acquire property by eminent domain, it must have the property appraised and offer to the owner just compensation for the interests acquired. The bureau must file in the registry of deeds for each county in which the property lies a notice of the taking that contains a description of the property and of the interest taken and the name or names of the owner or owners. The bureau may join one or more properties in the same notice, whether those properties are in the same or different ownership. A check in the amount of the award and a copy of the notice of taking must be served upon the owner or owners. If there is more than one owner, the check may be served upon any one of the owners of each separate property. The notice of the taking must be published once in a newspaper of general circulation in each county where the property lies, and that publication constitutes service on any unknown owner or owners or other persons who may have a claim or interest in the property. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

Railroad rights-of-way or other interests within the jurisdiction of the United States Interstate Commerce Commission may not be acquired by eminent domain. [PL 1997, c. 678, §13 (NEW).]

If any owner is aggrieved by the bureau's award, the owner may appeal from it to the Kennebec County Superior Court or the Superior Court in the county in which the land lies within 30 days after the date of service or publication of the notice of the taking. The appeal must be taken by filing a complaint setting forth the facts upon which the case will be tried according to the Maine Rules of Civil Procedure. The Superior Court shall determine damages by a jury verdict or, if all parties agree, by the court without a jury or by a referee or referees and shall render judgment for any damages, with interest when it is due. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

Except in the case of an acquisition by license or lease and unless otherwise specifically excepted by the bureau, all reversionary and servient rights in and any other conflicting claims to property acquired pursuant to this section terminate and are extinguished forever as of the date of the acquisition

by the bureau. Any person who makes a claim to the property must mail a written notice to the owner and the bureau. Any person damaged by the extinguishing of those rights may make claim for damages in accordance with the eminent domain appeal procedures of this section within 2 years of the date of the acquisition. The burden of proving the validity, compensability and value of any claim is upon the claimant. Notice of the acquisition must be given to the apparent holders of such interests as provided in this section. If the bureau determines that the property acquired may be subject to reversionary or servient interests or other conflicting claims, in order to avoid double or multiple liability, the bureau may make a blanket award of compensation for the acquisition and, instead of serving the award check on the owner, request that the Treasurer of State establish an interest-bearing account into which the full amount of that compensation is deposited. The funds and any interest accrued must be disposed of as follows. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

1. No claims made or action filed within 2-year period. If the 2-year period for filing a claim for damages for the extinguishment of a reversionary or servient right or other conflicting claim expires and no claim has been made or action filed, then the Treasurer of State upon request by the bureau shall pay the funds deposited, including any interest accrued, to the owner as defined in this section. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

2. Claims made or action filed within 2-year period. If one or more claims have been made or an action filed prior to the expiration of the 2-year period for filing a claim for damages, then the owner as defined in this section must be made a party to those claims and the Treasurer of State shall distribute the deposited funds, including any interest accrued, in accordance with the final order entered in such proceedings, including any appeals. [PL 1997, c. 678, §13 (NEW).]

As a result of the difficulty of determining the identities and addresses of the possible holders of reversionary or servient rights or other conflicting claims, personal notice to those holders and their mortgagees is deemed given if the bureau mails a notice of the acquisition, including a description of its effect of extinguishing those rights, first class postage prepaid, to each person shown in the real estate tax records of the municipality in which the property lies as the apparent owner of land abutting the property taken. Notice must be posted in the municipal office building, if any, for that municipality and must be published once in a newspaper of general circulation in the county in which the property lies. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1814. Convey land

Consistent with section 598-A, the bureau may sell and convey lands under this subchapter and improvements on those lands. With the consent of the Governor and the commissioner and subject to the provisions of section 598-A, the bureau may convey interests in lands or lease the same. Any lease to the Federal Government requires the approval of the Legislature. Any lease entered into must be canceled or revoked after due notice of intention to cancel or revoke the lease by action of the bureau when the use for which that lease was given has been abandoned or materially modified or whenever the conditions imposed in any lease have been broken. [PL 1999, c. 240, §1 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1814-A. Easements across rail trails

To the extent permitted by the deed or other instrument of ownership, the director, with the consent of the Governor and the commissioner, may sell or otherwise convey a right of access by easement across a rail trail as provided in this section. For the purposes of this section, "rail trail" means a former railroad right-of-way that is no longer used for rail service, in which the department has an ownership interest and that is managed by the department for use as a recreational trail. [PL 2011, c. 278, §5 (NEW).]

1. Notice. At least 30 days prior to conveying a right of access by easement under this section, the director shall notify interested parties of the proposed conveyance, providing the location and purpose of the access easement and the anticipated date of conveyance. The notice must provide a name and contact information for a person at the bureau to whom inquiries may be made and comments submitted. For the purposes of this section, "interested parties" means owners of property abutting the parcel on which the proposed right of access is located, local trail clubs, statewide trail associations, the municipality in which the proposed easement is located, the Land for Maine's Future Board, each Legislator and other persons with a known interest in the use of the segment of the rail trail affected by the proposed conveyance.

[PL 2011, c. 278, §5 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

2. Terms of conveyance. The access easement must include terms that ensure the transaction does not unreasonably interfere with the safety, maintenance and continuity of the rail trail. The access easement must ensure that public investment in the rail trail is protected by a negotiated exchange of value. The exchange of value may include, but is not limited to, negotiated improvements to the rail trail or payment of survey, title and appraisal expenses associated with the conveyance of the right of access by easement.

[PL 2011, c. 278, §5 (NEW).]

3. Proceeds from sale of an access easement. Proceeds from the sale of a right of access by easement under this section must be deposited in the Parks General Operations Fund established under section 1825.

[PL 2019, c. 343, Pt. Y, §1 (AMD).]

4. Opportunity for review by legislative committee. A Legislator receiving notification under subsection 1 may notify the director of concerns and may in writing request review of the proposed access easement by the joint standing committee of the Legislature having jurisdiction over parks and lands matters. A Legislator requesting a review under this subsection shall notify the chairs of the joint standing committee of the request.

When a request for legislative review is received under this subsection, the director may not finalize the transfer until the legislative committee has met and reviewed the proposed transaction.

§1815. Transfer lands to another agency; receive lands from another agency

Consistent with section 598-A, the bureau may transfer the responsibility for the management of lands under this subchapter to any other state agency upon conditions and for periods the bureau specifies when such a transfer is pursuant to a management plan and the transfer has received the written

consent of the agency to which the management responsibilities are being transferred, the Governor and the commissioner. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

The bureau may accept the care, custody, control and responsibility for the management of lands to be classified as state parks or historic sites from other state agencies with the written consent of the transferor agency, the Governor and the commissioner. Nothing in this section or section 1814 may be construed to negate or affect obligations of the State undertaken in any existing lease, easement or other binding agreement or obligation of the State undertaken by the acceptance of any deed or other grant of an interest in real property. §1816. Grant licenses and permits

Consistent with section 598-A, with the consent of the Governor and the commissioner, the bureau, by revocable license or agreement, may grant to any person, firm or corporation exclusive rights and privileges to the use and enjoyment of portions of lands acquired or managed under this subchapter. Any license or agreement granted or entered into must be canceled or revoked after due notice of intention to cancel or revoke the license or agreement by action of the bureau when the use for which that license was given has been abandoned or materially modified or whenever the conditions imposed in any license or agreement have been broken. 6. Public purposes of parks to meet recreation needs. The public purposes to which such parks or portions of parks might be put. [PL 1997, c. 678, §13 (NEW).]

7. Comprehensive outdoor recreation plan. Beginning January 1, 2003 and every 5 years thereafter, the director shall submit a state comprehensive outdoor recreation plan to the joint standing committee of the Legislature having jurisdiction over state parks and public lands matters, referred to in this subsection as the "committee of legislative oversight." The plan submitted by the bureau for review and approval by the National Park Service to establish the bureau's eligibility for funding from the land and water conservation fund under 16 United States Code, Section 4601-11 meets the requirements of this subsection. If federal funding is not available for updating the state plan, the bureau may make a written request to the committee of legislative oversight for an extension for submitting the plan. Upon receiving an extension request, the committee of legislative oversight shall discuss the advisability of an extension and the availability of state funds for preparation of the update. The committee may authorize an extension by writing to the director and stating the year by which an update must be received. The harmonious and coordinated management of the various resources without impairing the productivity of the land and with consideration being given to the relative values of the various resources and not necessarily to the combination of uses that will give the greatest dollar return or the greatest unit output. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

2. Sustained yield. "Sustained yield" means the achievement and maintenance in perpetuity of a high-level regular periodic output of the various renewable resources of the public reserved lands without impairing the productivity of the land.

The Legislature further declares that it recognizes that such free and reasonable public access may be restricted to ensure the optimum value of such lands as a public trust but that such restrictions, if and when imposed, must be in strict accordance with the requirements set out in this section.

2. Establishment of restrictions on public access.

1. Purpose. The Legislature declares that it is in the public interest and for the general benefit of the people of this State that title, possession and the responsibility for the management of the public reserved lands be vested and established in the bureau acting on behalf of the people of the State, that the public reserved lands be managed under the principles of multiple use to produce a sustained yield of products and services by the use of prudent business practices and the principles of sound planning and that the public reserved lands be managed to demonstrate exemplary land management practices, including silvicultural, wildlife and recreation management practices, as a demonstration of state policies governing management of forested and related types of lands.

[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

2. Management plans. The director shall prepare, revise from time to time and maintain a comprehensive management plan for the management of the public reserved lands in accordance with the guidelines in this subchapter. The plan must provide for a flexible and practical approach to the coordinated management of the public reserved lands. In preparing, revising and maintaining such a management plan the director, to the extent practicable, shall compile and maintain an adequate inventory of the public reserved lands, including not only the timber on those lands but also the other multiple use values for which the public reserved lands are managed. In addition, the director shall consider all criteria listed in section 1858 for the location of public reserved lands in developing the

management plan. The director is entitled to the full cooperation of the Division of Geology, Natural Areas and Coastal Resources, the Department of Inland Fisheries and Wildlife and the Maine Land Use Planning Commission in compiling and maintaining the inventory of the public reserved lands. The director shall consult with those agencies as well as other appropriate state agencies in the preparation and maintenance of the comprehensive management plan for the public reserved lands. The plan must provide for the demonstration of appropriate management practices that will enhance the timber, wildlife, recreation, economic and other values of the lands. All management of the public reserved lands, to the extent practicable, must be in accordance with this management plan when prepared.

Within the context of the comprehensive management plan, the commissioner, after adequate opportunity for public review and comment, shall adopt a specific action plan for each unit of the public reserved lands system. Each action plan must include consideration of the related systems of silviculture and regeneration of forest resources and must provide for outdoor recreation including remote, undeveloped areas, timber, watershed protection, wildlife and fish. The commissioner shall provide adequate opportunity for public review and comment on any substantial revision of an action plan. Management of the public reserved lands before the action plans are completed must be in accordance with all other provisions of this section.

[PL 2013, c. 405, Pt. C, §9 (AMD).]

[PL 1997, c. 678, §13 (NEW).]

4. Land open to hunting. The bureau and the Department of Inland Fisheries and Wildlife shall communicate and coordinate land management activities in a manner that ensures that the total number of acres of land open to hunting on public reserved lands and lands owned and managed by the Department of Inland Fisheries and Wildlife does not fall below the acreage open to hunting on January 1, 2008. These acres are subject to local ordinances and state laws and rules pertaining to hunting.

The rules must permit bear baiting at sites that are accessible by road and sites that are not accessible by road but are accessible by water. Rules adopted under this subsection are routine technical rules as described in Title 5, chapter 375, subchapter 2-A.

2. Grant of permits. The bureau may grant permits and enter into contracts to cut timber, harvest grass and wild foods, tap maple trees for sap and cultivate and harvest crops provided that such permits and contract rights create revocable licenses to the permittee or party to the contract and do not create any real property interest in the public reserved lands. Permits and contracts for the harvesting of timber from the reserved public lands must include a provision requiring that persons engaged in timber harvesting on the public reserved lands be compensated at rates not less than the most recently issued prevailing wage and piece rates and equipment allowances for the pulpwood and logging industry as determined by the Department of Labor, Bureau of Labor Standards.

If the Department of Labor does not determine a prevailing wage or piece rate for a timber harvesting occupation or an equipment allowance for a type of harvesting equipment, the director may establish those rates by referring to prevailing rates and allowances in the industry for that occupation or type of equipment. 1. Authority to acquire lands. With the consent of the Governor and the commissioner, the bureau may acquire lands or interests in lands on behalf of the State to be managed as public reserved lands. When acquiring land or interest in land, the bureau shall examine options for obtaining public vehicular access rights to the land. If an acquisition is made that does not include guaranteed public vehicular access, the bureau shall describe the acquisition in its annual report submitted pursuant to section 1853 and the justification for that acquisition. The bureau shall deliver to the State Archives within a reasonable period of time after their creation or acquisition the originals of all deeds, planbooks and surveyors' field and chainage notes, and any other materials the preservation of which it considers necessary, relating to the ownership, location and management of public reserved lands described in this subchapter.

2. Public Reserved Lands Acquisition Fund. To accomplish the purposes of this subchapter, there is established the Public Reserved Lands Acquisition Fund. All income or proceeds received by the bureau from the sale, exchange or relocation of any public reserved lands must be recorded on the books in a separate account and must be deposited with the Treasurer of State to be credited to the

Public Reserved Lands Acquisition Fund. Any interest earned on this money must also be credited to the fund.

3. Expenditures of fund. All money credited to the fund must be used exclusively to purchase and assemble quantities of lands of sizes and locations that the director determines best fulfill the purposes of this subchapter. Lands acquired with this money are considered to be public reserved lands. The State shall hold and manage these lands subject to the same terms and conditions that apply to other public reserved lands. There is appropriated to pay for this property as much of the funds raised from income designated in subsection 2 and paid into the State Treasury as necessary to pay for the purchase of real property to be held and managed as public reserved lands. The director, with the prior approval of the Governor and the commissioner, shall authorize the State Controller to draw the director's warrant for such a purchase at any time. Any remaining balance must continue from year to year as a fund available only for the purposes of this section.

C. The sale is for fair market value of the parcel as determined by the director, taking into account factors including the effect of ownership of the parcel upon the value of the adjoining private property. [PL 1997, c. 678, §13 (NEW).]

Before making any sale, the director shall make a written finding with respect to the requirements of this subsection. The written finding must be available for public inspection at the director's office during regular working hours.

The measure of damages is the highest price those materials would bring at the usual place of sale of the materials. If the trespass is willful, the court shall assess treble damages and the costs of maintaining the action. For the purposes of this section, a trespass is willful if the land upon which the materials were cut, destroyed or taken, or from which the materials were carried away, was posted with conspicuous notices of state ownership at or near the point where roads entered into the state-owned land; if the land is otherwise posted or identified in a manner reasonably likely to come to the attention of intruders; or if the intruder had actual knowledge of the fact of state ownership.

In every township or plantation existing on October 3, 1973 or organized after that date there must be reserved, as the Legislature directs, 1,000 acres of land, and in the same proportion in all tracts less than a township, for the exclusive benefit of the State. This land must be of average quality, situation and value as to timber and minerals as compared to other land in the township or plantation. Title to these reserved public lots is in the State. All future earnings attributable to those public lots belong to the State to be used for the management and preservation of the public lots as state assets.

[PL 1997, c. 678, §13 (NEW).]

2. Location by agreement. In townships or tracts sold and not incorporated, the public reserved lots may be selected and located by the commissioner and the proprietors by a written agreement describing the reserved lands by metes and bounds, signed by the parties and recorded in the commissioner's office. The plan or outline of the lands selected must be:

A. Entered on the plan of the township or tract in the commissioner's office; and [PL 1997, c. 678, §13 (NEW).]

B. Recorded in the registry of deeds in the county in which the township or tract is located. [PL 1997, c. 678, §13 (NEW).]
[PL 1997, c. 678, §13 (NEW).]

3. Location without agreement. When the commissioner and the proprietors of a tract or township described in subsection 1 can not agree on the location of the public reserved lands, the commissioner may petition the Superior Court in the county where the land lies to appoint a committee of 3 disinterested persons. The court shall issue a warrant under the seal of the court to those persons requiring them to locate the public reserved lot or lots in the township or tract as soon as possible. The public reserved lot or lots must be of average quality compared to other lands in the tract or township.

A. Before taking any action, the members of the committee formed under this subsection must be sworn before a dedimus justice. A certificate of the swearing must be endorsed on the court's warrant. [PL 1997, c. 678, §13 (NEW).]

B. At least 30 days before their first meeting, the members of the committee shall announce their appointment and the time and place of their meeting to perform their duties by:

(2) If ordered by the court to do so, posting written notification in 2 or more public places in the same plantation or town. [PL 1997, c. 678, §13 (NEW).]

C. The members of the committee shall make a signed return of the court's warrant and their activity under it to the Superior Court when they have completed their service. Upon acceptance by the court and after being recorded in the registry of deeds in the county or registry district where the land is located, within 6 months, the public reserved lot or lots must be legally assigned and located. [PL 1997, c. 678, §13 (NEW).]

D. In a proceeding for the location of public reserved lots under this subsection, an appeal may be taken to the Law Court as in other actions. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

4. Subdivided lands. When portions or lots are reserved for public uses in a tract of land to be divided, they must first be set out, of an average quality and situation, and a return made of that reserved land to the commissioner's office, with a description of its quality and location. The commissioner's return of partition, accepted and recorded as provided, is a valid location of the reserved lands.

[PL 1997, c. 678, §13 (NEW).]

5. Incorporation into town; location. When, in the grant of any townships or parts of townships, certain portions are reserved for public uses and those portions have not been located in severalty before the townships or parts are incorporated into a town, the Superior Court in the county where the land lies, on application of the assessors of the town, may appoint a committee of 3 disinterested persons of the county. The court shall issue a warrant under seal of the court to those persons requiring them to locate the reserved portion according to the terms of the grant as soon as possible. If the use or purpose of the reservation is prescribed in the grant, they shall set off and locate the lots accordingly.

A. Before taking action under the warrant, the members of a committee formed under this section must be sworn to the faithful discharge of the duty assigned them. A certificate of the swearing must be endorsed on the court's warrant. [PL 1997, c. 678, §13 (NEW).]

B. At least 30 days before locating the reserved portions, the members of the committee shall announce their appointment and the time and place of their meeting to perform their duties by publishing a notice in a newspaper of general circulation in the State, to be designated by the court, and by posting written notices in 2 or more public places in the same town. [PL 1997, c. 678, §13 (NEW).]

C. The members of the committee shall make a return of the court's warrant and their activity under it to the Superior Court when they have completed their duties. Upon acceptance by the court and after being recorded in the registry of deeds in the county or registry district where the land is located, within 6 months, the reserved portions must be legally assigned and located. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

6. Criteria for location. Whenever land reserved for public use is located under this subchapter and the commissioner makes the return of partition under subsection 4, the determination as to what lands are of average quality, situation and value as compared with the other lands in the township must include, but may not be limited to, appropriate consideration of the following criteria:

A. Contiguity to other public lands; [PL 1997, c. 678, §13 (NEW).]

B. Public recreation needs; [PL 1997, c. 678, §13 (NEW).]

C. Accessibility to roads, highways and other transportation; [PL 1997, c. 678, §13 (NEW).]

D. Proximity to centers of population; [PL 1997, c. 678, §13 (NEW).]

E. Needs of state agencies; [PL 1997, c. 678, §13 (NEW).]

F. Scenic quality; [PL 1997, c. 678, §13 (NEW).]

G. Value as to minerals; [PL 1997, c. 678, §13 (NEW).]

H. Value as to timber; [PL 1997, c. 678, §13 (NEW).]

I. The preservation of significant natural, recreation and historic resources, including wildlife habitat and other areas critical to the ecology of the State; and [PL 1997, c. 678, §13 (NEW).]

J. The provisions of any applicable comprehensive or long-range management plans for the use of those public reserved lands. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

7. Application. Nothing in this section may be construed to require the location of unlocated public reserved lands. The commissioner shall determine the desirability of locating unlocated public reserved lands in the preparation and maintenance of the management plans for the public reserved lands. In those townships in which public reserved lands remain unlocated, the commissioner shall take appropriate steps to ensure that the State receives its proportionate share of common income and that the lands are not subjected to waste by the other cotenants.

[PL 1997, c. 678, §13 (NEW).]

SECTION HISTORY

PL 1997, c. 678, §13 (NEW).

§1859. Funding for educational programs related to logging and forestry

1. Legislative findings. Whereas expenditures from the Public Reserved Lands Management Fund established under section 1849, subsection 2 must be consistent with the public trust limitations embodied in the Constitution of Maine, Article X; and the Constitution of Maine, Article X designates the public lots for the benefit of the schools in this State; and educating new loggers and foresters in the State will help to ensure that the public reserved lands continue to be managed to demonstrate exemplary land management practices, the Legislature declares that authorizing grants under this section is consistent with the Legislature's responsibility as trustee.

[PL 2017, c. 289, §9 (NEW).]

2. Educational grant program established; eligibility. The bureau shall establish, maintain and administer an educational grant program, referred to in this section as "the grant program," and an application system for the grant program to allow an eligible public secondary program, career and technical education program and public postsecondary educational program to apply for an educational grant under the grant program. Only an educational program at a public secondary or public postsecondary educational institution or career and technical education center that is related to logging or forestry, referred to in this section as "an eligible educational program," is eligible to receive funding under the grant program.

[PL 2017, c. 289, §9 (NEW).]

3. Grants; source of funds; limits. An approved eligible educational program may receive grants of up to \$50,000, if available, from the grant program. The source of the funds for the grants is the Public Reserved Lands Management Fund established under section 1849, subsection 2. Total distributions from the Public Reserved Lands Management Fund under the grant program may not exceed \$300,000 in the 2 fiscal years of the state budget biennium.

[PL 2017, c. 289, §9 (NEW).]

4. Permitted use of funding. An eligible educational program that receives a grant under the grant program may use the grant in more than one year if such an extended use is approved by the bureau during the application process. Grants received through the grant program may be used only for educational purposes, including but not limited to upgrading existing logging equipment. Any grants issued to an eligible educational program must supplement, not supplant, existing school funding.

[PL 2017, c. 289, §9 (NEW).]

5. Participation of regional managers. The bureau shall include managers of any regional public reserved lands units established by the bureau in the process established for approving the distribution of funds to eligible educational programs under the grant program and shall ensure that the managers are involved with, or have the option to be involved with, any eligible educational program that receives funding through the grant program.

[PL 2017, c. 289, §9 (NEW).]

6. Rulemaking. The bureau shall adopt rules to carry out the purposes of this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

SUBCHAPTER 5

SUBMERGED AND INTERTIDAL LANDS

§1861. Submerged Lands Fund

1. Fund established. All revenues from the activities of the bureau under section 1862 must be deposited with the Treasurer of State to be credited to the Submerged Lands Fund, which is established as a nonlapsing, dedicated fund and referred to in this section as the "fund." Any interest earned on this money must be credited to the fund. The fund is administered by the bureau.

[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

2. Permissible uses. Money credited to the fund may be used to manage submerged lands pursuant to section 1862, provide grants to municipalities pursuant to section 1863 and remove abandoned watercraft pursuant to this subchapter.

[PL 1997, c. 678, §13 (NEW).]

3. Expenditure of funds. Money in the fund must be expended on the operating expenses of the bureau's submerged lands leasing program pursuant to section 1862. Any funds available in excess of the amount needed for the bureau's submerged lands operating expenses must be expended in accordance with section 1863 and this subchapter.

[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1862. Submerged and intertidal lands owned by State

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Commercial fishing activity" means any activity involving the landing or processing of shellfish, finfish or other natural products of the sea or other activities directly related to landing or processing shellfish, finfish or natural sea products. "Commercial fishing activity" includes loading or selling those products and fueling. [PL 1997, c. 678, §13 (NEW).]

B. "Dockominium" means slip space that is sold or leased by a lessee of submerged lands to a boat or vessel owner for more than one year. [PL 1997, c. 678, §13 (NEW).]

C. "Fair market rental value," for all uses of submerged lands except slip space rented or otherwise made available for private use for a fee, means the municipally assessed value per square foot for the adjacent upland multiplied by a reduction factor plus a base rate based on the use of the leased submerged land as specified in this section. This value is then multiplied by the square foot area of the proposed lease area to determine the annual rental rate. For slip space rented or otherwise made available for private use for a fee, the fair market rental value is the gross income from that space multiplied by a reduction factor as specified in this section based on the use of the leased submerged land. [PL 2009, c. 316, §1 (AMD); PL 2009, c. 316, §7 (AFF).]

D. "Gross income" means the total annual income received by a lessee from seasonal or transient rental to the general public of slip space over submerged land. For dockominiums, slips that are part of a residential condominium, boat clubs and other facilities with slip space that is not rented or leased to the general public, the director shall determine gross income by calculating a regional average slip space rental fee and applying that to the portion of total linear length of slip space made available to private users for any portion of that year. [PL 1997, c. 678, §13 (NEW).]

D-1. [PL 2009, c. 316, §2 (RP); PL 2009, c. 316, §7 (AFF).]

E. "Occupying," in terms of a structure or alteration, means covering the total area of the structure or alteration itself to the extent that the area within its boundaries is directly on or over the state-owned lands. [PL 1997, c. 678, §13 (NEW).]

E-1. "Offshore project" means a project that extends beyond localized development adjacent to a single facility or property. "Offshore project" includes, but is not limited to, tanker ports, ship berthing platforms requiring secondary transport to shore, an interstate or international pipeline or cable and similar projects. "Offshore project" does not include a shore-based pier, marina or boatyard or utility cable and pipelines serving neighboring communities or islands. "Offshore project" does not include a wind, tidal, wave or other renewable ocean energy project. [PL 2009, c. 615, Pt. B, §1 (AMD).]

F. "Permanent" means occupying submerged and intertidal lands owned by the State during 7 or more months during any one calendar year. [PL 1997, c. 678, §13 (NEW).]

F-1. "Renewable ocean energy project" means one or more of the following located in coastal wetlands, as defined by Title 38, section 480-B, subsection 2:

(1) An offshore wind power project, as defined by Title 38, section 480-B, subsection 6-A or by Title 38, section 482, subsection 8, and with an aggregate generating capacity of 3 megawatts or more;

(2) A community-based offshore wind energy project, as defined by section 682, subsection 19;

(3) A hydropower project, as defined by Title 38, section 632, subsection 3, that uses tidal or wave action as a source of electrical or mechanical power; or

(4) Other development activity that produces electric or mechanical power solely through use of wind, waves, tides, currents, ocean temperature clines, marine biomass or other renewable sources in, on or over the State's coastal waters, as defined by section 6001, subsection 6, to the 3-mile limit of state ownership recognized under the federal Outer Continental Shelf Lands Act, 43 United States Code, Chapter 29, Subchapter III (2009), and that includes both "generating facilities," as defined by Title 35-A, section 3451, subsection 5 and "associated facilities," as defined by Title 35-A, section 3451, subsection 1. [PL 2009, c. 615, Pt. B, §1 (NEW).]

G. "Slip space" means the area adjacent to a pier or float that is used for berthing a boat. [PL 1997, c. 678, §13 (NEW).]

[PL 2009, c. 615, Pt. B, §1 (AMD).]

2. Submerged lands leasing program. The director may conduct a submerged lands leasing program under which, except as otherwise provided by subsection 13, the director may lease, for a term of years not exceeding 30 and with conditions the director considers reasonable, the right to dredge, fill or erect permanent causeways, bridges, marinas, wharves, docks, pilings, moorings or other permanent structures on submerged and intertidal land owned by the State. The director may refuse to lease submerged lands if the director determines that the lease will unreasonably interfere with customary or traditional public access ways to or public trust rights in, on or over the intertidal or submerged lands and the waters above those lands.

A. For fill, permanent causeways, bridges, marinas, wharves, docks, pilings, moorings or other permanent structures and for nonpermanent structures occupying a total of 500 square feet or more of submerged land or occupying a total of 2,000 square feet or more of submerged land if used exclusively for commercial fishing activities:

(1) Except as otherwise provided by subsection 13, the director shall charge the lessee a rent that practically approximates the fair market rental value of the submerged land. The reduction factors and base rate for use categories are as follows:

- (a) A reduction factor of 0% with no base rate or rental fee for nonprofit organizations or publicly owned facilities that offer free public use or public use with nominal user fees. Public uses include, but are not limited to, municipal utilities and facilities that provide public access to the water, town wharves, walkways, fishing piers, boat launches, parks, nature reserves, swimming or skating areas and other projects designed to allow or enhance public recreation, fishing, fowling and navigation and for which user fees are used exclusively for the maintenance of the facility;
- (b) A reduction factor of 0.1% plus a base rate of \$0.025 per square foot for commercial fishing uses of renewable aquatic resources. Commercial uses of renewable aquatic resources include, but are not limited to, facilities that are directly involved in commercial fishing activities. Such facilities include, but are not limited to, fish piers, lobster impoundments, fish processing facilities and floats or piers for the storage of gear;
- (c) A reduction factor of 2% for any slip space rented or otherwise made available for private use by commercial fishing boats for a fee;
- (d) A reduction factor of 0.2% plus a base rate of \$0.05 per square foot for water-dependent commerce, industry and private uses. Water-dependent commerce, industry and private uses other than commercial uses of renewable aquatic resources include, but are not limited to, all facilities that are functionally dependent upon a waterfront location, can not reasonably be located or operated on an upland site or are essential to the operation of the marine industry. Such facilities include, but are not limited to, privately owned piers and docks, cargo ports, private boat ramps, shipping and ferry terminals, tug and barge facilities, businesses that are engaged in watercraft construction, maintenance or repair, aquariums and the area within marinas occupied by service facilities, gas docks, breakwaters and other structures not used for slip space;
- (e) A reduction factor of 4% for any slip space rented or otherwise made available for private use for recreational boats for a fee; and
- (f) A reduction factor of 0.2% for upland uses and fill located on submerged lands prior to July 1, 2009 and 0.4% for new upland uses and fill after July 1, 2009 plus a base rate of \$0.05 per square foot. Upland uses include, but are not limited to, all uses that can operate in a location other than on the waterfront or that are not essential to the operation of the marine industry. These facilities include, but are not limited to, residences, offices, restaurants and parking lots. Fill must include the placement of solid material other than pilings or other open support structures upon submerged lands.

If the director determines that the municipally assessed value of the adjacent upland is not an accurate indicator of the value of submerged land, the director may make adjustments in the municipally assessed value so that it more closely reflects the value of comparable waterfront properties in the vicinity or require the applicant to provide an appraisal of the submerged land. The appraisal must be approved by the director.

For offshore projects where municipally assessed value for the adjacent upland or submerged lands appraisals are unavailable or the director determines that such assessment or appraisals do not accurately indicate the value of the submerged land, the director may establish the submerged lands annual rental rate and other public compensation as appropriate by negotiation between the bureau and the applicant. In such cases the annual rent and other public compensation must take into account the proposed use of the submerged lands, the extent to which traditional and customary public uses may be diminished, the public benefit of the

project, the economic value of the project and the avoided cost to the applicant. If the State's ability to determine the values listed in this paragraph or to carry out negotiations requires expertise beyond the program's capability, the applicant must pay for the costs of contracting for such expertise;

(2) After October 1, 1990, the director may revalue all existing rents to full fair market rental value. Rents for all uses except slip space may be adjusted annually as needed over a period not to exceed 5 years until the full fair market rental value is reached. After the full fair market rental value is reached, the director may revalue rents for all uses except slip space every 5 years based on changes in municipally assessed value and programmatic cost adjustments to the base rate. Adjustments to the base rate may not exceed 4% per year. Rents for slip space may fluctuate annually depending on the gross income of the facility;

(3) Except as otherwise provided by subsection 13, the director may also lease a buffer zone of not more than 30 feet in width around a permanent structure located on submerged or intertidal land, as long as the lease is necessary to preserve the integrity and safety of the structure and that the Commissioner of Marine Resources consents to that lease;

(4) Any existing or proposed lease may be subleased for the period of the original lease for the purpose of providing berthing space for any boat or vessel;

(5) No portion of an existing or proposed lease may be transferred from a person subleasing that portion to provide berthing space for any boat or vessel except for a transfer to heirs upon death of the sublessee holder or a transfer to the original leaseholder subject to terms agreed to by the lessor and sublessee at the time of the sublease. This subparagraph does not apply to any subleasing arrangements entered into before June 15, 1989; and

(6) The director may grant the proposed lease if the director finds that, in addition to any other findings that the director may require, the proposed lease:

- (a) Will not unreasonably interfere with navigation;
- (b) Will not unreasonably interfere with fishing or other existing marine uses of the area;
- (c) Will not unreasonably diminish the availability of services and facilities necessary for commercial marine activities; and
- (d) Will not unreasonably interfere with ingress and egress of riparian owners. [PL 2009, c. 615, Pt. B, §1 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

B. For dredging, impounded areas and underwater cables and pipelines, the director shall develop terms and conditions the director considers reasonable. [PL 1997, c. 678, §13 (NEW).]

C. The director shall charge an administrative fee of \$100 for each lease in addition to any rent. A fee of \$200 must be charged for a lease application that is received after work has begun for the proposed project. [PL 2003, c. 254, §1 (AMD).]

D. Except as otherwise provided by subsection 13, the minimum rent to which any lease is subject is \$150 per year. [PL 2009, c. 615, Pt. B, §1 (AMD).]

E. [PL 2007, c. 540, §1 (AMD); MRSA T. 12 §1862, sub-§2, ¶E (RP).]

F. Within 15 days of receipt of a copy of an application submitted to the Department of Environmental Protection for a general permit under Title 38, section 480-HH or Title 38, section 636-A, the director shall, if requested by the applicant, provide the applicant a lease option, to be effective on the date of receipt of the application, for use of state-owned submerged lands that are necessary to fulfill the project purposes as identified in the application. Within 30 days of receiving notice and a copy of a general permit granted pursuant to Title 38, section 480-HH or Title 38,

section 636-A, the director shall waive the review procedures and standards under this section and issue a submerged lands lease for the permitted activity. The term of the lease must be consistent with that of the permit, including any extension of the permit, and the period of time needed to fully implement the project removal plan approved pursuant to Title 38, section 480-HH or Title 38, section 636-A, as applicable. The director may include lease conditions that the director determines reasonable, except that the conditions may not impose any requirement more stringent than those in a permit granted under Title 38, section 480-HH or Title 38, section 636-A, as applicable, and may not frustrate achievement of the purpose of the project. [PL 2009, c. 270, Pt. B, §1 (NEW).]

In making findings pursuant to this subsection regarding a renewable ocean energy project, the director shall adopt all pertinent findings and conclusions in a permit issued for the project pursuant to chapter 206-A or pursuant to Title 38, chapter 3, subchapter 1, article 5-A or 6 or Title 38, chapter 5, subchapter 1, article 1, subarticle 1-B, as applicable, and may condition issuance of a lease for such a project on receipt of all pertinent approvals by the Department of Environmental Protection or the Maine Land Use Planning Commission, as applicable, and other conditions the director considers reasonable. [PL 2009, c. 615, Pt. B, §1 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2011, c. 682, §38 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

2-A. Lease renewal. A lessee who is in compliance with all terms of that person's lease may apply at any time to renew the lease. The director shall approve the lease renewal if the existing lease complies with or can be amended to comply with all applicable laws, rules and public trust principles in effect at the time of the renewal application. This subsection applies to all leases in effect on the effective date of this subsection and to all leases executed on or subsequent to the effective date of this subsection.

[PL 1997, c. 678, §13 (NEW).]

3. Easements. The director may grant, upon terms and conditions the director considers reasonable, assignable easements for a term not to exceed 30 years for the use of submerged and intertidal lands for the purposes permitted in subsection 2. The grantee shall pay an administrative fee of \$100 for each easement at the time of processing and a registration fee of \$50 due every 5 years. An administrative fee of \$200 must be charged for an easement application that is received after work has begun for the proposed project. The director may refuse to grant an easement for the use of submerged and intertidal lands if the director determines that the easement will unreasonably interfere with customary or traditional public access ways to or public trust rights in, on or over the intertidal or submerged lands and the waters above those lands. The director may grant an easement for submerged and intertidal lands if a structure:

A. Is for the exclusive benefit of the abutting upland owner for charitable purposes as defined in the United States Internal Revenue Code, Section 501, (c) (3); [PL 1997, c. 678, §13 (NEW).]

B. Occupies a total of not more than 500 square feet of submerged and intertidal land for any lawful purpose and is permanent; or [PL 1997, c. 678, §13 (NEW).]

C. Occupies a total of not more than 2,000 square feet of submerged and intertidal land for the exclusive purpose of commercial fishing activities and is permanent. [PL 1997, c. 678, §13 (NEW).]

[PL 2003, c. 254, §2 (AMD).]

4. Adjustment of terms. The director may adjust from time to time, consistent with the provisions of this section, conditions applicable to any leasehold or easement entered into under this section in any parcel of state-owned submerged or intertidal land. Rent may not be charged for leases entered into before July 1, 1984 if the actual use of the leased land is eligible for an easement under subsection 3.

[PL 1997, c. 678, §13 (NEW).]

5. Review of uses. In the case of easements, the director shall review from time to time the purposes for which the land conveyed has actually been used, and, in the event any such purpose is

found to be inconsistent with the criteria set forth in subsection 3 for eligibility for an easement, the easement must terminate and the director may enter into a leasehold agreement with the holder of the easement in accordance with subsection 2.

[PL 1997, c. 678, §13 (NEW).]

6. Constructive easements. The owner of any structure actually upon submerged and intertidal lands on October 1, 1975 is deemed to have been granted a constructive easement for a term of 30 years on the submerged land directly underlying the structure. Beginning on January 1, 1991, the bureau shall undertake a registration program for all structures granted constructive easements. Constructive easements are subject to administrative and registration fees for easements pursuant to subsection 3. The director shall develop procedures, rules and registration forms necessary to accomplish the purposes of this subsection. The bureau shall complete the registration of constructive easements on or before December 31, 1996.

[PL 1997, c. 678, §13 (NEW).]

7. Consultation. The director shall consult with the commissioner, the Commissioner of Marine Resources, the Commissioner of Inland Fisheries and Wildlife and any other agencies or organizations the director considers appropriate in developing and implementing terms, conditions and consideration for conveyances under this section. When rental terms under subsection 13 for a renewable ocean energy project are at issue, the director also shall consult with the Public Utilities Commission. The director may determine to make proprietary conveyances under this section solely on the basis of the issuance of environmental or regulatory permits by other appropriate state agencies.

[PL 2009, c. 615, Pt. B, §1 (AMD).]

8. Rules.

[PL 2001, c. 604, §12 (RP).]

9. Public compensation. Except as otherwise provided by subsection 13, with respect to any lease, including, but not limited to, leases for offshore projects, when the director determines that the public should be compensated for the loss or diminution of traditional and customary public uses resulting from the activities proposed by the lessee, the director may negotiate with the lessee to provide public access improvements such as walkways, boat launching ramps, parking space or other facilities or negotiate a fee in lieu of such improvements as a condition of the lease. The determination of loss or diminution of traditional and customary public uses and appropriate public compensation must be made in consultation with local municipal officials.

[PL 2009, c. 615, Pt. B, §1 (AMD).]

10. Aquaculture exemption. A lease for the use of lands under this section is not required for the development and operation of any aquaculture facility if the owner or operator of the facility has obtained a lease from the Commissioner of Marine Resources under section 6072. Ancillary equipment and facilities permanently occupying submerged lands on the lease site and not explicitly included in the lease granted by the Commissioner of Marine Resources are not exempt from the requirements of this section.

[PL 1997, c. 678, §13 (NEW).]

11. Revenues. Except as otherwise provided by subsection 13, all revenues from the bureau's activities under this section accrue to the Submerged Lands Fund established in section 1861.

[PL 2009, c. 615, Pt. B, §1 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

12. Annual report dealing with submerged lands. The bureau shall prepare and submit a written report on or before March 1st of each year to the joint standing committee of the Legislature having jurisdiction over submerged lands matters. The report must include the following information:

A. A complete account of the income and expenditures pertaining to submerged lands during the preceding fiscal year; [PL 2013, c. 256, §9 (AMD).]

B. A summary of the bureau's management activities during the preceding fiscal year regarding leases, easements and other appropriate subjects; [PL 2013, c. 256, §10 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

C. A summary of any Shore and Harbor Management Fund grants made under section 1863; and [PL 1997, c. 678, §13 (NEW).]

D. A description of the proposed budget, including allocations for the bureau's dedicated funds and any revenues of the bureau from leases and easements for the following fiscal year. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

The joint standing committee of the Legislature having jurisdiction over submerged lands matters shall review the report and submit a written recommendation regarding the bureau's proposed budget to the joint standing committee of the Legislature having jurisdiction over appropriations and financial affairs on or before March 15th of each year.

[PL 2013, c. 256, §§9, 10 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

13. Special provisions regarding renewable ocean energy projects. The provisions in this subsection govern renewable ocean energy projects.

A. The Legislature finds that:

(1) The State's coastal waters and submerged lands provide unique and valuable opportunities for development of wind and tidal power and, potentially, other indigenous, renewable ocean energy resources, such as wave power;

(2) Climate change and related degradation or loss of marine resources and related human uses make development of and transition to use of renewable ocean energy resources consistent with sound stewardship of the State's public trust resources;

(3) Proper and efficient functioning of certain generation and associated facilities that use the energy potential of the State's indigenous, renewable ocean energy resources depends upon their deployment in a marine environment and, accordingly, such facilities may to the extent necessary be located in, on or over state-owned submerged lands; and

(4) With appropriate provision for avoidance and minimization of and compensation for harm to existing public trust-related uses and resources, such as fishing and navigation; consideration of potential adverse effects on existing uses of the marine environment; restoration of affected lands upon completion of authorized uses pursuant to permitting criteria; and adequate compensation to the public for use of its trust resources pursuant to state submerged lands leasing criteria, development of these renewable ocean energy resources in appropriate locations promises significant public trust-related benefits to the people of this State for whom the State holds and manages submerged lands and their resources. [PL 2009, c. 615, Pt. B, §1 (NEW).]

B. In accordance with the findings in paragraph A, the following provisions apply to an application for a lease or easement for a renewable ocean energy project.

(1) No more than 30 days prior to filing applications in accordance with this paragraph, an applicant for a lease or easement for a renewable ocean energy project shall participate in a joint interagency preapplication meeting that includes the Department of Marine Resources and is in accordance with permitting procedures of the Department of Environmental Protection or the Maine Land Use Planning Commission, as applicable.

(2) An applicant for a lease or easement for a renewable ocean energy project must file and certify to the director that it has filed completed applications for requisite state permits under chapter 206-A or Title 38, chapter 3, subchapter 1, article 5-A or 6 or Title 38, chapter 5, subchapter 1, article 1, subarticle 1-B, as applicable, prior to or concurrently with submission

of its submerged lands lease application under this section and shall provide a copy of any such applications to the director upon request.

(3) The director shall provide notice to the Marine Resources Advisory Council under section 6024 and any lobster management policy council established pursuant to section 6447 in whose or within 3 miles of whose designated lobster management zone created pursuant to section 6446 the proposed development is located. The Marine Resources Advisory Council and any lobster management policy council notified pursuant to this subparagraph may provide comments within a reasonable period established by the director, and the director shall consider the comments in making findings pursuant to subsection 2, paragraph A, subparagraph (6).

(4) The director may issue a lease or easement for a hydropower project, as defined in Title 38, section 632, subsection 3, that uses tidal or wave action as a source of electrical or mechanical power, for a term not to exceed 50 years, as long as the lease term is less than or equal to the term of the license for the project issued by the Federal Energy Regulatory Commission.

(5) If requested by an applicant, and with provision for public notice and comment, the director may issue one or more of the following for a renewable ocean energy project prior to issuance of a 30-year lease for the project:

(a) A lease option, for a term not to exceed 2 years, that establishes that the leaseholder, for purposes of consideration of its application for state permit approvals under chapter 206-A or Title 38, chapter 3, subchapter 1, article 5-A or 6 or Title 38, chapter 5, subchapter 1, article 1, subarticle 1-B, as applicable, has title, right or interest in a specific area of state submerged lands needed to achieve the purposes of the project as described in conceptual plans in the lease application;

(b) A submerged lands lease, for a term not to exceed 3 years, that authorizes the leaseholder to undertake feasibility testing and predevelopment monitoring for ecological and human use impacts as described in conceptual plans in the lease application and conditioned on receipt of requisite federal, state and local approvals; and

(c) A submerged lands lease, for a term not to exceed 5 years, that authorizes the leaseholder to secure requisite federal, state and local approvals and complete preoperation construction, as long as the applicant provides detailed development plans describing all operational conditions and restrictions.

(6) Except as otherwise provided in this paragraph, the annual rent for a wind energy demonstration project for which a general permit has been issued under Title 38, section 480-HH is \$10,000 per year for the term of the general permit. The annual rent for a tidal energy demonstration project for which a general permit has been issued under Title 38, section 636-A is \$100 per acre of submerged lands occupied by the project for the term of the general project, except that the annual rent may not exceed \$10,000. As used in this paragraph, "submerged lands occupied" includes the sum of the area on which turbines, testing and monitoring equipment, anchoring or mooring lines, submerged transmission cables or other structures are placed and any additional area from which the director finds it necessary to exclude transient public trust uses to avoid unreasonable interference with the project's purposes. An annual rent is not required for an offshore wind energy demonstration project located in the Maine Offshore Wind Energy Research Center, as designated by the department under section 1868, subsection 2.

(7) The director shall charge a lessee an annual rent in accordance with a fee schedule, established by the bureau by rule, that balances state goals of assurance of fair compensation for use and mitigation of potential adverse effects on or conflict with existing uses of state-owned submerged lands that are held in trust for the people of the State with state renewable

ocean energy-related goals, including state wind energy generation goals established in Title 35-A, section 3404, subsection 2. Rules adopted pursuant to this subparagraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

(8) The director may not require additional public compensation pursuant to subsection 9.

(9) The director may issue a lease for a buffer zone comprising a land or water area around permanent structures located on submerged or intertidal land if:

(a) The director determines such a buffer zone is necessary to preserve the integrity or safety of the structure or fulfill the purposes of the project; and

(b) The director consults with the Commissioner of Marine Resources regarding the need for such a buffer, its location and size and options to minimize its potential effects on existing uses. 14. Prohibition on oil and natural gas exploration, development and production.

Notwithstanding any other provision of law to the contrary, the director may not permit, approve or otherwise authorize any oil or natural gas exploration, development or production in, on or under the submerged and intertidal land owned by the State.

As used in this subsection, "development" has the same meaning as in Title 38, section 570-AA, subsection 1; "exploration" has the same meaning as in Title 38, section 570-AA, subsection 2; and "production" has the same meaning as in Title 38, section 570-AA, subsection 3.

§1863. Shore and Harbor Management Fund

1. Creation of fund. The Shore and Harbor Management Fund, referred to in this section as the "fund," is established as a nonlapsing fund to support shore and harbor management improvement activities. The fund is administered by the director.

[PL 1997, c. 678, §13 (NEW).]

2. Purpose. The purpose of the fund is to support shore and harbor management improvement activities by providing grants to municipalities and funds to state agencies. These activities include but are not limited to the development of harbor management plans and public access facilities. A portion of the fund, not to exceed 25% of available revenues, may be used to support management programs on state-owned coastal islands under the jurisdiction of the bureau.

3. Fund sources. Annual revenues, less funds deposited in the Renewable Ocean Energy Trust pursuant to section 1863-A and operating expenses from the submerged and intertidal lands program and the abandoned watercraft program and conveyances of submerged and intertidal lands by the Legislature, must be deposited in the fund.

[PL 2009, c. 615, Pt. B, §2 (AMD).]

4. Administration. The director shall develop criteria for awarding grants under this section. Money in the fund not immediately required pursuant to this section must be invested by the Treasurer of State as authorized by Title 5, section 138. Interest on these investments must be credited to the fund.

[PL 2009, c. 615, Pt. B, §3 (NEW).]

2. Administration. The Treasurer of State shall administer the trust as provided in this section.

[PL 2009, c. 615, Pt. B, §3 (NEW).]

3. Sources of funds. The following funds must be transferred on receipt to the Treasurer of State for deposit in the trust:

A. Eighty percent of the submerged lands leasing rental payments for renewable ocean energy projects under section 1862, subsection 13 and offshore wind energy demonstration projects and tidal energy demonstration projects for which a general permit has been issued under Title 38, section 480-HH or Title 38, section 636-A, respectively; and [PL 2009, c. 615, Pt. B, §3 (NEW).]

B. The State's share, pursuant to 43 United States Code, Section 1337(p)(2)(B), of federal revenues from alternative energy leasing. [PL 2009, c. 615, Pt. B, §3 (NEW).]

[PL 2009, c. 615, Pt. B, §3 (NEW).]

4. Disbursement of funds; required uses. The Treasurer of State shall annually disburse the funds in the trust for credit to the Ocean Energy Fund established within the Department of Marine Resources, in consultation with the Marine Resources Advisory Council established under section 6024, for use as follows:

A. Fifty percent to fund research, monitoring and other efforts to avoid, minimize and compensate for potential adverse effects of renewable ocean energy projects, as defined in section 1862, subsection 1, paragraph F-1, on noncommercial fisheries, seabirds, marine mammals, shorebirds, migratory birds and other coastal and marine natural resources, including but not limited to development, enhancement and maintenance of map-based information resources developed to guide public and private decision making on siting issues and field research to provide baseline or other data to address siting issues presented by renewable ocean energy projects. The department shall consult with the Department of Inland Fisheries and Wildlife in allocating funds it receives pursuant to this paragraph; and [PL 2011, c. 655, Pt. KK, §12 (AMD); PL 2011, c. 655, Pt. KK, §34 (AFF).]

B. Fifty percent to fund resource enhancement, research on fish behavior and species abundance and distribution and other issues and other efforts to avoid, minimize and compensate for potential adverse effects of renewable ocean energy projects, as defined in section 1862, subsection 1, paragraph F-1, on commercial fishing and related activities. §1864. Submerged Lands Advisory Board

(REPEALED)

SECTION HISTORY

PL 1997, c. 678, §13 (NEW). PL 2011, c. 344, §17 (RP).

§1865. Filled submerged and intertidal lands

1. Legislative intent; purpose. The Legislature finds that the ownership of certain areas along the State's coast and great ponds is uncertain because portions of the submerged and intertidal lands have been filled in so as now not to be subject to tidal action or below water. These lands were filled prior to the enactment of Public Law 1975, chapter 287, the Submerged Lands Act, as recodified by Public Law 1979, chapter 545. It appears that prior to the enactment of the Submerged Lands Act, and to some degree afterwards, these filled-in portions of the submerged or intertidal lands have been sold, leased, taxed and otherwise treated in good faith by municipalities and private citizens as if they were owned in fee by private parties. Due to the lack of readily available documentation of the natural low-water and high-water marks in most areas along the coast and great ponds, the process of setting the boundaries between submerged or intertidal lands and the upland would consume enormous time and expense for the State and the private parties.

The Legislature recognizes that the submerged lands are owned by the State for the benefit of the public. These lands are impressed with a public trust. This ownership and public trust is derived from the Massachusetts Colonial Ordinance of 1641-1647. As a result, submerged land is not, like ordinary private land, held in fee simple absolute but is impressed with the public trust, which gives the public's representatives an interest and responsibility in its development.

The Legislature finds that those portions of the submerged and intertidal lands that have been filled prior to October 1, 1975, the date the Submerged Lands Act was effective, are substantially valueless for trust uses and such lands may be disposed of without impairment of the public trust in what remains. The public benefit will be promoted by clarifying the status of real estate titles to such filled lands, thereby permitting full use and development.

[PL 1997, c. 678, §13 (NEW).]

2. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Filled land" means portions of the submerged and intertidal lands that have been rendered by human activity to be no longer subject to tidal action or below the natural low-water mark on October 1, 1975. [PL 1997, c. 678, §13 (NEW).]

B. "Intertidal land" means all land affected by the tides between natural high-water mark and either 100 rods seaward therefrom or the natural low-water mark, whichever is closer to the natural high-water mark. [PL 1997, c. 678, §13 (NEW).]

C. "Person" means individuals, partnerships, corporations and other private legal entities, but does not include the State and its political or government subdivisions or the Federal Government. [PL 1997, c. 678, §13 (NEW).]

D. "Submerged land" means all land affected by the tides seaward of the natural low-water mark or 100 rods from the natural high-water mark, whichever is closer to natural high-water mark and all land below natural low-water mark under great ponds. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

3. Declaration of clear title. Titles to properties and lands that once were or may have been submerged or intertidal lands subject to the State's ownership in public trust that were filled by October 1, 1975 are declared and released to the owners of any such filled lands by the State free of any claimed ownership in public trust to the extent the areas of these properties and lands were not submerged or intertidal lands on that date.

[PL 1997, c. 678, §13 (NEW).]

4. Confirmation. Any person claiming an interest in such land may seek confirmation from the bureau that particular land is filled land and receive a declaration that may be filed in the appropriate registry of deeds. Such confirmation may not be construed to create any rights of ownership in any person per se but is declaratory of the status of the land as to whether it had been filled by October 1, 1975. The application for confirmation must be filed on a form prescribed by the bureau, which must contain the following information:

- A. Name and address of applicant; [PL 1997, c. 678, §13 (NEW).]
- B. An accurate legal description of the filled land, proof that the land was filled by October 1, 1975 and sufficient details, such as a survey by a registered land surveyor, to locate the filled land on a map of general acceptability; [PL 1997, c. 678, §13 (NEW).]
- C. The acreage of the filled land; [PL 1997, c. 678, §13 (NEW).]
- D. The date acquired; [PL 1997, c. 678, §13 (NEW).]
- E. Evidence that written notice of the application for confirmation has been sent to any other owners of record; and [PL 1997, c. 678, §13 (NEW).]
- F. Other information necessary for the purposes of this section. [PL 1997, c. 678, §13 (NEW).]

A filing fee of \$50 must accompany each application to cover administrative costs. The money must be deposited and disbursed in accordance with section 1849 to accomplish the purposes of this section. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

5. Filing. The following provisions apply to filing.

- A. The application may be filed with the bureau at any time. [PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]
- B. If the applicant demonstrates that the land is filled land as defined in subsection 2, paragraph A, the director shall issue a declaration to that effect. The director shall respond to the application within 30 days of the date the application is received by the director. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

6. Termination of leases. Any leases entered into by the director pursuant to section 1862 for filled land are terminated. Lessees may not be reimbursed for rental paid under such leases.

[PL 1997, c. 678, §13 (NEW).]

7. Operation of this section; retroactive date. This section does not create a cause of action on behalf of any person against the State for damages or otherwise arising out of state ownership of lands before December 25, 1981. A declaration of confirmation by the bureau pursuant to subsection 4 does not constitute a decision by the State as to which claimant, if any, may have title, and the State, its officers, agents and employees are not liable to any person by reason of having made or having refused to make such a declaration. Failure to apply for or receive confirmation or a declaration under subsection 4 does not affect any rights granted or released by this section. This section may not be construed to affect the rules of law otherwise in force relating to accretion or reliction of filled or other lands along the great ponds or the coast, nor to either convey or release rights or interest acquired by

the State in filled lands by gift, purchase or the power of eminent domain or to affect any obligations, rights or liabilities created by the operation of Title 38, sections 480-B to 480-F, 480-Q and 480-R or by permits issued under those sections. This section is retroactive to October 1, 1975.

[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

§1866. Abandoned watercraft

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Abandoned watercraft" means any watercraft that is inoperative and neglected, submerged or partially submerged or that has been left by the owner in coastal waters without intention of removal. This term includes motors, electronic and mechanical equipment and other machinery customarily used in the operation of watercraft. [PL 1997, c. 678, §13 (NEW).]

B. "Coastal waters" means those waters within the jurisdiction of the State under Title 1, section 2, including intertidal land as defined in section 572. [PL 1997, c. 678, §13 (NEW).]

C. "Owner" means the person who claims lawful possession of a watercraft by legal title or equitable interest in the watercraft. [PL 1997, c. 678, §13 (NEW).]

D. "Watercraft" means any type of vessel, boat, barge, float or craft 20 or more feet in length that is used or capable of use as a means of transportation on water. "Watercraft" includes seaplanes. [PL 1997, c. 678, §13 (NEW).]

[PL 1997, c. 678, §13 (NEW).]

2. Eligibility. An abandoned watercraft is subject to removal under this section only under the following conditions.

A. A permit under Title 38, section 9 has not been granted by the municipal board or commission entrusted with harbor management for the area. [PL 1997, c. 678, §13 (NEW).]

B. A landowner has not granted permission to a watercraft owner to abandon a watercraft on that landowner's property. [PL 1997, c. 678, §13 (NEW).]

C. Notice has been given the director within 120 days of the date that the municipal board or commission determines, in its opinion, that the watercraft has been abandoned. [PL 2003, c. 254, §4 (AMD).]

D. [PL 2003, c. 254, §4 (RP).]

Watercraft that have been abandoned prior to July 1, 1993 are not subject to removal under this section.

The municipal board or commission entrusted with harbor management is responsible for the notice requirements under this subsection.

[PL 2003, c. 254, §4 (AMD).]

3. Ownership. The municipal board or commission entrusted with harbor management shall attempt to determine the owner of a watercraft considered by that body to be abandoned.

[PL 1997, c. 678, §13 (NEW).]

4. Responsibility of the director. The director is responsible for the following.

A. After notification under subsection 2, the director shall investigate any report of an abandoned watercraft and give notice to the owner if an owner can be identified. The notice must require the owner to respond within 15 days and to remove the watercraft from the coastal waters within 60

days of notification by the director or, if the watercraft is icebound, within 60 days of ice-out in the body of water where the watercraft is located. If the owner of a watercraft to whom the director has given notice does not respond to the notice and remove the watercraft within the time period specified or the owner can not be identified or contacted, the director may initiate removal of the watercraft. [PL 2003, c. 254, §5 (AMD).]

B. Beginning July 1, 1993 the director shall establish and implement, subject to available funding, a program to remove from coastal waters those abandoned watercraft that have been reported under subsection 3. The program must provide that, if another government agency is responsible for removal of an abandoned watercraft, the director shall notify that agency of the existence of that abandoned watercraft. Funding for removal by the director comes from funds available from the Submerged Lands Fund established under section 1861. [PL 1997, c. 678, §13 (NEW).]

C. The director may authorize a 3rd party to remove abandoned watercraft if the director is satisfied that the work will be completed. Ninety-five percent of the proceeds from the sale of the salvaged watercraft accrue to the 3rd party and 5% accrue to the Submerged Lands Fund established under section 1861. [PL 1997, c. 678, §13 (NEW).]

D. Notwithstanding the time periods for owner removal specified in paragraph A, if the director determines at any time that a watercraft is a health or safety hazard, the director may immediately remove the watercraft from the coastal waters. [PL 1997, c. 678, §13 (NEW).]

E. If the director removes a watercraft from coastal waters under this subsection, the director may sell the watercraft. Any proceeds from the sale must first be applied to the costs to the State directly related to the expense of removal of the watercraft. Any money that remains may be applied to any liens against the watercraft. Money that finally remains must accrue to the Submerged Lands Fund established under section 1861. [PL 1997, c. 678, §13 (NEW).]

F. Abandoned watercraft located on intertidal land may not be removed by the director without the permission of the landowner. [PL 1997, c. 678, §13 (NEW).]

G. The director may adopt rules governing abandoned watercraft in accordance with Title 5, chapter 375. [PL 1997, c. 678, §13 (NEW).]
[PL 2003, c. 254, §5 (AMD).]

5. Method of removal. The method of removal of abandoned watercraft, whether by the owner, by a 3rd party or by the State, must comply with all state and federal environmental laws. [PL 1997, c. 678, §13 (NEW).]

6. Civil action. If the State is not compensated for removal costs under the provisions of subsection 4, the State may bring a civil action against the owner of the abandoned watercraft to cover any cost of state removal of the abandoned watercraft from coastal waters. The court in its discretion may award an additional 50% of the cost of removal. The penalty is payable to the submerged lands leasing program pursuant to section 1862. [PL 1997, c. 678, §13 (NEW).]

§1867. Sunken logs on submerged lands owned by State

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Log" means a portion of the trunk of a felled tree that has not been further processed for any end use. [PL 1997, c. 678, §13 (NEW).]

A-1. "Pulpwood" means a portion of a tree intended for use in the paper-making process. [PL 2001, c. 391, §1 (NEW).]

B. "Salvage" means any activity involved in the retrieval of sunken logs or pulpwood from submerged land. [PL 2001, c. 391, §2 (AMD).]
[PL 2001, c. 391, §§1, 2 (AMD).]

2. Title to sunken logs. The State reserves to itself title and ownership to all logs resting on submerged lands that are owned by the State.
[PL 1997, c. 678, §13 (NEW).]

3. Salvage and sale of sunken logs. The director may conduct a sunken log salvage program under which the director may issue a permit for the salvage of sunken logs on submerged lands owned by the State. The director may sell logs salvaged under the sunken log salvage program. Prior to conducting a log salvage operation on submerged lands, a person must obtain a sunken log salvage permit from the bureau and must obtain all other applicable permits from the appropriate local, state and federal agencies with jurisdiction over this activity. The bureau may not issue a permit for this activity if the director finds that the proposed sunken log salvage operations may unreasonably interfere with customary or traditional public access to or public trust rights or uses in, on or over the intertidal or submerged lands and the waters above those lands.
[PL 1997, c. 678, §13 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

4. Rules.
[PL 2001, c. 604, §13 (RP).]

5. Revenues. The director shall charge an application fee of \$100 for each permit. The director may establish reasonable prices for the sale of salvaged logs. All revenues from the bureau's activities under this section accrue to the Submerged Lands Fund established in section 1861.

SUBCHAPTER 7

MAINE TRAILS SYSTEM

§1892. Maine Trails System

The director shall establish trails on state-owned lands and encourage the establishment of trails on private lands by government agencies and private organizations. The director is authorized to negotiate and acquire any interests determined necessary to establish and protect trails and, after consultation with interested parties, to designate certain trails as components of the Maine Trails System. In order to satisfy the purposes of this subchapter, the elements of any trail corridor must include a right-of-way and may include facilities and buffer areas. The director may acquire fee or lesser interest, such as scenic easement, in the rights-of-way and less-than-fee interest in buffer areas adjacent to the rights-of-way in order to protect the trails from incompatible developments. In all cases, such interest must be acquired to ensure both access to the trail and maintenance of appropriate conditions. [PL 1997, c. 678, §13 (NEW).]

If all reasonable efforts to acquire lands or interests therein by negotiation have failed and public exigency requires it, the director, with the consent of the Governor and the commissioner, may utilize the power of eminent domain to acquire any land determined necessary to provide passage via the most direct or practicable connecting trail right-of-way across such lands; however, not more than 25 acres in any one mile may be acquired without consent of the owner and that owner and adjacent landowners may not be precluded from using motorized vehicles across such trails to maintain reasonable access to their fee or other interests in land. The right of eminent domain may not be exercised without prior review by the joint standing committee of the Legislature having jurisdiction over conservation matters. [PL 2009, c. 356, Pt. B, §3 (AMD).]

The director may enter into agreements with private organizations and government agencies to provide for the maintenance of established trails. Local and regional government agencies and private organizations are encouraged to assume the primary responsibility for the establishment, maintenance and administration of local trails. When necessary, the director shall coordinate the efforts of government agencies and private organizations to establish, maintain and administer trails that are regional in character. [PL 1997, c. 678, §13 (NEW).]

The director may adopt rules governing the use of the Maine Trails System as necessary to maintain the purposes of this subchapter and compatibility with federal regulations. [PL 1997, c. 678, §13 (NEW).]

1. Maine Trails System. The Maine Trails System consists of:

A. Trails designated to provide a variety of recreation opportunities. Recreation trails may be limited to foot, horse or other nonmotorized means of transportation or motorized means of transportation or a combination, as determined appropriate by the director; [PL 1997, c. 678, §13 (NEW).]

B. Trails providing for the appreciation of natural and primitive areas and for the conservation of significant scenic, historic, natural or cultural qualities of the areas through which the trails pass and offering primarily the experience of solitude and self-reliance in natural or near-natural surroundings. Rights-of-way and buffer areas may be established and maintained to further that experience, and no use or development is permitted that threatens the primitive character of the land. Nothing in this subchapter may be construed as excluding from a primitive trail system areas of development if such areas are determined by the director to be relatively insignificant compared to the system as a whole or if that development either is not likely to remain or leave a lasting mark or is integral to the trail system itself. Primitive trails may be restricted to foot traffic, including hiking, snowshoeing and skiing, except in those areas where the trails are on existing roads. The Appalachian Trail is included as a primitive trail in the Maine Trails System and other trails may also be included; and [PL 1997, c. 678, §13 (NEW).]

C. Camp sites, shelters and related public-use and management facilities to the extent that they do not interfere with the nature and purposes of the trails they serve. [PL 1997, c. 678, §13 (NEW).]
[PL 1997, c. 678, §13 (NEW).]

(1) For all grants disbursed after July 1, 1984, the bureau shall adopt rules specifying how to apply for the grants, which projects are eligible and the formula for state support.

(2) The bureau may charge a reasonable fee for these services and materials when the money credited to it under this paragraph is insufficient to satisfy the demand for the services and materials. All fees so collected must be deposited in the Snowmobile Trail Fund.

(3) If any of the money is not expended during the year in which the money is collected, the unexpended balance does not lapse, but is carried as a continuing account available for the purposes specified until expended. [PL 2003, c. 414, Pt. C, §1 (NEW); PL 2003, c. 614, §9 (AFF).]

SUBCHAPTER 10**REGULATION OF SWIM AREAS ON INLAND WATERS****§1900. Swim areas**

1. Definitions. As used in this subchapter, the following terms have the following meanings.

A. "Camping area" means, in addition to the generally accepted interpretations, lakeshore places, picnic and lunch grounds or other premises where tents or recreational vehicles are permitted and licensed under Title 22, section 2495. [PL 2009, c. 312, §1 (NEW).]

B. "Developed swim area" means an area delineated by line buoys in accordance with the aids to navigation system established pursuant to section 1894. [PL 2009, c. 312, §1 (NEW).]

C. "Qualified entity" means a camping area, recreational camp or governmental entity or governmentally sponsored group. [PL 2009, c. 312, §1 (NEW).]

D. "Recreational camp" means day camps, boys and girls camps and family, hunting, fishing and similar camps licensed under Title 22, section 2495. [PL 2009, c. 312, §1 (NEW).]

E. "Swim line" means a line, rope or a series of buoys used to delineate an area of surface water for the purpose of swimming. [PL 2009, c. 312, §1 (NEW).]

F. "Water safety zone" means the area of water within 200 feet of shoreline, whether the shoreline of the mainland or of an island. [PL 2009, c. 312, §1 (NEW).]

[PL 2009, c. 312, §1 (NEW).]

2. Property rights. Nothing in this subchapter may be construed to affect private property rights or the State's ownership rights over inland waters.

[PL 2009, c. 312, §1 (NEW).]

3. Swim area prohibition. A person may not establish or maintain a swim line or a developed swim area without a permit issued under subsection 4.

A. [PL 2015, c. 252, §2 (RP).]

B. [PL 2015, c. 252, §2 (RP).]

[PL 2015, c. 252, §2 (AMD).]

4. Issuance of permit; revocation. The director may issue a permit to establish and maintain a swim line or a developed swim area within the water safety zone only to a qualified entity and only if the swim line or developed swim area is designed solely to provide recreational swimming opportunities for the public.

A. If the director determines, after notice and an opportunity for hearing, that a swim line or developed swim area is being used for purposes other than to provide recreational swimming opportunities for the public, the director may revoke the permit. [PL 2015, c. 252, §2 (NEW).]

B. If the Commissioner of Inland Fisheries and Wildlife believes that a swim line or a developed swim area is being used for purposes other than to provide recreational swimming opportunities for the public and is interfering with boating or fishing, the commissioner shall notify the director and may request that the permit for the swim line or developed swim area be revoked pursuant to paragraph A. [PL 2015, c. 252, §2 (NEW).]

The length of the area delineated by a swim line or of a developed swim area may not exceed 50% of the entire length of the shore frontage of the property from which the developed swim area or the area delineated by a swim line extends or 200 feet, whichever is greater, except that in no event may the developed swim area or the area delineated by a swim line extend beyond the shore frontage of the property. The length of the developed swim area or of an area delineated by a swim line must be measured parallel to the shore.

[PL 2015, c. 252, §2 (AMD).]

5. Fee; expiration. Permits issued under subsection 4 expire 5 years after the date of issuance. The director shall establish by rule a fee for the permits. All revenues from fees must be deposited in the Boating Facilities Fund created under section 1896.

[PL 2015, c. 252, §2 (AMD).]

6. Enforcement. A municipally appointed inland harbor master, code enforcement officer or law enforcement officer is primarily responsible for the enforcement of this subchapter.

[PL 2009, c. 312, §1 (NEW).]

7. Rules. The director shall adopt rules to implement and carry out the purposes of this subchapter. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

ATLANTIC STATES MARINE FISHERIES COMPACT

SUBCHAPTER 1**COMPACT****§4601. Purpose -- Article I**

The purpose of this compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

§4602. Entry into force -- article II

This agreement shall become operative immediately as to those states executing it whenever any 2 or more of the States of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida have executed it in the form that is in accordance with the laws of the executing state and the Congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon coastal waters frequented by anadromous fish, flowing into coastal waters under the jurisdiction of any of the aforementioned states, may become a party hereto as provided. [PL 1987, c. 513, §1 (AMD).]

SECTION HISTORY

PL 1987, c. 513, §1 (AMD).

§4603. Commission -- Article III

Each state joining herein shall appoint 3 representatives to a commission constituted and designated as the Atlantic States Marine Fisheries Commission, as authorized by Title 5, section 12004-K, subsection 6. One shall be the executive officer of the administrative agency of the state charged with the conservation of the fisheries resources to which this compact pertains or, if there be more than one officer or agency, the official of that state named by the governor thereof. The 2nd shall be a member of the legislature of the state designated by the commission or committee on interstate cooperation of that state, or if there be none, or if the commission on interstate cooperation cannot constitutionally designate the member, that legislator shall be designated by the governor thereof; provided, if it is constitutionally impossible to appoint a legislator as a commissioner from that state, the 2nd member shall be appointed by the governor of that state in that governor's discretion. The 3rd shall be a citizen who shall have a knowledge of and interest in the marine fisheries problem to be appointed by the governor. This commission shall be a body corporate with the powers and duties set forth herein. [PL 1989, c. 503, Pt. B, §57 (AMD).]

SECTION HISTORY

PL 1983, c. 812, §79 (AMD). PL 1989, c. 503, §B57 (AMD).

§4604. -- powers and duties -- Article IV

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The commission shall, more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs or joint stocking by some or all of the states party hereto and when 2 or more of the states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

§4605. -- officers -- Article V

The commission shall elect from its number a chair and a vice-chair and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry this compact into effect and shall fix and determine their duties, qualifications and compensation. The commission shall adopt rules for the conduct of its business and may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year. [RR 2021, c. 2, Pt. B, §15 (COR).]

SECTION HISTORY

RR 2021, c. 2, Pt. B, §15 (COR).

§4606. -- voting -- Article VI

No action shall be taken by the commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The commission shall define what shall be an interest.

§4607. Research; advisory committee -- Article VII

The Fish and Wildlife Service of the Department of the Interior of the Government of the United States shall act as the primary research agency of the Atlantic States Marine Fisheries Commission cooperating with the research agencies in each state for that purpose. Representatives of the said Fish and Wildlife Service shall attend the meetings of the commission.

An advisory committee to be representative of the people who fish commercially, the salt water anglers and such other interests of each state as the commission considers advisable must be established by the commission as soon as practicable for the purpose of advising the commission upon recommendations it desires to make. [RR 2021, c. 2, Pt. B, §16 (COR).]

SECTION HISTORY

RR 2021, c. 2, Pt. B, §16 (COR).

§4608. Participation limited -- Article VIII

When any state other than those named specifically in Article II of this compact shall become a party thereto for the purpose of conserving its anadromous fish in accordance with Article II the participation of such state in the action of the commission shall be limited to such species of anadromous fish.

§4609. Rights preserved -- Article IX

Nothing in this compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

§4610. Continued absence -- Article X

Continued absence of representation or of any representative on the commission from any state party hereto shall be brought to the attention of the governor thereof.

§4611. Annual appropriation -- Article XI

The states party hereto agree to make annual appropriations to the support of the commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recent published reports of the Fish and Wildlife Service of the United States Department of the Interior, provided no state shall contribute less than \$200 per year and the annual contribution of each state above the minimum shall be figured to the nearest \$100.

Budgets shall be recommended by a majority of the commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

§4612. Renunciation -- Article XII

This compact shall continue in force and remain binding upon each compacting state until renounced by it. Renunciation of this compact must be preceded by sending 6 months' notice in writing of intention to withdraw from the compact to the other states party hereto.

§4613. Regulations; withdrawal -- Article XIII

The State of Maine enters into an amendment of the Atlantic States Marine Fisheries Compact with any one or more of the states of New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, South Carolina, Georgia and Florida and such other states as may become party to that compact for the purpose of permitting the states that ratify this amendment to establish joint regulations of specific fisheries common to those states through the Atlantic States Marine Fisheries Commission and their representatives on that body. Notice of intention to withdraw from this amendment shall be executed and transmitted by the Governor and shall be in accordance with Article XII, which shall be effective as to this State with those states which similarly ratify this amendment. The states consenting to this amendment agree that any 2 or more of them may designate the Atlantic States Marine Fisheries Commission as a joint regulatory agency with such powers as they may jointly confer from time to time for the regulation of the fishing operations of the citizens and vessels of such designating state with respect to specific fisheries in which such states have a common interest. The representatives of such states on the Atlantic States Marine Fisheries Commission shall constitute a separate section of such commission for the exercise of the additional powers so granted provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic States Marine Fisheries Commission under the general compact.

SUBCHAPTER 2**PROVISIONS RELATING TO COMPACT****§4651. Ratification**

The Governor of this State is authorized and directed to execute a compact on behalf of the State of Maine with any one or more of the states of New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida and with such other states as may enter into the compact, legally joining therein in the form substantially as in this chapter. [PL 1965, c. 425, §8 (AMD).]

PL 1965, c. 425, §8 (AMD).

§4652. Commissioners; vacancies; term; removal

In pursuance of Article III of the compact there are 3 members, in this subchapter called "commissioners," of the Atlantic States Marine Fisheries Commission, in this subchapter called "commission," from the State of Maine. The first commissioner from the State of Maine must be the Commissioner of Marine Resources of the State of Maine ex officio, and the term of any such ex officio commissioner must terminate at the time that commissioner ceases to hold the office of Commissioner of Marine Resources and that commissioner's successor as commissioner must be that commissioner's successor as Commissioner of Marine Resources. The 2nd commissioner from the State of Maine must be a Legislator appointed jointly by the President of the Senate and the Speaker of the House of Representatives. The Legislator appointed as the 2nd commissioner serves until the end of the term of the Legislature in which that person was appointed or until replaced by the President of the Senate and the Speaker of the House of Representatives. The Governor shall appoint a citizen as a 3rd commissioner who must have a knowledge of and interest in the marine fisheries problem. The term of that commissioner is 3 years and that commissioner holds office until a successor is appointed and qualified. Vacancies occurring in the office of that commissioner for any reason or cause must be filled by appointment by the Governor for the unexpired term. The Commissioner of Marine Resources as ex officio commissioner may delegate, from time to time, to any deputy or other subordinate in that commissioner's department or office the power to be present and participate, including voting as that commissioner's representative or substitute at any meeting of or hearing by or other proceeding of the commission. The terms of each of the initial 3 members begin at the date of the appointment of the appointive commissioner, provided the compact must then have gone into effect in accordance with Article II of the compact; otherwise the terms begin upon the date upon which the compact becomes effective in accordance with Article II. [PL 1993, c. 707, Pt. EE, §1 (AMD).]

Any commissioner may be removed from office by the Governor upon charges and after a hearing.

CHAPTER 431**MAINE SHORELINE PUBLIC ACCESS PROTECTION PROGRAM****§5201. Findings and declaration of policy**

The Legislature finds and declares that public access to the Maine coast is of great importance to people of the State who make their living in the marine and maritime industries and to those who enjoy the natural beauty of our coastal shorelines; that the State of Maine and coastal municipalities own less than 3% of Maine's shoreline, the lowest percentage of publicly owned shoreline of any coastal state in the United States; that the Maine coast is experiencing intense development pressure that is further limiting public access to the shore; and that the rising costs of coastal shorefront property, together with the diminishing opportunities for access to coastal shoreline, require the establishment of a state program to encourage and support the acquisition of shoreland areas for public uses. [PL 1985, c. 794, Pt. B (NEW).]

SECTION HISTORY

PL 1985, c. 794, §B (NEW).

§5202. Maine Shoreline Public Access Protection Fund

1. Fund established. To accomplish the purposes of this chapter, there is established a nonlapsing Maine Shoreline Public Access Protection Fund, referred to in this chapter as the "fund." All income received by the Department of Agriculture, Conservation and Forestry for the purposes of this chapter shall be recorded on the books of the State in a separate account and shall be deposited with the Treasurer of State to be credited to the fund. These funds shall be made available to the commissioner for the purpose of implementing the Maine Shoreline Public Access Protection Program, established under section 5203.

[PL 1987, c. 402, Pt. A, §94 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

2. Expenditure of funds. All money credited to the fund must be used to preserve and protect public access to coastal shoreland areas in accordance with the guidelines established by the commissioner pursuant to section 5203. As provided in section 5203, not less than 50% of all revenue available from the fund must be disbursed to municipalities located in the coastal area, as defined in Title 38, section 1802. No more than 10% of the revenues available in the fund may be used for the development of acquired access areas.

[PL 2021, c. 676, Pt. A, §25 (AMD).]

§5203. Program guidelines

1. Program established. There is established, within the Department of Agriculture, Conservation and Forestry, the Maine Shoreline Public Access Protection Program, referred to in this chapter as the "program" for the purposes of encouraging and supporting the acquisition and development of shoreland areas by the State Government and local governments. Any acquisition or development of shoreland areas supported by this program shall be undertaken solely to enhance, preserve or protect public access to coastal shoreland areas. The commissioner shall establish, amend or repeal rules of the department necessary to accomplish the purposes of this chapter.

[PL 1987, c. 402, Pt. A, §95 (AMD); PL 2011, c. 657, Pt. W, §5 (REV).]

2. Program guidelines. To accomplish the purposes of this chapter, the commissioner shall establish guidelines for the appropriate expenditure of money available in the fund. In establishing these guidelines, the commissioner shall consider, among other things:

A. Access to shoreline for shellfish and marine worm harvesters and for other economic purposes; [PL 1985, c. 794, Pt. B (NEW).]

B. Public access to shoreline for scenic and recreational purposes; [PL 1985, c. 794, Pt. B (NEW).]

C. The purchase of easements and property development rights; [PL 1985, c. 794, Pt. B (NEW).]

D. The establishment and limited development of public access ways and areas; and [PL 1985, c. 794, Pt. B (NEW).]

E. The ability of a municipality or state agency to manage shoreline access in a manner that is consistent with the natural carrying capacity of the area accessed and to provide adequate essential public services. [PL 1985, c. 794, Pt. B (NEW).]

[PL 1985, c. 794, Pt. B (NEW).]

3. Coastal municipality participation. Notwithstanding any guidelines established pursuant to this chapter, at least 50% of all revenue available from the fund must be disbursed to municipalities located in the coastal area, as defined in Title 38, section 1802, for the acquisition or development of

shoreline access areas. The amount disbursed to such a municipality pursuant to this section may not exceed 50% of the total cost of the acquisition or development project.

[PL 2021, c. 676, Pt. A, §26 (AMD).]

4. Public access. All projects financed through this program shall be made equally open for use by all Maine citizens.

The commissioner shall review the application and set a hearing date if the commissioner is satisfied that the written application is complete, the application indicates that the lease could be granted and the applicant has the financial and technical capability to carry out the

proposed activities. When the commissioner has determined that the application is complete, the commissioner shall forward a copy of the completed application and notice of hearing to the known riparian owners within 1,000 feet of the proposed lease and to the municipality or municipalities in which or adjacent to which the lease is proposed. A municipality must be granted intervenor status upon written request.

[PL 1999, c. 591, §1 (AMD).]

5-A. Department site review. Prior to the lease hearing, the department shall conduct an assessment of the proposed site and surrounding area to determine the possible effects of the lease on commercially and ecologically significant flora and fauna and conflicts with traditional fisheries and all other uses. This information must be provided to the intervenors and made available to the public 30 days before the hearing. As part of the site review, the department shall request information from the municipal harbor master about designated or traditional storm anchorages in proximity to the proposed lease. The commissioner may by rule establish levels of assessment appropriate to the scale or potential environmental risk posed by a proposed lease activity. The rules must provide a method of establishing a baseline to monitor the environmental effects of a lease activity. Rules adopted under this subsection are major substantive rules as defined by Title 5, chapter 375, subchapter 2-A.

[PL 2003, c. 660, Pt. A, §5 (AMD).]

6. Hearing procedure. Prior to granting a lease, the commissioner shall hold a hearing. The hearing shall be an adjudicatory proceeding and shall be held in the manner provided under the Maine Administrative Procedure Act, Title 5, chapter 375, subchapter IV and the specific procedures of this section.

A. Notwithstanding the provisions of Title 5, section 9052, subsection 1, paragraph A, personal notice of the hearing is required to be given only to the lessee and the known riparian owners, the municipal officers of the municipality or municipalities in which or adjacent to which the lease is located and any interested parties that have provided a written request for notification. [PL 2021, c. 52, §1 (AMD).]

B. Under the provisions of Title 5, section 9052, the leasing procedure must require notice to the general public. The commissioner may require the applicant to reimburse the department for costs incurred by the department in providing public notice under this paragraph. [PL 2021, c. 52, §2 (AMD).]

C. The Department of Environmental Protection must be notified of all lease applications that involve activities that have a discharge into the waters of the State. The Department of Agriculture, Conservation and Forestry and the Department of Inland Fisheries and Wildlife must be notified of all lease applications. [PL 2021, c. 52, §3 (AMD).]

D. [PL 2003, c. 247, §3 (RP).]

[PL 2021, c. 52, §§1-3 (AMD).]

7. Decision.

[PL 1987, c. 453, §1 (RP).]

7-A. Decision. In evaluating the proposed lease, the commissioner shall take into consideration the number and density of aquaculture leases in an area and may grant the lease if the proposed lease meets the following conditions as defined by rule.

A. The lease will not unreasonably interfere with the ingress and egress of riparian owners. [PL 2003, c. 660, Pt. A, §6 (AMD).]

B. The lease will not unreasonably interfere with navigation. [PL 2003, c. 660, Pt. A, §6 (AMD).]

C. The lease will not unreasonably interfere with fishing or other uses of the area. For the purposes of this paragraph, "fishing" includes public access to a redeemable shellfish resource, as defined by

the department, for the purpose of harvesting, provided that the resource is commercially significant and subject to a pollution abatement plan that predates the lease application, that includes verifiable activities in the process of implementation and that is reasonably expected to result in the opening of the area to the taking of shellfish within 3 years. [PL 2003, c. 660, Pt. A, §6 (AMD).]

D. The lease will not unreasonably interfere with significant wildlife habitat and marine habitat or with the ability of the lease site and surrounding marine and upland areas to support existing ecologically significant flora and fauna. [PL 2003, c. 660, Pt. A, §6 (AMD).]

E. The applicant has demonstrated that there is an available source of organisms to be cultured for the lease site. [PL 2003, c. 660, Pt. A, §6 (AMD).]

F. The lease does not unreasonably interfere with public use or enjoyment within 1,000 feet of a beach, park or docking facility owned by the Federal Government, the State Government or a municipal governmental agency or certain conserved lands. For purposes of this paragraph, "conserved lands" means land in which fee ownership has been acquired by the municipal government, State Government or Federal Government in order to protect the important ecological, recreational, scenic, cultural or historic attributes of that property.

The Department of Agriculture, Conservation and Forestry shall maintain a list of conserved lands. The commissioner shall request this information from the Department of Agriculture, Conservation and Forestry prior to holding a preapplication proceeding. [PL 2011, c. 655, Pt. II, §4 (AMD); PL 2011, c. 655, Pt. II, §11 (AFF); PL 2011, c. 657, Pt. W, §5 (REV).]

G. The lease will not result in unreasonable impact from noise or light at the boundaries of the lease site. [PL 2003, c. 660, Pt. A, §6 (AMD).]

H. Upon the implementation of rules, the lease must be in compliance with visual impact criteria adopted by the commissioner relating to color, height, shape and mass. [PL 2003, c. 247, §4 (NEW).]

The commissioner shall adopt rules to establish noise, light and visual impact criteria under paragraphs G and H, which are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2011, c. 655, Pt. II, §4 (AMD); PL 2011, c. 655, Pt. II, §11 (AFF); PL 2011, c. 657, Pt. W, §5 (REV).]

7-B. Conditions. The commissioner may establish conditions that govern the use of the leased area and limitations on the aquaculture activities. These conditions must encourage the greatest multiple, compatible uses of the leased area, but must also address the ability of the lease site and surrounding area to support ecologically significant flora and fauna and preserve the exclusive rights of the lessee to the extent necessary to carry out the lease purpose. [PL 2003, c. 247, §5 (AMD).]

8. Preference. If more than one person applies to lease an area, preference must be given as follows:

A. First, to the person who holds a lease for the area or a portion of the area under section 6072-A and who submitted an application for a lease under this section for the area or a portion of the area before the lease under section 6072-A expired; [PL 2011, c. 93, §1 (AMD).]

A-1. Second, to the person who holds a license for the area or a portion of the area under section 6072-C and who submitted an application for a lease under this section for the area or a portion of the area before the license under section 6072-C expired; [PL 2017, c. 159, §3 (NEW).]

B. Third, to the department; [PL 2017, c. 159, §3 (AMD).]

C. Fourth, to the riparian owner of the intertidal zone in which the leased area is located; [PL 2017, c. 159, §3 (AMD).]

D. Fifth, to a person who fishes commercially and who has traditionally fished in or near the proposed lease area; and [PL 2017, c. 159, §3 (AMD).]

E. Sixth, to the riparian owner within 100 feet of leased coastal waters. [PL 2017, c. 159, §3 (AMD).]

[PL 2017, c. 159, §3 (AMD).]

8-A. Preference for limited-purpose lease areas.

[PL 2011, c. 93, §2 (RP).]

9. Rents. After consulting with the Director of the Bureau of Parks and Lands, the commissioner shall determine the rent that must be paid under each lease. The rent must represent a fair value based upon the use of and any structures in the leased area, but in no instance may the rental fee be set at less than \$50 an acre or more than \$100 an acre. The commissioner has the discretion to increase the rental fees for categories of leases. These changes may take effect over the term of a lease. The commissioner also may discount a portion of the rental fee during the first 2 years of operation of a new lease. This discounted rate may not be less than \$50 an acre.

[PL 2003, c. 660, Pt. A, §7 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §24 (REV).]

10. Notification of granted leases. After the granting of a lease:

A. [PL 2015, c. 68, §1 (RP).]

B. The department shall notify all riparian owners, intervenors and the municipality in which the lease is located that a lease has been granted. The notice must include a description of the area and how a copy of the lease may be obtained; [PL 2003, c. 247, §6 (RPR).]

C. The lessee shall mark the leased area in a manner prescribed by the commissioner; and [PL 2003, c. 247, §6 (RPR).]

D. The lessee shall annually submit to the department a seeding and harvesting report for the past year and a seeding and harvesting plan for the coming year. Upon written request, the department shall provide a copy of the report to the municipality or municipalities in which or adjacent to which the lease is located. The seeding and harvesting reports submitted by a lessee under this paragraph are considered confidential statistics for the purposes of section 6173. A copy of a report provided to a municipality pursuant to this paragraph is confidential. [PL 2021, c. 581, §1 (AMD).]

[PL 2021, c. 581, §1 (AMD).]

11. Monitoring and revocation of leases. The department shall monitor a lease under this section on an annual basis. If aquaculture has been conducted in a manner substantially injurious to marine organisms or public health, if no substantial aquaculture or research has been conducted over the course of the lease or if any condition of the lease or any minimum lease maintenance standard adopted pursuant to subsection 13, paragraph A has been violated, the commissioner may initiate revocation proceedings and revoke the lease. A lease revocation is an adjudicatory proceeding under Title 5, chapter 375, subchapter 4. The department shall hold a hearing with public notice prior to revoking any lease.

[PL 2021, c. 52, §4 (AMD).]

11-A. Lease assignment. The commissioner shall assign leases in accordance with this subsection.

A. When a lease under this section has been terminated by the lessee or has been revoked by the commissioner and all appeals have been exhausted, the commissioner may lease the same site on the same terms and conditions to a new lessee for the amount of time remaining in the term of the previous lease, subject to the requirements of this section. A lease that has been terminated or revoked may be assigned pursuant to this subsection at any time before its term expires. A lease

assignment pursuant to this subsection is not an adjudicatory proceeding. [PL 2009, c. 229, §1 (NEW).]

B. Before assigning a lease pursuant to this subsection, the commissioner shall give notice to the public of the opportunity to submit proposals to assume and operate the lease. The commissioner shall determine that a proposal is eligible for consideration if:

- (1) The application is complete, using forms provided by the commissioner;
- (2) The change in lessee would not violate any of the standards in subsection 7-A;
- (3) The assignment is not intended to circumvent the intent of subsection 8;
- (4) The assignment is not for speculative purposes; and
- (5) Except as provided in subsection 13-A, the assignment will not cause the assignee to be a tenant of any kind in leases covering an aggregate of more than 500 acres. [PL 2009, c. 229, §1 (NEW).]

C. The commissioner shall consider the eligible proposals under paragraph B and shall either:

- (1) Select for assignment the proposal that is best suited to the lease site and in the best interests of the State;
- (2) Declare all proposals unsuitable and solicit new proposals; or
- (3) Suspend the assignment process for the lease site in question. [PL 2009, c. 229, §1 (NEW).]

D. After a proposal is selected pursuant to paragraph C, but before the lease is assigned, the commissioner shall give notice of the pending assignment to the public, the owners of riparian land within 1,000 feet of the lease site and the municipal officers of the municipality within which the lease is located. The notice must provide an opportunity to submit written comments on the proposed lease assignment within 14 days. The commissioner may decline to assign the lease and may select another proposal for assignment or proceed as described in paragraph C, subparagraph (2) or (3). [PL 2009, c. 229, §1 (NEW).]

E. A decision by the commissioner to assign a lease or to decline to assign a lease to an applicant whose proposal was selected pursuant to paragraph C must be rendered in writing and must include findings of fact and conclusions of law. The decision by the commissioner to assign or not to assign a lease is a final decision. [PL 2009, c. 229, §1 (NEW).]

F. The commissioner shall establish by rule the fee for assigning a lease under this subsection, which may not exceed \$5,000, based on the type of aquaculture conducted and the size of the lease. The assignee must pay the fee prior to the execution of the lease. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2009, c. 229, §1 (NEW).]

[PL 2009, c. 229, §1 (NEW).]

12. Renewal. The commissioner shall renew a lease if:

A. The commissioner receives, at least 30 days prior to the expiration of a lease, an application for renewal that includes information on the type and amount of aquaculture to be conducted during the new lease term; [PL 2021, c. 52, §5 (AMD).]

B. The lessee has complied with the lease agreement during the term of the lease; [PL 2003, c. 247, §8 (NEW).]

C. The commissioner determines that renewal of the lease is in the best interest of the State; [PL 2003, c. 247, §8 (NEW).]

D. Except as provided in subsection 13-A, the renewal will not cause the lessee to become a tenant of any kind in leases covering an aggregate of more than 500 acres; and [PL 2005, c. 535, §2 (AMD).]

E. The lease is not being held for speculative purposes. [PL 2003, c. 247, §8 (NEW).]

If a person who holds a lease pursuant to this section applies to renew the lease, the lease remains in effect until the commissioner makes a decision on the renewal application. If the renewal is denied, the lease expires 30 days after the date of the commissioner's decision.

When aquaculture has not been routinely or substantially conducted on a lease that is proposed for renewal, the commissioner may renew the lease, as long as the proposed renewal will continue to meet the criteria for approval in subsection 7-A.

A lease renewal is an adjudicatory proceeding under Title 5, chapter 375, subchapter 4. Public notice must be given to the entities required to receive notice under subsection 6. A person may provide to the commissioner comments on the proposed lease renewal within 30 days of receipt of notice or within 30 days of publication of the proposed renewal. A hearing must be held if it is requested in writing by 5 persons within the 30 days. The commissioner may review multiple leases concurrently during the lease renewal process.

A lease renewal application must include a nonrefundable application fee of no more than \$1,500, the amount to be set by the commissioner depending on the type of aquaculture permitted by the lease. [PL 2021, c. 52, §5 (AMD).]

12-A. Transferability. A lease under this section may be transferred to another person for the remaining portion of its term subject to the conditions in this subsection. A lease transfer is not an adjudicatory proceeding.

A. An application to transfer a lease pursuant to this subsection must be made on forms provided by the commissioner. When the commissioner determines that the application is complete, the commissioner shall give notice of the proposed transfer to the public, the owners of riparian land within 1,000 feet of the lease site and the municipal officers of the municipality within which the lease is located. The notice must provide an opportunity to submit written comments on the proposed lease transfer within 14 days. [PL 2009, c. 229, §2 (AMD).]

B. The commissioner may grant lease transfers pursuant to this subsection if the commissioner determines that:

- (1) The change in lessee does not violate any of the standards in subsection 7-A;
- (2) The transfer is not intended to circumvent the intent of subsection 8;
- (3) The transfer is not for speculative purposes; and
- (4) Except as provided in subsection 13-A, the transfer will not cause the transferee to be a tenant of any kind in leases covering an aggregate of more than 500 acres.

A decision by the commissioner on an application to transfer a lease must be rendered in writing and must include findings of fact and conclusions of law. The decision by the commissioner on the transfer application is a final decision. [PL 2021, c. 676, Pt. A, §28 (AMD).]

C. The commissioner shall establish by rule the fee for transferring a lease under this subsection, which may not exceed \$5,000, based on the type of aquaculture conducted and the size of the lease. The transferee must pay the fee at the time application for the transfer is made. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2021, c. 52, §6 (AMD).]

[PL 2021, c. 676, Pt. A, §28 (AMD).]

12-B. Extension of lease.

[PL 2011, c. 93, §4 (RP).]

12-C. Expansion of lease. A person who has held a lease under this section for at least 2 years from the date the lease was originally executed may apply to the commissioner to expand the contiguous area of the lease by up to 25%, but may not expand by more than 4 acres, once during the duration of the term of the lease pursuant to this subsection.

A. The lease holder shall submit an application written on forms supplied by the commissioner:

- (1) Describing the location of the proposed lease expansion area by coordinates or metes and bounds;
- (2) Characterizing the physical and ecological impact of the lease expansion on existing uses of the site and any adverse effects on existing uses of the area, as defined by rules adopted by the commissioner;
- (3) Including the written permission of every riparian owner whose land to the low-water mark will be used;
- (4) Including a map of the lease area and its proposed expansion, and its adjoining waters and shorelands, with the names and addresses of the known riparian owners as listed in the municipal tax records;
- (5) Including an environmental evaluation of the site upon which the decision to seek an expansion of the lease was made. The evaluation must include, but is not limited to, bottom characteristics, resident flora and fauna and hydrography of the site if appropriate for the proposed lease; and
- (6) Including a nonrefundable application fee of at least \$100, but not more than \$2,000, the amount to be set by the commissioner depending on the proposed acreage, type of aquaculture proposed and complexity of the expansion application. [PL 2021, c. 52, §7 (AMD).]

B. The commissioner shall review the application. When the commissioner has determined that the application for the lease expansion is complete, the commissioner shall provide notice to the known riparian owners and to the municipal officers of the municipality or municipalities in which or adjacent to which the lease expansion is proposed. The applicant shall publish in a newspaper of general circulation in the municipality or municipalities in which the lease expansion is proposed a summary of the application and notice of the opportunity to submit comments regarding the proposed lease expansion to the commissioner during a period of at least 30 days following the date of publication of the lease expansion summary. [PL 2021, c. 52, §7 (AMD).]

C. The commissioner may conduct an assessment of the proposed lease expansion area to determine possible effects of the lease on commercially and ecologically significant flora and fauna. [PL 2017, c. 159, §4 (NEW).]

D. The commissioner shall consider comments received during the period for comments set pursuant to paragraph B. [PL 2017, c. 159, §4 (NEW).]

E. If the commissioner determines that, based upon the application and comments received, the lease expansion meets the requirements of subsection 7-A, the commissioner may approve the request for the lease expansion. [PL 2017, c. 159, §4 (NEW).]

[PL 2021, c. 52, §7 (AMD).]

13. Rules. The commissioner may adopt or amend rules:

A. Establishing minimum standards for maintaining leases; [PL 1981, c. 609, §4 (NEW).]

B. For procedures to issue, transfer, review, assign, expand or revoke leases; [PL 2017, c. 159, §5 (AMD).]

C. For notices and hearings to the extent that those procedures are not established by this section or the Maine Administrative Procedure Act, Title 5, chapter 375; [PL 1987, c. 453, §1 (AMD).]

D. For regulating the harvest of wild organisms to be cultured on aquaculture leases; [PL 1987, c. 453, §1 (NEW).]

E. For establishing and revaluing fees and rents related to aquaculture; [PL 1993, c. 525, §1 (AMD).]

F. For defining application requirements, an application review process and decision criteria; [PL 2003, c. 660, Pt. A, §11 (AMD).]

G. For adding or deleting authorization for the holder of an aquaculture lease to grow specific species or to use specific gear on the lease site and for a modification to operations as a result of a change in species or gear authorization. A change in authorization or a resultant modification to operations is not an adjudicatory proceeding. The commissioner shall establish by rule the fee for modifying a lease under this paragraph, which may not exceed \$200. The rules must provide for notice of proposed changes in gear authorization to the public, riparian landowners and the municipality in which the lease is located and an opportunity to submit written comments on the proposal. Authorization to add species or gear must be consistent with the findings made under subsection 7-A when the lease was approved; [PL 2021, c. 52, §8 (AMD).]

H. For establishing fallowing requirements and procedures; [PL 2021, c. 52, §8 (AMD).]

I. For establishing fees for services provided by the department to a lease holder if the lease holder requests testing or location-specific studies to ensure the lease holder's products are safe for human consumption. Fees collected pursuant to this paragraph must be deposited into the Shellfish Fund under section 6651; and [PL 2021, c. 52, §8 (NEW).]

J. For defining seed size or seed management and harvest seasons. [PL 2021, c. 52, §8 (NEW).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2021, c. 52, §8 (AMD).]

13-A. Lease acreage increase; fallowing. The commissioner may require a person to submit an annual fallowing plan and a reassessment schedule for that plan to the commissioner that identifies lease sites that have been actively operated during the lease period and that will be fallowed. The commissioner shall review the plan and reassessment schedule and may approve them, reject them or request changes. Revisions to the plan must be submitted in accordance with the reassessment schedule unless the commissioner authorizes an exception due to extraordinary circumstances.

A. Except as provided in paragraph B, a person may not be a tenant of any kind in leases covering an aggregate of more than 500 acres including fallowed leases at any time. [PL 2005, c. 535, §4 (NEW).]

B. The commissioner may by rule authorize leases in excess of the 500-acre limit if the commissioner determines that the increase is beneficial for the management of aquaculture and is environmentally and economically appropriate. The commissioner may not authorize a person to be a tenant of any kind in leases covering an aggregate of more than 1,500 acres. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2005, c. 535, §4 (NEW).]

For purposes of this subsection, "fallow" means a lease site without cultured organisms. A lease site fallowed pursuant to an enforcement action may not be considered fallowed for the purpose of this subsection.

[PL 2005, c. 535, §4 (RPR).]

14. Conflicts. Whenever a project described in a pending aquaculture lease conflicts or could conflict with a project described in a pending submerged lands act lease, the commissioner and the Commissioner of Agriculture, Conservation and Forestry shall determine which project is in the best interests of the State.

[PL 1977, c. 661, §5 (NEW); PL 2011, c. 657, Pt. W, §6 (REV).]

15. Rules.

[PL 2021, c. 52, §9 (RP).]

16. Lease-by-rule; small-scale finfish and suspended shellfish operations.

[PL 1997, c. 138, §7 (RP).]

17. Restitution. A person who cuts any lines or marker buoys or intentionally damages approved aquaculture gear commits a civil violation for which a fine of not less than \$100 for each violation may be adjudged. In addition, the court shall:

A. Order that person to pay to the owner of the approved aquaculture gear that was cut or damaged an amount equal to twice the replacement value of the gear that was damaged or lost as a result of the cutting or damaging action; and [PL 2005, c. 92, §3 (NEW).]

B. Direct that person to provide the commissioner, upon making full payments as ordered by the court, proof of that payment. [PL 2005, c. 92, §3 (NEW).]

[PL 2005, c. 92, §3 (NEW).]

18. Violation. A person who violates a condition of a lease under this section commits a civil violation for which a fine of not less than \$100 for each violation may be adjudged.

§6072-A. Limited-purpose lease for commercial or scientific research

1. Authority. The commissioner may issue a limited-purpose lease for areas in, on and under the coastal waters, including the public lands beneath those waters and portions of the intertidal zone, for commercial aquaculture research and development or for scientific research. The commissioner or the deputy commissioner acting on the commissioner's behalf may authorize in writing qualified professional department staff to issue a final decision and sign a lease document on an application for a limited-purpose lease. A decision issued by department staff pursuant to this subsection is a final agency action with respect to that lease application.

A. [PL 2013, c. 509, §3 (RP).]

B. [PL 2013, c. 509, §3 (RP).]

[PL 2013, c. 509, §3 (AMD).]

2. Suspended culture. A person issued a limited-purpose lease under this section may construct or operate in the coastal waters of the State a facility for the culture of finfish in nets, pens or other enclosures or for the suspended culture of any other marine organism.
[PL 1997, c. 231, §6 (NEW).]

3. Limit on duration. A limited-purpose lease may not be issued for a period greater than 3 years.
[PL 1997, c. 231, §6 (NEW).]

4. Size limitation. A limited-purpose lease may not be issued for an area in excess of 4 acres.
[PL 2009, c. 229, §4 (AMD).]

5. Notice of application. Upon determining that an application is complete, the commissioner shall provide notice of a limited-purpose lease application to owners of riparian land within 1,000 feet of the proposed location of the lease and to the municipal officers of the municipality in which the limited-purpose lease activity would take place. The applicant shall provide the names and addresses of known riparian landowners within 1,000 feet of the proposed location of the lease. The names and addresses must be taken from the current property tax roster on file at the local municipal office or with the Department of Administrative and Financial Services, Bureau of Revenue Services for an unorganized territory. The commissioner shall publish a summary of the application in a newspaper of general circulation in the area proposed for a limited-purpose lease. The commissioner may require the applicant to reimburse the department for costs incurred by the department in providing public notice under this subsection. A person may provide, within 30 days of receipt of notice or within 30 days of publication of a limited-purpose lease summary, to the commissioner comments on the proposed limited-purpose lease.
[PL 2021, c. 52, §10 (AMD).]

6. Public hearing. The commissioner may hold a public hearing on the proposed limited-purpose lease. The commissioner shall hold a public hearing if 5 or more persons request a public hearing within the 30-day comment periods provided in subsection 5.
[PL 1997, c. 231, §6 (NEW).]

7. Notice of public hearing. The commissioner shall provide notice of a public hearing to owners of riparian land within 1,000 feet of the proposed location of the lease and to the municipal officers of the municipality in which the limited-purpose lease activity would take place. The commissioner shall publish notice of a public hearing in a newspaper of general circulation in the area proposed for a limited-purpose lease at least 30 days before the hearing. The commissioner may require the applicant to reimburse the department for costs incurred by the department in providing public notice under this subsection.
[PL 2021, c. 52, §11 (AMD).]

8. Rules; general and lease application. The commissioner may adopt rules to implement the provisions of this section. Within 180 days of the effective date of this section, the commissioner shall adopt rules regarding a limited-purpose lease application. The rules must require an applicant to, at a minimum, meet the requirements of section 6072, subsection 2, paragraph E and section 6072, subsection 4, paragraphs A, B, C, E, F, G and J. The rules must also require an applicant to provide to the department proof of access to the lease area. If access will be across riparian land, the applicant shall provide to the department the written permission of every riparian owner whose land will be used to access the lease area. The commissioner may adopt rules to add or delete authorization for the holder of an aquaculture lease that is held only for scientific research purposes to grow specific species and to use specific gear on the lease site. A change in authorization is not an adjudicatory proceeding. The rules must provide for notice of proposed changes in gear authorization to the public, riparian landowners and the municipality in which the lease is located and an opportunity to submit written comments on the proposal. Authorization to add species or gear must be consistent with the findings made under subsection 13 when the lease was approved.

[PL 2021, c. 168, §1 (AMD).]

9. Application information. A person who applies for a lease in an area for which that person has been issued an emergency aquaculture lease under section 6072-B may submit any information utilized in applying for an emergency aquaculture lease to meet the application requirements of this section. If the commissioner determines the information is not valid or relevant to a lease application under this section, the commissioner must require a person to submit additional information.

[PL 1997, c. 231, §6 (NEW).]

10. Assessment of proposed activities. Within 180 days of the effective date of this section, the commissioner shall by rule establish a method for conducting an assessment of the proposed limited-purpose lease site and surrounding area to determine the possible effects of the proposed limited-purpose lease activity on commercially and ecologically significant flora and fauna and conflicts with traditional fisheries. The rules must establish levels of assessment appropriate to the scale or potential environmental risk posed by a proposed limited-purpose lease activity. The rules must provide a method for establishing a baseline to monitor the environmental effects of a limited-purpose lease activity.

[PL 1997, c. 231, §6 (NEW).]

11. Municipal approval. In any municipality with a shellfish conservation program under section 6671, the commissioner may not issue a limited-purpose lease under this section for the intertidal zone within the municipality without the consent of the municipal officers.

[PL 1997, c. 231, §6 (NEW).]

12. Preference. If more than one person applies to lease an area, preference must be given as follows:

A. First, to the department; [PL 1997, c. 231, §6 (NEW).]

B. Second, to the riparian owner of the intertidal zone in which the leased area is located; [PL 1997, c. 231, §6 (NEW).]

C. Third, to a person who fishes commercially and who has traditionally fished in or near the proposed lease area; and [PL 1997, c. 231, §6 (NEW).]

D. Fourth, to the riparian owner within 100 feet of leased coastal waters. [PL 1997, c. 231, §6 (NEW).]

[PL 1997, c. 231, §6 (NEW).]

B. Will not unreasonably interfere with navigation; [PL 1997, c. 231, §6 (NEW).]

C. Will not unreasonably interfere with fishing or other uses of the area taking into consideration the number and density of aquaculture leases in an area; [PL 1997, c. 231, §6 (NEW).]

D. Will not unreasonably interfere with the ability of the lease site and surrounding areas to support existing ecologically significant flora and fauna; [PL 1997, c. 231, §6 (NEW).]

E. The applicant has demonstrated that there is an available source of organisms to be cultured for the lease site; and [PL 1997, c. 231, §6 (NEW).]

F. The lease does not unreasonably interfere with public use or enjoyment within 1,000 feet of municipally owned, state-owned or federally owned beaches and parks or municipally owned, state-owned or federally owned docking facilities. [PL 1997, c. 231, §6 (NEW).]

The commissioner may by rule develop criteria for an applicant to meet the terms of this subsection.

[PL 1997, c. 231, §6 (NEW).]

14. Fee. The commissioner shall by rule determine the rental fee for a limited-purpose lease.

[PL 1997, c. 231, §6 (NEW).]

15. Conditions. The commissioner may establish conditions that govern the use of the leased area and limitations on the aquaculture activities. These conditions must encourage the greatest multiple, compatible uses of the leased area, but must also address the ability of the lease site and surrounding area to support ecologically significant flora and fauna and preserve the exclusive rights of the lessee to the extent necessary to carry out the lease purpose. The commissioner may grant the lease on a conditional basis until the lessee has acquired all the necessary federal, state and local permits.

[PL 2003, c. 660, Pt. A, §15 (AMD).]

16. Statement of rights conveyed. The commissioner shall include the following statement in a lease issued under this section: "A limited-purpose lease for scientific research or commercial aquaculture research and development conveys only those rights specified in the lease."

[PL 1997, c. 231, §6 (NEW).]

17. Actions required of lease holder.

[PL 2003, c. 247, §12 (RP).]

17-A. Notification of granted leases. After the granting of a limited-purpose lease:

A. The department shall notify all riparian owners, intervenors and the municipality in which the lease is located that a lease has been granted. The notice must include a description of the area and how a copy of the lease may be obtained; [PL 2003, c. 247, §13 (NEW).]

B. The lessee shall mark the leased area in a manner prescribed by the commissioner; [PL 2009, c. 240, §9 (AMD).]

C. Until October 1, 2023, the lessee shall annually submit to the commissioner a report for the past year on results of the commercial research and development undertaken at the lease site and a plan for the coming year. Results of commercial research and development submitted to the commissioner before October 1, 2023 are confidential records for the purposes of Title 1, section 402, subsection 3, paragraph A; [PL 2023, c. 207, §6 (AMD).]

D. Until October 1, 2023, the lessee shall annually submit to the department a seeding and harvesting report for the past year and a seeding and harvesting plan for the coming year. Upon written request, the commissioner shall provide a copy of the report to the municipality or municipalities in which or adjacent to which the lease is located. A scientific research lease renewal is an adjudicatory proceeding under Title 5, chapter 375, subchapter 4, but a public hearing is not mandatory unless it is requested in writing by 25 or more persons. The commissioner may review multiple leases concurrently during the lease renewal process. The commissioner shall renew a limited-purpose lease for scientific research unless the commissioner finds that:

A. The lease holder has not complied with the terms of the limited-purpose lease; [PL 1997, c. 231, §6 (NEW).]

B. Research has not been conducted during the term of the lease; or [PL 1997, c. 231, §6 (NEW).]

C. It is not in the best interest of the State to renew the limited-purpose lease. [PL 1997, c. 231, §6 (NEW).]

[PL 2011, c. 93, §5 (AMD).]

19. Commercial lease not renewable. A limited-purpose lease for commercial aquaculture research and development may not be renewed.

[PL 1997, c. 231, §6 (NEW).]

20. Extension of commercial lease. If a person who holds a limited-purpose lease for commercial aquaculture research and development submits an application under section 6072 for that lease area or a portion of that area before the expiration of that limited-purpose lease, and if the commissioner's decision under section 6072 occurs after the expiration of that limited-purpose lease, the lease remains in effect until the commissioner makes a decision. If the commissioner grants that person a lease under section 6072, that person's limited-purpose lease remains in effect until the effective date of the lease issued under section 6072. If the commissioner denies that person a lease under section 6072, that person's limited-purpose lease remains in effect until 30 days after the commissioner's decision.

[PL 2011, c. 93, §6 (AMD).]

21. Monitoring lease.

[PL 2003, c. 247, §14 (RP).]

22. Monitoring and revocation of leases. The department shall monitor a lease under this section on an annual basis. If aquaculture has been conducted in a manner substantially injurious to marine organisms, if no substantial aquaculture or research has been conducted over the course of the lease or if any condition of the lease has been violated, the commissioner may initiate revocation proceedings and revoke the lease. The department shall hold a hearing with public notice prior to revoking any lease. A lease revocation is an adjudicatory proceeding under Title 5, chapter 375, subchapter 4.

[PL 2003, c. 247, §15 (NEW).]

23. Restitution. A person who cuts any lines or marker buoys or intentionally damages approved aquaculture gear commits a civil violation for which a fine of not less than \$100 for each violation may be adjudged. In addition, the court shall:

A. Order that person to pay to the owner of the approved aquaculture gear that was cut or damaged an amount equal to twice the replacement value of the gear that was damaged or lost as a result of the cutting or damaging action; and [PL 2005, c. 92, §4 (NEW).]

B. Direct that person to provide the commissioner, upon making full payments as ordered by the court, proof of that payment. [PL 2005, c. 92, §4 (NEW).]

§6072-B. Emergency aquaculture lease for shellfish

1. Authority. The commissioner may issue an emergency aquaculture lease for areas in, on and under the coastal waters including the public lands beneath those waters and portions of the intertidal zone for the emergency aquaculture relocation of shellfish from an area for which a lease has been issued pursuant to section 6072 or section 6072-A when the health and safety of those shellfish are threatened.

[PL 1997, c. 231, §6 (NEW).]

2. Limitation. The commissioner may not issue a lease under this section unless:

A. The applicant holds a lease pursuant to section 6072 or 6072-A, except that this paragraph does not apply if the department is the applicant; [PL 2021, c. 557, §2 (AMD).]

B. The applicant demonstrates to the commissioner that the health and safety of shellfish at the leased area are threatened; and [PL 1997, c. 231, §6 (NEW).]

C. The commissioner determines the relocation of those shellfish to an emergency aquaculture lease area would not threaten the water quality of the receiving waters or the health of marine organisms in those waters. [PL 1997, c. 231, §6 (NEW).]

[PL 2021, c. 557, §2 (AMD).]

3. Permission of intertidal land owners. The commissioner may not grant an emergency aquaculture lease unless the applicant obtains the written permission of every owner of intertidal land in, on or over which the emergency aquaculture activity occurs.

[PL 1997, c. 231, §6 (NEW).]

4. No fee. The commissioner may not charge a fee for an emergency aquaculture lease.

[PL 1997, c. 231, §6 (NEW).]

5. Suspended culture. A person issued an emergency aquaculture lease under this section may construct or operate in the coastal waters of the State a facility for the suspended culture of shellfish.

[PL 1997, c. 231, §6 (NEW).]

6. Limit on duration. An emergency aquaculture lease may not be issued for a period greater than 6 months.

[PL 1997, c. 231, §6 (NEW).]

7. Extension of emergency aquaculture lease. If a person who holds an emergency aquaculture lease submits an application under section 6072 or 6072-A for all or a portion of that lease area before the emergency aquaculture lease expires, and if the commissioner's decision under section 6072 or 6072-A occurs after the expiration of that emergency aquaculture lease, the emergency aquaculture lease remains in effect until the commissioner makes a decision. If the commissioner grants that person a lease under section 6072 or 6072-A, that person's emergency aquaculture lease remains in effect until the effective date of the lease issued under section 6072 or 6072-A. If the commissioner denies that person a lease under section 6072 or 6072-A, that person's emergency aquaculture lease remains in effect until 30 days after the commissioner's decision.

[PL 2011, c. 93, §7 (AMD).]

8. Public notice. Upon granting an emergency aquaculture lease, the commissioner shall provide notice to the municipality in which the emergency aquaculture lease area is located. Within at least 30 days from granting an emergency aquaculture lease, the commissioner shall publish notice of the emergency aquaculture lease in a newspaper of general circulation in the lease area. The notice must describe the area leased and list any restriction in the leased area.

[PL 1997, c. 231, §6 (NEW).]

9. Actions required of lease holder. After being granted an emergency aquaculture lease, a lessee shall:

A. Record the lease in the registry of deeds of each county in which the leased area is located; and [PL 1997, c. 231, §6 (NEW).]

B. Mark the leased area in a manner prescribed by the commissioner. [PL 1997, c. 231, §6 (NEW).]

[PL 1997, c. 231, §6 (NEW).]

10. Conditions. The commissioner may establish conditions that govern the use of the emergency aquaculture lease area and limitations on the aquaculture activities. These conditions must encourage the greatest multiple, compatible uses of the leased area, but must also address the ability of the lease site and surrounding area to support ecologically significant flora and fauna and preserve the exclusive rights of the lessee to the extent necessary to carry out the lease purpose. The commissioner may grant the lease on a conditional basis until the lessee has acquired all the necessary federal, state and local permits. A lease may not be approved unless the commissioner has received certification from the Department of Environmental Protection that the project will not violate the standards ascribed to the receiving waters classification in Title 38, section 465-B.

[PL 1997, c. 231, §6 (NEW).]

11. Rules. The commissioner may adopt rules to establish application requirements, a process for application review and a process for deciding upon lease applications and otherwise implement the provisions of this section.

[PL 1997, c. 231, §6 (NEW).]

2-A. Criteria. The commissioner, or qualified professional department staff designated in writing by the commissioner, may issue a limited-purpose aquaculture license for certain aquaculture activities if:

A. The proposed activity generates no discharge into coastal waters; [PL 2017, c. 159, §6 (NEW).]

F. The proposed location, species and activity do not present a risk to public health; [PL 2017, c. 159, §6 (NEW).]

G. The applicant holds no more than 3 other limited-purpose aquaculture licenses issued under this section; and [PL 2017, c. 159, §6 (NEW).]

H. The consent of the riparian owner is obtained if the proposed activity is located above the mean low-water mark. [PL 2017, c. 159, §6 (NEW).]

[PL 2017, c. 159, §6 (NEW).]

2-B. (TEXT EFFECTIVE 1/01/25) Exceptions. Upon request, the commissioner may grant the holder of a limited-purpose aquaculture license an exception to the requirement in subsection 2 that the license holder provide direct supervision of unlicensed individuals assisting the license holder in the licensed activities at the license holder's limited-purpose aquaculture license site. The commissioner may grant exceptions to:

A. A license holder who is also the holder of or has an ownership interest in an entity, including as a shareholder in a corporation, that holds a lease issued pursuant to section 6072, 6072-A or 6072-B; [PL 2021, c. 52, §14 (NEW); PL 2023, c. 207, §20 (AFF).]

2-C. Primary assistant. The holder of a limited-purpose aquaculture license may designate one unlicensed individual as a primary assistant. Notwithstanding subsection 2, a primary assistant may conduct the licensed activities without the direct supervision of the license holder. If an individual is designated by the license holder as a primary assistant, the limited-purpose aquaculture license on which the individual is designated a primary assistant counts against the total number of licenses the primary assistant may hold under subsection 2-A, paragraph G. An individual may be the primary assistant on no more than 4 limited-purpose aquaculture licenses.

[PL 2021, c. 52, §15 (NEW).]

Prior to the issuance or renewal of a limited-purpose aquaculture license, the commissioner may require the applicant to complete any educational courses the commissioner determines appropriate, except that an applicant that is exempt from payment of an application fee as provided in subsection 6-A may not be required to complete an educational course. Educational courses may be provided by the department or by any public or private sector association or organization authorized by the commissioner. [PL 2023, c. 98, §1 (AMD).]

4. License limitations. The issuance of a limited-purpose aquaculture license does not constitute the issuance of a lease of an area in, on or under the coastal waters.

[PL 1999, c. 567, §2 (NEW).]

4-A. Preference. If a person applies to lease an area that is the subject of a limited-purpose aquaculture license, the department shall notify the holder of the limited-purpose aquaculture license. If the holder of the limited-purpose aquaculture license documents to the department that that holder wants to lease the area, preference must be given as follows:

A. First, to the person who holds the limited-purpose aquaculture license in the area and who submitted an application for a lease under section 6072 for the area; and [PL 2017, c. 159, §6 (NEW).]

B. Second, to the person who applied to lease the area, but does not hold a limited-purpose aquaculture license in the area. [PL 2017, c. 159, §6 (NEW).]

E. Include a clear set of plans that includes at a minimum:

(1) A location plan with an overhead plan view showing the aquaculture gear deployed at the proposed location. The area occupied by the gear must be drawn to scale on the plan. The location plan must include a north arrow, ebb and flood directions, any federal or local channels and anchorages, any nearby structures and property lines for all riparian owners within 300 feet; and

(2) Two gear drawings, one with an overhead plan view and one with a cross-sectional elevation view of the approved aquaculture gear proposed to be used. The gear drawings must be clearly dimensioned and include, at a minimum, mean high-water and mean low-water marks and the dimensions, profiles and materials used in the construction, deployment and securing of the approved aquaculture gear; [PL 1999, c. 567, §2 (NEW).]

F. Include documentation that riparian landowners within 300 feet of the proposed activity have been notified of the license application and proposed activity; and [PL 1999, c. 567, §2 (NEW).]

[PL 2023, c. 98, §2 (AMD).]

6-A. Fee exemptions. The commissioner may not assess an application fee for a limited-purpose aquaculture license that is issued to:

A. A municipal shellfish management committee established pursuant to section 6671, as long as the organisms cultured on the license site are not used for commercial purposes; or [PL 2023, c. 98, §3 (NEW).]

B. A municipal officer for a municipal project, as long as the organisms cultured on the license site are not used for commercial purposes. [PL 2023, c. 98, §3 (NEW).]
[PL 2023, c. 98, §3 (NEW).]

7. Prohibition; molesting gear. A person other than a marine patrol officer, the licensed owner of the gear or the licensed owner's assistant, with written permission from the licensed owner, may not utilize, raise, lift, transfer, possess or in any manner molest any approved aquaculture gear that is deployed under a current limited-purpose aquaculture license.

§6073-D. Season and size exemption

A person who is in possession of a marine organism raised by means of aquaculture and lawfully obtained under the laws of the State is exempt from any requirement regarding the time of taking or possessing, minimum or maximum length or other minimum or maximum size requirement, except that this section does not apply to the requirements for lobsters, sturgeon and striped bass. This exemption applies to aquaculture products that do not meet the legal size or season requirements for wild-caught marine organisms of the same species. [PL 2009, c. 229, §8 (NEW).]

The person possessing the marine organism must maintain sufficient documentation to prove the aquacultural origin of the marine organism, including, but not limited to, documents indicating the point of origin, quantity and dates of production or purchase of all cultured marine organisms exempted by this section, and the holder must present the documentation for inspection to department personnel upon request. A consumer in possession of such a marine organism may present a valid sales receipt to satisfy this requirement. It is prima facie evidence of possession of a marine organism in violation of the law if the person possessing the marine organism cannot present sufficient evidence to prove its aquacultural origin. [PL 2009, c. 229, §8 (NEW).]

This section does not exempt the possessor of the marine organism from any requirement to hold a lease or license pursuant to section 6072, 6072-A, 6072-B, 6072-C or 6085 to engage in the culture of marine organisms. [PL 2019, c. 310, §4 (AMD).]

§6074. Special license

The commissioner may issue a special license for research, aquaculture or education that exempts the holder from one or more marine resources' laws as to the time, place, length, condition, amount and manner of taking or possessing a marine organism. Except as provided in subsection 8, the commissioner may not issue a special license unless the application for that license is approved by the advisory council. [PL 1995, c. 567, §1 (AMD).]

1. Exception. A special license does not permit the holder to sell or, beyond the state limits, to ship or transport any marine organism that is less than the minimum size established by statute. This subsection does not apply to:

A. [PL 1999, c. 156, §2 (RP).]

B. Any species grown in a hatchery for stock enhancement or resale for purposes of cultivation or stock enhancement; or [PL 2013, c. 301, §4 (AMD).]

C. Scallop spat collected under the authority of a special license and sold for the purpose of placement on a lease site authorized pursuant to section 6072 or 6072-A or under the authority of a license issued pursuant to section 6072-C. For purposes of this paragraph, until September 1, 2015, "scallop spat" means scallops less than 40 millimeters in the longest diameter and, beginning September 1, 2015, "scallop spat" means scallops less than 25 millimeters in the longest diameter. [PL 2013, c. 301, §4 (NEW).]

[PL 2013, c. 301, §4 (AMD).]

2. Application. The application shall include a description of the proposed project including the objectives, the location and the estimated time of completion of the project. The application shall also include a list of the sections of law or regulation for which exemptions are required, and the specific reasons for each requested exemption.

[PL 1977, c. 661, §5 (NEW).]

3. Filing fee. Each application must include a nonrefundable filing fee of \$100. The fee may be waived for research activity by institutions or organizations financed in whole or part by state funding. A filing fee may not be required from a municipality applying for a special license for using a hydraulic dredge under section 6623.

[PL 2003, c. 513, Pt. N, §1 (AMD).]

4. Limitation. The special license shall authorize only the individual named in the license to undertake the licensed activities. Any individual engaged in handling or harvesting marine organisms in the licensed project shall be listed on the license or supplemental license. The commissioner may, at any time, place conditions or limitations on the licensed activities which shall become part of the license.

[PL 1977, c. 713, §2 (AMD).]

5. Fees. At the time of the initial issuance of a special license, and each year upon renewal, an annual fee must be paid. The annual fee for a special license for no more than 2 individuals is \$50. An annual fee for a special license for more than 2 individuals but no more than 10 individuals is \$100. Additional individuals may be included in a special license in groups up to 10 for an additional \$100 per group. The fee may be waived for research activity by institutions or organizations financed in whole or in part by state funding. A license fee may not be required from a municipality for a special license for using a hydraulic dredge under section 6623. A license fee may not be required for employees of the department when they are acting in their capacity as employees under the direction of the commissioner or the commissioner's designated representative.

[PL 2003, c. 513, Pt. N, §2 (AMD).]

6. Renewal.

A. The initial issuance of each special license must specify the number of times the license may be renewed after the initial issuance. Each license may be renewed at least 4 times. The commissioner, with the advice and consent of the advisory council, may authorize renewals if the necessary investment in the research or aquaculture requires additional renewals. [PL 2003, c. 513, Pt. N, §3 (AMD).]

B. The commissioner shall annually renew the license on request for the authorized number of renewals, unless the license holder has not complied with the conditions of the license or the commissioner finds that renewal is not in the best interest of the State. Renewals do not require a new application or filing fee and do not require the advice and consent of the advisory council. [PL 2003, c. 513, Pt. N, §3 (AMD).]

[PL 2003, c. 513, Pt. N, §3 (AMD).]

7. Transportation permit. A transportation permit is required for a special license holder to ship, transport or sell any marine organism raised or harvested under a special license. The commissioner may place conditions or limitations on the activities authorized by this permit to the extent necessary to provide proper controls and to comply with federal or state health or sanitation standards. The commissioner shall annually renew the permit on request unless the permit holder has not complied with the conditions of the permit or unless the permit holder no longer holds a special license.

[PL 2019, c. 501, §6 (AMD).]

8. Council approval not required. Approval by the advisory council is not required for a special license issued by the commissioner to the following:

- A. An employee of the department when the employee is acting under the direction of the commissioner or the commissioner's designated representative; [PL 1995, c. 567, §2 (NEW).]

- [PL 2013, c. 301, §5 (AMD).]

9. Penalty. An individual who fails to comply with the conditions or limitations on the licensed activity under this section commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

§6082. Confidentiality provisions for aquaculture information from other jurisdictions

Information obtained from other state, federal or foreign government agencies about aquaculture operations in other states, foreign countries or the exclusive economic zone that is designated as confidential by the jurisdiction from which it is obtained and that must remain confidential as a condition of receipt must be kept confidential by the department. Such information is not a public record as defined in Title 1, section 402, subsection 3. This section does not apply to aquaculture operations conducted in Maine. [PL 2007, c. 212, §4 (NEW).]

SECTION HISTORY

PL 2007, c. 212, §4 (NEW).

§6083. Lease option

1. Lease option. A person may apply for a lease option that conveys the right to file an application for an aquaculture lease under section 6072, 6072-A or 6072-B for a particular area of the submerged lands of the State and for a defined period of time. The department may not accept an application for an aquaculture lease pursuant to section 6072, 6072-A or 6072-B or an application for a limited-purpose aquaculture license pursuant to section 6072-C in an area that is under a lease option, except as described in subsection 2.

[PL 2009, c. 229, §10 (NEW).]

2. Other claims of preference. A lease option under this section does not supersede the provisions for application preference in section 6072, subsection 8 and section 6072-A, subsection 12. Competing aquaculture lease applications from persons claiming preference under section 6072, subsection 8 or section 6072-A, subsection 12 must be evaluated by the department to determine if the claim of preference is valid and, if it is found to be valid, the holder of the lease option may cancel the lease option and receive a fee refund prorated for the remainder of the term of the lease option.

[PL 2009, c. 229, §10 (NEW).]

3. Issuance criteria. The applicant for a lease option under this section must demonstrate that the site is being assessed in good faith for its suitability for aquaculture and that there is a reasonable likelihood that an application for an aquaculture lease will be filed during the term of the lease option. The area proposed for lease option may not contain an existing aquaculture lease or license or include an area that is part of an aquaculture lease or license application under consideration by the department.

[PL 2009, c. 229, §10 (NEW).]

4. Fee. The fee for issuance of a lease option under this section may be up to \$500 for the first acre plus up to \$50 for each additional acre, the amount to be established in rules adopted by the commissioner. §6085. Marine organism aquaculture license

1. License required. The commissioner may require a license for aquaculture of marine organisms in facilities that are not located in the coastal waters of the State but are located in the State.

[PL 2019, c. 310, §5 (REEN).]

2. Licensed activities. The holder of a license under this section may possess marine organisms the holder has raised by means of aquaculture. The holder of such a license is exempt from any requirement regarding the time of taking or possessing, minimum or maximum length or other minimum or maximum size requirement for any marine organism the holder has raised by means of aquaculture.

[PL 2019, c. 310, §5 (REEN).]

3. Permit denial. The commissioner may refuse to issue a license under this section if the commissioner finds that the aquaculture activity presents an unreasonable risk to indigenous marine life or its environment. In determining whether or not to refuse to issue a license, the commissioner shall consider factors, including, but not limited to:

A. Risk of accidental or intentional introduction of marine organisms or marine organism products into the coastal waters of the State; [PL 2019, c. 310, §5 (REEN).]

B. Risk of the introduction or spread of disease within the State; and [PL 2019, c. 310, §5 (REEN).]

C. Interference with the enforcement of possession, size or season limits for wild marine organisms. [PL 2019, c. 310, §5 (REEN).]
[PL 2019, c. 310, §5 (REEN).]

4. Monitoring and revocation. The commissioner shall monitor licensed facilities under this section on an annual basis. If the commissioner determines following an annual review or at any other time that the licensed aquaculture activity presents an unreasonable risk to indigenous marine life or its environment, the commissioner may revoke the license after the licensee has been given an opportunity for a hearing before the department.
[PL 2019, c. 310, §5 (REEN).]

5. Reporting. The commissioner may require the holder of a license under this section to file periodic reports regarding the aquaculture practices and production of the facility. Information obtained pursuant to this provision is considered fisheries statistics for the purposes of section 6173, except that information about marine organism health reported pursuant to section 6071 may not be considered fisheries statistics.
[PL 2019, c. 310, §5 (REEN).]

6. Fee. The commissioner may charge a fee for a license under this section not to exceed \$1,000, the amount to be established in rules adopted by the commissioner depending on the type and amount of aquaculture. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2019, c. 310, §5 (REEN).]

7. Rules. The commissioner may adopt rules establishing procedures to implement the issuance, renewal and amendment of licenses under this section. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.
[PL 2021, c. 52, §18 (NEW).]

§6086. Abandoned aquaculture equipment and stock

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Abandoned aquaculture equipment" or "equipment" means any equipment associated with the operation of an aquaculture lease or license pursuant to section 6072, 6072-A, 6072-B or 6072-C that has been left by the aquaculture lease or license holder in coastal waters without intention of removal. "Abandoned aquaculture equipment" includes, but is not limited to, rafts, pens, barges, skiffs, nets, lines, mooring systems, cages, trays, racks, upwellers and other equipment used in the operation of an aquaculture site. [PL 2009, c. 229, §13 (NEW).]

B. "Abandoned aquaculture stock" or "stock" means cultured marine organisms, including, but not limited to, fish, shellfish, sea urchins and algae, that have been left by the owner in coastal waters without intention of removal. [PL 2009, c. 229, §13 (NEW).]
[PL 2009, c. 229, §13 (NEW).]

2. Eligibility. Abandoned aquaculture equipment or abandoned aquaculture stock is subject to removal under this section only if:

A. The aquaculture lease or license holder has indicated in writing to the department that the holder wishes to terminate the aquaculture lease or license with which the abandoned equipment or stock is associated; the department has revoked the lease pursuant to section 6072, subsection 11 or section 6072-A, subsection 22; or the term of the lease or license has expired; [PL 2009, c. 229, §13 (NEW).]

B. The equipment or stock remains in the area of the lease or license site and the equipment or stock is not legally permitted to remain by another authority, such as a municipal mooring permit; and [PL 2009, c. 229, §13 (NEW).]

C. The aquaculture lease or license holder has not entered into an agreement with the department to accomplish timely removal of the equipment or stock. [PL 2009, c. 229, §13 (NEW).]
[PL 2009, c. 229, §13 (NEW).]

3. Responsibility of the department. The department's duties with respect to abandoned aquaculture equipment and abandoned aquaculture stock are as set out in this subsection.

A. The department shall investigate reports of abandoned aquaculture equipment or abandoned aquaculture stock and review terminated, expired or revoked aquaculture leases and licenses to determine if there is abandoned aquaculture equipment or abandoned aquaculture stock and give notice to the aquaculture lease or license holder. The department shall also give notice to any person who has declared to the department, in writing, a property interest in the equipment or stock and to any person the lease or license holder has, in writing, identified as having a property interest in the equipment or stock. The notice must require the lease or license holder and anyone with a property interest to respond within 15 days and to remove the equipment or stock from the coastal waters within 60 days of notification by the department or, if the equipment or stock is icebound, within 60 days of ice-out in the body of water where the equipment or stock is located. If the persons to whom the department has given notice cannot be contacted or do not respond to the notice and remove the equipment or stock within the time period specified, the department may initiate removal of the equipment or stock. [PL 2009, c. 229, §13 (NEW).]

B. The department may authorize a 3rd party to remove abandoned aquaculture equipment or abandoned aquaculture stock if the department is satisfied that the work will be completed. [PL 2009, c. 229, §13 (NEW).]

C. Notwithstanding the time periods for removal by a lease or license holder or person with a property interest specified in paragraph A, if the department determines at any time that abandoned aquaculture equipment or abandoned aquaculture stock is a human health or safety hazard or is an immediate threat to the marine environment, the department may immediately remove the equipment or stock from the coastal waters. [PL 2009, c. 229, §13 (NEW).]

D. If the department removes abandoned aquaculture equipment or abandoned aquaculture stock from coastal waters under this subsection, the department may sell the equipment or stock. Any proceeds from the sale must first be applied to the costs to the State directly related to the expense of removal of the equipment or stock. Any money that remains may be applied to any liens against the equipment or stock. Money that finally remains must accrue to the Aquaculture Management Fund established under section 6072-D. [PL 2009, c. 229, §13 (NEW).]

E. Abandoned aquaculture equipment or abandoned aquaculture stock located on intertidal land may not be removed by the department without the permission of the landowner unless the department determines that the equipment or stock is a human health or safety hazard or is an immediate threat to the marine environment. [PL 2009, c. 229, §13 (NEW).]

F. The department may adopt rules governing abandoned aquaculture equipment and abandoned aquaculture stock, including, but not limited to, rules requiring the disclosure of property interests in abandoned aquaculture equipment and abandoned aquaculture stock. Rules adopted under this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2009, c. 229, §13 (NEW).]

[PL 2009, c. 229, §13 (NEW).]

4. Civil action. If the State is not compensated for removal costs under the provisions of subsection 3, the State shall first attempt to recover the removal costs by claiming these expenses against any bond the aquaculture lease or license holder held during the term of the aquaculture lease or license. If the department is unsuccessful in recovering the removal costs in that manner, the State may bring a civil action against the owner of the equipment or stock to cover any cost of removal of the equipment or stock from coastal waters. The court in its discretion may award an additional 50% of the cost of removal. The penalty is payable to the Aquaculture Management Fund established under section 6072-D.

SUBCHAPTER 4

FISHWAYS

§6121. Fishways in existing dams or artificial obstructions

1. Commissioner's authority. In order to conserve, develop or restore anadromous fish resources, the commissioner and the Commissioner of Inland Fisheries and Wildlife may require a fishway to be erected, maintained, repaired or altered by the owners, lessors or other persons in control of any dam or other artificial obstruction within coastal waters frequented by river herring, shad, salmon, sturgeon or other anadromous fish species.

[PL 2013, c. 358, §1 (AMD).]

2. Examination of dams. The commissioner and the Commissioner of Inland Fisheries and Wildlife shall annually examine all dams and other artificial obstructions to fish passage within the coastal waters in order to determine whether fishways are necessary, sufficient or suitable for the passage of anadromous fish.

[PL 2013, c. 358, §1 (AMD).]

3. Initiation of fishway proceedings. The commissioner and the Commissioner of Inland Fisheries and Wildlife shall initiate proceedings to consider construction, repair or alteration of fishways in existing dams or other artificial obstructions whenever the commissioners determine that either of the following conditions may exist:

A. Fish passage at the dam or obstruction in issue, whether alone or in conjunction with fish passage at other upriver barriers, will improve access to sufficient and suitable habitat anywhere in the watershed to support a substantial commercial or recreational fishery for one or more species of anadromous fish; or [PL 1983, c. 388, §1 (RPR).]

B. Fish passage at the dam or obstruction in issue is necessary to protect or enhance rare, threatened or endangered fish species. [PL 1983, c. 388, §1 (RPR).]

[PL 2013, c. 358, §1 (AMD).]

4. Adjudicatory proceedings.

A. A fishway proceeding is an adjudicatory proceeding under Title 5, chapter 375, subchapter 4, but a hearing may not be required unless requested in accordance with paragraph B. Notice of the proceeding must be given in accordance with Title 5, section 9052 and the following requirements:

(1) Personal notice must be given to the dam owner, lessee or other person in control of the dam or artificial obstruction, informing that person that a proceeding has been undertaken and of that person's right to request a hearing; and

(2) Notice to the public, in newspapers of general circulation in the areas affected, notifying the public of the initiation of the proceedings and of the public's opportunity to request a hearing. [PL 2013, c. 358, §1 (AMD).]

B. If any interested person requests a public hearing, the commissioner and the Commissioner of Inland Fisheries and Wildlife shall, within 30 days, either notify the petitioners in writing of the commissioners' denial stating the reasons or schedule a public hearing. The commissioners shall hold a public hearing whenever:

- (1) The commissioners are petitioned by 50 or more Maine residents; or
- (2) The owner, lessee or other person in control of the dam or artificial obstruction requests a public hearing. [PL 2013, c. 358, §1 (AMD).]

C. The commissioner and the Commissioner of Inland Fisheries and Wildlife shall accept testimony from the dam owner, lessee or other person in control of the dam or artificial obstruction on alternate fishway designs to those proposed by the commissioners for that dam or artificial obstruction. [PL 2013, c. 358, §1 (AMD).]

[PL 2013, c. 358, §1 (AMD).]

5. Decision. In the event the commissioner and the Commissioner of Inland Fisheries and Wildlife decide that a fishway should be constructed, repaired, altered or maintained, their final orders must be issued with specific plans and descriptions of the fishway construction, alteration, repair or maintenance requirements, the conditions of the use of the fishway and the time and manner required for fishway operation. The commissioners may issue a decision requiring the owners, lessees or other persons in control of the dam or obstruction to construct, repair, alter or maintain a fishway. Such a decision must be supported by a finding based on evidence submitted to the commissioners that either of the following conditions exist:

A. One or more species of anadromous or migratory fish can be restored in substantial numbers to the watershed by construction, alteration, repair or maintenance of a fishway, and habitat anywhere in the watershed above the dam or obstruction is sufficient and suitable to support a substantial commercial or recreational fishery for one or more species of anadromous or migratory fish; or [PL 1983, c. 388, §1 (RPR).]

B. The construction, alteration, repair or maintenance of a fishway is necessary to protect or enhance rare, threatened or endangered fish species. [PL 1983, c. 388, §1 (RPR).]

In the event that the commissioners decide that no fishway should be constructed, the commissioners shall specify in that decision a period immediately subsequent to that decision during which no fishway may be required to be constructed. That period may not exceed 5 years.

[PL 2013, c. 358, §1 (AMD).]

6. Compliance.

A. The owner, lessee or other person in control of the dam or other artificial obstruction is jointly and severally liable for the costs of fishway design, construction, repair, alteration or maintenance and for full compliance with a decision issued pursuant to subsection 5. If the owner, lessee or other person in control of the dam or other artificial obstruction refuses to comply or does not fully comply with the commissioners' decision, the commissioners shall initiate a civil action to enjoin the owner, lessee or person in control of the dam to comply fully with the commissioners' order or to restrain the violation of an order. In the proceeding, the court shall not review the legality of the commissioners' order, except when the owner, lessee or person in control of the dam or artificial obstruction has brought a timely petition for judicial review pursuant to Title 5, chapter 375, subchapter 7. [PL 2013, c. 358, §1 (AMD).]

B. The court may render judgment against and order the sale of the dam or other artificial obstruction, the land on which it stands and a right-of-way to the dam or artificial obstruction in order to secure the costs of fishway construction, repair, alteration or maintenance and costs of the court-ordered sale and the costs incurred by the department for fishway design. The purchaser of

the dam or other obstruction is subject to the commissioners' decision. [PL 2013, c. 358, §1 (AMD).]

[PL 2013, c. 358, §1 (AMD).]

7. Privileged entry. The commissioner and the Commissioner of Inland Fisheries and Wildlife, the commissioners' agents or subcontractors are privileged to enter upon any private land in order to examine, at least annually, fishways in dams or other artificial obstructions and the examination of dams provided in subsection 2. The commissioners shall notify the landowner, lessee or other person in control of the dam when the examination will take place and the time required to complete the examination. The commissioner and the Commissioner of Inland Fisheries and Wildlife shall make every effort to preserve private land and shall restore surrounding lands to the grade and condition existing prior to entry, if economically feasible.

[PL 1983, c. 388, §2 (RPR).]

2. Initiation of fishway proceedings. Within 30 days of receipt of the construction notice, the commissioner shall review the plans in order to determine whether fishway construction or alteration of proposed fishway construction plans may be required pursuant to the criteria set forth in section 6121, subsection 3. If the commissioner determines that such construction or alteration may be necessary, the commissioner shall initiate fishway proceedings and follow the procedures prescribed in section 6121.

§6171-B. Sustainable development of emerging fisheries

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Emerging fishery" means the commercial fishing for any marine organism, except herring and groundfish species, that requires a commercial fishing license issued under section 6501. [PL 2003, c. 248, §2 (AMD).]

B. "Endorsement" means an authorization, identified on a commercial fishing license issued under section 6501, to harvest, possess, transport and sell a specific marine organism for which there is an emerging fishery. [PL 1999, c. 297, §1 (NEW).]
[PL 2003, c. 248, §2 (AMD).]

2. Determination of sustainability. The commissioner may investigate conditions affecting marine resources and, with the advice and consent of the Marine Resources Advisory Council, may require a person to hold an endorsement to participate in an emerging fishery if the commissioner determines that a marine organism or its habitat is under increasing pressure that could impact its sustainability. The commissioner shall ensure that emerging fisheries do not develop at a rate that is not sustainable on a long-term basis.

Harvesters involved in an emerging fishery may petition the commissioner to investigate the sustainability of that emerging fishery.
[PL 1999, c. 297, §1 (NEW).]

3. Eligibility for endorsements. The commissioner may limit the number of endorsements issued to control the number of individuals engaged in commercial harvesting in an emerging fishery, based on criteria established by rule. The commissioner may require the collection and timely reporting of any biological or environmental data as a condition of the endorsement. The commissioner's authority to limit the number of endorsements issued for a specific marine organism is limited to a period of 3 years from the date of the issue of the first endorsement, renewable for one 3-year extension.
[PL 1999, c. 297, §1 (NEW).]

4. Endorsement required. Notwithstanding section 6501, a person may not fish for, take, possess, ship, transport or sell a marine organism for which an endorsement is required pursuant to subsection 2 unless that person holds a current commercial fishing license with an endorsement for that organism, except that a license with an endorsement is not required for that person to fish for, take, possess or transport the organism only for personal use.

A fee may not be charged for an endorsement required pursuant to this section.
[PL 1999, c. 297, §1 (NEW).]

5. Incidental harvest. Notwithstanding subsection 4, the taking or possession at sea of a marine organism for which an endorsement is required is not prohibited if the taking is incidental to the harvesting of another organism.
[PL 1999, c. 297, §1 (NEW).]

6. Rule-making authority. The commissioner may adopt rules to establish eligibility for endorsements, the number of endorsements issued and reporting requirements. Rules authorized by this section must be adopted and amended in accordance with the procedures outlined in subchapter II and are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.
[PL 1999, c. 297, §1 (NEW).]

7. Report. The commissioner, within 24 months of the issuance of the first endorsement for a marine organism, shall report to the joint standing committee of the Legislature having jurisdiction over marine resources matters regarding the status of the emerging fishery, management goals and objectives and control of access to the emerging fishery. In the report, the commissioner shall consider:

A. The long-term sustainability of the resource; [PL 1999, c. 297, §1 (NEW).]

B. The impact of harvesting on other fisheries; and [PL 1999, c. 297, §1 (NEW).]

C. The department's ability to enforce and administer the management program. [PL 1999, c. 297, §1 (NEW).]

Upon a request for information the scope of which includes information so designated, the commissioner shall notify the submitter. Within 15 days after receipt of the notice, the submitter shall demonstrate to the satisfaction of the department that the designated information should not be disclosed because the information is proprietary information. Unless such a demonstration is made, the information must be disclosed and becomes a public record. The department may grant or deny disclosure for all or any part of the designated information requested and within 15 days shall give written notice of the decision to the submitter and the person requesting the designated information. Any decision to impose an administrative penalty under this section must be based on evidence in the record of the pecuniary gain, which may include evidence of the fair market value of any elvers illegally possessed by the person at the time the violation was committed. The penalty may be based on evidence of the amount of money or value of property the person received for elvers sold in violation of section 6575-K or section 6864, subsection 7-A.

[PL 2013, c. 485, §1 (AMD).]

§6302-B. Elver quota for federally recognized Indian tribes in the State

If the commissioner adopts an elver individual fishing quota system pursuant to section 6505-A, subsection 3-A, this section governs the allocation of the elver quota to federally recognized Indian tribes in the State. [PL 2013, c. 485, §3 (NEW).]

1. Annual allocation. In accordance with section 6505-A, the commissioner shall annually allocate 21.9% of the overall annual quota of elver fishery annual landings to the federally recognized Indian tribes in the State. If the Passamaquoddy Tribe, the Penobscot Nation, the Mi'kmaq Nation and the Houlton Band of Maliseet Indians reach an agreement regarding the division of this 21.9% portion of the overall annual quota among them and communicate in writing that agreement to the commissioner prior to March 1st of the year in which the quota is allocated, the commissioner shall allocate that portion of the quota in accordance with that agreement. If no agreement is reached, the commissioner shall allocate that portion of the quota in accordance with the following:

- A. To the Passamaquoddy Tribe, 14% of the overall annual quota; [PL 2013, c. 485, §3 (NEW).]
- B. To the Penobscot Nation, 6.4% of the overall annual quota; [PL 2013, c. 485, §3 (NEW).]
- C. To the Houlton Band of Maliseet Indians, 1.1% of the overall annual quota; and [PL 2013, c. 485, §3 (NEW); PL 2023, c. 369, Pt. A, §4 (REV); PL 2023, c. 369, Pt. A, §5 (AFF).]
- D. To the Mi'kmaq Nation, 0.4% of the overall annual quota. [PL 2013, c. 485, §3 (NEW).]

In making any allocations under this subsection, the commissioner shall reserve a portion no greater than 10% of each allocation in order to ensure that the quota is not exceeded.

[PL 2013, c. 485, §3 (NEW); PL 2023, c. 369, Pt. A, §4 (REV); PL 2023, c. 369, Pt. A, §5 (AFF).]

2. Individual allocations. The following provisions govern the allocation of the quotas established under subsection 1 to members of each of the federally recognized Indian tribes.

A. The commissioner may enter into an agreement with a federally recognized Indian tribe in the State that does not provide for individual allocations of the quota established under subsection 1 to members of that tribe, nation or band. If the commissioner enters into an agreement pursuant to this paragraph, the following provisions apply.

- (1) An elver transaction card under section 6305 must be issued to each person to whom the tribe, nation or band issues a license under section 6302-A, subsection 3.
- (2) The holder of a license issued under section 6302-A, subsection 3 must meet the reporting requirements established by rule pursuant to section 6173.
- (3) The quota established under subsection 1 applies to all elvers taken under licenses issued by the tribe, nation or band under section 6302-A, subsection 3.
- (4) When the quota established under subsection 1 is reached, the department shall notify the tribe, nation or band. The commissioner may use the data collected from the elver transaction cards issued under subparagraph (1) to determine whether the overall annual quota established under subsection 1 has been reached. When the quota established under subsection 1 is reached, the holder of a license issued by the tribe, nation or band under section 6302-A, subsection 3 may not thereafter take, possess or sell elvers. Taking, possessing or selling elvers after the quota established under subsection 1 is reached is deemed a violation by the license holder of the prohibition on fishing in excess of the person's individual quota in section 6505-A, subsection 3-A. [PL 2019, c. 642, §1 (AMD).]

B. This paragraph governs the allocation of the quotas established in subsection 1 to members of a federally recognized Indian tribe in the State when the commissioner has not entered into an agreement with members of the tribe, nation or band under paragraph A that applies to members of that tribe, nation or band.

- (1) If there is no agreement under paragraph A between the commissioner and the Passamaquoddy Tribe, the Passamaquoddy Tribe shall allocate to each person to whom it issues a license under section 6302-A, subsection 3, paragraph E-1 a specific amount of the quota allocated to the Passamaquoddy Tribe under subsection 1, paragraph A and shall provide documentation to the department of that allocation for each individual license holder. The Passamaquoddy Tribe shall allocate all of the quota that it has been allocated and may not alter any individual allocations once documentation has been provided to the department.
- (2) If there is no agreement under paragraph A between the commissioner and the Penobscot Nation, the Penobscot Nation shall allocate to each person to whom it issues a license under section 6302-A, subsection 3, paragraph E a specific amount of the quota allocated to the Penobscot Nation under subsection 1, paragraph B and shall provide documentation to the department of that allocation for each individual license holder. The Penobscot Nation shall

allocate all of the quota that it has been allocated and may not alter any individual allocations once documentation has been provided to the department.

(3) If there is no agreement under paragraph A between the commissioner and the Houlton Band of Maliseet Indians, the Houlton Band of Maliseet Indians shall allocate to each person to whom it issues a license under section 6302-A, subsection 3, paragraph G a specific amount of the quota allocated to the Houlton Band of Maliseet Indians under subsection 1, paragraph C and shall provide documentation to the department of that allocation for each individual license holder. The Houlton Band of Maliseet Indians shall allocate all of the quota that it has been allocated and may not alter any individual allocations once documentation has been provided to the department.

(4) If there is no agreement under paragraph A between the commissioner and Mi'kmaq Nation, the Mi'kmaq Nation shall allocate to each person to whom it issues a license under section 6302-A, subsection 3, paragraph F a specific amount of the quota allocated to the Mi'kmaq Nation under subsection 1, paragraph D and shall provide documentation to the department of that allocation for each individual license holder. The Mi'kmaq Nation shall allocate all of the quota that it has been allocated and may not alter any individual allocations once documentation has been provided to the department. [PL 2015, c. 391, §6 (NEW); PL 2023, c. 369, Pt. A, §4 (REV); PL 2023, c. 369, Pt. A, §5 (AFF).]

The department shall issue an elver transaction card under section 6305 to a person licensed by the Passamaquoddy Tribe under section 6302-A, subsection 3, paragraph E-1, the Penobscot Nation under section 6302-A, subsection 3, paragraph E, the Houlton Band of Maliseet Indians under section 6302-A, subsection 3, paragraph G or the Mi'kmaq Nation under section 6302-A, subsection 3, paragraph F only upon receipt of adequate documentation specifying the individual quota allocated to that person by the tribe, nation or band under this subsection.

[PL 2019, c. 642, §1 (AMD); PL 2023, c. 369, Pt. A, §4 (REV); PL 2023, c. 369, Pt. A, §5 (AFF).]

3. Overage. If the total weight of elvers sold by persons licensed by the Passamaquoddy Tribe, Penobscot Nation, Mi'kmaq Nation or Houlton Band of Maliseet Indians exceeds the quota allocated under subsection 1 to that tribe, nation or band, the commissioner shall deduct the amount of the overage from any future allocation to that tribe, nation or band. If the overage exceeds the overall annual quota allocated to that tribe, nation or band for the following year, the overage must be deducted from the overall annual quota allocations to that tribe, nation or band in subsequent years until the entire overage has been accounted for.

4. Emergency prohibition. The commissioner may adopt emergency rules to prohibit the Passamaquoddy Tribe, the Penobscot Nation, the Mi'kmaq Nation or the Houlton Band of Maliseet Indians from fishing for elvers under a license issued under this Title if the commissioner finds that the tribe, nation or band has authorized fishing for elvers in a way that the commissioner determines will cause the tribe, nation or band to exceed the annual allocation set forth in subsection 1.

2. Licensed activity. The holder of a Class I, Class II, Class III, apprentice or student lobster and crab fishing license may fish for, take, possess, ship or transport within the State lobsters or crabs and sell lobsters or crabs the license holder has taken. The license does not authorize the license holder to remove lobster meat from the shell or to take, possess, transport or ship lobster parts or meat. The holder of a Class II or Class III license is liable for the licensed activities under this subsection of all unlicensed crew members assisting that licensee.
[PL 1995, c. 568, §1 (AMD).]

The license holder's trap tags are allocated to that vessel, pursuant to the license. The department is not authorized to issue more than 10 noncommercial trap tags to the declared vessel, regardless of the number of noncommercial license holders fishing from that vessel. [PL 2003, c. 466, §1 (AMD); PL 2003, c. 466, §5 (AFF).]

A. The owner of that vessel holds a Class I, Class II or Class III lobster and crab fishing license, documents to the commissioner that an illness or disability temporarily prevents that owner from fishing for or taking lobsters from that vessel, and requests in writing to the commissioner that the commissioner authorize that person to use that vessel to fish for or take lobsters and tend the owner's traps pursuant to section 6434; [PL 1997, c. 693, §1 (NEW); PL 1997, c. 693, §3 (AFF).]

A. [PL 2005, c. 239, §2 (RP).]

B. Each year, a Class I, Class II or Class III lobster and crab fishing license holder may purchase a number of trap tags that is not greater than 100 more than the number the license holder purchased for the previous license year as long as the total number purchased does not exceed the number of traps allowed under the lowest trap limit established by rule for the zones identified on that person's license pursuant to section 6446, subsection 1-A. [PL 2005, c. 239, §2 (AMD).]

[PL 2005, c. 239, §2 (AMD).]

2. Exceptions. Notwithstanding subsection 1, the following trap tag limits apply:

A. If the license holder was issued a Class I, Class II or Class III lobster and crab fishing license for the first time after meeting the requirements of the apprentice program under section 6422, the license holder may not purchase more than 300 trap tags for the initial license year. For each following year, the license holder may purchase up to an increase of 100 trap tags each year as long as the total number purchased does not exceed the number of traps allowed under the lowest trap limit established by rule for the zones identified on that person's license pursuant to section 6446, subsection 1-A; and [PL 2005, c. 239, §2 (AMD).]

B. [PL 2005, c. 239, §2 (RP).]

If the license holder was issued a Class I, Class II or Class III lobster and crab fishing license on appeal, the license holder may purchase for the initial license year a number of trap tags up to the number of trap tags purchased by the person for the most recent year in which the person held a license. For each following year, the license holder may purchase up to an increase of 100 trap tags each year as long as the total number purchased does not exceed the number of traps allowed under the lowest trap limit established by rule for the zones identified on that person's license pursuant to section 6446, subsection 1-A. 1. Limitation. Except as provided in subsection 2, the holder of a Class I, Class II or Class III lobster and crab fishing license may not operate a vessel for the purposes of fishing for or taking lobster other than the vessel named on the holder's lobster and crab fishing license. For the purposes of this section, "operate a vessel" means steering the vessel, operating the vessel's engine throttle or gear shift or operating the mechanism used to haul lobster traps from the water. "Operating a vessel" does not include the baiting of traps or the handling of traps once they are on board the vessel.

[PL 2009, c. 394, §8 (NEW).]

2. Exemptions. The commissioner may authorize an individual who possesses a Class I, Class II or Class III lobster and crab fishing license to fish for or take lobsters from a vessel other than the vessel named on the holder's lobster and crab fishing license if:

A. A Class I, Class II or Class III license holder is temporarily prevented by illness or disability from fishing for or taking lobsters from the license holder's vessel and requests in writing to the commissioner that the commissioner authorize the individual to operate that vessel to fish for or take lobsters and tend the license holder's traps pursuant to section 6434; [PL 2009, c. 394, §8 (NEW).]

B. The vessel named on the individual's license has become temporarily inoperable because of an accident or a mechanical failure and the individual requests in writing and is granted permission from the commissioner to use another vessel to fish for or take lobsters; [PL 2013, c. 468, §16 (AMD).]

C. The individual is designated as the sponsor of a student pursuant to section 6421 and is operating the vessel named on the student's license for the purposes of providing practical lobster fishing training to the student while the student is present on the vessel; or [PL 2013, c. 468, §16 (AMD).]

D. The individual was the owner of a vessel that was named on that individual's Class I, Class II or Class III lobster and crab fishing license but is no longer the owner of that vessel due to sale or foreclosure. The individual must demonstrate immediate intent to become the owner of another vessel that will be used to fish for or take lobsters and request in writing permission from the commissioner to use the other vessel to fish for or take lobsters for a limited period of time. §6432. Methods of fishing

1. Conventional traps. A person may not fish for or take lobster by any method other than conventional lobster traps, as defined in rule, or from any platform other than a vessel. A vessel does not include a dock.

[PL 2003, c. 520, §4 (AMD).]

2. Marking. A lobster or crab trap or trawl must be marked by a lobster buoy as described in subsections 3 and 4. The buoy must be visible at the surface. A person may not:

A. Set, raise, lift or transfer any lobster trap or buoy unless it is clearly marked with the owner's lobster and crab fishing license number or the owner's nonresident lobster and crab landing permit number; or [PL 2017, c. 197, §10 (NEW).]

B. Intentionally set or fish a lobster or crab trap or trawl in a manner that is designed to avoid detection that the trap or trawl has been set or fished. [PL 2017, c. 197, §10 (NEW).]

[PL 2017, c. 197, §10 (RPR).]

3. Color design. It is unlawful to set, raise, lift or transfer any lobster trap unless the color design of the attached buoy is the same as the color design that is on file with the license application and is displayed on the boat, or unless the person is duly licensed and possesses written permission from the rightful owner of the lobster trap or buoy. Prior notification of changes in buoy color design must be provided to the commissioner. The Bureau of Marine Patrol may require the alteration of an individual's lobster and crab fishing buoy color design if a marine patrol officer has determined that the buoy color design is not distinct and distinguishable from the buoy color designs of the individual's family members as defined by section 6431-E.

[PL 2011, c. 266, Pt. A, §12 (AMD).]

4. Design display. The buoy color design shall be displayed on the boat as follows:

A. On both sides of the hull or on a panel painted on both sides and attached to the boat's forward topside in a manner so as to be clearly visible on both sides of the boat. Each color shall appear as a solid color strip 4 inches high and 18 inches long abutting another color on its longest side to form a rectangle with a one-inch black border on all sides; or [PL 1977, c. 661, §5 (NEW).]

B. A buoy of at least 12 inches long, mounted in a manner so that the color design is clearly visible on both sides of the boat. [PL 1977, c. 661, §5 (NEW).]

[PL 1977, c. 661, §5 (NEW).]

5. Penalty for possession. Possession of lobsters other than caught by the method specified in subsection 1 is a Class D crime, except that in addition to any punishment that may be imposed under Title 17-A, Part 6, the court shall impose a fine of \$500 for each violation and, in addition, a fine of \$100 for each lobster involved, up to and including the first 5, and a fine of \$200 for each lobster in excess of 5, or, if the number of lobsters cannot be determined, a fine of not less than \$1,000 or more than \$5,000.

§6432-A. Bait

1. Offal prohibited. A person may not use offal as bait to fish for or take lobster or crabs. A person may not sell offal for use as bait to fish for or take lobster or crabs. For the purposes of this section, "offal" means the carcass, waste parts, renderings or remains of a wild or domesticated animal that is not a marine organism. "Offal" does not include animal hide from which the hair has been removed or fat attached to an animal hide from which the hair has been removed as long as the total thickness of fat and animal hide does not exceed 1 1/4 inches.

[PL 2017, c. 146, §1 (AMD).]

2. Prima facie evidence. The possession of offal or a marine organism prohibited pursuant to subsection 4 while fishing for or taking lobster or crabs is prima facie evidence of a violation of this section.

[PL 2011, c. 475, §1 (AMD).]

3. Exception for freshwater organisms. Notwithstanding subsection 1, a person may use a freshwater organism as bait to fish for or take lobster or crabs if that freshwater organism and the location from which that freshwater organism has been harvested have been identified as acceptable on a list maintained by the commissioner pursuant to subsection 5.

[PL 2011, c. 475, §2 (NEW).]

4. Use of marine organism as bait. The commissioner may prohibit the use of marine organisms as bait to fish for or take lobster or crabs. A marine organism prohibited pursuant to this subsection and the location from which that marine organism is harvested must be identified on a list maintained by the commissioner pursuant to subsection 5.

[PL 2011, c. 475, §2 (NEW).]

5. Lists of freshwater organisms acceptable as bait and prohibited marine organisms. The commissioner may maintain a list of freshwater organisms that are acceptable as bait to fish for or take lobster or crabs, including the location from which those freshwater organisms are harvested. The commissioner may maintain a list of marine organisms that are prohibited as bait to fish for or take lobster or crabs, including the location from which those marine organisms are harvested. The commissioner may adopt routine technical rules as defined in Title 5, chapter 375, subchapter 2-A that contain the criteria for inclusion on the lists.

1. Vent required. It is unlawful to fish for or to take lobsters unless the lobster trap is equipped with unobstructed vents or gaps in the parlor section as follows:

A. A rectangular or oblong escape vent not less than 1 3/4 inches (44.5 mm.) by 5.75 inches (146 mm.) located next to the bottom edge or on the top if the escape vent is placed over the head of an end parlor section; [PL 1999, c. 142, §1 (AMD).]

B. Two circular escape vents not less than 2 1/4 inches (57.2 mm.) in diameter located next to the bottom edge or on the top if the escape vents are placed over the head of an end parlor section; [PL 1999, c. 274, §1 (AMD).]

F. In a wire or plastic trap, by a gap created by cutting vents in the side or end to comply with paragraph A or B. [PL 1999, c. 142, §1 (AMD).]
[PL 1999, c. 142, §1 (AMD); PL 1999, c. 274, §1 (AMD).]

1-A. Adjustment. Notwithstanding subsection 1, the commissioner shall specify by rule the dimensions of vents in lobster traps, which must be appropriate for the minimum legal lobster size in effect pursuant to section 6431. The commissioner may adopt rules to set different dimensions of vents in lobster traps when necessary to comply with changes to the Atlantic States Marine Fisheries Commission Interstate Fishery Management Plan for American Lobster. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. The commissioner shall notify the joint standing committee of the Legislature having jurisdiction over marine resources matters when initiating rulemaking pursuant to this subsection.
[PL 2021, c. 512, §3 (AMD).]

2. Action prohibited. It shall be unlawful to set, raise, haul or transfer any lobster trap unless the trap is equipped with an escape vent as required in this section or has been exempted under subsection 3.
[PL 1977, c. 661, §5 (NEW).]

3. Exemption. The commissioner may exempt specific trap designs from the escape vent requirements of this section if it is proved to the commissioner's satisfaction that the specific trap design will only take crabs and is incapable of taking lobsters.

[PL 1995, c. 468, §8 (NEW).]

1-A. Declared lobster zone; authorized zones. On an application for a Class I, Class II, Class III, student or noncommercial lobster and crab fishing license or a nonresident lobster and crab landing permit, a person shall declare the lobster management zone in which that person proposes to fish a majority of that person's lobster traps and shall list all other zones in which that person proposes to fish any of that person's lobster traps. A Class I, Class II, Class III, student or noncommercial lobster and crab fishing license or a nonresident lobster and crab landing permit must identify the declared lobster zone in which the person is authorized to fish a majority of that person's lobster traps and must identify all other zones in which a person is authorized to fish that person's traps. A person may not place any lobster traps in a zone that is not identified on that person's license. For the purposes of this subsection,

the majority of a person's lobster traps must be determined from the number of trap tags issued to that person.

[PL 2015, c. 68, §5 (AMD).]

2. Rules for zones. The commissioner may adopt rules for a zone established under subsection 1 that are proposed pursuant to section 6447, subsection 5, section 6447, subsection 5-C or section 6447, subsection 5-D only when the rules were proposed by the lobster management policy council established for that zone pursuant to section 6447, subsection 1 and the proposed rules were approved in a referendum pursuant to section 6447, subsection 6. The commissioner may accept the rules proposed by a lobster management policy council as reasonable and adopt those rules or reject the council's proposed rules as unreasonable. [PL 1995, c. 468, §8 (NEW).]

4. Public hearing not required. In adopting rules under subsection 2, the commissioner is not required to hold a public hearing on the rules pursuant to Title 5, section 8052. 6. Petition for rule prohibited. A person may not petition the commissioner pursuant to Title 5, section 8055 for the adoption or modification of a rule for a lobster management zone established under this section that regulates the number of lobster traps fished and the time periods allowed for complying with that number, the number of lobster traps allowed on a trawl and the time of day when lobster fishing may occur.

§6447. Lobster management policy councils

1. Councils. The commissioner shall establish a lobster management policy council for each zone created under section 6446. Council members must be reimbursed pursuant to Title 5, section 12004-I, subsection 57-A.

[PL 1995, c. 468, §8 (NEW).]

2. Rules for operation. By July 1, 1996, the commissioner shall establish by rule operating procedures for lobster management policy councils, including, but not limited to, the number of members on councils, the election and terms of council members and the process for referenda on council policies. A council must have an odd number of voting members.

[PL 1995, c. 468, §8 (NEW).]

3. Council members appointment; election. Upon establishing a lobster management policy council, the commissioner shall appoint members to the council to equitably represent lobster harvesters throughout a zone. Members appointed by the commissioner serve one-year terms. An election of subsequent council members must be held within one year of the commissioner's appointments. Council members are elected by plurality vote. An individual who has been convicted or adjudicated of a lobster violation within the previous 7 years is not eligible for election as a council member unless a waiver from this limitation has been granted by the commissioner for good cause as determined by the commissioner in the commissioner's discretion.

[PL 2009, c. 394, §13 (AMD).]

4. Legislative representation. The President of the Senate and the Speaker of the House shall jointly appoint a Legislator to each lobster management policy council. The Legislator is a nonvoting member and serves a 2-year term.

[PL 1995, c. 468, §8 (NEW).]

5. Council authority. Upon approval in a referendum under subsection 6, a lobster management policy council may propose to the commissioner rules for a zone to place the following limitations on lobster and crab fishing license holders that fish in that zone, as long as the proposed limitations are equal to or stricter than the limitations under section 6431-A or 6440:

A. The number of lobster traps fished and the time periods allowed for complying with that number; [PL 1995, c. 468, §8 (NEW).]

B. The number of lobster traps allowed on a trawl; and [PL 1995, c. 468, §8 (NEW).]

C. The time of day when lobster fishing may occur. [PL 1995, c. 468, §8 (NEW).]

[PL 2015, c. 68, §6 (AMD).]

5-A. Zone C council authority.

[PL 2001, c. 282, §2 (NEW); MRSA T. 12 §6447, sub-§5-A (RP).]

5-B. Zone E council authority.

[PL 2005, c. 202, §3 (RP).]

5-C. Apprentice program rules. Notwithstanding any other provision of this subchapter, upon approval in a referendum under subsection 6, a lobster management policy council may propose to the commissioner rules for a zone that do any of the following:

A. Increase the minimum length of time an apprentice must be enrolled in the apprentice program beyond the period established in section 6422, subsection 2. The minimum enrollment period may not exceed 5 years. [PL 2005, c. 202, §4 (NEW); PL 2005, c. 202, §5 (AFF).]

B. Require a sponsor of an apprentice to have held a Class I, Class II or Class III lobster and crab fishing license for at least 5 years; and [PL 2005, c. 202, §4 (NEW); PL 2005, c. 202, §5 (AFF).]

C. Require a person to complete all requirements of the apprentice program in a specific zone in order to enter that zone as a Class I, Class II or Class III lobster and crab fishing license holder. A

rule proposed under this paragraph and adopted under section 6446, subsection 2 may not be applied to those portions of the apprentice program requirements a person has completed prior to the effective date of the rule. [PL 2005, c. 202, §4 (NEW); PL 2005, c. 202, §5 (AFF).]

A rule proposed under paragraph A or B and adopted by the commissioner under section 6446, subsection 2 does not apply to persons who are enrolled in the apprentice program on the date the rule takes effect.

[PL 2005, c. 202, §4 (NEW); PL 2005, c. 202, §5 (AFF).]

5-D. Council authority; under 18 waiting list. Notwithstanding any other provision in this subchapter and upon approval in a referendum under subsection 6, a lobster management policy council in a limited-entry zone may propose to the commissioner that the limitation described in this subsection be placed on entry by individuals into that zone in accordance with rules adopted by the department.

This limitation would require that the number of individuals who are authorized to be issued a lobster and crab fishing license that identifies a limited-entry zone as the declared lobster zone without meeting the requirements of section 6448, subsection 4, in accordance with section 6448, subsection 8, paragraph A, be limited to the number of new zone entrants who enter that zone in accordance with section 6448, subsection 7-A. This limitation may not be applied to a person who is under 18 years of age and lives on a year-round basis on an island within the coastal waters that is not connected to the mainland by any artificial structure.

The commissioner shall maintain a waiting list of individuals who have identified the limited-entry zone as their declared lobster zone in accordance with section 6448, subsection 8, paragraph A. For the purposes of this subsection, an individual on a waiting list maintained by the commissioner does not need to meet the eligibility requirements of section 6421, subsection 5-A in order to purchase a student license.

The commissioner may establish by rule procedures to implement this subsection. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2013, c. 239, §1 (AMD).]

6. Referendum on policy proposals. A lobster management policy council must submit proposed rules to referendum in the zone in which the rules would apply before submitting those proposed rules to the commissioner. A lobster management policy council may submit proposed rules to the commissioner if the proposed rules are approved by 2/3 of those voting in the referendum. [PL 1995, c. 568, §7 (AMD).]

7. Council member and voter qualifications. A person may not be a member of a zone's lobster management policy council or vote in a zone's council election or referendum unless that person:

A. Possesses a Class I, Class II or Class III lobster and crab fishing license issued under section 6421; and [PL 1995, c. 468, §8 (NEW).]

B. Declared at the time of obtaining a Class I, Class II or Class III license the zone in which the person fishes a majority of that person's lobster traps. A person may declare only one zone as the zone in which the person fishes a majority of that person's lobster traps. [PL 1999, c. 508, §2 (AMD).]

The holder of a lobster and crab fishing license issued under section 6421 may fish for lobsters in any zone.

[PL 1999, c. 508, §2 (AMD).]

8. Role of advisory council. Notwithstanding any provisions to the contrary, the commissioner may adopt rules under this section without the advice and consent of the Marine Resources Advisory Council.

[PL 1995, c. 468, §8 (NEW).]

9. Notice. When a meeting of a lobster management policy council includes as an agenda item a proposal that, if adopted, would affect the ability of a person who does not hold a lobster and crab fishing license to participate in the lobster and crab fishing industry, including but not limited to a proposal regarding exit ratios under section 6448, the agenda must be posted publicly at least 7 days in advance of the meeting.

§6448. Limited-entry zones

1. Definitions. As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

A. "Declared lobster zone" means the zone identified on a lobster and crab fishing license pursuant to section 6446, subsection 1-A. [PL 1999, c. 508, §3 (NEW).]

B. "Limited-entry zone" means a lobster management zone established pursuant to section 6446 for which rules establishing limits on new zone entrants have been adopted pursuant to subsection 2. [PL 1999, c. 508, §3 (NEW).]

C. "New zone entrant" means a person who declares a limited-entry zone as that person's declared lobster zone but who did not hold in the previous licensing year a Class I, Class II or Class III lobster and crab fishing license that identified that zone as the person's declared lobster zone. [PL 1999, c. 508, §3 (NEW).]

[PL 1999, c. 508, §3 (NEW).]

2. Rules for limited-entry zones. The commissioner may adopt rules establishing limits on new zone entrants to a lobster management zone. These rules must be adopted in accordance with this subsection.

A. After conducting a written survey in the zone, a lobster management policy council may propose to the commissioner an exit ratio to limit new zone entrants to the zone. The lobster management policy council is not required to submit the proposal to referendum and the proposed exit ratio does not need to receive approval through the survey in order to be forwarded to the commissioner. [PL 2005, c. 239, §4 (AMD).]

A-1. A lobster management policy council may recommend to the commissioner whether the exit ratio adopted for a lobster management zone should be applied to the number of licenses that are not renewed or to the number of trap tags associated with the licenses that are not renewed. A lobster management policy council may recommend that an exit ratio applied to the number of trap tags associated with licenses that are not renewed that meets the requirements of paragraph C be applied retroactively to a licensing year in which the exit ratio in that zone was based upon the number of trap tags retired. The lobster management policy council is not required to submit the recommendation to referendum. [PL 2015, c. 428, §4 (AMD).]

B. The commissioner may initiate rulemaking under this subsection only upon receipt of a proposal under paragraph A or a recommendation under paragraph A-1. The commissioner shall hold a public hearing on the proposed rules pursuant to Title 5, section 8052. The public hearing must be held in the zone in which the rules would apply and the results of the written survey regarding the exit ratio must be entered into the record. [PL 2013, c. 239, §2 (AMD).]

C. In accordance with subsection 7-A, the commissioner shall adopt rules that establish an exit ratio between either:

- (1) The number of trap tags retired by individuals who declared that zone as their declared lobster zone in the year prior to the previous calendar year, but who did not declare that zone as their declared lobster zone in the previous calendar year, and the number of trap tags issued to new zone entrants authorized under subsection 7-A; or
- (2) The number of individuals who declared that zone as their declared lobster zone in the year prior to the previous calendar year, but who did not declare that zone as their declared lobster zone in the previous calendar year, and the number of new zone entrants authorized under subsection 7-A.

The number of trap tags retired under subparagraph (1) must be considered to be the total of the greatest number of trap tags purchased in any prior year under each license that is not renewed, up to the current zone maximum.

An exit ratio established by rule under this subsection is not required to be the same as the exit ratio proposed by the lobster management policy council. [PL 2015, c. 428, §5 (AMD).]

D. Upon written notification from the lobster management policy council that a majority of the council has voted to conduct a survey in a zone regarding a proposal for an exit ratio to limit new zone entrants to the zone, the commissioner shall close the zone to new zone entrants until the commissioner either adopts rules under this subsection or declares that the commissioner will not initiate rulemaking under this subsection. In no event may the zone remain closed for longer than one year unless the commissioner has adopted rules establishing limits on new zone entrants to the zone. [PL 2013, c. 239, §2 (AMD).]

E. When a lobster management policy council proposes to the commissioner a change in the exit ratio established under paragraph C and a new exit ratio is adopted by rule under this subsection, the commissioner shall allow individuals who meet the following conditions to enter the zone in accordance with the previously existing exit ratio:

- (1) The individual has completed the requirements of the apprenticeship program established under section 6422 by the date the commissioner receives written notification from the lobster management policy council that a majority of the council has voted to conduct a survey pursuant to paragraph D; and
- (2) The individual's name is listed on the waiting list maintained under subsection 6 by the date the commissioner receives written notification from the lobster management policy council that a majority of the council has voted to conduct a survey pursuant to paragraph D.

This paragraph does not apply when the methodology by which new entrants are calculated is changed from trap tags to licenses or when an exit ratio based on the number of trap tags retired is adopted, in accordance with paragraph C, for the first time in a lobster management zone. [PL 2013, c. 239, §2 (AMD).]

F. When a lobster management policy council proposes to the commissioner to establish an exit ratio for the first time to limit new zone entrants under paragraph A, it may also propose to the commissioner a provision to exempt from the exit ratio, upon completion of the apprentice program, an individual who has completed at least 92% of the hours required and at least 92% of the days required by the apprentice program established under section 6422 by the date the commissioner receives written notification from the lobster management policy council pursuant to paragraph D. [PL 2005, c. 239, §4 (NEW); PL 2005, c. 239, §11 (AFF).]
[PL 2015, c. 428, §§4, 5 (AMD).]

3. Fishing in limited-entry zones. A person who holds a Class I, Class II, Class III or student lobster and crab fishing license may not fish a majority of that person's lobster traps in a limited-entry zone unless that person's license identifies that zone as the declared lobster zone. [PL 2015, c. 68, §7 (AMD).]

4. Limited-entry zone as declared lobster zone. A person may not be issued a Class I, Class II or Class III lobster and crab fishing license that identifies a limited-entry zone as the declared lobster zone unless that person:

A. Held in the previous licensing year a Class I, Class II or Class III lobster and crab fishing license that identified that zone as the person's declared lobster zone; or [PL 1999, c. 508, §3 (NEW).]

B. Is authorized as a new zone entrant by the commissioner pursuant to subsection 7-A to declare that zone as the person's declared lobster zone. [PL 2013, c. 239, §3 (AMD).]

[PL 2013, c. 239, §3 (AMD).]

5. Application for limited-entry zone. A person who wishes to be a new zone entrant shall indicate to the commissioner in writing a request to declare a limited-entry zone as the person's declared lobster zone, in accordance with this subsection. A person may indicate up to 2 limited-entry zones that the person requests to declare as the person's declared lobster zone. The commissioner shall stamp each request with the time and date of submission. A person may not be authorized as a new zone entrant unless that person made a request under this subsection no later than December 15th of the previous calendar year.

A. A person who held a Class I, Class II or Class III lobster and crab fishing license in the previous licensing year and wishes to be a new zone entrant shall indicate to the commissioner in writing a request to declare a limited-entry zone as the person's declared lobster zone. The person must be put on a waiting list maintained under subsection 6 according to the time and date the commissioner receives the request. [PL 1999, c. 693, §2 (NEW).]

B. A person who did not hold a Class I, Class II or Class III lobster and crab fishing license in the previous licensing year and wishes to be a new zone entrant shall indicate to the commissioner in writing which zone the person requests to declare as the person's declared lobster zone. The person must be put on a waiting list maintained under subsection 6 according to the date the commissioner determines that the person is eligible for a Class I, Class II or Class III lobster and crab fishing license pursuant to section 6421, subsection 5, except that if the person does not indicate to the commissioner in writing which zone the person requests to declare as the person's declared lobster zone within 30 days of the date the commissioner determines that the person is eligible, the person must be put on the waiting list according to the time and date the commissioner receives such a written request. [PL 1999, c. 693, §2 (NEW).]

[PL 1999, c. 693, §2 (AMD).]

6. Waiting lists. The commissioner shall maintain and make available waiting lists as follows:

A. A waiting list of persons who did not hold a lobster and crab fishing license in the previous licensing year who have requested to declare a limited-entry zone as their declared lobster zone. The list must be arranged in chronological order in accordance with subsection 5; and [PL 2015, c. 428, §6 (NEW).]

B. A waiting list of persons who held a lobster and crab fishing license in the previous licensing year who have requested to declare a limited-entry zone as their declared lobster zone. The commissioner shall adopt rules to administer entry of persons on the list established under this paragraph into limited-entry zones. [PL 2015, c. 428, §6 (NEW).]

The commissioner shall create a waiting list for a zone at the time the commissioner closes the zone pursuant to subsection 2, paragraph D.

[PL 2015, c. 428, §6 (RPR).]

6-A. Periodic verification of waiting list. The commissioner shall verify at least once every 3 years that each person who is listed on a waiting list established under subsection 6 wishes to remain on the waiting list. To verify that a person wishes to remain on a waiting list, the commissioner must attempt to contact the person by regular mail, telephone or e-mail. If a person does not respond within 60 days of the initial attempt to contact, a notice must be sent by certified mail informing the person that a response is required within 30 days from the date of mailing. The commissioner shall remove a person from a waiting list who does not respond to the notice sent by certified mail within 30 days after the date of mailing. The commissioner may place a person who has been removed from a waiting list pursuant to this subsection back on a waiting list in the position where the person would otherwise have been when the person shows that the reason for not responding was that the person was on active duty with the Armed Forces of the United States or the National Guard.
[PL 2015, c. 428, §7 (NEW).]

7. Authorization of new zone entrants.
[PL 2013, c. 239, §4 (RP).]

7-A. Authorization of new zone entrants. The commissioner shall determine by April 1st of each licensing year the number of new zone entrants that may be authorized for each limited-entry zone. The number of new zone entrants authorized in a licensing year must be in accordance with the exit ratio established under subsection 2 for that zone. The commissioner may adopt rules consistent with subsection 2, paragraph B to implement this subsection. Upon adoption of rules, the exit ratio must be used to establish the number of new zone entrants in accordance with subsection 2, paragraph C by:

A. Dividing the number of trap tags that may be issued to new zone entrants by the zone trap limit under section 6431-A. The number of new zone entrants must be rounded down to the nearest whole number and the remaining trap tags carried over to the following year's allocation; or [PL 2013, c. 239, §5 (NEW).]

B. Applying the exit ratio to the number of individuals who declared that zone as their declared lobster zone in the year prior to the previous calendar year, but who did not declare that zone as their declared lobster zone in the previous calendar year. [PL 2013, c. 239, §5 (NEW).]

The commissioner shall authorize new zone entrants in chronological order of requests received under subsection 5. The commissioner shall notify the authorized new zone entrants by certified mail. If a person does not declare a zone within 30 days after receiving the notification by certified mail, that person must be taken off the waiting list and the next person on the list must be authorized as a new zone entrant. If a person has indicated a request for more than one zone pursuant to subsection 5, that person must be taken off the waiting list for the 2nd zone when the person declares one of the zones as that person's declared lobster zone after being authorized to do so. If a person who holds a current Class I, Class II or Class III lobster and crab fishing license is authorized as a new zone entrant and declares the zone as that person's declared lobster zone, the commissioner shall change the zone identified on that person's license to the limited-entry zone for which the person is authorized.
[PL 2015, c. 428, §8 (AMD).]

8. Exceptions. Notwithstanding subsection 4, the following persons may be issued a Class I, Class II or Class III lobster and crab fishing license that identifies a limited-entry zone as the declared lobster zone without meeting the requirements in subsection 4.

A. A person who is under 18 years of age who successfully completed the requirements of the apprentice program under section 6422 and who submitted documentation of completion of the apprentice program to the department before attaining 18 years of age may declare any zone as that person's declared lobster zone as long as the individual has met all apprentice program rules that may have been adopted in that zone. [PL 2011, c. 486, §3 (AMD).]

A-1. [PL 2007, c. 615, §11 (RP).]

- (3) Received a high school diploma or a high school equivalency diploma; and
- (4) Has met all apprentice program rules that may have been adopted in that zone. [PL 2015, c. 428, §9 (NEW).]

A-3. A person under 23 years of age may declare any zone as that person's declared lobster zone if the person:

- (1) Has logged time fishing in the apprentice program in accordance with section 6422 before attaining 18 years of age;
- (2) Successfully completed the requirements of the apprentice program under section 6422;
- (3) Submitted documentation of completion of the apprentice program to the department before attaining 23 years of age;
- (4) Is enrolled in and meeting the requirements of a half-time course of study as defined in section 6421, subsection 5-A at a postsecondary institution accredited by a state-recognized accrediting agency or body;
- (5) Has met all apprentice program rules that may have been adopted in that zone; and
- (6) Has been eligible for a student lobster and crab fishing license since before that person attained 18 years of age and has been eligible for that license in each licensing year thereafter. [PL 2015, c. 428, §9 (NEW).]

B. A person who is issued a Class I, Class II or Class III lobster and crab fishing license on appeal pursuant to section 6310, subsection 2, paragraph A, subparagraph (1) or (2) may declare as that person's declared lobster zone the zone in which the person was authorized to fish a majority of that person's lobster traps in the most recent year in which the person held a license. [PL 1999, c. 643, §7 (NEW).]

A person who is issued a Class I, Class II or Class III lobster and crab fishing license pursuant to section 6421, subsection 5, paragraph D may declare as that person's declared lobster zone the zone in which the person was authorized to fish a majority of that person's lobster traps in the most recent year in which the person held a license. [PL 1999, c. 643, §7 (NEW).]

D. A person who is issued a Class I, Class II or Class III lobster and crab fishing license and is 70 years of age or older may declare any zone as that person's declared lobster zone. [PL 2007, c. 204, §8 (NEW).]

A person who has either successfully completed the requirements of the apprentice program under section 6422 or held a Class I, Class II or Class III lobster and crab fishing license in the previous calendar year and who has registered to enter an established island limited-entry program as described under section 6449 may declare as that person's declared lobster zone the zone in which that island limited-entry program is located when the person becomes eligible to enter the island limited-entry program. [PL 2011, c. 486, §4 (AMD).]

The trap tags or license issued to a person who declares a limited-entry zone as that person's declared lobster zone pursuant to this subsection may not be counted for the purposes of the exit ratio or the number of new zone entrants that may be authorized for that zone. [PL 2015, c. 428, §9 (AMD).]

9. Rules. The commissioner may establish by rule procedures to implement this section. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

§6449. Island limited-entry programs

An island limited-entry program may be established pursuant to this section in order to maintain a number of licenses appropriate for the needs of an island community and the local lobster resource. [PL 2009, c. 294, §2 (NEW).]

1. Proposal to the commissioner. Notwithstanding section 6448, subsection 7-A, a year-round island community may petition the commissioner for the establishment of an island limited-entry zone program if a minimum of 5 island residents that are holders of a Class I, Class II or Class III lobster and crab fishing license or 10% of the island residents that are holders of a Class I, Class II or Class III lobster and crab fishing license, whichever is greater, signs the petition submitted to the commissioner. If a majority of the Class I, Class II or Class III lobster and crab fishing license holders that are residents on the island voting in a referendum held pursuant to section 6447, subsection 6 support the establishment of an island limited-entry zone program, the commissioner may adopt rules to establish such a program, including a waiting list. Before establishing or amending the number of licenses available to island residents, the commissioner shall determine the number of licenses preferred by a majority of the Class I, Class II or Class III lobster and crab fishing license holders resident on the island. The commissioner may accept the preferences proposed by a majority of the license holders as reasonable and adopt those preferences or reject the preferences as unreasonable. The commissioner shall consult with the lobster management policy council for the lobster management zone in which the island is located before making the decision.

[PL 2015, c. 428, §10 (AMD).]

2. No longer resident. An individual who obtains a Class I, Class II or Class III lobster and crab fishing license through an island limited-entry program but who no longer wishes to maintain residency on the island is subject to the following requirements.

A. A person who held a Class I, Class II or Class III lobster and crab fishing license and maintained residency on the island for a period of not less than 8 years and who can document to the commissioner that the person harvested lobsters in each of the 8 years may end the person's residency on the island and fish elsewhere in the lobster management zone in which the island is located without going on a waiting list as established in section 6448. [PL 2009, c. 294, §2 (NEW).]

B. A person who holds a Class I, Class II or Class III lobster and crab fishing license and who either has maintained residency on the island for less than 8 years or who has maintained residency on the island for at least 8 years but cannot document to the commissioner that the person harvested lobsters in each of the 8 years may end the person's residency on the island and become eligible to fish elsewhere in the lobster management zone in which the island is located if that person complies

with the waiting list requirement established in accordance with section 6448. [PL 2009, c. 294, §2 (NEW).]
[PL 2009, c. 294, §2 (NEW).]

3. Restriction. This section applies only to an island in the coastal waters with a year-round community that is not connected to the mainland by an artificial structure.
[PL 2009, c. 294, §2 (NEW).]

4. Rules. The commissioner shall adopt rules to implement the island limited-entry program. The rules must include but are not limited to:

A. A definition of residency on an island; [PL 2009, c. 294, §2 (NEW).]

B. Allowances for the temporary absence from an island due to a medical condition or educational requirements; and [PL 2009, c. 294, §2 (NEW).]

C. Providing for an opportunity for increasing the number of Class I, Class II or Class III lobster and crab fishing license holders on an island, if appropriate, based on the characteristics of the island and the lobster resource. [PL 2009, c. 294, §2 (NEW).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

§6450. Temporary medical allowance

1. Temporary medical allowance. Notwithstanding section 6421, upon request the commissioner may issue a temporary medical allowance that permits an individual to fish under the authority of the license of a Class I, Class II or Class III lobster and crab fishing license holder when that license holder is unable to fish if the following criteria are met:

A. The individual who will be fishing has successfully completed an apprentice program under section 6422; [PL 2019, c. 68, §1 (AMD).]

B. The individual who will be fishing is the child, spouse or domestic partner of the individual who holds the Class I, Class II or Class III lobster and crab fishing license; [PL 2019, c. 68, §1 (AMD).]

C. The holder of the Class I, Class II or Class III lobster and crab fishing license is unable to use that license, all or part of the time, due to a substantial illness or medical condition. The holder of the Class I, Class II or Class III lobster and crab fishing license shall provide the commissioner with documentation from a physician describing the illness or other medical condition; and [PL 2019, c. 68, §1 (AMD).]

D. The holder of the Class I, Class II or Class III lobster and crab fishing license documents to the commissioner that the license holder harvested a minimum of 1,000 pounds of lobsters within one year prior to the request for the temporary medical allowance. [PL 2013, c. 239, §9 (NEW).]

A request for a temporary medical allowance must be in writing and must specify the dates for which the temporary medical allowance is requested. The holder of the Class I, Class II or Class III lobster and crab fishing license on which the temporary medical allowance is based must maintain a valid license during the duration of the temporary medical allowance. The holder of the Class I, Class II or Class III lobster and crab fishing license is liable for the activities of the individual fishing under the temporary medical allowance, whether or not the license holder is present on the vessel.
[PL 2019, c. 68, §1 (AMD).]

2. Term. A temporary medical allowance may not exceed one year or, upon renewal under subsection 3, a total of 2 consecutive years.

[PL 2017, c. 352, §2 (NEW).]

3. Renewal. The commissioner may renew a temporary medical allowance issued under subsection 1 for a maximum of one year upon a request in writing from the holder of the Class I, Class II or Class III lobster and crab fishing license upon which the temporary medical allowance is based. A request under this subsection must be received by the commissioner before the expiration of a current temporary medical allowance issued to that license holder.

- H. A nonresident elver fishing license with crew for 2 devices. [PL 2013, c. 468, §23 (NEW).]

The department may not issue a license under paragraph E, F, G or H until January 1, 2015.
[PL 2013, c. 485, §5 (AMD).]

1-A. Licensed activity. The holder of an elver fishing license or elver fishing license with crew may fish for, take or possess elvers. 1-D. Use of elver transaction card required. The holder of an elver fishing license issued under this section or section 6302-A, subsection 3, paragraph E, E-1, F or G may not sell or transfer elvers the license holder has taken to an elver dealer licensed under section 6864 unless the holder of the elver fishing license presents to the elver dealer the elver transaction card issued to that person under subsection 1-C and that card is used to record the transaction between the license holder and the dealer so that the amount of elvers transferred or sold is deducted from the license holder's quota.
[PL 2019, c. 163, §5 (AMD).]

1-E. Elver transaction card limited. A person may not possess an elver transaction card unless that person holds a license issued under this section or section 6302-A, subsection 3, paragraph E, E-1, F or G and the elver transaction card was issued to that person pursuant to subsection 1-C.

2-B. Elver lotteries.

[PL 2017, c. 250, §5 (RP).]

Ten dollars of the application fee may be used by the department to fund the costs of administering the elver fishing license lottery.

[PL 2017, c. 250, §6 (NEW).]

3. Limits on issuance.

[PL 2013, c. 8, §3 (RP).]

3-A. Elver fishing quotas. The commissioner may adopt rules to establish, implement and administer an elver individual fishing quota system in order to ensure that the elver fishery annual landings do not exceed the overall annual quota established by the Atlantic States Marine Fisheries Commission. Except as provided in section 6575-L, a person issued a license under this section or section 6302-A, subsection 3, paragraph E, E-1, F or G may not take, possess or sell elvers in excess of the weight quota allocated to that person under the quota system. The rules must:

Establish the amount of the overall annual quota under paragraph A that is allocated to persons licensed under this section and specify a formula to establish individual quotas for persons licensed under this section. The formula may take into account the amount of elvers a person licensed under

this section lawfully harvested in previous seasons based on final harvesting reports. The rules must specify the date by which harvester reports are considered final for the purpose of determining individual quotas; and [PL 2013, c. 485, §7 (NEW).]

C. Provide, in accordance with section 6302-B, that 21.9% of the overall annual quota under paragraph A is allocated to the federally recognized Indian tribes in the State and establish the amount of that portion of the overall annual quota allocated to the Passamaquoddy Tribe, the Penobscot Nation, the Houlton Band of Maliseet Indians and the Mi'kmaq Nation. If persons issued licenses under this section collectively exceed the overall annual quota allocated to those persons pursuant to paragraph B, the number of pounds by which the license holders exceeded that overall annual quota must be deducted from the following year's overall annual quota allocated to persons licensed under this section. If the overage exceeds the overall annual quota allocated to persons licensed under this section for the following year, the overage must be deducted from the overall annual quota allocated to persons licensed under this section in subsequent years until the entire overage has been accounted for.

The commissioner may adopt or amend rules on an emergency basis if immediate action is necessary to establish and implement the elver individual fishing quota in advance of the beginning of the elver fishing season.

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

The map must be provided to municipalities by the commissioner. Owners of licensed weirs and applicants for a license may receive a map at cost. When an applicant for a license finds no designation on the map of cove boundaries for the cove where the applicant wants to construct a weir, the municipal officers from the city or town within which the weir will be located shall notify the commissioner of the intended location of the weir on the map. The commissioner shall designate boundaries for the cove.

[RR 2021, c. 2, Pt. B, §57 (COR).]

(2) If the ordinance sets a fee of more than \$200 for a resident license, the fee for a nonresident license may not exceed 1 1/2 times the resident fee. [PL 1997, c. 589, §1 (RPR); PL 1997, c. 589, §2 (AFF).]

C. Application methods and procedures for licenses may be determined by the shellfish conservation ordinance subject to the provisions of this section. Notice of the number and the procedure for application must be published in a trade or industry publication or in a newspaper or combination of newspapers with general circulation that the municipal officers consider effective in reaching individuals affected not less than 10 days prior to the period of issuance and must be posted in the municipal offices until the period of issuance concludes. The period of issuance for resident and nonresident licenses must be the same. Subsequent to the period of issuance, the municipality shall make any resident or nonresident licenses not granted during the period available to residents or nonresidents. [PL 2001, c. 188, §3 (AMD).]

D. Except as otherwise provided in this section, a shellfish conservation ordinance may not discriminate between resident license holders and nonresident license holders. [PL 2001, c. 188, §3 (AMD).]

E. A licensing authority shall provide and reserve a minimum number of commercial licenses for nonresidents. The number of nonresident commercial licenses may not be less than 10% of the number of commercial licenses provided for residents. When the number of resident commercial licenses is fewer than 10 but more than 5, at least one nonresident commercial license must be provided. When the number of resident commercial licenses is 5 or fewer, nonresident commercial licenses are not required. [PL 2001, c. 188, §3 (AMD).]

F. When 2 or more municipalities have entered into a regional shellfish management agreement pursuant to subsection 7, the combined total number of commercial licenses for nonresidents provided by those municipalities must be a number not less than 10% of the combined total number of commercial licenses issued for residents. When the combined total number of resident commercial licenses is fewer than 10 but more than 5, at least one nonresident commercial license must be provided. When the combined total number of resident commercial licenses is 5 or fewer, nonresident commercial licenses are not required. [PL 1995, c. 531, §2 (AMD).]

G. [PL 2001, c. 188, §3 (RP).]

G-1. A licensing authority that issues recreational licenses to residents shall also make available to nonresidents recreational licenses. The number of nonresident recreational licenses may not be less than 10% of the number of recreational licenses issued to residents.

For the purposes of this paragraph, "recreational license" means a license that authorizes a person to take or possess shellfish only for personal use. [PL 2001, c. 188, §3 (NEW).]

For purposes of this subsection, "licensing authority" means a municipality or 2 or more municipalities that have entered into a regional shellfish management agreement pursuant to subsection 7. [PL 2001, c. 188, §3 (AMD).]

4. Adoption requirements. Shellfish conservation ordinances may be adopted under this section by municipalities or unorganized townships.

A. Prior to adopting an ordinance, a municipality or unorganized township shall raise or appropriate money for a shellfish conservation program. [PL 1999, c. 255, §3 (AMD); PL 1999, c. 255, §8 (AFF).]

B. An ordinance proposed by a municipality or unorganized territory under this section must be approved in writing by the commissioner prior to its adoption, except that the commissioner may not withhold approval based on the amount of license fees specified in an ordinance. [PL 1999, c. 255, §4 (AMD); PL 1999, c. 255, §8 (AFF).]

C. Unorganized townships may adopt ordinances if:

- (1) At least 10 inhabitants have petitioned the county commissioners to adopt the ordinances;
- (2) The county commissioners of the townships have held a public hearing with at least 7 days' prior notice in one of the affected townships; and
- (3) A majority of the inhabitants eligible to vote voting at referendum approve the ordinances.

The county commissioners act as the municipal legislative body within unorganized townships that have elected to adopt ordinances under this section. [PL 2001, c. 188, §4 (RPR).]
[PL 2001, c. 188, §4 (AMD).]

4-A. State parks. The commissioner shall consult with the Commissioner of Agriculture, Conservation and Forestry in review of any municipal ordinance that affects intertidal areas located within state parks. The commissioner may not approve any ordinance that threatens any important resources or provides insufficient opportunity for recreational shellfish harvesting within state parks. [PL 1983, c. 418 (NEW); PL 2011, c. 657, Pt. W, §6 (REV).]

4-B. Management program approval. The commissioner may adopt rules that set the criteria that municipal shellfish conservation programs and ordinances must meet in order to be approved by the commissioner.
[PL 2001, c. 188, §5 (AMD).]

5. Period of ordinance. Ordinances or amendments to an ordinance adopted under this section remain in effect until repealed by the municipality or rescinded by the commissioner. A certified copy of the ordinance or amendment to the ordinance must be filed with the commissioner within 20 days of its adoption. If a copy of the ordinance or an amendment to the ordinance is not filed within 20 days, the ordinance reverts to the ordinance previously in effect until the new ordinance or amendment is filed.
[PL 2001, c. 667, Pt. B, §6 (RPR).]

6. Municipality defined. For the purposes of this section, municipality includes:

- A. Village corporations; and [PL 1991, c. 390, §6 (AMD).]
- B. The combined towns of Yarmouth and North Yarmouth. [PL 1991, c. 390, §6 (AMD).]

C. [PL 1991, c. 390, §7 (RP).]
[PL 1991, c. 390, §§6, 7 (AMD).]

7. Joint programs; reciprocal privileges. Municipalities may enter into regional shellfish management agreements with other municipalities and adopt regional shellfish management programs. The agreements, and the programs and ordinances adopted under them, are subject to the same requirements as municipal programs and ordinances. Resident privileges of one municipality in a regional shellfish management agreement may be extended to the residents of other municipalities in the agreement. A regional shellfish management committee comprised of at least one resident from each municipality named in the regional agreement may be established to administer a regional program.

[PL 2001, c. 188, §7 (AMD).]

8. Local enforcement. The following provisions apply to enforcement.

A. A municipality that enacts an ordinance under this section is responsible for enforcing it. [PL 2001, c. 188, §8 (AMD).]

B. Any municipal shellfish conservation warden appointed by a municipality to enforce the provisions of this article must be certified by the commissioner within one year of the warden's appointment. The commissioner shall establish a program to provide shellfish conservation training in principles of shellfish conservation, management, enforcement and protection and shall establish standards for certification of municipal conservation wardens upon their satisfactory completion of the training program. The commissioner may establish by rule procedures for certification, recertification and revocation of certification. The commissioner may revoke a certificate for failure of the warden to comply with performance standards. [PL 2013, c. 301, §14 (AMD).]

C. A certified municipal shellfish conservation warden shall enforce the shellfish ordinances of the municipality employing the warden and, if the warden is authorized by the municipality and meets the training requirements of Title 25, section 2804-I, the warden may arrest all violators. The warden may serve all process pertaining to the ordinance. The warden also has, within that warden's jurisdiction, the powers of a marine patrol officer provided in section 6025, subsection 4 and the authority to enforce section 6621. All of the powers conferred in this subsection are limited to the enforcement of a municipal shellfish conservation ordinance and section 6621.

At the commissioner's request, a certified municipal shellfish conservation warden may collect samples and otherwise assist the department in the detection of pollutants and contaminants. The commissioner is not required to conduct tests on samples not requested by the commissioner. [PL 2005, c. 171, §1 (AMD).]

D. Enforcement by the municipality of any provision adopted by a municipality pursuant to this section may occur only in the municipality in which the shellfish is harvested. [PL 2019, c. 144, §3 (NEW).]

[PL 2019, c. 144, §3 (AMD).]

9. Penalty.

[PL 1993, c. 281, §3 (RP).]

10. Criminal penalty. A person who violates a provision of a municipal ordinance adopted under this section commits a Class D crime punishable by the following fines:

A. For harvesting shellfish from an area closed for conservation purposes:

- (1) For the first offense by a commercial license holder, a fine of not less than \$300;
- (2) For subsequent offenses by a commercial license holder, a fine of not less than \$500 and not more than \$1,500;

- (3) For the first offense by a recreational license holder, a fine of not less than \$100; and
- (4) For subsequent offenses by a recreational license holder, a fine of not less than \$100 and not more than \$500; or [PL 2005, c. 171, §2 (AMD).]

B. For violating any other provision of a municipal ordinance adopted under this section, a fine of not less than \$100 and not more than \$1,500. [PL 2005, c. 171, §2 (AMD).]

The court may not suspend a fine imposed under this subsection or impose a penalty other than the monetary payment of a fine as provided in this subsection. For purposes of this subsection, "recreational license" means a license that authorizes a person to take or possess shellfish only for personal use. A fine for a violation of article 5 must be as provided by section 6681. [PL 2005, c. 171, §2 (AMD).]

10-A. Civil penalty. A person who harvests shellfish without a municipal shellfish license or in violation of a license restriction commits a civil violation for which the following fines may be adjudged:

A. For harvesting shellfish without a municipal shellfish license:

- (1) For commercial purposes, a fine of not less than \$300 and not more than \$1,000. Possession of more than one peck of clams without a license is prima facie evidence of a violation of this subparagraph; and
- (2) For personal use, a fine of not less than \$100 and not more than \$500; and [PL 2013, c. 468, §31 (AMD).]

B. For harvesting shellfish in violation of a license restriction:

- (1) By a commercial license holder, a fine of not less than \$300 and not more than \$1,000; and
- (2) By a recreational license holder, a fine of not less than \$100 and not more than \$500. [PL 2013, c. 468, §31 (AMD).]

The court may not suspend a fine imposed under this subsection or impose a penalty other than the monetary payment of a fine as provided in this subsection. For the purposes of this subsection, "recreational license" means a license that authorizes a person to take or possess shellfish only for personal use. [PL 2013, c. 468, §31 (AMD).]

10-B. Molesting municipal shellfish gear placed in protected areas. A municipality may, as part of a municipal shellfish conservation program, place protective netting, fencing, traps or other gear in the intertidal zone to provide protection from shellfish predators. Any netting, fencing, traps or other gear placed for this purpose must be clearly marked with signs or tags that identify the municipality that placed the gear and indicate the purpose of the gear.

A. A person may not tamper with, molest, disturb, alter, destroy or in any manner handle gear placed by a municipality in accordance with this subsection. [PL 2013, c. 517, §1 (NEW).]

B. A person who violates paragraph A commits a civil violation for which a fine of not less than \$300 and not more than \$1,000 may be adjudged. [PL 2013, c. 517, §1 (NEW).]

[PL 2013, c. 517, §1 (NEW).]

10-C. Prohibition.

[PL 2013, c. 517, §1 (NEW); MRSA T. 12 §6671, sub-§10-C (RP).]

11. Certificate as evidence. A certificate of the clerk of the municipality or any other custodian of the records of a municipal shellfish conservation ordinance adopted under this section stating what the records of the municipality show is admissible as evidence in all courts as proof of the municipal records. A certificate stating that the records do not show that a person held a license is prima facie

evidence that the person did not hold the license on the date specified in the certificate. A certificate stating that the records show that a shellfish conservation ordinance or portions of an ordinance were in effect on a particular date is prima facie evidence that the ordinance was in effect on the date specified in the certificate. The certified copy is admissible in evidence on the testimony of a municipal shellfish conservation warden that the warden received the certificate after requesting it from the municipality. Further foundation is not necessary for the admission of the certificate.

[PL 1999, c. 255, §7 (NEW); PL 1999, c. 255, §8 (AFF).]

12. Intertidal mussel harvesting. With the advice of the municipality, the commissioner may issue a permit to an individual licensed pursuant to section 6746 that authorizes the permit holder to fish for and take mussels from an area designated by the municipality pursuant to subsection 3. The commissioner shall limit the number of permits issued for a designated area to that number the commissioner determines is necessary to achieve the goals of the municipality's shellfish conservation program. The permit may specify limits on the amount of mussels taken, when the mussels may be taken and gear usage and any other conditions necessary for consistency with the shellfish conservation program.

[PL 2007, c. 494, §2 (NEW).]

For the purposes of this section, "intertidal zone" means the shores, flats or other land below the high-water mark and above subtidal lands. [PL 2017, c. 350, §2 (NEW).]

§6672. Green crab fencing program

(REPEALED)

SECTION HISTORY

PL 1977, c. 661, §5 (NEW). PL 2011, c. 598, §30 (RP).

§6673. Municipal shellfish aquaculture permit

A municipality that has established a shellfish conservation program as provided under section 6671 may, consistent with the rights of property owners, issue a municipal shellfish aquaculture permit to a person for the exclusive use of shellfish in a designated area in the intertidal zone to the extreme low water mark within the municipality for the purpose of shellfish aquaculture. Municipal authority to issue a municipal shellfish aquaculture permit under this section does not limit in any way the authority of the commissioner to issue leases in the intertidal zone in accordance with sections 6072, 6072-A and 6072-B. [PL 2003, c. 660, Pt. A, §21 (AMD).]

1. Municipal procedure.

[PL 2003, c. 660, Pt. A, §21 (RP).]

1-A. Application. A municipality shall review an application for a municipal shellfish aquaculture permit on a form supplied by the municipality. The municipality may charge an application fee that reflects the costs of processing an application. The municipality shall publish a summary of the application in a newspaper of general circulation in the area that would be affected by the permit. A person may provide comments to the municipality on the proposed permit within 30 days of publication of the summary.

Prior to issuing a municipal shellfish aquaculture permit, a municipality shall hold a public hearing if requested in writing by 5 or more persons. The public hearing must be held in accordance with procedures established in ordinances adopted in subsection 3.

[PL 2009, c. 229, §15 (AMD).]

2. Department procedure for review and approval.

[PL 2003, c. 660, Pt. A, §21 (RP).]

2-A. Decision. In evaluating a proposed municipal shellfish aquaculture permit, a municipal officer shall take into consideration the number and density of permits and leases in the area and may issue the permit if the municipal officer finds the proposed project meets the following criteria.

A. The permit conforms to the municipality's shellfish conservation program. [PL 2003, c. 660, Pt. A, §21 (NEW).]

B. The permit will not cause the total area under all municipal shellfish aquaculture permits in the municipality to exceed 1/4 of the entire municipal intertidal zone that is open to the taking of shellfish. [PL 2009, c. 229, §16 (AMD).]

C. Issuing the permit is in the best interests of the municipality. [PL 2003, c. 660, Pt. A, §21 (NEW).]

D. The permit will not unreasonably interfere with ingress and egress of riparian owners. [PL 2003, c. 660, Pt. A, §21 (NEW).]

E. The permit will not unreasonably interfere with navigation. [PL 2003, c. 660, Pt. A, §21 (NEW).]

F. The permit will not unreasonably interfere with fishing or other uses of the area. For purposes of this paragraph, "fishing" includes public access to a redeemable shellfish resource, as defined by the department, for the purpose of harvesting, provided that the resource is commercially significant and is subject to a pollution abatement plan that predates the permit application, that includes verifiable activities in the process of implementation and that is reasonably expected to result in the opening of the area to the taking of shellfish within 3 years. [PL 2003, c. 660, Pt. A, §21 (NEW).]

G. The permit will not unreasonably interfere with significant wildlife habitat and marine habitat or with the ability of the site affected by the permit and surrounding marine and upland areas to support existing ecologically significant flora and fauna. [PL 2003, c. 660, Pt. A, §21 (NEW).]

H. The applicant has demonstrated that there is an available source of organisms to be cultured for the site affected by the permit. [PL 2003, c. 660, Pt. A, §21 (NEW).]

I. The permit does not unreasonably interfere with public use or enjoyment within 1,000 feet of a beach, park or docking facility owned by the Federal Government, the State Government or a municipal government or conserved lands. For purposes of this paragraph, "conserved lands" means land in which fee ownership has been acquired by the municipal government, State Government or Federal Government in order to protect the important ecological, recreational, scenic, cultural or historic attributes of that property. [PL 2003, c. 660, Pt. A, §21 (NEW).]

A municipality shall review the Department of Agriculture, Conservation and Forestry's list of conserved lands compiled pursuant to section 6072, subsection 7-A, paragraph F prior to issuing a municipal shellfish aquaculture permit.

A municipality shall put its findings on each of the criteria listed in this subsection in writing and make those findings available to the public.

[PL 2011, c. 655, Pt. II, §5 (AMD); PL 2011, c. 655, Pt. II, §11 (AFF); PL 2011, c. 657, Pt. W, §5 (REV).]

3. Municipal shellfish aquaculture permit. Prior to issuing a municipal shellfish aquaculture permit pursuant to this section, a municipality shall adopt ordinances that establish procedures for consideration of permit applications under the decision criteria in subsection 2-A, including but not limited to provisions for a public hearing process. Additionally, the municipality shall adopt ordinances designed to prevent speculative holding of permits. An ordinance proposed by a municipality under this subsection must be approved in writing by the commissioner prior to its adoption.

When approved, a municipal shellfish aquaculture permit must be forwarded to the commissioner. The municipality may charge a municipal shellfish aquaculture permit fee not to exceed \$100 per acre annually. The municipality may establish conditions and limits on the permit. A municipal shellfish aquaculture permit may be granted for a period of up to 10 years and is renewable upon application by the permittee. The municipality shall monitor and enforce the terms and conditions of a permit on an annual basis and submit an annual report on permit activities to the department. Such information is considered landings data.

[PL 2009, c. 229, §17 (AMD).]

4. Renewals. A municipality shall give public notice for a municipal shellfish aquaculture permit renewal as required under subsection 1-A, and a hearing must be held if it is requested in writing by 5 or more persons. If a public hearing is required, it must be held in accordance with procedures established in an ordinance adopted under subsection 3. A renewal may be granted as long as the permit continues to meet the criteria of subsection 2-A. The findings of the municipality regarding the criteria in subsection 2-A must be in writing and made available to the public.

§6674. Interference with municipal shellfish aquaculture permit

1. Prohibition. A person may not knowingly interfere with the ability of a person who holds a municipal shellfish aquaculture permit to carry out the privileges granted to the permittee under that permit. Except for the permittee or the permittee's designee, a person may not take, disturb or molest any shellfish in the intertidal zone in the area that is included in a municipal shellfish aquaculture permit.

[PL 2015, c. 225, §1 (NEW).]

2. Penalty. A person who violates this section commits a civil violation for which a fine of not less than \$500 nor more than \$1,000 may be adjudged.

[PL 2015, c. 225, §1 (NEW).]

3. Restitution. In addition to the penalty under subsection 2, if a person violates this section by interfering with the ability of a person who holds a municipal shellfish aquaculture permit to carry out the privileges granted to that permittee under that permit, the court shall:

A. Order that person to pay to the holder of the municipal shellfish aquaculture permit an amount equal to twice the replacement value of any damaged equipment on the permit site; and [PL 2015, c. 225, §1 (NEW).]

§6675. Shellfish reseeding program

The department shall carry out a program of shellfish reseeding. The program shall include such activities as the transplanting of soft shell clams from areas of large concentrations to potentially productive areas, and relaying shellfish otherwise inhibited from attaining optimum market size. The program may be carried out in cooperation with municipal and joint shellfish conservation programs. ARTICLE 5

SOFT-SHELL CLAM MANAGEMENT

§6681. Soft-shell clam management

1. Purpose. The Legislature finds that the conservation and wise use of the State's shellfish resource may be enhanced by a 2-inch minimum size limit on possession of soft-shell clam shell stock in combination with other management programs.

The Legislature further finds that management programs should be designed to meet local circumstances as appropriate, but also finds that a minimum size limit to be beneficial must be a uniform standard statewide.

The Legislature intends by this Article to enhance the value of the State's shellfish resource by the institution of uniform standards which can be implemented and enforced statewide.

[PL 1983, c. 838, §6 (NEW).]

2. Definition. For the purposes of this subchapter, "possess" means dig, take, harvest, ship, transport, hold, buy and sell retail and wholesale soft-shelled clam shell stock.

[PL 1983, c. 838, §6 (NEW).]

3. Minimum size. A person may not possess soft-shelled clam shell stock whose shells are less than 2 inches in the largest diameter:

A. If the soft-shelled clams comprise more than 10% but less than 20% of a bulk pile as determined under subsection 4; [PL 2003, c. 452, Pt. F, §18 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

B. If the soft-shelled clams comprise 20% or more of a bulk pile as determined under subsection 4; or [PL 2003, c. 452, Pt. F, §18 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]

C. If the soft-shelled clams comprise 20% or more of a bulk pile as determined under subsection 4 and the person has one or more prior convictions for violating paragraph B. Title 17-A, section 9-A governs the use of prior convictions when determining a sentence. [PL 2003, c. 452, Pt. F, §18 (NEW); PL 2003, c. 452, Pt. X, §2 (AFF).]
[PL 2003, c. 452, Pt. F, §18 (AMD); PL 2003, c. 452, Pt. X, §2 (AFF).]

4. Tolerance. Any person may possess soft-shelled clams that are less than 2 inches if they comprise less than 10% of any bulk pile. The tolerance is determined by numerical count of not less than one peck nor more than 4 pecks taken at random from various parts of the bulk pile or by a count of the entire pile if it contains less than one peck.
[PL 2003, c. 452, Pt. F, §18 (AMD); PL 2003, c. 452, Pt. X, §2 (AFF).]

5. Enforcement. State, county and municipal wardens and enforcement officers shall enforce this subchapter.
[PL 1983, c. 838, §6 (NEW).]

6. Penalty.
[PL 1993, c. 281, §5 (RP).]

6-A. Penalty. A person who violates this article commits a Class D crime. The following minimum penalties apply:

A. For possession of a bulk pile of shellfish of which 20% or more of the shellfish are smaller than the minimum size established in subsection 3:

(1) For the first offense, a fine of not less than \$300; and

(2) For subsequent offenses within 10 years from the date of conviction for the first violation, a fine of not less than \$500.

The court may not suspend a fine imposed under this paragraph; and [PL 1997, c. 628, §2 (AMD).]

B. For possession of a bulk pile of shellfish of which more than 10% but less than 20% of the shellfish are smaller than the minimum size established in subsection 3, a fine not less than \$100 and not more than \$1,000. [PL 1993, c. 281, §6 (NEW).]
[PL 1997, c. 628, §2 (AMD).]

7. Sunset. This section shall be reviewed by the joint standing committee of the Legislature having jurisdiction over marine resources in the Second Regular Session of the 113th Legislature. That committee shall report its findings no later than April 1, 1988.

A person acting as tender to an individual possessing a current individual handfishing sea urchin license issued under subsection 4, paragraph A shall possess a sea urchin and scallop diving tender license issued under section 6535. The handfishing sea urchin license with tender issued under subsection 4, paragraph B authorizes a person to engage in the activities described in section 6535, subsection 2 aboard the licensee's boat when it is engaged in the harvesting of sea urchins. [PL 2009, c. 561, §28 (RPR).]

1-A. Exception. §6749-R. Sea Urchin Research Fund

The Sea Urchin Research Fund, referred to in this article as the "fund," is established in the department. Balances in the fund may not lapse and must be carried forward and used for the purposes of this section. [PL 1993, c. 740, §3 (NEW).]

1. Uses of fund. The commissioner shall use the fund for research directly related to sea urchin fishery management information needs and for reporting to licensed sea urchin harvesters, boat tenders, processors and buyers on the results of research and the use of fund revenues. The purpose of that research must be to determine, with the highest reliability possible given available resources, the greatest level of effort that may be applied to the sea urchin fishery without harming the long-term economic and biological sustainability of the sea urchin fishery. The commissioner shall consult with the Sea Urchin Zone Council under section 6749-X before deciding upon research projects and awarding grants from the fund. The fund may be used to provide for safety education and training requirements for the sea urchin fishery and to administer management measures for the fishery. The commissioner shall consult with the Sea Urchin Zone Council on the expenditure of funds for these purposes. The fund may also be used to cover the costs associated with determining eligibility for licenses under this subchapter, for law enforcement and support for the Sea Urchin Zone Council, including reimbursement for travel expenses. Up to 30% of allotted revenues may be used for law enforcement purposes.

[PL 2003, c. 200, §4 (AMD).]

2. Sources of revenue. The fund is capitalized by surcharges assessed under section 6749-Q. In addition to those revenues, the commissioner may accept and deposit in the fund money from any other source, public or private. All money in the fund must be used for the purposes set forth in this section. [PL 1993, c. 740, §3 (NEW).]

3. Reports. The commissioner shall submit an interim and a final report on expenditures from the fund and research findings to the joint standing committee of the Legislature having jurisdiction over marine resource matters. An interim report must be submitted by July 1, 1996. A 2nd interim report must be submitted by January 1, 1998. A final report must be submitted by January 1, 1999.

1. Log book; rules. The commissioner shall adopt rules requiring any person holding a wholesale seafood license with a sea urchin buyer's permit or a wholesale seafood license with a sea urchin processor's permit to maintain a log book. The rules must indicate the type of data that must be recorded in the log book, the manner for producing the log books and the method for analyzing data from the log books. The commissioner shall charge a fee for the log book that is sufficient to recover all costs associated with the production of the log book and analysis of the data, except that any personnel and operating costs associated with the log book must be paid from allocations from the Sea Urchin Research Fund. Fees received by the department from the sale of log books are dedicated revenue and must be used by the department for the purposes of this section. The log book and data analysis may be produced and conducted by the department or may be produced and conducted by a public or private entity under contract with the department. Disclosure of any data collected under this section is subject to the confidentiality provisions of section 6173.

[PL 1999, c. 244, §3 (NEW).]

2. Reporting. The commissioner may deny an application for the renewal of a wholesale seafood license with a sea urchin buyer's permit or a wholesale seafood license with a sea urchin processor's permit if the license holder fails to maintain a log book or report the data required by rule pursuant to subsection 1.

[PL 1999, c. 244, §3 (NEW).]

1. License required. Notwithstanding section 6074, an individual may not engage in an activity authorized under this section without a valid marine harvesting demonstration license.

[PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

1-A. Eligibility. A marine harvesting demonstration license may be issued only to an individual, except that a person who holds a noncommercial lobster and crab fishing license may not be issued a marine harvesting demonstration license.

[PL 2021, c. 129, §1 (AMD).]

2. Licensed activities. An individual who holds a marine harvesting demonstration license may engage in limited fishing activities for the purpose of providing an educational demonstration of marine harvesting techniques or of the marine ecology of the Gulf of Maine as part of a commercial operation. An individual may not handle a lobster trap, warp or buoy used for the purposes of this section unless that individual meets the requirements of subsection 7.

Subject to the requirements of subsection 3, an individual who holds a Class I, Class II or Class III lobster and crab fishing license may assist a person who holds a marine harvesting demonstration license on that person's boat in the demonstration of lobster and crab fishing without obtaining a marine harvesting demonstration license.

[PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

3. License limitations. An individual who holds a marine harvesting demonstration license may not sell, retain, ship or transport any portion of the catch and shall release all organisms alive into the area from which the organisms were harvested. A vessel identified under subsection 6 may not be used for the commercial harvest of marine organisms unless the operator of the vessel holds a Class I, Class

II or Class III lobster and crab fishing license or as otherwise provided by the department. The trap limits of the vessel operated for the harvest of marine organisms under a Class I, Class II or Class III lobster and crab fishing license may not be exceeded under the marine harvesting demonstration license.

[PL 2021, c. 129, §2 (AMD).]

4. Gear limitations and requirements. The commissioner shall specify the type and amount of gear that may be used under a marine harvesting demonstration license.

B. The commissioner shall establish a lobster trap tag system under which a marine harvesting demonstration license holder must purchase a tag for the purpose of identifying and tracking traps. The commissioner may impose a per-tag fee to cover the cost of the trap tags and the costs of administering and enforcing the lobster trap tag system. Trap tag fees must be deposited in the Lobster Management Fund established under section 6431-C. [PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

C. A marine harvesting demonstration license holder who also holds a Class I, Class II or Class III lobster and crab fishing license shall use a buoy different in color and pattern and a different tag for fishing activities under subsection 2 than the buoy the individual uses for commercial harvesting. [PL 2021, c. 129, §3 (NEW).]

[PL 2021, c. 129, §3 (AMD).]

5. Boat declaration. The marine harvesting demonstration license holder shall declare the name of the vessel to be used for fishing under the license at the time of application for the license and may not change that vessel during the license year unless otherwise authorized by the department.

An individual who holds a marine harvesting demonstration license may assist another person who holds a marine harvesting demonstration license on that person's vessel without declaring the name of that vessel. The individual who assists another license holder must have written permission from that license holder before handling that person's demonstration lobster traps, warps or buoys.

[PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

6. Demonstration vessel identification. A vessel may not be used for the purposes of this section unless that vessel is clearly identified as provided by the commissioner under this subsection. The commissioner shall establish the type and specifications of vessel identification to be used for purposes of this section. The commissioner may impose an administrative fee to cover costs associated with implementing this subsection.

[PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

7. Additional requirements for lobster and crab harvesting demonstrations. A person may not demonstrate lobster or crab harvesting methods under this section unless that person holds a marine harvesting demonstration license and:

B. Held a Class I, Class II or Class III lobster and crab fishing license and has landed lobster under that license. [PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

An individual who successfully completes the examination under paragraph A is not required to repeat that examination to renew a marine harvesting demonstration license.

[PL 2003, c. 169, §1 (NEW); PL 2003, c. 169, §3 (AFF).]

7-A. Closed period exemption. The holder of a marine harvesting demonstration license is exempt from the prohibition on raising or hauling any lobster trap pursuant to section 6440, subsection 2 when raising or hauling lobster traps from the vessel identified on the marine harvesting demonstration license while engaging in fishing activities under subsection 2.

[PL 2021, c. 129, §4 (AMD).]

8. Fee. The fee for a marine harvesting demonstration license is \$26.

[PL 2009, c. 213, Pt. G, §35 (AMD).]

11. Penalties. A person who violates this section commits a civil violation for which a fine of not less than \$100 nor more than \$1,000 may be adjudged. The commissioner may suspend the Class I, Class II or Class III lobster and crab fishing license of a person who violates this section. Notwithstanding section 6401, subsection 2, the commissioner may permanently revoke the marine harvesting demonstration license of a person who sells, retains, ships or transports any portion of the catch or does not release all organisms alive into the area from which the organisms were harvested pursuant to subsection 3.

§6856. Shellfish sanitation; depuration certificate and permits

1. Shellfish sanitation certificate. A person may not undertake the processing, buying, selling, shipping, transporting or shucking of shellfish or whole scallops without a shellfish sanitation certificate issued by the department or a valid, current certificate issued by the relevant regulatory authority recognized by the United States Department of Health and Human Services, Food and Drug Administration and posted on the administration's interstate certified shellfish shippers list, unless authorized under section 6701 or 6702. A person may engage in activities only to the extent authorized by the certificate held by the person. The commissioner may issue a shellfish sanitation certificate to a wholesale seafood license holder or a shellfish transportation license holder that authorizes the holder to undertake the activities expressly authorized therein, which may include buying and selling, shipping, transporting, shucking or other processing of shellfish or whole scallops. A wholesale seafood license or shellfish transportation license is also necessary to undertake the activities authorized under those licenses. A shellfish sanitation certificate does not authorize a person to undertake any of the activities for which a permit is required pursuant to subsection 2-A. Beginning June 1, 2018, the fee for a shellfish sanitation certificate is \$50.

[PL 2019, c. 334, §3 (AMD).]

2. Express authorizations. The commissioner shall expressly state the authorized activities on each shellfish sanitation certificate. The activities authorized must be sufficient to allow the holder to carry out the holder's wholesale or transportation operations, except that the operations may be limited to the extent required to protect the public health.

[PL 2003, c. 248, §11 (AMD).]

2-A. Additional permits. A person may not engage in an activity for which a permit is required pursuant to this subsection unless the person holds a shellfish sanitation certificate and the applicable permit as provided in this subsection.

A. A person may not store shellfish in containers or tanks containing recirculating water without a recirculating wet storage permit. Beginning August 1, 2018, the fee for a recirculating wet storage permit is \$200, except that the fee for a recirculating wet storage permit is \$100 if the holder of the permit accepts as a permit condition the duty to provide and provides the department weekly test results showing the recirculating wet storage facility's compliance with the most recently adopted federal sanitation standards. [PL 2017, c. 224, §2 (NEW).]

B. A person may not store shellfish in containers or tanks where nonrecirculating water flows through the containers or tanks or in or on floats in a natural body of water without a flow-through wet storage permit. Beginning August 1, 2018, the fee for a flow-through wet storage permit is \$100. [PL 2017, c. 224, §2 (NEW).]

C. A person may not handle, ship, transport or process shellfish in bulk, as defined by the department by rule, without:

- (1) Attaching a tag to the shellfish in accordance with rules adopted by the department; and
- (2) A bulk tagging permit. Beginning June 1, 2018, the fee for a bulk tagging permit is \$50. [PL 2017, c. 224, §2 (NEW).]

D. A person may not use a vehicle to transport shellstock purchased at a location other than the establishment or vehicle authorized under the license without a shellfish buying station permit. Beginning June 1, 2018, the fee for a shellfish buying station permit is \$100. [PL 2019, c. 334, §4 (AMD).]

[PL 2019, c. 334, §4 (AMD).]

3. Depuration certificate. A person may not take shellfish from closed areas for depuration, processing and transportation without a depuration certificate. The commissioner may issue a depuration certificate to a wholesale seafood license holder that authorizes the holder to take shellfish from closed areas for depuration, processing and transportation. The certificate must establish limits on harvesting, depurating and processing methods and any other provisions required to ensure the public safety. The commissioner may permit depuration of shellfish not contaminated by paralytic shellfish poisoning if it is established that the water used during depuration will not contaminate the shellfish with paralytic shellfish poisoning. Beginning May 1, 2018, the fee for a depuration certificate is \$200. [PL 2017, c. 224, §2 (AMD).]

3-A. Municipal consultation and approval; depuration harvesting.

Soft-shelled clam depuration activities conducted within a municipality that has a municipal shellfish conservation program pursuant to section 6671 are subject to the following provisions.

A. Using the following general guidelines to identify whether pollution abatement activities are likely to succeed in a shellfish growing area, the commissioner may close a shellfish growing area pursuant to section 6172 for municipal pollution abatement activities.

- (1) Pollution abatement activities are likely to succeed in shellfish growing areas affected by identified failing residential septic systems and other identified localized sources of human or animal fecal contamination when funding for abatement is available.
- (2) Pollution abatement activities are not likely to succeed in shellfish growing areas affected by wastewater treatment plant outfall or other point sources of treated or partially treated sewage unless complete removal of pollution sources has been achieved.
- (3) Abatement activities are not likely to succeed in shellfish growing areas affected by chronic nonpoint source contamination from rivers or streams.

At the request of the municipality, the commissioner may allow soft-shelled clam depuration harvesting in a shellfish growing area closed under this paragraph. [PL 2015, c. 68, §11 (AMD).]

B. In conducting depuration harvesting activities under this subsection, a person holding a depuration certificate shall engage commercial harvesters holding valid municipal and state

commercial shellfish licenses. If there are insufficient municipally licensed commercial harvesters, the depuration certificate holder may supplement with other commercial shellfish harvesters licensed in the State. [PL 2011, c. 175, §5 (NEW).]

C. A depuration certificate holder shall maintain a generalized depuration management plan on file with the commissioner that sets forth methods for identifying harvest limits, operational procedures for harvest management and responsibilities of authorized representatives. [PL 2011, c. 175, §5 (NEW).]

D. A depuration certificate holder shall pay each municipality an amount equal to one dollar for each bushel of soft-shelled clams taken in that municipality under the depuration certificate. When submitting payment to a municipality under this paragraph, the depuration certificate holder shall include a summary of reports submitted to the department pursuant to rules adopted under subsection 4. N. The director may, with the advice and consent of the Governor, purchase, when funds are available from bequests or trusts other than bequests made or inter vivos trusts created by the late Percival Proctor Baxter, or accept on the part of the State gifts of parcels or tracts of land to the State, or may purchase land in the name of the State for state forest purposes and may also designate and set aside such lands or portions thereof as natural areas. The director shall not under this section acquire title by purchase to more than 4% of the land area within any one municipality without the written consent of the municipal officer thereof. The title to lands acquired under this section shall be investigated and approved by the Attorney General.

The purpose of acquisition of land under this paragraph is the preservation of scenic beauty and recreation as nearly unrestricted and general as is practicable for the people of the State and those whom they admit to the privilege, the production of timber for watershed protection, as a crop, as state forest demonstration areas for research purposes and for the application of model forestry techniques under a well defined criteria of full-use management. The lands acquired by the Bureau of Forestry and designated by it as state forests or natural areas shall never be sold, but may be exchanged for other land to permit consolidation, better access or more efficient administration. Net revenues including, but not limited to, stumpage shall be paid to the Treasurer of State by the director and constitute a fund to be applied to the care and improvement of these lands or for the acquisition of other lands for similar purposes, except that 25% of such revenues shall be returned by the Treasurer of State to the municipality wherein the land is located to be used for municipal purposes.

"Natural areas" means limited areas of land which have retained their wilderness character, although not necessarily completely natural and undisturbed, or have rare or vanishing species of plant or animal life or similar features of interest which are worthy of preservation for the use of

present and future residents of the State. Natural areas held by the State shall include and be designated as one or more of the following 3 types and the location of each shall be described in the designation:

Type 1. Semiwilderness areas which by their size or location offer the experience of solitude and self-reliance. Whereas, lands at the higher elevations are important for protection of watersheds, are ecologically vulnerable if unwisely altered by human interference and often may be uneconomic for logging or construction, it is hereby found that such lands generally may be suitable for this classification;

Type 2. Units of importance for all the natural sciences, especially ecology, and with outstanding value for education and research and for the appreciation of natural processes. Preservation in the desired condition shall be the prevailing purpose of such holdings. Visitation shall be regulated so as to ensure this preservation on a permanent basis; and

Type 3. Areas which are not of ecological or semiwilderness stature but which have the appearance of being in an untouched natural state or which are capable of attaining that appearance if held and managed for this purpose.

Relating to natural areas of Type 1, 2 or 3, all land uses and practices shall be subject to regulations of the bureau, promulgated pursuant to Title 5, chapter 375, subchapter II, in carrying out the purposes of this paragraph to manage or maintain the areas for the preservation of their natural condition. Areas designated under these classifications can be removed from such designation only by approval of the director, with the advice and consent of the Governor, following public notice and hearing. All lands acquired and administered under this paragraph and all other state forests shall be managed under the same principles which govern the management of the public reserve lands, to the extent not inconsistent with this section and management of such state forests shall, in any event, be coordinated with the management of the public reserved lands in order to facilitate the accomplishment of applicable management objectives. [PL 1979, c. 545, §3 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

O. The director may delegate the powers and duties of this Part to the director's agents and representatives, including municipal forest fire wardens appointed by the director. [PL 1979, c. 545, §3 (NEW).]

P. The director shall act as a liaison with the Department of Environmental Protection, the Maine Land Use Planning Commission, the Department of Inland Fisheries and Wildlife and the Cooperative Extension Service on forestry issues. [PL 1991, c. 722, §1 (AMD); PL 1991, c. 722, §11 (AFF); PL 2011, c. 682, §38 (REV).]

Q. The director, in cooperation with public and private landowners, shall actively pursue creating areas on public and private land where the principles and applicability of outcome-based forest policy, as defined in section 8868, subsection 2-B, can be applied and tested. No more than 6 such areas may be designated. The director shall seek to designate areas of various sizes owned by different landowners. The designated areas must represent differing forest types and conditions and different geographic regions of the State. Prior to entering into an outcome-based forestry agreement, the director and the panel of technical experts under section 8869, subsection 3-A shall conduct a comprehensive review of the proposed outcome-based forestry agreement. The term of initial agreements may not exceed 5 years. The director may renew an agreement if requirements under this section and section 8869, subsection 3-A are met. The term of a subsequent agreement may not exceed 5 years. [PL 2013, c. 542, §1 (AMD).]

R. The director shall enforce section 8006 for those violations discovered as part of the inspection process pursuant to Title 10, section 2364-B, subsection 6 and within the existing resources of the bureau. [PL 2021, c. 280, §5 (NEW).]

SUPPRESSION ACTIVITIES

§8301. Emergencies

Responsibility for control of forest insect and disease outbreaks shall, in all but emergencies, rest with the owners of the property whether private or public. [PL 1979, c. 545, §3 (NEW).]

Emergencies, for the purposes of this chapter, shall be so considered when, in the opinion of the director, the infestation or disease is likely to kill or seriously injure trees in large numbers, or is so

localized that immediate control will prevent a large possible outbreak, or is of recent foreign origin. [PL 1987, c. 183, §2 (AMD).]

In emergencies, the director may enter into agreement with municipal officials to pay up to 1/2 the cost of control if state funds are available for this purpose. Whenever the State does contribute funds for this purpose, it shall have the authority to determine the control methods to be used. The State may make similar agreements with groups of private owners if the project is approved by municipal officials. [PL 1979, c. 545, §3 (NEW).]

In an emergency, control measures may be done directly by the State or may be done on a contract basis with responsible private companies or individuals. [PL 1979, c. 545, §3 (NEW).]

If the director finds it to be unnecessary or impracticable to expend the entire amount or any part thereof during the year following the payment to the Treasurer of State, the unexpended proportion shall be reimbursed to the municipality. The director may, after careful inspection and survey has shown an emergency exists according to the requirements of section 8301, grant authority for control measures to be carried out on the protestors' lands. A. The director finds that there exists within the State or in any other state, country or province a plant disease caused by a plant pathogen not native to the State or an infestation of insects not native to the State that, in the opinion of the director, is likely to kill or seriously injure forest or shade trees in large numbers; and [PL 2001, c. 547, §1 (NEW).]

(2) Is in proximity to a tree or material that exists within the State and harbors a plant pathogen or insect that is the subject of a quarantine; or

(3) Is transported into the State in violation of a quarantine established by the director, the Commissioner of Agriculture, Conservation and Forestry or the Secretary of Agriculture of the United States. [PL 2013, c. 196, §2 (RPR).]

Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter II-A.

[PL 2013, c. 196, §2 (AMD).]

3. Salvage of condemned material. Prior to ordering the destruction of forest or shade trees or parts of forest or shade trees, the director shall consult with the landowner and the person owning stumpage rights to determine if there are methods of destruction that allow recovery of the value or a portion of the value of the condemned material and effectively safeguard the forest resource.

§8423-C. Presalvage and salvage harvesting

1. Regulation. The Department of Agriculture, Conservation and Forestry shall regulate the presalvage and salvage harvesting of forest stands in areas that, based on the proportion of balsam fir, white spruce, red spruce, black spruce, other softwood and hardwood components present, have

significant risk of damage from spruce budworm and are subject to a credible threat of imminent spruce budworm damage.

A. The assessments of risk and vulnerability of a specific forest stand must be supported by adequate data, including but not limited to:

- (1) Forest stand type information; and
- (2) A documented history of recent elevated spruce budworm moth presence or foliage damage from spruce budworm feeding. [PL 2015, c. 314, §12 (NEW).]

B. The director shall designate areas for presalvage and salvage harvesting subject to rules adopted pursuant to subsection 5 no later than January 1st of each year. Areas designated for presalvage and salvage harvesting must be inspected and verified by a licensed forester in the employ of the bureau. The director shall seek public comment for a 30-day period prior to designating such areas. [PL 2015, c. 314, §12 (NEW).]

C. A forest stand that is identified for presalvage and salvage harvesting must be located within the areas designated pursuant to paragraph B. [PL 2015, c. 314, §12 (NEW).]

SUBCHAPTER 3-A**FOREST PRACTICES****§8866. Purpose**

The Legislature finds and declares that the State's forests are resources of great significance to the people of the State. These resources have great economic value, environmental value, scenic beauty and unique characteristics and unsurpassed recreational, cultural and historical values of present and future benefit to the citizens of the State. The well-being of communities of the State depends upon sustainable forest management. Liquidation harvesting is a serious and direct threat to forest management, forest industries and rural communities over the landscape of Maine. Liquidation harvesting produces significant adverse economic and environmental effects and threatens the health, safety and general welfare of the citizens of the State. Liquidation harvesting is incompatible with responsible forest stewardship and must be substantially eliminated. [PL 2003, c. 422, Pt. A, §1 (NEW).]

§8869. Forest harvest regulations

To promote a healthy and sustainable forest that contains a balance of age classes necessary for a sustainable timber supply and spatial and compositional diversity, forest harvesting and liquidation harvesting are regulated pursuant to this subchapter. [PL 2003, c. 422, Pt. A, §3 (AMD).]

1. Standards for regeneration after harvests. The commissioner shall adopt rules to ensure adequate regeneration of commercial tree species on a site within 5 years of completion of any timber harvest. Rules to implement this requirement shall include identification of commercial tree species, minimum stocking standards and methods to mitigate inadequate regeneration. In developing regeneration standards, the commissioner shall take into consideration regional differences in forest types, tree species and physiographic conditions.

[PL 1989, c. 555, §10 (NEW).]

2. Performance standards for clear-cuts. The commissioner shall establish, by rule, performance standards for clear-cuts, including limitations on size. These standards shall protect water quality, minimize soil erosion, ensure adequate regeneration, address adverse impacts on wildlife habitat and provide for a healthy and sustainable forest. 3. Forest management plans for clear-cuts over 20 acres. For a clear-cut of 20 acres or more, the landowner, or agent of the landowner, shall develop, prior to harvest, a forest management plan for that clear-cut signed by a professional forester that conforms to the standards set forth in subsections 1 and 2. The plan must state the purpose of the clear-cut. This plan must be kept on file by the landowner or agent of the landowner and be available for inspection by the bureau until adequate regeneration in accordance with the standards set forth in subsection 1 is established.

3-A. Plans for outcome-based forestry areas. Practices applied on an area created pursuant to section 8003, subsection 3, paragraph Q must provide at least the equivalent forest and environmental protection as provided by existing rules and any applicable local regulations. A. Soil productivity; [PL 2001, c. 339, §3 (NEW).]

B. Water quality, wetlands and riparian zones; [PL 2001, c. 339, §3 (NEW).]

- I. Forest health. [PL 2013, c. 542, §3 (NEW).]

The Governor shall appoint a panel of at least 6 technical experts to work with the director to implement, monitor and assess tests of outcome-based forestry principles. The panel of technical experts must have expertise in all of the principles listed in paragraphs A to I. In order to participate in an outcome-based forestry project, the landowner, director and technical panel must develop agreed-upon desired outcomes for the outcome-based forestry area and develop a method for determining if the outcomes have been attained and a system for reporting results to the public. The technical panel shall assess whether the practices applied on the outcome-based forestry area provide at least the equivalent forest and environmental protection as provided by rules and regulations otherwise applicable to that outcome-based forestry area. The technical panel may not delegate this assessment to any other person, except that the technical panel may consider information provided by the bureau, the landowner or a 3rd-party forest certification program auditor.

[PL 2013, c. 542, §3 (AMD).]

3-B. Reporting and notification; outcome-based forestry projects. The director, in consultation with the technical panel under subsection 3-A, shall report to the joint standing committee of the Legislature having jurisdiction over forestry matters as follows.

A. Beginning March 1, 2015 and annually thereafter, the director shall submit a report detailing the progress on each outcome-based forestry agreement under section 8003, subsection 3, paragraph Q. The report must include an assessment of the landowner's progress toward attaining the outcomes under subsection 3-A. The report must be presented to the joint standing committee of the Legislature having jurisdiction over forestry matters at a public meeting no sooner than 30 days after submission of the report to the committee. [PL 2013, c. 542, §4 (NEW).]

B. When an initial outcome-based forestry agreement is approved by the director as provided by section 8003, subsection 3, paragraph Q, the director shall notify the joint standing committee of the Legislature having jurisdiction over forestry matters within 15 days. In the notification, the director shall address how the proposed agreement will provide at least the equivalent forest and environmental protection as provided by rules and regulations that otherwise would apply to that outcome-based forestry area. [PL 2013, c. 542, §4 (NEW).]

C. When an outcome-based forestry agreement under this section is renewed as provided by section 8003, subsection 3, paragraph Q, the director shall notify the joint standing committee of the Legislature having jurisdiction over forestry matters no later than 15 days after the agreement is renewed. [PL 2013, c. 542, §4 (NEW).]

A report, notification or any information concerning outcome-based forestry projects under this subsection must be placed on the Department of Agriculture, Conservation and Forestry's publicly accessible website.

[PL 2013, c. 542, §4 (NEW).]

4. Exemption for natural disaster. If the regeneration on a harvested clear-cut, or portion thereof, is destroyed by fire, disease, insect infestation or other natural disaster, the regeneration requirement does not apply. Vegetative cover sufficient to prevent accelerated erosion must be established on the site.

[PL 1989, c. 555, §10 (NEW).]

5. Variance. The commissioner shall establish, by rule, standards to permit activities that exceed the standards set forth under subsection 2. In developing standards, the commissioner shall consider the unique characteristics of a site and any related economic hardship which would result from noncompliance with these standards.

[PL 1989, c. 555, §10 (NEW).]

6. Transfer or sale of property. Upon sale or other transfer of ownership of land that has been harvested, the transferee becomes responsible for the regeneration requirements on the site. The transferor shall disclose in writing to the transferee the regeneration requirements of this section at, or prior to, the time of sale or transfer. Failure of the transferor to comply with the disclosure requirement shall result in the transferor being responsible for compliance with the regeneration requirements of subsection 1.

[PL 1989, c. 555, §10 (NEW).]

7. Application. This section applies to all forest lands within the State, including land in municipal and state ownership. Except as provided in subsection 7-A, only state-owned or operated research forests or industrially owned research forests certified by the commissioner are exempt from these requirements.

[PL 2001, c. 339, §4 (AMD).]

7-A. Exemption for outcome-based forestry areas. An outcome-based forestry area designated under section 8003, subsection 3, paragraph Q is exempt from the requirements of this section if specifically exempted in the agreement establishing the outcome-based forestry area.

[PL 2013, c. 542, §5 (AMD).]

8. Relationship to municipal rules and regulations. Nothing in this subchapter may be construed to preempt or otherwise limit the existing authority of municipalities to regulate harvesting, except that municipalities regulating timber harvesting shall adopt definitions for forestry terms used in their ordinances that are consistent with definitions in section 8868 and with forestry terms adopted by the commissioner pursuant to this subchapter. Municipal timber harvesting ordinances adopted before September 1, 1990 must meet this standard of compliance with definitions no later than January 1, 2001.

A municipality may not adopt an ordinance that is less stringent than the minimum standards established in this section and in rules adopted by the commissioner to implement this section and section 8867-B. A municipality may not adopt or amend an ordinance that regulates timber harvesting unless the process set out in this subsection is followed in the development and review of the ordinance.

A. A licensed professional forester must participate in the development or amendment of the ordinance. [PL 1999, c. 263, §1 (AMD).]

B. A meeting must take place in the municipality during the development or amendment of the ordinance between representatives of the department and municipal officers and officials involved in developing the ordinance. Discussion at the meeting must include, but is not limited to, the forest practices goals of the municipality. At this meeting and subsequently, the department shall provide guidance to the municipality on how the municipality may use sound forestry practices to achieve the municipality's forest practices goals. [PL 1999, c. 263, §1 (AMD).]

C. The municipality shall hold a public hearing to review a proposed ordinance or ordinance amendment at least 45 days before a vote is held on the ordinance. The municipality shall post and publish public notice of the public hearing according to the same general requirements of posted and published notice for zoning ordinance public hearings as provided by Title 30-A, section 4352, subsection 9.

In addition, when a municipality proposes to adopt or amend a timber harvesting ordinance pursuant to its home rule authority as provided by Title 30-A, section 3001, the municipality shall mail notice of the hearing by first-class mail at least 14 days before the hearing to all landowners in the municipality at the last known address of the person on whom a property tax on each parcel is assessed. In the case of a timber harvesting ordinance or amendment that applies only to certain zones or land use districts in the municipality, the municipality may meet the requirements of this paragraph by mailing notice only to those landowners whose land is in a zone or land use district or immediately abutting the affected zone or land use district.

Mailed notice to individual landowners is not required under this subsection for any type of amendment to an existing local land use ordinance merely to conform that ordinance to the minimum timber harvesting guidelines required by Title 38, section 439-A, as those guidelines may be subsequently amended, or to conform any timber harvesting ordinance to the requirements of this section for conformity of definitions when the proposed amendments do not substantially change any previously established timber harvesting standards adopted pursuant to home rule authority.

The municipal officers shall prepare and file with the municipal clerk a written certificate indicating those landowners to whom the notice was mailed and at what addresses, when it was mailed, by whom it was mailed and from what location it was mailed. The certificate constitutes prima facie evidence that notice was sent to those landowners named in the certificate.

Any action challenging the validity of the adoption or amendment of a municipal timber harvesting ordinance based on the municipality's alleged failure to comply with the landowner notice requirement must be brought in Superior Court within 90 days after the adoption of the ordinance or amendment. The Superior Court may invalidate an ordinance or amendment only if the landowner demonstrates that the landowner was entitled to receive a notice under this section, that the municipality failed to send the notice as required, that the landowner had no knowledge of the proposed ordinance or amendment and that the landowner was materially harmed by that lack of knowledge. [PL 1999, c. 263, §1 (AMD).]

D. The municipal clerk shall notify the department of the time, place and date of the public hearing and provide the department with a copy of the proposed ordinance that will be reviewed at the hearing at least 30 days before the date of the hearing. [PL 1999, c. 263, §1 (AMD).]

E. At the public hearing, representatives of the department must be provided an opportunity to present and discuss for the municipality's information any reports, articles, treatises or similar materials published by acknowledged experts in the field of sound forestry or silvicultural management to the extent such information is relevant to the proposed ordinance or ordinance amendment.

The proposed ordinance or ordinance amendment may be revised after the public hearing. The ordinance or amendment must be submitted to the legislative body of the municipality in accordance with the procedures the municipality uses for adopting ordinances. [PL 1999, c. 263, §1 (NEW).]

F. Municipal timber harvesting ordinances may not be unreasonable, arbitrary or capricious and must employ means appropriate to the protection of public health, safety and welfare. [PL 1999, c. 263, §1 (NEW).]

G. All direct costs incurred by a municipality associated with landowner notification requirements and other required public notice must be paid to the municipality in accordance with a distribution schedule established under Title 30-A, section 5685, subsection 5. All direct costs incurred by a municipality in order to comply with this subsection for the amendment of ordinances adopted before September 1, 1990 must be paid to the municipality in accordance with a distribution schedule established under Title 30-A, section 5685, subsection 5. [PL 1999, c. 263, §1 (NEW).]

[PL 2003, c. 335, §3 (AMD).]

9. Centralized listing of municipal ordinances. The bureau shall maintain for informational purposes a statewide centralized listing of municipal ordinances that specifically apply to forest practices.

A. Within 30 days after the legislative body of the municipality votes on a timber harvesting ordinance developed according to the procedures of subsection 8, the clerk shall notify the bureau of the outcome and shall file a copy of the ordinance with the bureau. [PL 1999, c. 263, §2 (RPR); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

B. [PL 1999, c. 263, §2 (RP).]
[PL 1999, c. 263, §2 (RPR); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

10. Right of enforcement. Enforcement of this subchapter shall be by any state, county or municipal law enforcement officer, including forest rangers and field foresters of the bureau and wardens of the Department of Inland Fisheries and Wildlife.
[PL 1989, c. 555, §10 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

11. Right of entry. Agents of the bureau have rights of access to all lands within the State to carry out the duties they are authorized by law to administer and enforce. This subsection does not authorize entry into any building or structure.
[PL 1997, c. 694, §1 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

12. Right of action. A landowner found in violation of this section and penalized under section 9701 as a result of actions of a harvester has a right of action to recover the penalty against the harvester who undertook the harvest operation found in violation. In addition to all other defenses permitted by law, it is a defense that the harvester operated under the landowner's instructions. For the purposes of this subsection, the terms "harvester" and "harvest operation" have the same meanings as in section 8881.
[PL 1993, c. 217, §1 (NEW).]

13. Confidential information. Information provided to the bureau voluntarily or to fulfill reporting requirements for the purposes of establishing and monitoring outcome-based forestry areas, as created pursuant to section 8003, subsection 3, paragraph Q, is public unless the person to whom the information belongs or pertains requests that it be designated as confidential and the bureau has determined it contains proprietary information. For the purposes of this subsection, "proprietary information" means information that is a trade secret or production, commercial or financial information the disclosure of which would impair the competitive position of the person submitting the information and would make available information not otherwise publicly available. The bureau, working with the landowner and the panel of technical experts appointed under subsection 3-A, may publish reports as long as those reports do not reveal confidential information.
[PL 2013, c. 542, §6 (AMD).]

14. Substantial elimination of liquidation harvesting. The commissioner shall adopt rules to substantially eliminate liquidation harvesting. Rules adopted pursuant to this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

§8869-A. Prior bureau approval for harvesting trees and authority to issue stop-work orders

The bureau shall establish a prior approval process for harvesting trees by a person that has committed 2 violations of unlawful cutting of trees pursuant to Title 17, section 2510, subsection 1. The process must include at a minimum the following: [PL 2013, c. 405, Pt. A, §23 (REV); PL 2013, c. 412, §1 (NEW).]

1. Written approval. Requiring written approval from the bureau for the person to harvest trees on any land in the State; and [PL 2013, c. 405, Pt. A, §23 (REV); PL 2013, c. 412, §1 (NEW).]

2. Bonding. Requiring the person to post a private bond in an amount not less than \$500,000 before commencing tree harvesting. [PL 2013, c. 412, §1 (NEW).]

The bureau shall issue a stop-work order if the requirements of this section are not met at the time harvesting is occurring. [PL 2013, c. 405, Pt. A, §23 (REV); PL 2013, c. 412, §1 (NEW).]

For the purposes of this section, "person" means an individual, corporation, partnership, association or any other legal entity. [PL 2013, c. 412, §1 (NEW).]

The Commissioner of Agriculture, Conservation and Forestry shall adopt rules to carry out the provisions of this section. Rules adopted pursuant to this section are major substantive rules as defined in the Maine Revised Statutes, Title 5, chapter 375, subchapter 2-A. [PL 2013, c. 412, §1 (NEW).]

§8869-B. Maine Forestry Operations Cleanup and Response Fund

The Maine Forestry Operations Cleanup and Response Fund, referred to in this section as "the fund," is established to be used by the bureau as a nonlapsing, revolving fund for carrying out the purposes of this subchapter. The balance in the fund is limited to \$20,000. To this fund are credited permit fees, civil penalties and other fees and charges related to this subchapter. To this fund are charged expenses of the bureau incurred to mitigate and remediate damages or potential damages to waters of the State created by violations of this subchapter, including but not limited to costs of cleanup of discharges of pollutants to waters of the State and the restoration of water supplies. [PL 2021, c. 63, §1 (NEW).]

1. Disbursements from and use of fund. Money in the fund may be used by the department and disbursed only to pay the costs, including without limitation payments to contractors undertaking physical mitigation and remediation activities and equipment expenses, involved in the control of sediment and water flow, the abatement of pollution and the implementation of remediation activities, including restoration of water supplies, related to the discharge of sediment and other pollutants discharged or at risk of discharging to waters of the State by timber harvesting activities.

Prior to undertaking mitigation or remediation activities that will result in the use of the fund, the director shall use all reasonable efforts to notify the responsible party of the mitigation and remediation activities needed and to provide a reasonable time frame for the responsible party to implement those activities. The director shall notify the responsible party that a lien may be imposed on real estate owned by the responsible party in accordance with subsection 3 if the department undertakes mitigation and remediation activities that will result in the use of the fund.

[PL 2021, c. 63, §1 (NEW).]

2. Reimbursements to the fund. The following provisions govern reimbursements to the fund.

A. The director shall seek recovery of all costs paid from the fund from the responsible party, unless the bureau finds the amount involved too small, the likelihood of success too uncertain or that recovery of costs is unlikely due to the inability of the responsible party to pay those costs. [PL 2021, c. 63, §1 (NEW).]

B. Requests by the department for reimbursement of costs paid from the fund, if not paid by the responsible party within 30 days of the request, may be turned over to the Attorney General for collection or may be submitted to a collection agency or agent or an attorney retained by the department with the approval of the Attorney General in conformance with Title 5, section 191, or the bureau may file an appropriate action in District Court for recovery of the costs paid from the fund. [PL 2021, c. 63, §1 (NEW).]

[PL 2021, c. 63, §1 (NEW).]

3. Lien. All costs incurred by the State to mitigate and remediate damages or potential damages to waters of the State created by violations of this subchapter under subsection 1 and interest on those costs are a lien against the real estate of the responsible party. A certificate of lien signed by the director must be sent by certified mail to the responsible party prior to being recorded and may be filed in the office of the clerk of the municipality in which the real estate is located. The lien is effective when the certificate is recorded with the registry of deeds for the county in which the real estate is located. The certificate of lien must include a description of the real estate, the amount of the lien and the name of the owner as grantor.

When the amount for which a lien has been recorded under this subsection has been paid or reduced, the director, upon request by any person of record holding interest in the real estate that is the subject of the lien, shall issue a certificate discharging or partially discharging the lien. The certificate must be recorded in the registry in which the lien was recorded. Any action of foreclosure of the lien must be brought by the Attorney General in the name of the State in the Superior Court for the judicial district in which the real estate subject to the lien is located.

§8870. Penalties

1. Civil violation. A person who violates a rule adopted pursuant to section 8869, subsection 14 or a condition or term of a permit, variance or decision issued by the director or the commissioner in accordance with rules adopted pursuant to section 8869, subsection 14 commits a civil violation.

[PL 2003, c. 694, §1 (NEW).]

2. Penalty. Except as provided in subsection 3, the following penalties apply to violations of this section.

A. A person who violates this section commits a civil violation for which a fine of not less than \$100 and not more than \$1,000 may be adjudged for each day of that violation. [PL 2003, c. 694, §1 (NEW).]

B. A person who violates this section after having previously been adjudicated of a violation of this section within the previous 5-year period commits a civil violation for which a fine of not less than \$1,000 but not more than \$2,000 may be adjudged for each day of that violation. [PL 2003, c. 694, §1 (NEW).]

[PL 2003, c. 694, §1 (NEW).]

3. Economic benefit. If the economic benefit resulting from the violation exceeds the applicable penalties under subsection 2, the maximum fines may be increased. The maximum fine may not exceed

an amount equal to twice the economic benefit resulting from the violation. The bureau shall consider as economic benefit, without limitation, the costs avoided or the enhanced value accrued at the time of the violation by the violator as a result of not complying with the applicable legal requirements. [PL 2003, c. 694, §1 (NEW); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

4. Effective date.

[PL 2005, c. 514, §1 (RP).]

5. Supplemental environmental projects. In settling a civil enforcement action for any violation of this subchapter or any rule adopted under this subchapter, the parties may agree to a supplemental environmental project that mitigates not more than 80% of the assessed penalty. "Supplemental environmental project" means an environmentally beneficial project primarily benefiting the public health or the environment that a violator is not otherwise required or likely to perform.

A. An eligible supplemental environmental project is limited to the following categories:

- (1) Environmental enhancement projects in the same ecosystem or geographic area of the violation that significantly improve an area beyond what is required to remediate any damage caused by the violation that is the subject of the enforcement action;
- (2) Community forestry projects in the same ecosystem or geographic area of the violation that are conducted in accordance with the purposes of section 8705;
- (3) Environmental awareness projects substantially related to the violation that provide training, publications or technical support to members of the public and that are regulated by the Department of Agriculture, Conservation and Forestry; or
- (4) Scientific research and data collection projects that advance the scientific basis on which regulatory decisions are made. [PL 2005, c. 514, §2 (NEW); PL 2011, c. 657, Pt. W, §5 (REV).]

B. A supplemental environmental project may not be used in the following situations:

- (1) Repeat violations of the same or a substantially similar law administered by the Department of Agriculture, Conservation and Forestry by the same person;
- (2) When a project is required by law;
- (3) If the violator had previously planned and budgeted for the project;
- (4) To offset any calculable economic benefit of noncompliance;
- (5) If the violation is the result of reckless or intentional conduct; or
- (6) If the project primarily benefits the violator. [PL 2005, c. 2, §11 (COR); PL 2011, c. 657, Pt. W, §5 (REV).]

Any settlement that includes a supplemental environmental project must provide that expenditures are not tax deductible.

[RR 2005, c. 2, §11 (COR); PL 2011, c. 657, Pt. W, §5 (REV).]

6. Costs permitted. In any action or proceeding brought by the Attorney General under this section, the court may award litigation costs, including court costs, reasonable attorney's fees and reasonable expert witness fees, to be deposited in the General Fund of the State if the State or any of its officers or agencies is a prevailing party in the action or proceeding and the defendant's defense was not substantially justified. For the purposes of this subsection, a defense is "substantially justified" if the defense had a reasonable basis in law or fact at the time it was raised.

SUBCHAPTER 4-A

FOREST RESOURCE ASSESSMENT PROGRAM

§8876. Forest Resource Assessment Program

There is established in the Bureau of Forestry a Forest Resource Assessment Program. The purpose of the Forest Resource Assessment Program is to systematically and continually assess the ability of the State's forests to provide sustainable forest resources and socioeconomic benefits for the people of this State. The Director of the Bureau of Forestry, referred to in this subchapter as "the director," shall implement this program to: [PL 1997, c. 720, §9 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

1. Current status. Assess the current status of forest resources, using standards of forest sustainability developed in accordance with section 8876-A; [PL 1997, c. 720, §9 (AMD).]

2. Future demand. Project future demand for forest resources based on a common economic forecast developed by the Consensus Economic Forecasting Commission and on other appropriate economic projections; [PL 2021, c. 293, Pt. A, §21 (RPR).]

3. Trends. Identify trends in resource utilization and forecast supply available to meet the projected demands; and [PL 1997, c. 720, §9 (AMD).]

4. Potential shortfalls. Identify potential shortfalls in forest resources and the management and policy actions necessary in the public and private sector to avoid shortfalls. [PL 1997, c. 720, §9 (AMD).]

5. Recommendations. [PL 1997, c. 720, §9 (RP).]

The director shall coordinate the efforts of this program fully with ongoing bureau and federal forestry program planning efforts and with the efforts of the Maine Economic Growth Council to develop a long-term plan for the State's economy pursuant to Title 10, section 929-B. [PL 1997, c. 720, §9 (AMD); PL 2011, c. 657, Pt. W, §7 (REV); PL 2013, c. 405, Pt. A, §23 (REV).]

§8876-A. Forest sustainability

The director shall establish a process to assess forest sustainability. In developing this process, the director shall build on the principles of sustainability developed by the Northern Forest Lands Council established by Congress in 1990 and the criteria developed by the Maine Council on Sustainable Forest Management pursuant to Executive Order #11 dated April 25, 1995. [PL 1997, c. 720, §10 (NEW).]

1. Standards. Standards must be established to assess each of the criteria listed in this subsection by January 1st of the year indicated. The following standards must be specific, measurable and understandable by both forest managers and the general public:

A. Soil productivity by 2001; [PL 1997, c. 720, §10 (NEW).]

B. Water quality, wetlands and riparian zones by 1999; [PL 1997, c. 720, §10 (NEW).]

C. Timber supply and quality by 1999; [PL 1997, c. 720, §10 (NEW).]

Rangers assigned to posts at Clayton Lake, St. Pamphile, Estcourt Station, Daaquam, Musquacook Lake, Snare Brook and Baker Lake must be bilingual in French and English.

A. The forest protection unit of the Bureau of Forestry shall employ no fewer than 45 and no more than 50 forest rangers classified as Forest Ranger II to serve as wildfire control specialists and forestry law enforcement officers, and no fewer than 16 forest rangers classified as follows: 3 Regional Rangers, 8 District Rangers, one Forest Fire Prevention Specialist, one Ranger Pilot Supervisor and 3 Ranger Pilots. [PL 2017, c. 456, §1 (AMD).]

B. The state supervisor of the forest protection unit of the Bureau of Forestry, as Chief Forest Ranger, must be appointed from among the forest rangers of the department and must be qualified by training and experience in wildfire protection and law enforcement. In the event that the Chief Forest Ranger is not reappointed, the Chief Forest Ranger has the right to be restored to the position from which the Chief Forest Ranger was promoted or to a position equivalent in salary grade, without impairment of personnel status or the loss of seniority, retirement or other rights to which uninterrupted service in the previous position would have entitled the former Chief Forest Ranger. If service as Chief Forest Ranger is terminated for cause, the right to be restored to that previous or an equivalent position must be determined by the State Civil Service Appeals Board. [PL 2021, c. 34, §1 (NEW).]

[PL 2021, c. 34, §1 (AMD).]

2. Powers and duties. Forest rangers and the state supervisor shall:

A. Subject to supervision of the director, supervise the state wildfire control program, including personnel and facilities of all types; [PL 2013, c. 130, §1 (AMD).]

D. Enforce Title 36, chapter 701 relating to blueberries, all laws relating to forests and forest preservation, laws relating to the Maine Land Use Planning Commission and laws and rules relating to lands under the jurisdiction of the Bureau of Parks and Lands; [PL 2013, c. 130, §1 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

E. Investigate and gather evidence regarding the cause of wildfires; [PL 2013, c. 130, §1 (AMD).]

F. Have the authority to set backfires to control wildfires; [PL 2013, c. 130, §1 (AMD).]

G. Carry out such other duties as the director prescribes; and [PL 1989, c. 174, §1 (AMD).]

H. Have rights of access to all lands within the State to carry out the duties they are authorized by law to administer and enforce. Entry into private property under this paragraph is not a trespass. This paragraph does not authorize entry into any building or structure. [PL 1989, c. 174, §2 (NEW).]

Forest rangers and the state supervisor may also exercise the powers in this subsection when appropriate for agricultural and park fires.

[PL 2013, c. 130, §1 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

3. Law enforcement powers. In addition to any law enforcement powers expressly provided to forest rangers by another law:

A. Forest rangers and the state supervisor, for the purpose of enforcing Title 36, chapter 701 relating to blueberries, forest and forest preservation laws, laws of the Maine Land Use Planning Commission and laws and rules relating to the lands under the jurisdiction of the Bureau of Parks and Lands, have statewide law enforcement powers equivalent to those of a sheriff, or a sheriff's deputy, in the sheriff's county, including the right to execute or serve criminal and civil violation processes against offenders, make warrantless arrests for crimes, investigate and prosecute offenders, require aid in executing forest ranger duties and deputize temporary aides; [PL 2013, c. 130, §2 (AMD); PL 2013, c. 405, Pt. A, §24 (REV).]

B. The Director of the Bureau of Forestry, at the director's discretion, may authorize forest rangers and the state supervisor while on duty to arrest without a warrant a person who has committed or is committing in the ranger's or supervisor's presence any crime involving the use or threatened use of physical force against a person.

For the purposes of this paragraph, criminal conduct has been committed or is being committed in the presence of a law enforcement officer when one or more of the officer's senses afford that officer personal knowledge of facts that are sufficient to warrant a prudent and cautious law enforcement officer's belief that a crime involving the use or threatened use of physical force against a person is being or has just been committed and that the person arrested has committed or is committing that crime. An arrest made pursuant to this paragraph must be made at the time of the commission of the criminal conduct, or some part thereof, or within a reasonable time thereafter or upon fresh pursuit; and [PL 1999, c. 352, §1 (NEW); PL 2011, c. 657, Pt. The director shall appoint a forest fire warden in each organized municipality. The municipal fire chief must be appointed as forest fire warden if practicable and no other person may be appointed without the approval of the municipal officers. All appointed forest fire wardens serve at the pleasure of the director and must be sworn to the faithful discharge of these duties and a certificate thereof must be returned to the bureau. A person who has been notified of this appointment shall file with the director that person's acceptance or rejection within 10 days. The appointed forest fire warden may appoint one or more deputy forest fire wardens subject to approval of the municipal officers. A deputy forest fire warden may act for the forest fire warden in the absence of the appointed forest fire warden, but compensation in addition to that provided in this section may not be made. [RR 2021, c. 2, Pt. B, §66 (COR).]

The State shall pay the appointed forest fire warden an annual fee of \$100. This payment is contingent upon attendance at forest fire training schools, preparation of an annual forest fire plan for the town the forest fire warden serves and reports the director may require. This fee in no way limits payment to the warden from the town the forest fire warden serves. The warden's services for work on actual forest fires, as well as that of deputy forest fire wardens, must be paid by the town and at a rate determined by the town. [RR 2021, c. 2, Pt. 2. Equipment. The director may establish lookout stations connected by telephone and radio, and construct, equip and maintain office-storehouse headquarters for necessary supplies, tools and equipment and provide for any other facilities essential for forest fire control. All fire lookout towers must be staffed during periods of fire danger. The director shall notify the joint standing committees of the Legislature having jurisdiction over energy and natural resources and appropriations and financial affairs in writing prior to implementing any major policy changes in the operation and staffing of the fire lookout tower system. Within the unorganized territory, the director may, in addition to this subsection, construct and maintain roads and trails. In the event the director determines that any currently active fire tower should not be reopened for the subsequent fire season, the director shall provide notice to the Legislature of intended action by January 15th. This notice must include the location of the fire towers affected and the justifications for the closures. Notice of closures must be reviewed by the joint standing committee of the Legislature having jurisdiction over natural resources. Unless the Legislature determines otherwise, the director may close towers so indicated. [PL 1991, c. 459, §3 (RPR).]

4. Lawful complaint. [PL 1991, c. 459, §3 (RPR).]

5. Lawful summons. A Maine Forest Service citation or a Uniform Summons and Complaint, when served upon a person by a law enforcement officer, functions as a summons to appear in court. Any person who fails to appear in court after having been served with a summons commits a Class E crime. Upon that person's failure to appear, the court may issue a warrant of arrest. SUBCHAPTER 3

LOCAL CONTROL

§9201. Responsibility for control of forest fires

Responsibility for the control of forest fires in municipalities lies in the first instance with the town forest wardens appointed for these municipalities by the director. When in the judgment of a forest ranger the situation so warrants, the forest ranger may relieve a town forest fire warden of responsibility for control of a forest fire within a municipality and assume responsibility therefor. Final authority and responsibility for the control of a forest fire shall be that of the forest ranger. [PL 1983, c. 556, §8 (AMD).]

Municipal fire department personnel and equipment shall not be moved within or without municipal limits upon the order of a town forest fire warden or a forest ranger, except with the approval of the fire chief or proper municipal official having authority to grant such approval. Labor and equipment may be provided by individuals or groups on a forest fire without pay. All requested assistance, persons or equipment used in fighting forest fires shall, upon application, receive compensation fixed by the town in which the forest fire occurred, but labor coming

from outside such town shall receive a rate of pay not less than that established annually by the Department of Transportation for state highway labor. Fire departments, organized crews or other groups used outside the town in which the forest fire occurred may receive pay at their usual rates. Forest fire fighters may be provided with subsistence while on the fire. [PL 1979, c. 545, §3 (NEW).]

These costs must be approved by the forest fire warden in charge. A municipality going to the aid of another, even to protect itself, when requested by the state forest ranger in charge, is entitled to be paid by the municipality aided if the total suppression cost of the municipality is not over 1/4 of 1% of its state valuation. Any municipality, in order to pay labor quickly, may pay beyond 1/4 of 1% of its state valuation and submit for full state reimbursement or forward the unpaid bills, approved by the state forest ranger in charge, for payment. Town forest fire wardens and state forest rangers shall promptly prepare a report of their investigation of the cause, extent and damage on all forest fires in their charge. They shall prepare an exact and detailed statement of expenses incurred therein immediately after total extinguishment of the forest fire on forms provided by the director. [PL 1979, c. 545, §3 (NEW).]

Statements of expenses shall have proper payroll receipts and vouchers. [PL 1979, c. 545, §3 (NEW).]

All requests for the state 1/2 reimbursement shall be presented to the director within 60 days after total extinguishment of the forest fire or become void. The director may extend the time provided a preliminary report has been made. [PL 1979, c. 545, §3 (NEW).]

2. Slash with diameter of 3 inches or less. Slash with a diameter of 3 inches or less must be hauled away, burned or chipped. [PL 1999, c. 332, §1 (NEW).]

3. Slash more than 3 inches in diameter. Slash that is more than 3 inches in diameter must be removed or limbed and placed on the ground surface so that the pieces are separated and not piled one piece over another. Usable timber products generated from right-of-way maintenance may be piled within the right-of-way but must be removed within 30 days. [PL 1999, c. 332, §1 (NEW).]

E. "Fire-start area" means an area that has experienced one or more railroad-caused fires in the previous 5 calendar years. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

F. "Flammable material" includes, but is not limited to, grass, weeds, brush, logs, waste railroad ties, refuse material, debris, dead and desiccated vegetation, and all materials that burn easily. "Flammable material" does not include:

- (1) Wooden poles or towers and cross arms supporting switching circuits or other electrical power or communication conductors;

(2) Wooden components of trestles, tunnels and other structures; or

(3) Material that an authorized agent has evaluated and determines not flammable. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

It does not mean unpreventable fires such as those caused by wrecks, bombs or natural causes such as lightning or controlled burning for the purpose of destroying flammable materials. [RR 1993, c. 1, §37 (COR).]

J. "Right-of-way" means the strip of land, outside of yard limits, owned or controlled by the person or entity operating a railroad for a distance not exceeding 100 feet or to the property boundary measured at right angles to the axis of the rail at any given location. The distance must be measured from the outermost rail on both sides of the mainline or mainlines, on sidings, and also includes intervening strips between sidings and mainlines. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

A. The area within 7 feet of outside of rail, including ballast and towpath, must be kept clear of flammable material that by its physical arrangement or its accumulation is likely to contribute to the propagation of railroad-caused fires. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

B. For a fire-start area, the area within 25 feet of outside of rail, including ballast and towpath, must be kept clear of flammable material that by its physical arrangement or its accumulation is likely to contribute to the propagation of railroad-caused fires. A linear distance of 1/4 mile on either side of an identified fire-start area must be maintained along both sides of the railroad track as specified in this paragraph. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

C. Where a right-of-way passes through an area of high-value property and the right-of-way contains sufficient flammable material so that a fire starting on the right-of-way could travel to and threaten the high-value property, the minimum 7-foot standard is extended to 25 feet. [PL 1993, c. 271, §2 (NEW); PL 1993, c. 271, §4 (AFF).]

For the purposes of this section, "power-driven equipment" means vehicles, tools or other equipment with an internal combustion engine, but does not include boat motors.

Notwithstanding section 9701, any person who violates this subsection commits a Class E crime. In addition, if the State proves that while in violation of this section fires resulting from that person's

power-driven equipment resulted in fire suppression costs to municipal or State Government, the court, as part of any sentence imposed, may, pursuant to Title 17-A, chapter 69, order restitution to be paid to the government entities incurring the suppression costs in an amount not to exceed the limitations established in section 9321.

2. Approved spark arresters. Spark arresters shall be approved by the director if judged effective to prevent the escape of sparks, carbon deposits or other substances likely to cause fires. The director may permit the use of spark arresters certified by the United States Forest Service, Department of Agriculture.

[PL 2009, c. 447, §5 (AMD).]

2. Possession of hunting equipment while intoxicated. The possession of hunting equipment in the fields or forests or on the waters or ice in the State by a person while under the influence of intoxicating liquor or drugs is prima facie evidence that the possessor is in violation of subsection 1-A, paragraph A.

3. Penalties. A person who violates this section commits a Class D crime. In determining an appropriate sentence, refusal to submit to a chemical test must in every case be an aggravating factor. In the following cases the following minimum penalties apply.

A. In the case of a person having no previous convictions of a violation of subsection 1-A within the previous 6-year period, the fine may not be less than \$400. If that person was adjudicated within the previous 6-year period for failure to comply with the duty to submit to and complete an alcohol test under section 10702, subsection 1, the fine may not be less than \$500. A conviction under this paragraph must include a period of incarceration of not less than 48 hours, none of which may be suspended, when the person:

- (1) Was tested as having an alcohol level of 0.15 grams or more of alcohol per 100 milliliters of blood or 210 liters of breath;
- (2) Failed or refused to stop upon request or signal of an officer in uniform, pursuant to section 6953 or 10651, during the operation that resulted in prosecution for operating under the influence or with an alcohol level of 0.08 grams or more of alcohol per 100 milliliters of blood or 210 liters of breath; or
- (3) Failed to submit to a chemical test to determine that person's alcohol level or drug concentration, requested by a law enforcement officer on the occasion that resulted in the conviction. [PL 2009, c. 447, §6 (AMD).]

B. In the case of a person having one previous conviction of a violation of subsection 1-A within the previous 6-year period, the fine may not be less than \$600. If that person was adjudicated within the previous 6-year period for failure to comply with the duty to submit to and complete an alcohol level or drug concentration test under section 10702, subsection 1, the fine may not be less than \$800. A conviction under this paragraph must include a period of incarceration of not less than 7 days, none of which may be suspended. [PL 2009, c. 447, §7 (AMD).]

C. In the case of a person having 2 or more previous convictions of violations of subsection 1-A within the previous 6-year period, the fine may not be less than \$1,000. If that person was adjudicated within the previous 6-year period for failure to comply with the duty to submit to and complete an alcohol level or drug concentration test under section 10702, subsection 1, the fine may not be less than \$1,300. A conviction under this paragraph must include a period of incarceration of not less than 30 days, none of which may be suspended. [PL 2009, c. 447, §8 (AMD).]

D. In addition to the penalties provided under paragraphs A to C, the court may order the defendant to participate in the alcohol and other drug education, evaluation and treatment programs for multiple offenders administered by the Department of Health and Human Services under Title 5, chapter 521. [PL 2011, c. 657, Pt. AA, §55 (AMD).]

E. The penalties provided under paragraphs B, C and D may not be suspended by the court. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

F. If the State pleads and proves that, while hunting or operating a snowmobile, all-terrain vehicle or watercraft in violation of this section, the defendant in fact caused serious bodily injury as defined in Title 17-A, section 2, subsection 23, to another person or in fact caused the death of another person, the sentencing class for the offenses in subsection 1-A is Class C. The minimum penalties specified in this subsection apply, unless a longer minimum period otherwise applies. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §75 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

Any alternatives defined in subsection 1-A may be pleaded in the alternative. The State may, but is not required to, elect an alternative prior to submission to the fact finder.

For purposes of this subsection, a prior conviction has occurred within the 6-year period if the date of docket entry by the clerk of a judgment of conviction or adjudication is 6 years or less from the date of the new conduct that is penalized or for which the penalty is or may be enhanced.

In determining the appropriate sentence, the court shall consider the defendant's record of convictions for hunting under the influence or operating a snowmobile, all-terrain vehicle or watercraft while under the influence of intoxicating liquor or drugs and for failure to comply with the duty to submit. The court may rely upon oral representations based on records maintained by the courts, by the Department of Public Safety, State Bureau of Identification; by the Secretary of State, including telecommunications of records maintained by the Secretary of State; or by the department. If the defendant disputes the accuracy of any representation concerning a conviction or adjudication, the court shall grant a continuance for the purposes of determining the accuracy of the record.

References in this Title to this subsection are deemed to refer to the juvenile crime stated in Title 15, section 3103, subsection 1, paragraph E and to the disposition, including a suspension, for that juvenile crime as provided in Title 15, section 3314, subsection 3, except as otherwise provided or when the context clearly requires otherwise.

§10702. Chemical tests

1. Duty to submit. A person who hunts wild animals or wild birds or operates or attempts to operate a watercraft, snowmobile or ATV within this State has a duty to submit to a test to determine that person's alcohol level or drug concentration by analysis of blood, breath or urine if there is probable cause to believe that the person is hunting wild animals or wild birds or operating or attempting to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs. The duty to submit to an alcohol level or drug concentration test includes the duty to complete either a blood, breath or urine test or any combination of those tests. Tests and procedures for determining whether a person is under the influence of intoxicating liquor or drugs are governed by section 10703.

A. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §76 (RP); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2009, c. 447, §9 (AMD).]

2. Failure to comply with duty to submit. A person shall submit to and complete an alcohol level or drug concentration test, or both, when requested to do so by a law enforcement officer who has probable cause to believe that the person hunted or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs.

A. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §76 (RP); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2009, c. 447, §10 (AMD).]

3. Penalties. A person who violates this section commits a civil violation for which a fine of up to \$500 may be adjudged.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §76 (RPR); PL 2003, c. 655, Pt. B, §422 (AFF).]

§10703. Administering chemical tests; test results; evidence; reporting; immunity

1. Blood or breath test. If the law enforcement officer has probable cause to believe a person hunted wild animals or wild birds or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor, then the officer shall inform the person that a breath test will be administered, unless, in the determination of the officer, it is unreasonable for a breath test to be administered, in which case a blood test must be administered. The law enforcement officer may determine which type of breath test, as described in subsection 5, will be administered.

[PL 2019, c. 452, §2 (AMD).]

2. Prerequisites to tests. The law enforcement officer shall inform the person to be tested of the consequences of refusing to comply with the test. If the person fails to comply with the duty to submit to and complete the requested chemical tests at the direction of the law enforcement officer, that person is committing a civil violation for which the person may be required to pay a fine of up to \$500. The officer shall also inform the person that the failure to comply with the duty to submit to a chemical test is admissible in evidence against that person at any trial for hunting or operating under the influence of intoxicating liquor or drugs or a combination of liquor and drugs.

Test results may not be excluded as evidence in any proceeding before any administrative officer or court of this State as a result of the failure of the law enforcement officer to comply with these prerequisites. The only effects of the failure of the officer to comply with the prerequisites are as provided in subsection 7.

[PL 2019, c. 452, §3 (AMD).]

3. Results of test. Upon the request of the person who submits to a chemical test or tests at the request of a law enforcement officer, full information concerning the test or tests must be made available to that person or that person's attorney by the law enforcement officer.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

4. Alcohol level. The following quantities of alcohol in the defendant's blood or breath have the following evidentiary effect.

A. If, at the time alleged, a defendant who was 21 years of age or older at the time of arrest had an alcohol level of 0.05 grams or less of alcohol per 100 milliliters of blood or 210 liters of breath, it is prima facie evidence that the defendant was not under the influence of intoxicating liquor. [PL 2009, c. 447, §11 (AMD).]

B. If, at the time alleged, a defendant who was 21 years of age or older at the time of the arrest had an alcohol level in excess of 0.05 grams of alcohol but less than 0.08 grams of alcohol per 100 milliliters of blood or 210 liters of breath, it is relevant evidence, but it is not to be given prima facie effect in indicating whether or not the defendant was under the influence of intoxicating liquor within the meaning of this section, but that fact may be considered with other competent evidence in determining whether or not the defendant was under the influence of intoxicating liquor. [PL 2019, c. 452, §4 (AMD).]

C. For purposes of evidence in proceedings other than those arising under section 10701, subsection 1-A, it is presumed that a person was under the influence of intoxicating liquor when that person has:

(1) For a person 21 years of age or older, an alcohol level of 0.08 grams or more of alcohol per 100 milliliters of blood or 210 liters of breath; and

(2) For a person less than 21 years of age, an alcohol level of more than 0.00 grams per 100 milliliters of blood or 210 liters of breath. [PL 2009, c. 447, §11 (AMD).]

D. [PL 2009, c. 447, §11 (RP).]
[PL 2019, c. 452, §4 (AMD).]

5. Administration of tests. Persons conducting analyses of blood, breath or urine for the purpose of determining an alcohol level or drug concentration must be certified for each purpose by the Department of Health and Human Services under certification standards set by that department.

A. Only a physician, licensed physician assistant, registered nurse or person whose occupational license or training allows that person to draw blood samples may draw a specimen of blood for the purpose of determining the blood-alcohol level or the presence of a drug or drug metabolite. This limitation does not apply to the taking of breath or urine specimens. When a person draws a specimen of blood at the request of a law enforcement officer, that person may issue a certificate that states that the person is in fact a duly licensed or certified person as required by this subsection and that the person followed the proper procedure for drawing a specimen of blood to determine an alcohol level or drug concentration. That certificate, when duly signed and sworn to by the person, is admissible as evidence in any court of the State. It is prima facie evidence that the person was duly licensed or certified and that the person followed the proper procedure for drawing a specimen of blood for chemical testing, unless, with 10 days' written notice to the prosecution, the defendant requests that the person testify as to licensure or certification, or the procedure for drawing the specimen of blood. [PL 2019, c. 627, Pt. B, §2 (AMD).]

B. A law enforcement officer may take a sample specimen of the breath or urine of any person whom the officer has probable cause to believe hunted wild animals or wild birds or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs and who is complying with the duty to submit to and complete a chemical test. The sample specimen must be submitted to the Department of Health and Human Services or a person certified by the Department of Health and Human Services for the purpose of conducting chemical tests of the sample specimen to determine an alcohol level or drug concentration of that sample. [PL 2009, c. 447, §12 (AMD).]

C. Only equipment approved by the Department of Health and Human Services may be used by a law enforcement officer to take a sample specimen of the defendant's breath or urine for submission to the Department of Health and Human Services or a person certified by the Department of Health and Human Services for the purpose of conducting tests of the sample specimen to determine an alcohol level or drug concentration of that sample. Approved equipment must have a stamp of approval affixed by the Department of Health and Human Services. Evidence that the equipment was in a sealed carton bearing the stamp of approval must be accepted in court as prima facie evidence that the equipment was approved by the Department of Health and Human Services for use by the law enforcement officer to take the sample specimen of the defendant's breath or urine. [PL 2009, c. 447, §12 (AMD).]

D. As an alternative to the method of breath testing described in this subsection, a law enforcement officer may test the breath of any person whom the officer has probable cause to believe hunted wild birds or wild animals or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor, by use of a self-contained, breath-alcohol testing apparatus to determine an alcohol level, as long as the testing apparatus is reasonably available.

The procedures for the operation and testing of self-contained, breath-alcohol testing apparatuses must be as provided by rule adopted by the Department of Health and Human Services. The result of any such test must be accepted as prima facie evidence of an alcohol level in any court. [PL 2009, c. 447, §12 (AMD).]

E. Approved self-contained, breath-alcohol testing apparatuses must have a stamp of approval affixed by the Department of Health and Human Services after periodic testing. That stamp of approval is valid for a limited period of no more than one year. Testimony or other evidence that the equipment was bearing the stamp of approval must be accepted in court as prima facie evidence that the equipment was approved by the Department of Health and Human Services for use by the law enforcement officer to collect and analyze a sample specimen of the defendant's breath. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF); PL 2003, c. 689, Pt. B, §6 (REV).]

F. Failure to comply with any provision of this subsection or with any rule adopted under this subsection does not, by itself, result in the exclusion of evidence of an alcohol level or drug concentration, unless the evidence is determined to be not sufficiently reliable. [PL 2009, c. 447, §12 (AMD).]

G. Testimony or other evidence that any materials used in operating or checking the operation of the equipment were bearing a statement of the manufacturer or of the Department of Health and Human Services must be accepted in court as prima facie evidence that the materials were of a composition and quality as stated. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF); PL 2003, c. 689, Pt. B, §6 (REV).]

H. A person certified by the Maine Criminal Justice Academy, under certification standards set by the academy, as qualified to operate approved self-contained, breath-alcohol testing apparatuses may operate those apparatuses to collect and analyze a sample specimen of a defendant's breath. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]
[PL 2019, c. 627, Pt. B, §2 (AMD).]

6. Liability. Only a physician, licensed physician assistant, registered nurse or person whose occupational license or training allows that person to draw blood samples or other health care provider in the exercise of due care is not liable in damages or otherwise for any act done or omitted in performing the act of collecting or withdrawing specimens of blood at the request of a law enforcement officer pursuant to this section.
[PL 2019, c. 627, Pt. B, §3 (AMD).]

7. Evidence. The defendant's alcohol level at the time alleged and the concentration of drugs at the time alleged, as shown by the chemical analysis of the defendant's blood, breath or urine or by any test authorized by subsection 5 is admissible in evidence.

A. When a person certified under subsection 5 conducts a chemical analysis of blood, breath or urine to determine an alcohol level or drug concentration, the person conducting the analysis may issue a certificate stating the results of the analysis. That certificate, when duly signed and sworn to by the certified person, is admissible in evidence in any court of the State. It is prima facie evidence that the person taking a specimen of blood or urine was a person authorized by subsection 5; that the equipment, chemicals and other materials used in the taking of the blood or urine specimen or a breath sample were of a quality appropriate for the purpose of producing reliable test results; that any equipment, chemicals or materials required by subsection 5 to be approved by the Department of Health and Human Services were in fact approved; that the sample tested by the person certified under subsection 5 was in fact the same sample taken from the defendant; and that the drug concentration in the defendant's blood or the defendant's alcohol level was, at the time the blood, breath or urine sample was taken, as stated in the certificate, unless with 10 days' written notice to the prosecution, the defendant requests that a qualified witness testify as to any of the

matters as to which the certificate constitutes prima facie evidence. The notice must specify those matters concerning which the defendant requests testimony. [PL 2009, c. 447, §13 (AMD).]

B. A person certified under subsection 5 as qualified to operate a self-contained, breath-alcohol testing apparatus to determine an alcohol level may issue a certificate stating the results of the analysis. That certificate, when duly signed and sworn to by the certified person, is admissible in evidence in any court of the State. It is prima facie evidence that the defendant's alcohol level was, at the time the breath sample was taken, as stated in the certificate, unless, with 10 days' written notice to the prosecution, the defendant requests that the operator or other qualified witness testify as to the results of the analysis. [PL 2009, c. 447, §13 (AMD).]

C. Transfer of sample specimens to and from a laboratory for purposes of analysis must be by certified or registered mail and, when so made, is deemed to comply with all requirements regarding the continuity of custody of physical evidence. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

D. The failure of a person to comply with the duty to submit to and complete a chemical test under section 10702, subsection 1 is admissible in evidence on the issue of whether that person was under the influence of intoxicating liquor or drugs. If the law enforcement officer having probable cause to believe that the person hunted wild animals or wild birds or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs fails to give either of the warnings required under subsection 2, the failure of the person to comply with the duty to submit to a chemical test is not admissible. If a failure to submit to and complete a chemical test is not admitted into evidence, the court may inform the jury of the fact that a test result is not available. [PL 2023, c. 228, §4 (AMD).]

E. If a test result is not available for a reason other than a person's failure to comply with the duty to submit to and complete a chemical test, the unavailability and the reason are admissible in evidence. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

[PL 2023, c. 228, §4 (AMD).]

8. Statements by accused. Any statement by a defendant that the defendant was the operator of a watercraft, snowmobile or ATV that the defendant is accused of operating in violation of section 10701, subsection 1-A is admissible if it was made voluntarily and is otherwise admissible under the United States Constitution or the Constitution of Maine. The statement may constitute sufficient proof by itself, without further proof of corpus delicti, that the watercraft, snowmobile or ATV was operated by the defendant. Any statement by a defendant that the defendant was hunting wild animals or wild birds is admissible against a defendant accused of hunting wild animals or wild birds in violation of section 10701, subsection 1-A if the statement was made voluntarily and is otherwise admissible under the United States Constitution or the Constitution of Maine. The statement may constitute sufficient proof by itself, without further proof of corpus delicti, that the defendant was hunting wild animals or wild birds.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §79 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

9. Payment for tests. Persons authorized to take specimens of blood at the direction of a law enforcement officer and persons authorized to perform chemical tests of specimens of blood or breath must be paid from the General Fund or from dedicated revenues of the department when a law enforcement officer of the department authorizes the chemical tests. The Department of Marine Resources shall pay for chemical tests authorized by marine patrol officers with funds available within that department.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

10. Accidents and officer's duties. The law enforcement officer has the following duties.

A. After a person has been charged with hunting wild animals or wild birds or with operating or attempting to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs or with an excessive alcohol level, the investigating or arresting officer shall investigate to determine whether the charged person has any previous convictions of a violation of section 10701, subsection 1-A or adjudications for failure to comply with the duty to submit to and complete a chemical test under section 10702, subsection 1. As part of that investigation, the officer shall review the records maintained by the courts, the State Bureau of Identification, the Secretary of State, including telecommunications of records maintained by the Secretary of State, or the department. [PL 2009, c. 447, §14 (AMD).]

B. A law enforcement officer may arrest, without a warrant, any person whom the officer has probable cause to believe hunted any wild animal or wild bird or operated or attempted to operate a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs if the arrest occurs within a period following the offense reasonably likely to result in the obtaining of probative evidence that the person was under the influence of intoxicating liquor or drugs. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]
[PL 2009, c. 447, §14 (AMD).]

11. Fatalities.

[PL 2023, c. 228, §5 (RP).]

12. Aid in enforcement among municipalities. Except as otherwise prohibited by municipal charter or ordinance, municipalities may, in the manner provided by Title 30-A, section 2674, enter into agreements regarding mutual aid in enforcing laws governing the hunting of wild animals or wild birds while under the influence of intoxicating liquor or drugs or the operation of a watercraft, snowmobile or ATV while under the influence of intoxicating liquor or drugs.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

13. Reporting; immunity. Immunity from certain criminal and civil liabilities for the act of good faith reporting by certain health care professionals on accidents that the reporting person reasonably believes involved a person who was hunting or operating a snowmobile, ATV or watercraft while under the influence of intoxicating liquor or drugs is set forth in Title 29-A, section 2405.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

9. Foreign exchange students. A resident license to hunt or fish must be issued, at a fee equal to the resident license fee for a person of like age and status, to any citizen of a foreign nation under 21 years of age who is domiciled with a family within the State pursuant to any cultural or educational exchange program conducted by any governmental, educational, cultural or religious organization. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

10. Persons with developmental disabilities. A complimentary license to fish must be issued to any person with a developmental disability, as defined in Title 5, section 19503, subsection 3, upon application to the commissioner when that application is accompanied by a statement signed by the person's physician that states that the applicant's functional limitations substantially limit that person's ability to fish independently. This complimentary license remains effective for the life of the license holder, if the license is not revoked or suspended. [PL 2011, c. 355, §1 (AMD).]

11. Permits to accommodate permanent physical disabilities. The commissioner may issue a special permit to a person with a permanent physical disability that includes special authorization that allows that person to hunt, trap or fish at times or in a manner otherwise prohibited by this Part in order to enhance access to hunting, trapping and fishing opportunities. No laws or rules may be waived except as are necessary to effect this subsection. A permit may be issued under this subsection only if:

- A. The applicant provides the commissioner with a letter signed by a licensed physician clearly stating the nature of that person's disability, the permanence of the disability and the extent to which the disability affects that person's ambulatory ability or endurance; use of one or both hands, arms or legs; or sight or hearing; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]
- B. The commissioner determines that the permanent physical disability prevents that person from safely accessing hunting, trapping or fishing opportunities at the times or in the manner allowed by this Part or by rules adopted pursuant to this Part; and [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]
- C. The person meets all other requirements for issuance of that permit and related licensing requirements and is not otherwise ineligible for that permit. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

Each applicant's disability and needs must be reviewed by the department and a determination made regarding the special authorization that may be made to enhance the applicant's access to fishing, hunting and trapping opportunities. A permit issued under this subsection must be signed by the commissioner and include a clear and specific description of the activities authorized by that permit. The person with a disability shall carry the permit whenever that person is hunting, trapping or fishing,

and the permit must be presented to a game warden or other law enforcement officer upon request. No laws or rules may be waived except as are necessary to effect this subsection.

The commissioner may authorize only the minimum special exceptions necessary to overcome the applicant's disability and allow that applicant to safely hunt, trap or fish. This does not authorize the commissioner to issue special exceptions that endanger public safety. A permit issued under this subsection does not authorize a person to exceed the allowable bag or size limits for any fish or wildlife species; to fish for or take a fish or wildlife species for which a license is not otherwise issued; to fish for, trap or hunt a fish or wildlife species more than 7 days before the opening or more than 7 days after the closing of the regular open season for that species; or to fish, trap or hunt in any area permanently closed to those activities by state law or rule.

[PL 2015, c. 301, §6 (AMD).]

These licenses must be issued in accordance with criteria established by the Maine Chiefs of Police Association and the Maine Law Enforcement Officer Memorial board, upon confirmation by the Game Warden Colonel that the applicant is qualified for such a license.

[PL 2007, c. 651, §11 (AMD).]

15. Assisting a person with disabilities. The commissioner may allow a licensee who has received a complimentary fishing license under subsection 2, 3, 4, 7, 10 or 12 to have a person accompany and assist that licensee in fishing. The person accompanying and assisting the holder of a complimentary fishing license as provided in this subsection may do so without obtaining a separate fishing license. This subsection does not authorize the person accompanying and assisting the licensee to assist that licensee with more than one fishing rod and reel. The person accompanying and assisting the licensee must remain within the immediate proximity of the licensee while that licensee is fishing.

[PL 2011, c. 355, §2 (NEW).]

16. Resident 16 or 17 years of age in custody of the Department of Health and Human Services. A complimentary license to fish may be issued to any resident 16 or 17 years of age who is in the custody of the Department of Health and Human Services under Title 19-A, chapter 55 and Title 22, chapter 1071, upon application to the commissioner. pursuant to Title 29-A, section 524-B. A permit or license issued to a person under this subsection remains valid for the life of the person, as long as the person continues to remain a resident of this State and the permit or license issued under this subsection is not revoked or suspended.

§10902. Suspension or revocation of or refusal to issue license or permit

1. Conviction or adjudication of violation. Any conviction, adjudication, deferred disposition pursuant to Title 17-A, section 1902, subsection 1 or written filing agreement with the State pursuant to the Maine Rules of Unified Criminal Procedure, Rule 11B for a violation of this Part is grounds for suspension of any license or permit issued under this Part. Except when provided by law, the commissioner shall determine the suspension period. To suspend a license or permit based upon a conviction or adjudication, the commissioner shall follow the procedures under section 10903. A suspension or revocation of a license by the District Court is subject to the provisions of subsection 5.

[PL 2023, c. 265, §1 (AMD).]

2. Refusal to issue license or permit. If a person is convicted, is adjudicated, enters into a deferred disposition pursuant to Title 17-A, section 1902, subsection 1 or enters into a written filing agreement with the State pursuant to the Maine Rules of Unified Criminal Procedure, Rule 11B in violation of any provision of this Part and is not the holder of a valid license or permit issued under this Part, the commissioner may refuse to issue a related license or permit to that person for up to 5 years following the date of conviction or adjudication, except when the killing or wounding of a human being has occurred, in which case the commissioner may refuse to issue the license or permit for a period of not less than 5 years.

[PL 2023, c. 265, §2 (AMD).]

3. Failure to pay fine; reinstatement fee. If a license, permit or registration is suspended pursuant to this section or Title 14, section 3142, the suspension remains in effect until the person pays the fine and the reinstatement fee under subsection 11. [PL 2021, c. 411, §2 (AMD).]

4. Mandatory revocation of all licenses issued by the department. A person's license must be revoked under the following circumstances.

A. If a person holding a license or permit under this chapter is convicted of the violation of any provision of Title 17-A while on a hunting or fishing trip or in the pursuit of wild animals, wild birds or fish, the commissioner shall revoke the license or permit held by that person for a period of at least one year, except when the killing or wounding of a human being has occurred, in which case the commissioner shall revoke the license or permit for at least 5 years. [PL 2013, c. 538, §4 (AMD).]

C. If an habitual violator, as defined in section 10605, subsection 1, is convicted or adjudicated of a violation of any provision of this Part, the commissioner shall revoke all licenses and permits held by that person. That person is ineligible to have a license for a period to be determined by the commissioner, which may not be less than 3 years from the date of revocation. A hearing for a person whose licenses and permits have been revoked under this paragraph is governed by the following.

(1) A person whose licenses and permits have been revoked under this paragraph may, within 30 days of the effective date of the revocation, petition for a hearing before the commissioner to show cause why the licenses and permits should not have been revoked.

(2) If, after the hearing, the commissioner finds that the petitioner's record does not bring the petitioner within the definition of an habitual violator, the commissioner shall rescind the revocation. If the commissioner finds that the petitioner's record does bring the petitioner within the definition of an habitual violator, the revocation remains in effect. If the petitioner denies any of the facts contained in the record, the petitioner has the burden of proof. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §98 (AMD); PL 2003, c. 655, Pt. The commissioner may bring a complaint in the District Court seeking to revoke or suspend the current hunting license or the privilege to obtain a hunting license of any person whom the commissioner reasonably believes to have killed, wounded or recklessly endangered the safety of another human being while hunting in this State or another jurisdiction. The District Court shall revoke or suspend the person's license or privilege for a period of at least 5 years if the court finds that the person, while hunting, has killed, wounded or recklessly endangered the safety of another human being and the public safety will be endangered by the person's retention of that license or privilege. §10902-A. Suspension of license through administrative process for civil trespass while hunting

The department in an adjudicatory proceeding may impose an administrative penalty for a violation of section 10657 in accordance with this section. [PL 2021, c. 124, §2 (NEW).]

1. Initiation and notice. If the Game Warden Colonel delivers to the commissioner a written statement under oath that the Game Warden Colonel has probable cause to suspect that a person has violated section 10657 while hunting and the Game Warden Colonel has determined, after consultation with the district attorney having jurisdiction over that violation, that the person will not be charged with a crime or civil violation under that section, the commissioner immediately shall examine the statement and determine whether to conduct an adjudicatory proceeding for the purpose of imposing an administrative penalty under this section. If the commissioner determines that the imposition of a penalty is necessary, the commissioner shall, in accordance with Title 5, section 9052, immediately notify the person who is alleged to have violated section 10657. The provided notice under this subsection must state that the person may request a hearing in accordance with subsection 2 within 10 days of receipt of notice. Notice is deemed received 3 days after the mailing. If a person who has been notified pursuant to this subsection does not request a hearing within 10 days after receipt of notice, the commissioner may implement administrative penalties under subsection 3 without a hearing.

[PL 2021, c. 124, §2 (NEW).]

2. Hearing. If a person alleged to have violated section 10657 requests a hearing pursuant to subsection 1, the commissioner or commissioner's designee shall appoint a presiding officer who shall hold the hearing within 30 business days after the request. If the hearing is continued, it must be held no later than 60 days after the original notice, unless the presiding officer finds that a continuance

beyond 60 days is warranted. The hearing must be held in accordance with Title 5, chapter 375, subchapter 4, except that:

A. Issues of the hearing are limited to whether the person while hunting violated section 10657; [PL 2021, c. 124, §2 (NEW).]

B. If the presiding officer determines that the person while hunting committed a violation of section 10657, the presiding officer shall immediately notify the commissioner of the finding; and [PL 2021, c. 124, §2 (NEW).]

C. The presiding officer shall provide a written decision that contains the findings and recommended penalties under subsection 3 no more than 10 business days after completion of the hearing, after which the commissioner or the commissioner's designee may take administrative action under subsection 3. [PL 2021, c. 124, §2 (NEW).]

[PL 2021, c. 124, §2 (NEW).]

3. Administrative action. In accordance with this section, if the commissioner or the commissioner's designee determines, after receiving the findings and recommendations of the presiding officer under subsection 2 or in accordance with Title 5, section 9053 if a hearing has not been requested, that a person who holds a license to hunt violated section 10657 while hunting, the commissioner or the commissioner's designee may impose the following penalties:

A. For a first violation, revocation of the person's hunting licenses for one year from the date the commissioner or the commissioner's designee issues a decision under this subsection; [PL 2021, c. 124, §2 (NEW).]

B. For a 2nd violation, revocation of the person's hunting licenses for 2 years from the date the commissioner or the commissioner's designee issues a decision under this subsection; or [PL 2021, c. 124, §2 (NEW).]

C. For subsequent violations, revocation of the person's hunting licenses for 3 years from the date the commissioner or the commissioner's designee issues a decision under this subsection. [PL 2021, c. 124, §2 (NEW).]

[PL 2021, c. 124, §2 (NEW).]

4. Additional penalties; mutually exclusive penalties. In addition to the penalties specified in subsection 3, a person who violates section 10657 while hunting, as determined by the presiding officer, the commissioner or the commissioner's designee under this section, must successfully complete the outdoor ethics course for hunters under section 10903-A before the person is eligible to obtain a hunting license. If a person who violates section 10657 while hunting does not possess a hunting license at the time of violation, the commissioner or commissioner's designee may refuse to issue a hunting license to that person for up to 5 years following the violation in accordance with the procedures established in this section. If the person alleged to have violated section 10657 is convicted or adjudicated of a crime or civil violation under that section, the commissioner or the commissioner's designee may not impose an administrative penalty under this section.

[PL 2021, c. 124, §2 (NEW).]

5. Appeal. A person may appeal an administrative action under subsection 3 or 4 to the Superior Court within 30 days of receipt of the commissioner's or the commissioner's designee's decision under subsection 3 or 4.

§10903. Effective date for suspensions

1. For mandatory suspension. For a violation having a minimum statutory suspension period, a suspension is effective upon conviction or adjudication and the license holder must surrender the license immediately to the commissioner. That person is not entitled to a hearing under section 10905 if the suspension period does not exceed the minimum period of suspension required by law. In addition to any suspension period ordered by the commissioner, a person whose license is suspended for a violation having a mandatory suspension must successfully complete an outdoor ethics course as provided in section 10903-A in order to be eligible to have that license reinstated. A person is not required to complete the outdoor ethics course under section 10903-A if that person's license is revoked under the interstate wildlife violator compact authorized in accordance with section 10103 as a result of a conviction occurring outside of the State and that person has met the eligibility requirements for reinstatement of the license in the state in which the conviction occurred.
[PL 2013, c. 538, §12 (AMD).]

2. For all other suspensions. For a violation that does not have a minimum statutory suspension period, a suspension is effective upon written notification of suspension by the commissioner. That person must surrender that license to the commissioner upon receipt of a notice of suspension and is entitled to a hearing under section 10905. The commissioner shall adopt rules specifying the conditions under which a person whose license is suspended for a violation that does not carry a mandatory suspension is required to complete an outdoor ethics course as provided in section 10903-A. Rules adopted under this subsection are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

A notice of suspension must name the license or permit that is suspended and state the effective date and length of the suspension and must inform the person of any applicable hearing provisions under section 10905. §10908. Guide license revocation

1. Conditions for revocation, suspension, denial. The commissioner may suspend or revoke a guide license pursuant to this subchapter and Title 5, section 10004. The commissioner may revoke, suspend, refuse to issue or refuse to renew a guide license or the District Court may revoke or suspend a guide license:

A. If the guide fails to meet the standards of competency established pursuant to section 12851; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

(1) A person whose license is revoked, suspended or denied under this paragraph may request a hearing before the commissioner. Following the hearing, the commissioner may issue a guide license or reinstate a guide license that has been revoked, suspended or denied if the commissioner determines that the applicant has been sufficiently rehabilitated from the conviction to warrant the public trust or the nature of the conviction or the circumstances surrounding it do not warrant disqualification from licensure. The request for a hearing under this paragraph must be made within 30 days of receipt of the revocation, suspension or denial of the guide license.

(2) An applicant for a guide license or the holder of a guide license must notify the department of a conviction or a finding of not criminally responsible that is grounds under this paragraph for the revocation, suspension or denial of a guide license within 30 days of the conviction or finding. Failure to notify the department is grounds for a permanent denial or revocation of a guide license. [PL 2017, c. 204, §1 (NEW).]

[PL 2017, c. 204, §1 (AMD).]

2. Mandatory revocation. The commissioner shall revoke for a period of 3 years the guide license of a guide who is convicted of violating a provision of this Part punishable by a mandatory fine of not less than \$1,000 and at least 3 days in jail. The commissioner shall provide notice of revocation as provided in section 10904. A person whose license has been revoked under this subsection may, within 30 days of the effective date of the revocation, petition the commissioner for a hearing to show cause why the license should not have been revoked. 3. Rulemaking. The commissioner may adopt rules necessary for the administration, implementation, enforcement and interpretation of this section, except that the commissioner is not authorized to establish an antlerless deer permit lottery unless otherwise specified in this section. If the commissioner establishes by rule a lottery for issuing antlerless deer permits to eligible persons, the commissioner may also allow for the direct purchase of additional antlerless deer permits in certain wildlife management districts or portions of wildlife management districts as the commissioner finds necessary to maintain balanced deer populations. The commissioner may appoint clerks or agents under section 10801 to process applications for permits issued under this section. A clerk or agent appointed by the commissioner to process applications shall charge a fee of \$2 for each application processed by that clerk or agent under this section. As part of the special consideration to those landowners, the commissioner shall provide at least 25% of the available antlerless deer permits in a wildlife management district to eligible landowners that apply for an antlerless deer permit in that district. Any 2 or more areas of land owned by the same person that are open for hunting and that would be contiguous except for being divided by one or more roads are considered contiguous for the purposes of determining landowner eligibility for special consideration under this subsection.

7. Special antlerless deer permit. The commissioner shall issue a special antlerless deer permit to an eligible person who has lost all or part of one or more lower limbs, not including a partial foot amputation, or is suffering from the permanent loss of use of both lower limbs. The commissioner shall issue a permit upon application and after the applicant verifies that person's ambulatory disability with a letter signed by a physician confirming the person's condition. A person who is issued a special antlerless deer permit under this subsection may take an antlerless deer in any part of the State open to the taking of antlerless deer pursuant to subsection 3.

1. Special season deer hunting permits; authority to issue for special season. The commissioner may implement a permit system to regulate hunter participation in a special season established by the commissioner pursuant to section 11402, subsection 4, paragraph B and the number, sex and age of deer harvested. A person may hunt or possess a deer of either sex during a special season on deer if that person has a valid permit issued by the commissioner. If permits are issued, the fee for an either-sex permit is \$32 and the fee for an antlerless deer permit is \$12.
[PL 2015, c. 281, Pt. C, §5 (AMD).]

2. Prohibition. Except as otherwise authorized pursuant to this Part, a person may not hunt deer during a special season established under this section unless that person has a valid permit issued pursuant to this section.
[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

3. Penalty. Each day a person violates this section that person commits a Class E crime for which a minimum fine of \$50 and an amount equal to twice the applicable license fee must be imposed.

§11154. Moose permit

1. Permit required. Except as otherwise provided in this Part, a person may not hunt or possess a moose unless that person has a valid permit issued under this section. A person without a moose permit may possess moose parts lawfully sold under section 11217, subsection 2, paragraph D.

A person who violates this subsection commits a Class D crime for which the court shall impose a sentencing alternative of not less than 3 days for the first offense, none of which may be suspended, and of not less than 10 days for each succeeding offense, none of which may be suspended; the court also shall impose a fine of not less than \$1,000, none of which may be suspended.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §125 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

2. Issuance of moose hunting permits. In accordance with section 11552, the commissioner may issue moose hunting permits and may establish the number of moose hunting permits to be issued for each wildlife management district established by the commissioner by rule open to moose hunting. No more than 8% of the moose hunting permits may be issued to nonresidents. No more than 2% of the moose hunting permits may be issued to hunting outfitters in accordance with subsection 14.
[PL 2021, c. 184, §3 (RPR).]

3. Moose hunting permit fee. The fee for a moose hunting permit is \$52 for a resident and \$585 for a nonresident.
[PL 2017, c. 427, §12 (AMD); PL 2017, c. 427, §19 (AFF).]

4. Hunting license required. While hunting moose, the permittee and the subpermittee shall each have in that person's possession a valid Maine resident or nonresident hunting or archery hunting license, whichever is applicable.

Each day a person violates this subsection that person commits a Class E crime for which a minimum fine of \$50 and an amount equal to twice the applicable license fee must be imposed.

[PL 2017, c. 427, §13 (AMD); PL 2017, c. 427, §19 (AFF).]

5. Eligibility. Except as provided in this subsection, a resident or nonresident who is eligible to obtain a Maine hunting license or who will be eligible to obtain a Maine hunting license by the opening

day of the open moose season is eligible to apply for a moose hunting permit. A person who has obtained a moose hunting permit is ineligible to obtain another permit until the 4th calendar year after the issuance of the last permit. This limitation does not apply to subpermittees under subsection 7. A person under 10 years of age on the opening day of the open moose season is eligible to apply for a moose hunting permit and may accrue points under subsection 8 but is ineligible to receive a moose hunting permit.

[PL 2017, c. 427, §14 (RPR); PL 2017, c. 427, §19 (AFF).]

6. Application procedure. An eligible person wishing to apply for a permit must file a written application for a permit on a form furnished by the commissioner. The application fee is nonrefundable. A person may file no more than one application. A person who submits more than one application is disqualified from the selection of permittees. The application must be accompanied by an application fee of:

A. For a resident:

(1) Fifteen dollars for a one-chance application; or [PL 2011, c. 370, §6 (AMD).]

B. For a nonresident:

(1) Fifteen dollars for a one-chance application;

(2) Twenty-five dollars for a 3-chance application;

(3) Thirty-five dollars for a 6-chance application; and

(4) Fifty-five dollars for a 10-chance application; multiple 10-chance options may be purchased. [PL 2005, c. 12, Pt. III, §10 (AMD).]

A clerk or agent appointed by the commissioner under section 10801 may process an application under this subsection. The clerk or agent shall charge a fee of \$2 for each application under this subsection processed by that clerk or agent.

The commissioner shall allow an applicant to indicate that that applicant does not want to receive a moose permit pursuant to the application but wishes to receive the corresponding points under subsection 8 for that application.

[PL 2011, c. 370, §6 (AMD).]

7. Subpermittees. An applicant for a moose permit may indicate on the application filed pursuant to subsection 6 the name of a subpermittee-designate and the name of an alternate subpermittee-designate. A person under 10 years of age on the opening day of the open moose season may not be a subpermittee-designate or alternate subpermittee-designate. If the applicant is issued a moose permit under subsection 9 and upon application to the commissioner, the permittee may change that person's subpermittee-designate or alternate subpermittee-designate until 30 days prior to the start of the moose hunting season for which the permit was issued. Thirty days prior to the start of the applicable moose hunting season, the subpermittee-designate becomes a subpermittee. The permittee may authorize the subpermittee to participate in the moose hunt with the permittee. The permittee may authorize the alternate subpermittee-designate to participate in the hunt in place of the subpermittee-designate if the permittee notifies the department of the authorization at least 5 business days prior to the first day of the moose season, in which case the alternate subpermittee-designate becomes the subpermittee. The permittee may choose not to authorize a subpermittee to participate in the hunt.

A. A person may not sell a subpermittee or an alternate subpermittee designation. [PL 2011, c. 370, §7 (NEW).]

B. A person who violates paragraph A commits a Class E crime. [PL 2011, c. 370, §7 (NEW).]
[PL 2017, c. 96, §2 (AMD).]

8. Point system for public chance drawing. A person accumulates points as follows for each consecutive year that person purchases an application for a moose hunting permit but is not selected to receive a permit:

- A. One point each year for the first 5 years; [PL 2011, c. 370, §8 (NEW).]
- B. Two points each year for years 6 to 10; [PL 2011, c. 370, §8 (NEW).]
- C. Three points each year for years 11 to 15; and [PL 2011, c. 370, §8 (NEW).]
- D. Ten points each year after the 15th year. [PL 2011, c. 370, §8 (NEW).]

Each point entitles an applicant to one chance in the public chance drawing. A person's accumulated points are eliminated and that person begins to accumulate points anew if in any year that person is selected to receive a moose hunting permit or if that person fails to purchase a new chance in any 2 consecutive years.

A person who is ineligible to receive a moose hunting permit as provided in subsection 5 may continue to purchase points for each year that person is ineligible to receive a moose hunting permit for the corresponding application fee under subsection 6.

[PL 2011, c. 370, §8 (RPR).]

9. Selection procedure. Permittees are selected by a public chance drawing, except that a permit must be issued to any resident who is 65 years of age or older or will attain 65 years of age during the calendar year in which the resident is applying for the permit, who has accumulated at least 30 points pursuant to subsection 8 and who applies for and is otherwise eligible to obtain the permit.

11. Auction of moose hunting permits to fund youth conservation education programs.

Notwithstanding subsection 1, the commissioner may issue not more than 10 moose hunting permits each year through public auction in accordance with this subsection.

A. Each moose hunting permit issued under this subsection must be awarded through public auction to the applicant who submits the highest bid. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. A person who applies for a moose hunting permit under this subsection is subject to the eligibility provisions of subsection 5, except that a successful applicant is not required to wait 3 years in order to obtain another permit. [PL 2011, c. 370, §9 (AMD).]

C. An eligible person wishing to apply for a permit under this subsection must submit a written application in such form as the commissioner may require. The application must be accompanied by a bidding fee of \$25, which, except as otherwise provided in paragraph D, is nonrefundable. The commissioner may waive the requirements of this paragraph when, as provided in paragraph G, the commissioner enters into a contract with a conservation organization to auction the permits. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §128 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

D. An eligible person may apply for a moose hunting permit both through the public chance drawing and in accordance with this subsection. If a person is selected to receive a moose hunting permit as a result of the public chance drawing, that person is no longer eligible to obtain a permit under this subsection and the bidding fee submitted by that person must be refunded. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

E. A moose hunting permit issued under this subsection is valid in the district designated by the permittee. This designation must be made within 30 days after the permit is awarded. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

F. A person who is awarded a moose hunting permit under this subsection may select a subpermittee to participate in the moose hunt as provided in subsection 7. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

G. The commissioner may enter into a contract with a conservation organization whose goals and objectives are not inconsistent with those of the department to advertise this process of issuing permits, auction the permits and collect revenues. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

H. Except as otherwise provided, the provisions of this Part relating to moose are applicable to the hunting of moose with a permit awarded under this subsection. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

I. The commissioner may adopt rules necessary for the proper administration, implementation, enforcement and interpretation of this subsection. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §129 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

J. Notwithstanding this subsection, the total number of moose hunting permits issued each year must be in accordance with section 11552, subsection 2. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

K. The commissioner may decline to issue any permit or any number of permits issuable pursuant to this subsection if, in the commissioner's opinion, the auction bids received do not reflect the public value anticipated to meet the goals of this subsection. Any permit or permits not issued under this subsection must be drawn in the public chance drawing pursuant to subsection 9. [PL 2007, c. 161, §1 (NEW).]

[PL 2011, c. 370, §9 (AMD).]

12. Persons in armed forces called to serve in armed conflict. A person who is issued a moose permit under this section and who is subsequently called to active duty in the Armed Forces of the United States to serve in an armed conflict and is unable to use the permit is entitled to use the same permit during the next appropriate season following that person's return to the State. Permits used under this subsection do not affect the number of permits that may be issued by the commissioner under this section. For purposes of this subsection, "armed conflict" means any military action in which participants are exposed to war-risk hazards as defined in 42 United States Code, Section 1711(b). [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

13. Hunting adventure permits for children. Notwithstanding subsection 6, the commissioner may issue 2 moose permits to a nonprofit organization dedicated to providing hunting and fishing adventures to children under 21 years of age with life-threatening, critical or terminal illnesses. The commissioner may issue these permits upon written request by an eligible nonprofit organization but may not issue more than 2 permits in total for a calendar year. These permits are in addition to the moose hunting permits issued under subsection 2 for each wildlife management district and are at no cost to the organization.

[PL 2015, c. 136, §11 (AMD); PL 2015, c. 136, §12 (AFF).]

14. Permits for hunting lodges. Moose hunting permits issued to hunting outfitters must be allocated through a chance drawing separate from the chance drawing under subsection 9. The fee for a moose hunting permit under this subsection is \$1,500.

A. For the purposes of this subsection, "hunting outfitter" means a person who operates a sporting camp as defined under Title 22, section 2491, subsection 11 that is licensed under Title 22, chapter

562 and who provides package deals that include food, lodging and the services of a guide licensed under chapter 927 for the purpose of hunting. [PL 2013, c. 538, §24 (NEW).]

B. A hunting outfitter may sell or transfer a permit allocated under this subsection only once, only to a hunter who is eligible under paragraph F and only under the following conditions:

- (1) The sale or transfer must be part of a package deal that includes the food and lodging to be provided by the hunting outfitter to the person receiving the permit;
- (2) The person receiving the permit from the hunting outfitter must be accompanied during the hunt by a guide licensed under chapter 927;
- (3) The hunting outfitter must notify the department of the identity of the person receiving the permit; and
- (4) The hunting permit may not be sold or transferred by the hunter. [PL 2013, c. 538, §24 (NEW).]

F. An individual may hunt with a permit sold or transferred under this subsection only if that individual is otherwise eligible to obtain and hunt with a permit under subsection 5. [PL 2013, c. 538, §24 (NEW).]

G. If proceeds in any year from the auction authorized under subsection 11 are less than \$107,000, proceeds from the sale of moose permits to hunting outfitters pursuant to this subsection must be used to fund youth conservation education programs as provided under subsection 11 up to \$107,000. The remainder must be deposited in the Moose Research and Management Fund under section 10263. [PL 2017, c. 458, §2 (AMD).]

[PL 2017, c. 458, §2 (AMD).]

15. Moose permit transfer; family members. The commissioner, in cases involving exceptional extenuating circumstances as determined by the commissioner, may authorize a person who holds a valid moose permit to transfer that permit to a family member who meets the eligibility and permit requirements under this section and who is not otherwise prohibited from holding the moose permit, except that the commissioner shall transfer a moose permit to a family member who meets the eligibility and permit requirements under this section and who is not otherwise prohibited from holding the moose permit if the permit holder dies at any time prior to or during the moose hunting season if a moose has not yet been harvested under that permit. A transferor and a transferee are subject to the elimination of any accumulated points under subsection 8 and the 3-year ineligibility period under subsection 5. For purposes of this subsection, "family member" means the transferor's spouse, child, stepchild, grandchild, parent, grandparent, stepparent, sibling, half-sibling or adopted child.

The commissioner shall adopt rules to implement this subsection and may establish a transfer fee to recover administrative costs associated with transferring moose permits. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[RR 2021, c. 2, Pt. B, §75 (COR).]

16. Moose permit transfer; disabled veterans. A person who holds a valid moose permit may transfer, in accordance with this subsection, that permit to a disabled veteran who meets the eligibility and permit requirements under this section and section 10853, subsection 4 and who is not otherwise prohibited from holding a moose permit. The commissioner may authorize a permit holder to transfer

the moose permit to a disabled veteran identified by the permit holder or the permit holder may return the permit to the department, which, in accordance with rules adopted by the commissioner, shall provide for the transfer of the permit to a disabled veteran. A transferor and a transferee of the permit are subject to the elimination of any accumulated points under subsection 8 and the 3-year ineligibility period under subsection 5. Rules adopted under this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

[PL 2019, c. 191, §1 (NEW).]

17. Moose permit deferment; significant medical illness. The commissioner may authorize a person who holds a valid moose permit to defer the permit until the next moose hunting season in circumstances in which the permit holder or an immediate family member, as defined in subsection 15, of the permit holder has a significant medical illness that would prevent the permit holder from participating in the moose hunt.

[PL 2019, c. 638, §2 (NEW).]

18. Moose permit deferment; multiple permits in single household. The commissioner may authorize a person who holds a valid moose permit to defer the permit until the next moose hunting season in circumstances in which a member of that permit holder's household also holds a valid moose permit for the same hunting season. For the purposes of this subsection, members of a household are limited to a grandparent, parent, stepparent, child, stepchild, grandchild and stepgrandchild sharing the same legal address. Under this subsection, the person is ineligible to be selected for another moose permit in accordance with subsection 5 beginning in the calendar year that the person uses a permit deferred.

For the purposes of this subsection, "next moose hunting season" means the moose hunting season in the calendar year immediately following a person's selection under subsection 9.

§11222. Target identification while hunting

1. Findings. Due to the large numbers of Maine citizens and visitors engaged in hunting in the State's woods during hunting season, the continued decline of unpopulated areas through the State, the widespread use of powerful weapons in the pursuit of wild animals and wild birds and the growing presence of nonhunters engaged in nonhunting activities in the State's woods during hunting season, the Legislature finds that a sufficient risk of serious bodily injury or death to human beings is posed to make it necessary and prudent to provide guidance to those in pursuit of wild animals and wild birds on the matter of proper target identification.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

2. Target identification. While hunting, a hunter may not shoot at a target without, at that point in time, being certain that it is the wild animal or wild bird sought.

A. The target-determining process to be utilized is that which a reasonable and prudent hunter would observe in the same situation. A reasonable and prudent hunter always bears the risk of loss of legitimate prey to avoid the risk of the destruction of human life. A reasonable and prudent hunter neither disregards the risk of causing the death of another human being nor fails to be aware of that risk as a consequence of misidentification. A reasonable and prudent hunter never bases identification upon sound alone or even upon sound in combination with what appears to be an appendage of the wild animal or wild bird sought. A reasonable and prudent hunter, independent of these target-determining factors, bases identification upon obtaining an essentially unobstructed view of the head and torso of the potential target. This visual sighting is the most critical target-determining factor. Visual sighting of the head and torso may present itself intermittently or

continuously. If presented intermittently, a reasonable and prudent hunter does not make a target-identification decision until this visual sighting exists at the point in time the hunter takes aim and is making final preparation to shoot. A reasonable and prudent hunter additionally recognizes that these sound and sight target-determining factors are affected by a number of other considerations, including, but not limited to, the distance to the target, surrounding or intervening terrain and cover, lighting and weather conditions, the hunter's own ability to hear and see, the hunter's own experience and the proximity of other persons in the hunter's immediate vicinity. B. Render first aid and assistance as that person is capable of rendering under the circumstances; and [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

§12760. Fishways in dams and other artificial obstructions

1. Commissioners' authority. In order to conserve, develop or restore anadromous or migratory fish resources, the commissioner and the Commissioner of Marine Resources jointly may require a fishway to be erected, maintained, repaired or altered by the owners, lessors or other persons in control of any dam or other artificial obstruction within inland waters frequented by river herring, shad, salmon, sturgeon or other anadromous or migratory fish species.

The commissioners may not require or authorize a fishway or fish bypass structure at a dam on the outlet of Sebec Lake in the Town of Sebec or at a dam on the Sebec River in the Town of Milo or at a dam on the outlet of Schoodic Lake in Lake View Plantation or at a dam on the outlet of Seboeis Lake in Township 4, Range 9 NWP that would allow the upstream passage of an invasive fish species known to be present downstream in the Piscataquis River or Penobscot River drainage. For the purposes of this section, “invasive fish species” means those invasive fish species identified in the action plan for managing invasive aquatic species developed pursuant to Title 38, section 1872.

[PL 2017, c. 150, §9 (AMD).]

2. Examination of dams. The commissioner and the Commissioner of Marine Resources shall periodically examine all dams and other artificial obstructions to fish passage within the inland waters in order to determine whether fishways are necessary, sufficient or suitable for the passage of anadromous or migratory fish.

[PL 2011, c. 612, §1 (AMD).]

3. Monitoring program. The commissioner and the Commissioner of Marine Resources shall establish a program to ensure fishways are functioning properly and remain sufficient or suitable for the passage of anadromous or migratory fish. The commissioners have sole authority to take corrective action at fishways as prescribed under this section.

[PL 2011, c. 612, §1 (AMD).]

4. Initiation of fishway proceedings. The commissioner and the Commissioner of Marine Resources shall initiate proceedings to consider construction, repair or alteration of fishways in existing dams or other artificial obstructions whenever the commissioners determine that one or more of the following conditions may exist:

A. Fish passage at the dam or obstruction in issue, whether alone or in conjunction with fish passage at other upriver barriers, will improve access to sufficient and suitable habitat anywhere in the watershed to support a substantial commercial or recreational fishery for one or more species of anadromous or migratory fish; or [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. Fish passage at the dam or obstruction in issue is necessary to protect or enhance rare, threatened or endangered fish species. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]
[PL 2011, c. 612, §1 (AMD).]

5. Adjudicatory proceedings. A fishway proceeding must conform to the following requirements.

A. A fishway proceeding must be an adjudicatory proceeding under Title 5, chapter 375, subchapter 4, but a hearing is not required unless requested in accordance with paragraph B. Notice of the proceeding must be given in accordance with Title 5, section 9052 and the following requirements:

(1) Personal notice must be given to the dam owner, lessee or other person in control of the dam or artificial obstruction, informing that person that a proceeding has been undertaken and informing that person of that person's right to request a hearing; and

(2) Notice to the public, in newspapers of general circulation in the areas affected, must be given notifying the public of the initiation of the proceedings and of the public's opportunity to request a hearing. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. If any interested person requests a public hearing, the commissioner and the Commissioner of Marine Resources shall, within 30 days, either notify the petitioners in writing of the commissioners' denial, stating the reasons for the denial, or schedule a public hearing. The commissioners shall hold a public hearing whenever:

(1) The commissioners are petitioned by 50 or more residents of the State; or

(2) The owner, lessee or other person in control of the dam or artificial obstruction requests a hearing. [PL 2011, c. 612, §1 (AMD).]

C. The commissioner and the Commissioner of Marine Resources shall accept testimony from the owner, lessee or other person in control of the dam or artificial obstruction on alternate fishway designs to those proposed by the commissioners for that dam or artificial obstruction. [PL 2011, c. 612, §1 (AMD).]

[PL 2011, c. 612, §1 (AMD).]

6. Decision. In the event that the commissioner and the Commissioner of Marine Resources decide that a fishway should be constructed, repaired, altered or maintained pursuant to this section, the commissioners shall issue final orders with specific plans and descriptions of the fishway construction, alteration, repair or maintenance requirements, the conditions of the use of the fishway and the time and manner required for fishway operation. The commissioners may issue a decision requiring the owners, lessees or other persons in control of the dam or obstruction to construct, repair, alter or maintain a fishway. Such a decision must be supported by a finding based on evidence submitted to the commissioners that either of the following conditions exist:

A. One or more species of anadromous or migratory fish can be restored in substantial numbers to the watershed by construction, alteration, repair or maintenance of a fishway and habitat anywhere in the watershed above the dam or obstruction is sufficient and suitable to support a substantial commercial or recreational fishery for one or more species of anadromous or migratory fish; or [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. The construction, alteration, repair or maintenance of a fishway is necessary to protect or enhance rare, threatened or endangered fish species. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

In the event that the commissioners decide that a fishway should not be constructed, the commissioners shall specify in that decision a period not to exceed 5 years subsequent to that decision during which a fishway may not be required to be constructed.

[PL 2011, c. 612, §1 (AMD).]

7. Compliance. The owner, lessee or other person in control of a dam or other artificial obstruction is jointly and severally liable for the costs of fishway design, construction, repair, alteration or maintenance, and for full compliance with a decision issued pursuant to subsection 6.

A. §12902. Legislative findings

The Legislature finds that the recreational use of watercraft on rapidly flowing rivers in this State has become an increasingly popular sport. Many members of the public rely on commercial whitewater outfitters to provide safe and enjoyable trips on these rivers. This sport may pose significant risks to the users of these rivers if outfitters are not skilled and knowledgeable in the navigation of those rivers and are not properly regulated. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

The Legislature further finds that increased use of the State's rapidly flowing rivers has increased the environmental, physical and social burdens on that resource. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

The Legislature further finds that it is in the public interest for the State, as trustee of the public waters, to regulate commercial whitewater rafting, pursuant to: the State's authority to protect the health, safety and welfare of its citizens; the State's authority to protect its natural resources or rapidly flowing rivers; and the State's authority over the care, supervision and protection of navigation. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

The Legislature further finds that, in exercising this authority, it is in the public interest for the State to adopt measures to ensure the competence of commercial whitewater outfitters; to adopt recreational use limits; and to allocate the privilege of commercial use where necessary to meet the objectives and goals of this chapter. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

The Legislature further finds that it is in the public interest to allow stable, well-qualified outfitters who are providing excellent service and meeting the conditions of their allocations to continue to do so, subject to periodic review. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

§12908. Noncommercial organization that collects dues or fees

Notwithstanding section 12901, subsection 5, an organization that collects dues or fees may conduct rafting trips on rapidly flowing rivers without obtaining a commercial whitewater outfitter's license if the commissioner determines under this section that the organization is a noncommercial organization. [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §328 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

1. Tax-exempt nonprofit corporation formed before March 1, 1996. An organization is a "noncommercial organization" if the commissioner determines that the organization is a nonprofit corporation incorporated before March 1, 1996, including any council, troop or other organized local group affiliated with the corporation, that collects dues or fees from its members and for which conducting whitewater rafting is incidental to the purpose of the corporation. The organization wishing to conduct a rafting trip on a rapidly flowing river without a commercial whitewater outfitter's license under this subsection shall file a written request with the commissioner at least 15 days before conducting that trip. The request must include the name of the organization conducting the trip and the time, location and number of persons participating in the trip. The commissioner may request any additional information from the organization necessary to make a determination under this subsection.

A. Notwithstanding any other provision of this section, a council, troop or other organized local group affiliated with the corporation may not conduct more than 2 whitewater rafting trips in any one calendar year without obtaining a commercial whitewater outfitter's license.

(1) A person who violates this paragraph commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(2) A person who violates this paragraph after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §328 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

2. Noncommercial whitewater rafting club. An organization is a "noncommercial organization" if the commissioner determines that the organization is a qualifying noncommercial whitewater rafting club. A "qualifying noncommercial whitewater rafting club" is a group that collects dues or fees from its members and that the commissioner determines to be organized solely to provide noncommercial whitewater rafting opportunities to its members. To be considered under this subsection, a club must provide to the commissioner the following information before January 1st of each year:

A. A list that includes the name, legal residence and home telephone number of each dues-paying member of the club. That list must identify a member as the president of the club and must identify any other officers or board members of the club. A commercial whitewater outfitter or a licensed whitewater guide is ineligible to be an officer or a board member of the club. The commissioner may not accept more than one amended membership list from a club between April 1st and November 1st; [PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §328 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

B. A statement signed by all board members, if any, and all officers of the club swearing that:

(1) The sole purpose of the club is to provide noncommercial whitewater rafting opportunities to its members;

(2) No member of the club, including officers and board members, receives any form of compensation from the club at any time, either while a member of the club or afterwards;

(3) The club will use its own rafting equipment, and all fees or dues collected from club members are used only to provide insurance and to purchase and maintain rafting equipment for use solely by the club; and

(4) The club will not employ or otherwise compensate any person for any service relating to rafting or accept any gifts of products or services from any commercial whitewater outfitter or licensed whitewater guide; and [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

C. Any other information the commissioner determines necessary. If the club is an incorporated entity, the commissioner shall require the club to submit a copy of the club's articles of incorporation. The commissioner may not consider any incorporated entity other than a tax-exempt, nonprofit corporation as a noncommercial whitewater rafting club. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §328 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

3. Limits placed by commissioner. When authorizing a noncommercial organization under this section to conduct whitewater rafting trips without a commercial license, the commissioner shall, when the commissioner determines necessary, place limits on that organization's whitewater rafting activities, including limits on the time and location of rafting activities, the number of persons that may participate in those rafting activities and the safety equipment required for rafting trips.

A. A person who violates limits imposed under this subsection commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged. [PL 2003, c. 655, Pt. B, §328 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2003, c. 655, Pt. B, §328 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

4. Rejection of request. The commissioner may reject a request under this section if the commissioner determines that granting the request would conflict with the river management objectives set forth in section 12903.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

4. Fee. The fee for an examination is \$100 and is not refundable. An applicant may retake the examination once without paying an additional examination fee. A whitewater guide's license is a 3-year license. The fee for a whitewater guide's license is \$89.

[PL 2005, c. 12, Pt. III, §32 (AMD).]

5. Renewal. A whitewater guide whose license is not suspended or revoked may renew that license upon the payment of the license fee. An examination is required for any person who has not held a valid whitewater guide's license within the previous 3 years.

The department shall provide for the outfitters to choose, in the order of their first documented dates of continuous commercial operation on the particular river or portion of river, their preferred launch positions. To facilitate that determination, each outfitter shall submit a sworn affidavit to the department stating the date the outfitter first began continuous commercial operation.

A. A commercial whitewater outfitter shall comply with any order of launch established by the department under this subsection. [PL 2003, c. 655, Pt. B, §332 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

§12911. Recreational use limits

1. Findings and goals. Increased use has resulted in increased environmental impact on the Kennebec River and the West Branch Penobscot River, as well as on their valleys, nearby roads and the social structure of the areas. Recreational use limits are necessary to allow for rafting use and other competing uses, such as fishing, camping and canoeing, while minimizing detrimental impacts and maintaining the opportunity for a quality wilderness experience for rafters and for other users.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

2. Kennebec River. The recreational use limit on the Kennebec River between Harris Station and West Forks is 1,000 commercial passengers per day. Noncommercial recreational use is not limited.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

3. West Branch Penobscot River. The recreational use limit of the West Branch Penobscot River between McKay Station and Pockwockamus Falls is 560 commercial passengers per day. Noncommercial recreational use is not limited.

A. In order to allow free time for other uses, a person may not conduct a whitewater trip on the West Branch Penobscot River between McKay Station and Pockwockamus Falls between 5:00 p.m. and 8:30 a.m. [PL 2003, c. 655, Pt. B, §335 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

B. The following penalties apply to violations of paragraph A.

(1) A person who violates paragraph A commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(2) A person who violates paragraph A after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §335 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

§12912. Rapidly flowing rivers

1. User fee. This subsection applies to the payment of user fees by outfitters carrying passengers on rapidly flowing rivers.

A. Each outfitter shall:

(1) Pay a user fee of \$2 per passenger, excluding guides, carried by the outfitter on any whitewater trip; and

(2) Pay this fee by the 30th day of the month following the month in which the passengers were carried. [PL 2009, c. 213, Pt. OO, §12 (AMD).]

B. The following penalties apply to violations of paragraph A.

(1) A person who violates paragraph A commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(2) A person who violates paragraph A after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §336 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2009, c. 213, Pt. OO, §12 (AMD).]

2. Reporting. This subsection applies to the submission of monthly reports by outfitters carrying passengers on rapidly flowing rivers.

A. Each outfitter shall:

(1) Report monthly to the department the number of passengers carried each day on each rapidly flowing river;

(2) Ensure this report is accurate; and

(3) Submit the report by the 30th day of the month following the month in which the passengers were carried. [PL 2003, c. 655, Pt. B, §336 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

B. The following penalties apply to violations of paragraph A.

(1) A person who violates paragraph A commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(2) A person who violates paragraph A after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §336 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

3. Passenger limitation. This subsection applies to the carrying of passengers under this section.

A. Except as provided in this subsection, an outfitter may not carry:

(1) On any unallocated rapidly flowing river more than 120 passengers per day; or

(2) On any allocated rapidly flowing river more than 120 passengers per day except on allocated days when a licensed outfitter may carry only up to the number of allocations the outfitter has been allocated. On allocated days, that limit may be exceeded only as provided in section 12913, subsection 2, paragraph A, subparagraph (4). On unallocated days, an outfitter may occasionally carry up to 4 additional passengers to accommodate problems in booking. Abuse of the privilege to carry 4 additional passengers results in its loss for a period to be determined by the commissioner. [RR 2021, c. 2, Pt. A, §24 (COR).]

B. The following penalties apply to violations of paragraph A.

(1) A person who violates paragraph A commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

§12913. Allocation system

1. Goals. The goals of the allocation system are:

A. To encourage a wide diversity of whitewater trip experiences and services; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. To provide a fair distribution of river use among existing and future users; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

C. To maximize competition within the recreational use limits; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

D. To allow for reasonable business stability for outfitters by allowing stable, well-qualified outfitters who are providing excellent service and meeting the conditions of their allocations to continue to do so, subject to periodic review; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

E. To encourage efficient use of the allocation system; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

F. To be flexible enough to adapt to changes in river use or river conditions; [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

G. To prevent evasion of the system; and [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

H. To provide opportunity for public access. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

2. Allocation required. This subsection governs commercial whitewater trips on rivers subject to allocation requirements.

A. Except as provided in this paragraph, a person may not operate a commercial whitewater trip on the Kennebec River between Harris Station and West Forks or on the West Branch Penobscot River between McKay Station and Pockwockamus Falls without an allocation or in excess of an allocation on any day for which allocations are established under this subsection or by the department by rule.

(1) Allocations are not established and are not required for other rivers or for other stretches of the Kennebec River or the West Branch Penobscot River.

(2) Allocations are required for Saturdays on the Kennebec River between Harris Station and West Forks for the period of July 1st to August 31st. Allocations are required for Saturdays on the West Branch Penobscot River between McKay Station and Pockwockamus Falls for the period of July 1st to August 31st. The commissioner may adopt rules establishing allocations for Sundays for the period of July 1st to August 31st. If the department determines that the recreational use limit will be reached on other days, the department shall provide by rule for allocations. Rules adopted under this subparagraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

(3-A) Under extenuating circumstances as determined by the commissioner, the commissioner may allow the emergency transfer of a commercial whitewater rafting trip from a rapidly flowing river to another rapidly flowing river as long as sufficient water is available in the river to which the commercial whitewater rafting trip is to be transferred. Notwithstanding subsection 3, the commissioner may allow the recreational use limits to be exceeded pursuant to this subparagraph. Under no circumstances is a transfer of a whitewater rafting trip allowed to the West Branch Penobscot River. The department shall report annually to the joint standing committee of the Legislature having jurisdiction over inland fisheries and wildlife matters regarding the implementation of this subparagraph. A transfer authorized under this subparagraph is not restricted to an outfitter holding an allocation.

(4) An outfitter may occasionally exceed the allocation by 2 passengers on a trip of up to 40 passengers, or 4 passengers on a trip of more than 40 passengers, to accommodate problems in booking, as long as the average of the number of passengers carried on an outfitter's 10 best allocated days for each river and for each allocated day of the week does not exceed the outfitter's allocation for that river and day. Abuse by an outfitter of the privilege to carry additional passengers results in the loss of the privilege for a period to be determined by the commissioner.

(6) The following penalties apply to violations of this paragraph.

(a) A person who violates this paragraph commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(b) A person who violates this paragraph after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2013, c. 245, §6 (AMD).]

B. [PL 2013, c. 245, §6 (RP).]

C. [PL 2013, c. 245, §6 (RP).]

[PL 2013, c. 245, §6 (AMD).]

3. Allocations, maximum, minimum. The department may allocate the privilege to conduct whitewater trips to licensed outfitters. The maximum allocation for an outfitter is 120 passengers per river per day. The minimum allocation to be awarded is 10 passengers per day on the Kennebec River and 16 passengers per day on the West Branch Penobscot River. The department is not authorized to issue a total number of allocations for an allocated day that exceeds the recreational use limits established in section 12911. The department may declare a day to be an allocated day when the

department determines that the regular and persistent use of the river on that day from year to year may exceed the recreational use limits for that day.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §338 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

4. Conditions for holding allocations. Allocations are a privilege extended by the State for the use of a limited public resource. The department may suspend, revoke or reduce the number of allocations when it is advisable to do so for better management of the resource or for protection of public safety and welfare. An outfitter's allocations are subject to forfeiture or suspension by the department if the outfitter fails to maintain the conditions of its license, fails to continue using its allocations productively or fails to maintain a quality of service consistent with the public interest.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

5. Allocation criteria; reports. The department may adopt rules specifying a schedule for reviewing outfitters who hold allocations and setting forth the criteria for awarding allocations. If the department determines that additional allocated days are required, the allocation of trips on any such additional day must be distributed among existing licensed outfitters, upon payment of the appropriate allocation fee, in accordance with their percentage of total use averaged over the rafting season on that rapidly flowing river on that particular day, up to the limit on allocations established in subsection 3. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

A. An outfitter shall submit on a schedule determined by the department periodic public reports to the department documenting river use for both allocated and unallocated days. The following penalties apply to violations of this paragraph.

(1) A person who violates this paragraph commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.

(2) A person who violates this paragraph after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §339 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §339 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

6. Allocation fee. When allocations are required, an outfitter shall pay the department an annual allocation fee of \$252 per unit of 20 passengers or less. Additional passengers over each increment of 20 constitute a new unit. The annual allocation fee may be paid in quarterly payments, beginning 30 days after the allocation is awarded. The maximum allocation fee an outfitter may pay is \$2,627 annually.

[PL 2005, c. 12, Pt. III, §33 (AMD).]

7. Exceptions.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §340 (RP); PL 2003, c. 655, Pt. B, §422 (AFF).]

8. Noncommercial whitewater rafting trips; prior registration required.

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §340 (RP); PL 2003, c. 655, Pt. B, §422 (AFF).]

9. Noncommercial whitewater rafting trips; prior registration required. A person without a commercial whitewater outfitter's license using a whitewater craft on any stretch of river for which a specific allocation is required, including days for which an allocation is not required, shall file, prior to launching the craft, a noncommercial trip registration form with the department. The form must state

that the person's use of whitewater craft on this river stretch does not constitute a commercial whitewater trip as defined in section 12901 and must be signed by all persons using the craft.

A commercial whitewater outfitter may not use a whitewater craft on any stretch of river for which a specific allocation is required, including days for which an allocation is not required, to carry any person, other than a commercial passenger or commercial whitewater guide, unless the outfitter files a noncommercial passenger registration form with the department before launching the craft. The form must list the persons who are not commercial whitewater guides or commercial passengers, state that the persons listed are not commercial whitewater guides or commercial passengers and be signed by each person listed.

A. A person who violates this subsection commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged. [PL 2003, c. 655, Pt. B, §341 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

B. A person who violates this subsection after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §341 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

Except as specifically provided in this subsection and notwithstanding any other provision of law, a snowmobile belonging to a nonresident may be possessed or operated by any person in this State as long as the snowmobile is properly registered in this State in the name of a nonresident owner of the snowmobile. Nothing in this subsection authorizes the operation of a snowmobile in a manner contrary to this chapter.

A. A nonresident is ineligible to obtain a resident registration for a snowmobile owned by that nonresident. Snowmobiles and grooming equipment registered to federal or state entities, snowmobile clubs, municipalities or counties from bordering states or provinces and engaged in trail grooming may be operated without being registered under this subsection. Snowmobiles registered in either New Hampshire or Canada may be operated on any lake or pond that is partly in both the State and New Hampshire or Canada without being registered in the State. [PL 2005, c. 456, §1 (NEW).]

A snowmobile manufacturer or a representative of a snowmobile manufacturer must submit a request in writing to the commissioner at least 60 days prior to the demonstration event and shall include a description and the location of the event. [PL 2009, c. 184, §1 (NEW).]

E. The commissioner may annually establish one 3-consecutive-day period, 2 days of which are weekend days, during which a nonresident may operate in the State a snowmobile that is not registered in this State if the nonresident's snowmobile has a valid registration from another state or a Canadian province and if the nonresident has submitted notification under paragraph F. [PL 2019, c. 207, §1 (AMD); PL 2019, c. 207, §4 (AFF).]

F. The commissioner shall establish an online notification process to promote seasonal nonresident snowmobile registration opportunities to nonresident snowmobile operators and to promote general snowmobile recreational activities in the State through regional state tourism organizations and a statewide organization with an interest in snowmobiling. The process must allow a nonresident who plans to operate in this State during the 3-consecutive-day period under paragraph E a snowmobile that is not registered in this State to provide information to the department using an electronic form accessible through the department's publicly accessible website. The commissioner may not require a fee to submit the electronic form. The electronic form must:

- (1) Briefly describe the purpose of this process and clearly indicate that the notification process is free;
- (2) Request the nonresident snowmobile operator's name, address, telephone number and e-mail address and the location or locations where the nonresident plans to operate the snowmobile during the 3-consecutive-day period under paragraph E; and
- (3) Include a statement that by submitting the electronic form the person named on the electronic form authorizes the commissioner to share the information on the electronic form with the Department of Economic and Community Development, Office of Tourism after the end of the 3-consecutive-day period under paragraph E for purposes of promoting seasonal nonresident snowmobile registration opportunities to nonresident snowmobile operators and promoting general snowmobile recreational activities in the State through regional state tourism organizations and a statewide organization with an interest in snowmobiling.

The commissioner shall share the information collected on the electronic form under this paragraph with the Department of Economic and Community Development, Office of Tourism annually after the end of the 3-consecutive-day period under paragraph E for purposes of promoting seasonal nonresident snowmobile registration opportunities to nonresident snowmobile operators and

promoting general snowmobile recreational opportunities in the State through regional state tourism organizations and a statewide organization with an interest in snowmobiling.

Notwithstanding any other provisions of law, failure to comply with this paragraph is not a violation of any law or rule administered by the department. Nothing in this paragraph relieves a person of the person's responsibilities under any law or rule regulating the ownership or operation of a snowmobile in the State. [PL 2019, c. 207, §2 (NEW); PL 2019, c. 207, §4 (AFF).]

The commissioner shall adopt rules regarding the grooming and maintenance of the Maine-New Hampshire Cooperative Trails and reimbursement or payment for those services. [PL 2005, c. 12, Pt. III, §42 (AMD).]

B. Whenever ownership is transferred or the use of a snowmobile for which a registration has already been issued is discontinued, the old registration must be properly signed and executed by the owner showing that the ownership of the snowmobile has been transferred or its use discontinued and returned to the commissioner within 10 days of the transfer or discontinuance of use. §13109. Dealer's registration and license

1. Application and issuance. A person may not engage in the business of selling new or used snowmobiles in the State unless the person has registered as a dealer and secured a valid dealer's license

from the commissioner. A dealer so registered and licensed need not register individual snowmobiles. For the purposes of this subsection, "new snowmobile" means a snowmobile that has not been registered in this State or any other state or for which sales tax has not been paid in this State or any other state if that other state taxes the purchase of a new snowmobile.

Each day a person violates this subsection, that person commits a Class E crime for which a minimum fine of \$50 and an amount equal to twice the applicable license fee must be imposed.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

2. Fees. The dealer's registration and license fee is \$15 annually from each July 1st.

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

3. Dealer's number plates. Dealer's number plates must be provided and obtained as follows.

A. A registered dealer may receive dealer's number plates. The annual fee for a dealer's number plate is:

(1) For a resident dealer's plate, \$16; and

(2) For a nonresident dealer's plate, \$60. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

B. Replacement for lost or stolen dealer's number plates may be obtained for a fee of \$5 for each plate. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

C. If a dealer's number plate is lost or stolen, the owner shall notify the commissioner immediately. [PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

[PL 2003, c. 414, Pt. A, §2 (NEW); PL 2003, c. 614, §9 (AFF).]

4. Temporary registrations and numbers. The commissioner may issue temporary numbers and registrations for snowmobiles to bona fide dealers, who may, upon the sale or exchange of a snowmobile, issue them to new owners in order to allow them to operate snowmobiles for a period of 20 consecutive days after the date of sale in lieu of a permanent number as required by this chapter. The fee for each temporary registration certificate is \$1.

[PL 2013, c. 408, §26 (AMD).]

5. Display of dealer's number. A dealer shall display that dealer's number on each snowmobile being used until the sale of the snowmobile, whereupon it becomes the owner's responsibility to register the snowmobile.

A. A dealer who violates this subsection commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged. [PL 2003, c. 655, Pt. B, §396 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

B. A dealer who violates this subsection after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §396 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

C. Each day a dealer violates this subsection is a separate offense. [PL 2003, c. 655, Pt. B, §396 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

[PL 2003, c. 614, §9 (AFF); PL 2003, c. 655, Pt. B, §396 (AMD); PL 2003, c. 655, Pt. B, §422 (AFF).]

SECTION HISTORY

PL 2003, c. 414, §A2 (NEW). PL 2003, c. 414, §D7 (AFF). PL 2003, c. 614, §9 (AFF). PL 2003, c. 655, §B413 (RP). PL 2003, c. 655, §B422 (AFF). PL 2003, c. 695, §§B15-23 (AMD). PL 2003, c. 695, §C1 (AFF). PL 2005, c. 397, §E19 (RP).

§13157-A. Operation of ATVs

1. No permission given.

[PL 2005, c. 397, Pt. E, §20 (RP).]

1-A. Permission required. A person may not operate an ATV on the land of another without the permission of the landowner or lessee. Permission is presumed on designated state-approved ATV trails or in areas open to ATVs by landowner policy. A landowner or lessee may limit the use of a designated state-approved ATV trail on that landowner's or lessee's property through agreements with the State or an ATV club to address environmental, public safety or management concerns, including by limiting the type, size and weight of ATVs permitted on the landowner's or lessee's property. A person operating an ATV, including an oversized ATV, on designated state-approved ATV trails shall adhere to limitations imposed by a landowner or lessee and the State on that part of the designated state-approved ATV trail on the landowner's or lessee's property in accordance with this subsection. Written permission of the landowner or lessee is required for use of an ATV on cropland or pastureland or in an orchard. As used in this subsection, "cropland" means acreage in tillage rotation, land being cropped and land in bush fruits and "pastureland" means acreage devoted to the production of forage plants used for animal production. For purposes of this subsection, "oversized ATV" has the same meaning as defined in section 13155, subsection 5-B. Nothing in this subsection may be construed to limit or expand a landowner's or lessee's property rights.

A. A person who violates this subsection commits a civil violation for which a fine of not less than \$100 or more than \$500 may be adjudged. [PL 2005, c. 397, Pt. E, §21 (NEW).]

3. Operating ATV upon controlled access highway. The following provisions govern the operation of ATVs on controlled access highways.

A. A person may not operate an ATV upon a controlled access highway or within the right-of-way limits of a controlled access highway, except that:

- (1) A person on a properly registered ATV may cross controlled access highways by use of bridges over or roads under those highways or by use of roads crossing controlled access highways at grade;
- (2) The Commissioner of Transportation may issue special permits for designated crossings of controlled access highways; and
- (3) A person on a properly registered ATV may operate the ATV within the right-of-way limits of a controlled access highway on a trail segment approved by the Commissioner of Transportation or the board of directors of the Maine Turnpike Authority, as applicable.

At the request of the Commissioner of Agriculture, Conservation and Forestry, the Commissioner of Transportation or the board of directors of the Maine Turnpike Authority, as applicable, may permit construction of an ATV trail within the right-of-way limits of a controlled access highway under the jurisdiction of the Department of Transportation or the Maine Turnpike Authority being constructed on or after January 1, 2016 when there is an ability to provide for the continuity of a state-owned or state-controlled network of ATV trails. Funds for the construction of an ATV trail under this paragraph may not be provided from the Highway Fund. [PL 2015, c. 413, §2 (AMD).]

B. The following penalties apply to violations of this subsection.

- (1) A person who violates this subsection commits a civil violation for which a fine of not less than \$100 nor more than \$500 may be adjudged.
- (2) A person who violates this subsection after having been adjudicated as having committed 3 or more civil violations under this Part within the previous 5-year period commits a Class E crime. [PL 2003, c. 655, Pt. B, §414 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

5. Unlawfully operating ATV on private road.

[PL 2015, c. 301, §48 (RP).]

5-A. Operating a motor vehicle on an ATV trail. A person may not operate a motor vehicle as defined in Title 29-A, section 101, subsection 42 on a designated ATV trail that is not on a gravel road system unless that use has been authorized by the landowner or the landowner's agent or it is necessitated by an emergency involving the safety of a person or property.

A. A properly registered ATV may be operated on a public way only the distance necessary, but in no case to exceed 500 yards, on the extreme right of the traveled way for the purpose of crossing, as directly as possible, a public way, bridge, overpass, underpass, sidewalk or culvert as long as that operation can be made safely and does not interfere with traffic approaching from either direction on the public way. [PL 2005, c. 626, §3 (AMD).]

B. [PL 2005, c. 626, §4 (RP).]

C. An ATV may be operated on any portion of a public way when the public way has been closed in accordance with Title 23, section 2953. [PL 2003, c. 655, Pt. B, §414 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

D. An ATV may be operated on a public way that is not maintained or used for the operation of conventional motor vehicles, except that operation on the left side of the way is prohibited during the hours from sunset to sunrise. G. An ATV may be operated on a public way on the extreme right of the traveled way by a law enforcement officer for the sole purpose of traveling between the place where the ATV is usually stored and an area to be patrolled by the law enforcement officer. [PL 2003, c. 655, Pt. B, §414 (NEW); PL 2003, c. 655, Pt. B, §422 (AFF).]

H. Notwithstanding paragraphs A to G, an ATV may be operated on the extreme right of a public way or as directed by the appropriate governmental unit within the public way of a municipality or an unorganized or unincorporated township if the appropriate governmental unit has designated the public way as an ATV-access route. An ATV must travel in the same direction as motor vehicle traffic on a public way designated as an ATV-access route. A public way designated by an appropriate governmental unit as an ATV-access route must be posted conspicuously at regular intervals by that governmental unit with highly visible signs designating the ATV-access route. Before designating a public way as an ATV-access route, the appropriate governmental unit shall make appropriate determinations that ATV travel on the extreme right of the public way or as directed by the appropriate governmental unit within the public way may be conducted safely and will not interfere with vehicular traffic on the public way. For purposes of this paragraph, "appropriate governmental unit" means the Department of Transportation, county commissioners or municipal officers within their respective jurisdictions. The jurisdiction of each appropriate governmental unit over public ways pursuant to this paragraph is the same as its jurisdiction over the passage of vehicles on public ways pursuant to Title 29-A, section 2395. Municipal or county law enforcement officials having jurisdiction have primary enforcement authority over any route established under this paragraph. [PL 2007, c. 33, §1 (AMD).]
